I understand that all applications that require review by the commission’s Certificate of Appropriateness Committee must be submitted by 4:00 p.m. on the application deadline; otherwise, consideration will be delayed until the following committee meeting. An incomplete application will not be accepted.
Minor Work Approval (office use only)

Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until 8/24/16. Please post the enclosed placard form of the certificate as indicated at the bottom of the card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor work projects not approved by staff will be forwarded to the Certificate of Appropriateness Committee for review at the next scheduled meeting.

Re: Proposed Alteration for 410-101 Glenwood Avenue Windows

To Whom It May Concern,

The enclosed submittal includes a Certificate of Appropriateness Application for the alteration of the existing building located at 414 Glenwood Avenue. The scope of work we are proposing is the alteration of the windows facing Tucker Street from Suite 101 on the ground floor.

The alteration proposed involves the removal of the existing windows installed and the installation of new operable doors that will be installed into the existing window openings. The original building previously had overhead doors installed on this location as shown in the photos provided from 1928 and 1970’s. The new installation shall provide full glass lights in the new doors that will be matched to the windows on the second floor as closely as the structure of the overhead doors to be installed will allow.

The enclosed plan shows that three of the existing openings shall be altered to provide operable doors into the existing window openings without any alteration of the existing window openings. The sill height of the opening for the fourth window opening closest to Glenwood Avenue shall be lowered to allow a stair access to the sidewalk on Tucker Street. The new window glazing and door to be located in this window bay shall match the existing entry that currently serves the building on Glenwood Avenue.

No alteration of the exterior façade other than the lowering of the sill height for one of the window openings is proposed. All other existing elements of the façade shall remain as they currently are installed on the building.

Please contact me at (919) 779-9797 x.203 or at jgarnett@weeksturner.com if there are any questions on the proposed scope as described or if I may provide any additional information.

Thank you.

Sincerely,

Jean-Paul Garnett
