Project Description:
- Changes to previously approved COA 006-14-CA:
- replace non-historic windows on side and rear elevations;
- replace roof covering;
- change roof material of dormer

This card must be kept pasted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Minor Work Approval (office use only)
Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until 4/14/14. Please post the enclosed placard form of the certificate as indicated at the bottom of this card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor work projects not approved by staff will be forwarded to the Certificate of Appropriateness Committee for review at the next scheduled meeting.

COA Application, 525 Euclid Street

March 27, 2014

This is the COA Application for our replacement windows at 525 Euclid (noted on elevation drawings). The windows at the rear elevation will be the same as the approved windows on the right/dormer elevation. The window on the left elevation will be a 3/10 x 3/6 fixed clear window. They will be the same window brand and designation that were approved previously (Lincoln SDL). [See approved conditions]

Upon removing the old shingles for the new dormer, we will be replacing the shingles with Owens-Corning “Oakridge” Lifetime Architectural shingles, color Driftwood. The area of roof over the dormer will require a waterproof roof system that will be black in color, no shingles.
