Project Description:
- Change exterior stain color.

This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephoned the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Minor Work Approval (office use only)

Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until 10/19/16. Please post the enclosed placard form of the certificate as indicated at the bottom of the card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor work projects not approved by staff will be forwarded to the Certificate of Appropriateness Committee for review at the next scheduled meeting.

| **Major Work (COA Committee review) – 13 copies** |

1. **Written description.** Describe clearly and in detail the nature of your project. Include exact dimensions for materials to be used (e.g. width of siding, window trim, etc.).

2. **Description of materials** (Provide samples, if appropriate).

3. **Photographs** if existing conditions are required.

4. **Paint Schedule** (if applicable).

5. **Plot plan** (if applicable). A plot plan showing relationship of buildings, additions, sidewalks, drives, trees, property lines, etc., must be provided if your project includes any addition, demolition, fences/walls, or other landscape work. Show accurate measurements. You may also use a copy of the survey you received when you bought your property. Revise the copy as needed to show existing conditions and your proposed work.

6. **Drawings** showing proposed work:
   - [ ] Plan drawings
   - [ ] Elevation drawings showing the new façade(s).
   - [ ] Dimensions shown on drawings and/or graphic scale.
   - [ ] 8-1/2" x 11" reductions of full-size drawings. If reduced size is so small as to be illegible, make 8-1/2" x 11" snap shots of individual drawings on the big sheet.

7. **Stamped envelopes** addressed to all property owners within 100 feet of property not counting the width of public streets and alleys. (Required for Major Work)

8. **Fee** ([See Development Fee Schedule](#))

---

**Attachment:** 8-1/2" x 11" sheets with written descriptions and drawings, photographs, and other graphic information necessary to completely describe the project. Use the checklist below to be sure your application is complete.
Louis Cherry & Marsha Gordon  
516 Euclid proposal for Minor Work:

We request permission to change the color of the stain that we are using on the portions of the exterior of our home that are clad in cypress.

Our original stain was a TWP product that, when applied, developed an orangish hue that we were not very happy with. Additionally, over the course of the past year the siding has gotten black mold in parts that get exposed to the most moisture. Photos below show current conditions. Research has led us to believe that TWP is an inferior stain product for use on cypress, and that Sikkens makes a better product for our application. We have done an initial powerwash of the house to see if that would help with the mold, but it needs a new stain at this point to fix the problem.

We propose using Sikkens Proluxe Cetol Log + Siding stain in the 085 Teak color. If you look at the sample we enclose here, the color above the Teak, 077 Cedar, appears close to what we have currently (at least how it looked when we first applied it); we propose changing to one shade darker and browner from what is currently on the house to the Teak Color (which will also cover some of the mold if it is too hard to fully remove). We are told that over time the color could darken a bit.
