Certificate of Appropriateness Placard
for Raleigh Historic Resources

409 E JONES STREET
Address
OAKWOOD
Historic District

Historic Property
073-15-MW
Certificate Number
6/2/2015
Date of Issue
12/2/2015
Expiration Date

Project Description:

- Install 36" tall wood picket fence along northern property line

This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Pending the resolution of appeals, commencement of work is at your own risk.

Signature,
Raleigh Historic Development Commission
For Office Use Only

I understand that all applications that require review by the commission’s Certificate of Appropriateness Committee must be submitted by 4:00 p.m. on the application deadline; otherwise, consideration will be delayed until the following committee meeting. An incomplete application will not be accepted.
Minor Work Approval (office use only)

Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until 12.2.15. Please post the enclosed placard form of the certificate as indicated at the bottom of the card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor work projects not approved by staff will be forwarded to the Certificate of Appropriateness Committee for review at the next scheduled meeting.

Attach 8-1/2" x 11" sheets with written descriptions and drawings, photographs, and other graphic information necessary to completely describe the project. Use the checklist below to be sure your application is complete.

Minor Work (staff review) – 1 copy

Major Work (COA Committee review) – 13 copies

1. **Written description.** Describe clearly and in detail the nature of your project. Include exact dimensions for materials to be used (e.g. width of siding, window trim, etc.).

2. **Description of materials (Provide samples, if appropriate)**

3. **Photographs of existing conditions are required.**

4. **Paint Schedule (if applicable)**

5. **Plot plan (if applicable).** A plot plan showing relationship of buildings, additions, sidewalks, drives, trees, property lines, etc., must be provided if your project includes any addition, demolition, fences/walls, or other landscape work. Show accurate measurements. You may also use a copy of the survey you received when you bought your property. Revise the copy as needed to show existing conditions and your proposed work.

6. **Drawings showing proposed work**
   - [ ] Plan drawings
   - [ ] Elevation drawings showing the new façade(s).
   - [ ] Dimensions shown on drawings and/or graphic scale.
   - [ ] 8-1/2" x 11" reductions of full-size drawings. If reduced size is so small as to be illegible, make 8-1/2" x 11" snap shots of individual drawings on the big sheet.

7. Stamped envelopes addressed to all property owners within 100 feet of property not counting the width of public streets and alleys. (Required for Major Work)

8. **Fee (See Development Fee Schedule)**
We propose to construct a wooden picket fence along our shared driveway, just inside the property line, that will match the existing fence of 409 E. Jones St that currently encloses the front and side yards.

Materials (to match existing):

Posts, pickets, and rails will all be pressure treated wood

Dimensions (to match existing):

Posts: 4 inch X 4 inch Post, 40 Inches in height
Pickets: 2 inch X 1 inch, 36 inches in height
Rails: 2 inch X 4 inch

The pickets will be spaced 2 inches apart. The rails supporting the pickets currently vary in length from 8-11 feet. We propose to place the posts as close to this range as possible. The post at the top of the driveway will be placed with respect to the City’s right of way.

Paint color will match the existing White in color and sheen.
Proposed work drawing
LEGAL: BEING ALL OF THE PROPERTY DESCRIBED IN DEED BOOK 4310 PAGE 216 WAKE COUNTY REGISTRY.
THE FOLLOWING REAL PROPERTY SITUATE IN RALEIGH, COUNTY OF WAKE AND STATE OF NORTH CAROLINA, DESCRIBED AS FOLLOWS:

post height

picket width
Thanks for looking this over so quickly. I tried my best to get the property in one picture, but the scale and distance from the street make it very hard, so there are a few in a row. I included the side of the house as well, since it fronts East Street as a corner lot.

Hopefully the plot plan is what you needed. I included a key showing existing fences, as well as an already approved fence/gate along East Street. Our proposed fence would tie into the existing post from 407 E Jones’ fence to the post for the newly approved fence/gate facing East St. This would keep the fence approximately 0.33’ (approx. 4 inches) inside the property line based on the provided survey in the initial minor works application. Therefore the fence will stay in line with the already fenced sides of the driveway in 405 and 407 E Jones’ backyards (both homes have approved fencing along this path). This would also prevent us from damaging the Crepe Myrtle in 407 E Jones yard, as we would not have to dig the initial post. No other trees are located near the path of this proposed fence. However if any roots are encountered, all holes will be dug by hand and roots over 1” will be cut cleaner with proper tools.

Subject: Minor Work COA - 409 E Jones

David: Thanks for turning in an application for a Minor Work COA for 409 E Jones St. I’ve reviewed the application and have a few comments. You may email additional materials.

- Please delineate areas of proposed work on the 409 E Jones plot plan. That way we can see where the fence will be in relation to the driveway and other site elements.
- Also, please send in a picture of the front yard of the property that shows the house and yard in entirety, as well as photos of the area where the fence is proposed to be installed.
- Please indicate if there are any trees whose roots may be impacted by the fence installation. If so please confirm that the fence holes will be dug by hand and located to avoid damage to tree roots and that roots larger than 1” caliper will be cut cleanly using proper tools such as loppers.

Thank you,

Daniel

Subject: Re: Minor Work - 409 E Jones

I colored the fence red. Hope that helps. I did not include that already approved fence/gate on East St. As this minor work is only for the red fence. Thanks!
