Certificate of Appropriateness Placard
for Raleigh Historic Resources

420 ELM STREET
Address
OAKWOOD
Historic District

Historic Property
086-16-MW
Certificate Number
5/26/2016
Date of Issue
11/26/2016
Expiration Date

Project Description:

- Remove south side door;
- add steps on north side;
- remove south side deck;
- add railing.

This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Signature,
Raleigh Historic Development Commission

Pending the resolution of appeals, commencement of work is at your own risk.

Minor Work Approval (office use only)

Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until __/__/____. Please post the enclosed placard form of the certificate as indicated at the bottom of the card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor Works are subject to an appeals period of 30 days from the date of approval.

Signature (City of Raleigh) ___________________________ Date __/__/____

RDHC: Below is a description of exterior changes made to our home on 420 Elm Street. As the project has been completed, and we are currently stationed with the US Navy in Saratoga Springs, NY, we do not have the ability to take additional photographs or measurements. I have attached some photos of the previous south facing porch, the previous north facing porch, and the changes to the north facing porch.

1. Removal of deck of south side: A deck that was not part of the original exterior of the home was removed. In addition to being unsightly and not stylistically representative of the home, it was also in poor condition and a safety concern for our toddler.

2. Removal of the door on the south side: The door to the south side of the home was removed. It was not original to the house and looked out of place after deck removal.

3. Construction of wood steps to the north side porch: There was originally an entrance to the north side porch as evidenced by our home’s former Polk Street address. Our addition of these steps was meant to bring back a feature characteristic of the original structure of the home. It was also born out of convenience as we were frequently climbing over the porch railing to access the side yard.

Materials included: pine for the porch steps, white trim paint and porch railing which was modeled after the existing railings on the north facing porch.
Elissa: Thank you for submitting a Minor Work application for 420 Elm St. I've reviewed the application and I have a few comments. Additional materials may be sent in by email.

- Please delineate the various changes you made to the property on a site plan. You can go to the following site (https://maps.raleighnc.gov/iMAPS/), search for your property, and mark the changes on that and email back.
- What was the approximate height of the deck that was removed? The removal of a deck above 42" tall would require a Major Work application.

Thanks,

Daniel
OK. I'm copying Daniel so he can compile your response with the rest of the packet.

Looking at a photo, I believe it was less than or equal to 42 inches to the floor of the deck.

Thank you!

I will work on the additional materials.  
I'm not sure about the deck height. Is this including or excluding the railing?

Sorry for the delay.
I have attached the changes. I have no skills, but hopefully this is sufficient. :)
