### INTRODUCTION TO THE APPLICATION

Historic District: PRINCE HALL HISTORIC DISTRICT

Zoning: General Historic Overlay District (HOD-G)

Nature of Project: Relocate existing house from 523 S West St; construct new foundation

### APPLICABLE SECTIONS OF GUIDELINES and DESCRIPTION OF PROJECT

<i>Sections</i>	<i>Topic</i>	<i>Description of Work</i>
4.1	Relocation	Relocate existing house from 523 S West St; construct new foundation
3.3	New Construction of Primary Buildings	Relocate existing house from 523 S West St

### STAFF REPORT

Based on the information contained in the application and staff's evaluation:

- A. Relocation of the house at 523 S West St and construction of a new foundation is not incongruous in concept according to *Guidelines* 4.1.1, 4.1.2, 4.1.3, 4.1.4, 4.1.5, 4.1.6, 4.1.7, 4.1.8, 3.3.1, 3.3.7, 3.3.8, 3.3.10, 3.3.12, and the following suggested facts:
- 1\* The house to be relocated (523 S West St) is facing impending demolition to make way for new construction.
  - 2\* Although not located in Prince Hall, the house dates to the district's period of significance and is architecturally compatible with the district. Sanborn Fire Insurance maps show a house with additions on the property at 523 S West St as early as 1903. The Special Character Essay states that "Houses are one and two stories and are generally modest. Most stand on brick foundations, have front porches, and historically had weatherboard exteriors."
  - 3\* The house is a one-story triple-A cottage with a full front porch. The historic designation report notes that Prince Hall contains "Triple-A" houses, which feature decorative center

gables on their side-gable roofs. The four houses on the east side of the 600 block of South Blount Street feature diamond-shaped and quatrefoil vents”. According to the report there are 12 such houses in the district.

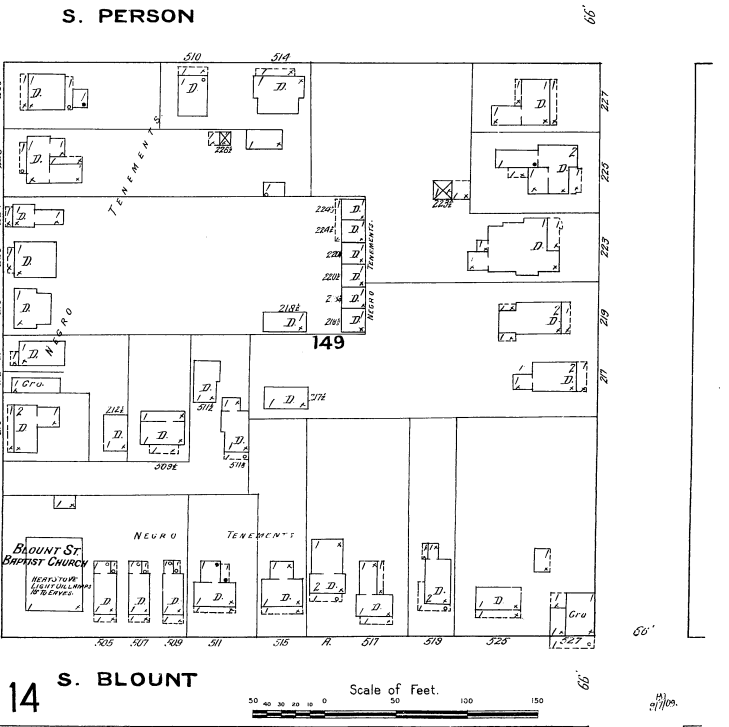

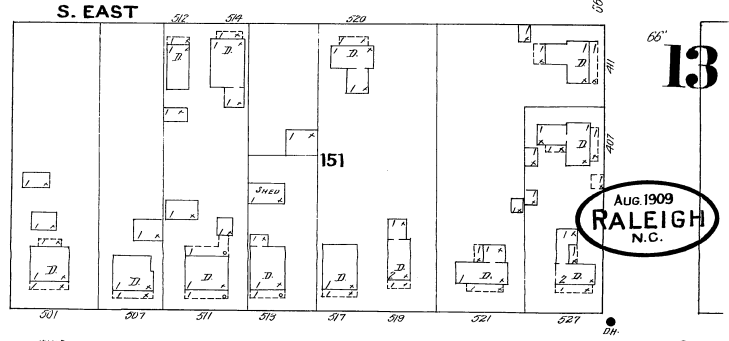

- 4\* An iMAPS view of the area was provided by the applicant that shows the approximate location of the house on the site. Its location is proposed to adhere to the uniform setback on the block. A detailed site plan was not provided.
- 5\* The house is proposed to sit at the narrow end of the lot facing Cabarrus Street, similar to the other buildings on the block. Photographs of the streetscape were not provided.
- 6\* In its newly proposed location the house will maintain its historic orientation to the street.
- 7\* Architectural drawings were provided showing both plan and elevation views of the existing house. Photographs were provided showing west and southwest views of the house.
- 8\* Only the front portion of the house is being moved to the new site.
- 9\* The application proposes a brick foundation on the house and porch. Details were not provided. Material samples were not provided.
- 10\* No details were provided in the application for a new stair and railing.
- 11\* According to the applicant the existing front door is not historic and will not be reused. No specifications were provided for a replacement door.
- 12\* New asphalt shingle roofing is proposed.
- 13\* The application did not include any information about the location of new HVAC equipment.
- 14\* The site is currently a grassy lot. No trees or other landscape improvements are present on the site at 502 S Bloodworth Street.

Staff suggests that the committee approve the application, with the following conditions:

- 1. That details and specifications for the following be provided to and approved by staff prior to the issuance of the blue placard for construction of the foundation:
  - a. A detailed site plan for 502 S Bloodworth St;
  - b. Foundation plan.

2. That details and specifications for the following be provided to and approved by staff prior to the issuance of the blue placard for the move:
  - a. Move route including possible tree trimming needed within Prince Hall.
3. That details and specifications for the following be provided to and approved by staff prior to construction/installation:
  - a. Final foundation design under the historic house and porch that is detailed to convey the appearance of the original pier locations;
  - b. Front walk;
  - c. Foundation brick face finish and color;
  - d. Front stair and railing;
  - e. Front door;
  - f. HVAC size and location and screening, if needed;
  - g. Paint color selections if different than the existing;
  - h. Any other exterior changes required for the project not specifically addressed.

**502 S Bloodworth Street  
Prince Hall Historic District**

**Scope of Project:**

The project consists of the relocation of the one story portion of the structure currently located at 523 S West St, which is outside the Prince Hall historic district. The new structure and any future additional shall be bound by the New Construction of the Guidelines.

For reference, only the original front house structure and full porch shall be relocated to 502 S Bloodworth St (the rear addition and chimneys will need to be removed). The roof will be lifted off and moved separately for the move, then placed back on the primary structure at the new location. Once moved to 502 S Bloodworth St, the relocated house will be placed on a new brick foundation. A new front porch brick foundation shall also be constructed.

Massing: The relocated structure will be a one story Folk - Victorian style structure with a full front porch, commonly found in the Prince Hall historic district.

Exterior finishes: Currently, the original wood siding and windows are intact and in good condition, and can continue their use. Any damaged or missing siding and trim shall be repaired / replaced in kind. Front porch will remain wood 1x4 tongue and groove painted, repaired and replaced as needed. The roof shall be asphalt shingles, GAF Timberline HD, color Pewter Gray.

Windows and Exterior Front Door: Existing windows shall remain as part of the relocated structure. The front door is not historic, will not be re-used, and will not be included in this application.

Site and Landscape features: No site improvements are included in this application.

This application is solely for the relocation of the one stor structure from 523 S West St. A separate New Construction Major Works application shall be submitted for an addition and for any site work.
