Certificate of Appropriateness Placard

for Raleigh Historic Resources

Project Description:

- Install two 10"x42" wood signs on building face

This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Signature,
Raleigh Historic Development Commission
Raleigh Historic Development Commission – Certificate of Appropriateness (COA) Application

For Office Use Only

Transaction #: 390 723

File #: 030 14 Mw

Fee: ________________

Amt Paid: 28.00

Check #: 1024

Rec'd Date: 3-13-14

Rec'd By: *(mailed: 3-30-14)*

- If completing by hand, please use BLACK INK. Do not use blue, red, any other color, or pencil as these do not photocopy.

Property Street Address: 702 N. Blount St.

Historic District: Blount Street

Historic Property/Landmark name (if applicable)

Owner's Name: 702 North LLC

Lot size: .24 (width in feet): 70 (depth in feet): 145

For applications that require review by the COA Committee (Major Work), provide addressed, stamped envelopes to owners of all properties within 100 feet (i.e. both sides, in front (across the street), and behind the property) not including the width of public streets or alleys:

Minor Work Approval (office use only)
Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until 9/24/14. Please post the enclosed placard form of the certificate as indicated at the bottom of the card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor work projects not approved by staff will be forwarded to the Certificate of Appropriateness Committee for review at the next scheduled meeting.

Signature: ___________________________  Date: 3/24/14

Project Categories (check all that apply):
- Exterior Alteration
- Addition
- New Construction
- Demolition

Will you be applying for state or federal rehabilitation tax credits for this project?
- Yes
- No

Subject: RE: Sign COA Questions - 702 N Blount Street

Beth & Rob –

Ok, that should work, by being smaller than the largest approved by the commission I will not be setting a precedent. It is not really about the numbers, but the perceived size. As I review applications I use the Guidelines and prior decisions of the RHDC where they made interpretations of the Guidelines. The guidance I received after the decision on the hanging sign at 501 N Blount Street is that all hanging signs need to go before the committee.

So, based on this email your application has been amended to reflect the following:

- Two 10"x42" wood signs
- installed on the face of the building on the front porch to the right of the door between the door and the window
- using the PMS colors listed below

I will try to get this processed this afternoon, but it may not be until Monday.

Best,
Tania

Tania,

19"x46" is 874 square inches. My understanding would be that as long as the two signs combined are less than 874 square inches, you would view this as a minor work application. Is that correct? We are thinking 10" x 42" for each sign for a total of 840 square inches. Would those sizes be acceptable? If so, can you treat this email as an amendment to the application?

In reading the minutes from 501 N. Blount St application meeting, it appears that the committee has approved signs affixed to the structure as hanging signs as not incongruous and as being included within the concept of attached to the building since they are architecturally integrated with the structure unlike ground signs and signs affixed to fences and freestanding posts. Does this mean that you can approve as minor work our signs to hang from the front porch between the columns immediately to the right of the steps when viewing the house from the street? If so, please let me know because we may want to amend the application to change the location for
Changes in dimensions per 3/20/14 email.

For various emails confirm wood material and mounting on building next to front door.
Tanya,

In reading the minutes from 501 N. Blount St application meeting, it appears that the committee has approved signs affixed to the structure as hanging signs as not incongruous and as being included within the concept of attached to the building since they are architecturally integrated with the structure unlike ground signs and signs affixed to fences and freestanding posts. Does this mean that you can approve as minor work our signs to hang from the front porch between the columns immediately to the right of the steps when viewing the house from the street? If so, please let me know because we may want to amend the application to change the location for hanging them. But to be clear for now, our current request is to affix the signs to the wall on the front porch to the right of the door between the door and the window.

Will PMS color designations work? Here are the color numbers:

**Oak City Law - PMS colors**
ACORN - 7510
BLACK

**Angel Oak Creative - PMS colors**
BROWN - 732
GREEN - 363
YELLOW - 803

Thank you for your help.

Beth

Hi Beth –

I apologize for the delayed response.
Hi Beth –

I apologize for the delayed response.

Thank you for the clarification on the mounting and materials. The colors as printed look compatible, but we have found over the years that what comes out on printers doesn’t always equate with actual paint colors. I should have mentioned that to you.

As for the size, I looked at previously approved signs and found that the one at 501 N Blount Street is the largest single sign approved in the district that I am aware of. It is 19”x46.” The sign at 724 N Blount Street (Salontology) was approved at 13”x36.” As staff I am unable to set precedent or interpret the Guidelines, therefore, for me to find that the signs meet the Design Guidelines, they would, together, need to be smaller than 19”x46.”

I hope this helps.
Tania

The panels will be [wood] I will get paint color samples to you this week. I did not realize that was required in addition to the picture supplied. The signs will be hung next to the front door and affixed flush to the body of the building as suggested in the guidelines.

What size would the signs need to be in order to bypass the COA Committee?

Thanks,
Beth

Hi Beth –

I am in receipt of the COA application for installation of two signs at 702 N Blount Street and need the following additional information in order to continue my review:

- confirmation that the panels are wood;
- paint color samples;
- location and method of installation for signs.

I also want to give you a heads up that I may have to forward this application to the COA Committee of the RHDC for review based on the size of the signs and because the Blount Street Historic District has a residential character. I have attached the section of the Guidelines that addresses signs and minutes from a recent COA case for your reference.

Thanks,

Tania
