Certificate of Appropriateness Placard
for Raleigh Historic Resources

Project Description:
- Install 10x12 shed in rear yard

OK to PERMIT

This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

We are proposing the addition of a detached 10'x12' shed at the rear south east corner of the backyard. The shed will be constructed of solid wood. Peak height is 7'. The shed has two operable windows of 16"x22" and two transom windows 9"x27". There are two 28" doors. The dormer overhang is 6" in the front and 4" on the sides. The shed does not interfere with any major tree root systems.

The shed will be painted the same colors as the house.
The primary color, body of house: Sherwin Williams Coastal Plain
Entrance door, window sash: black
Door and window trim: Sherwin Williams, Eider White
Rake: Sherwin Williams Comfort Gray
Product details have been supplied by the Manufacturer, and are hosted by a third party.

BEFORE ORDERING – Be sure to check your local building and zoning codes and ensure that all appropriate permits have been acquired.

Always check with your local building authority and homeowners association for restrictions/requirements before finalizing your purchase.

At this time orders for this item cannot be delivered to Florida addresses.

The Stonecroft storage building by Yardline changes the way you’ll think about a traditional backyard shed. The Stonecroft is a 12 ft. x 10 ft. gable design building that provides a massive 990 cubic feet of storage capacity, so you’ll have plenty of space for riding mowers, lawn tools, building materials, and more. The Stonecroft offers a huge 56 in. door opening allowing access to a wide variety of lawn and agricultural equipment. The gorgeous and unique roof dormer features charm combined with functionality. The roof dormer’s double transom windows, along with the two traditional windows on each side of the double doors, will light up your Stonecroft shed just like your home.

Includes Loft, Shelf, and Workbench!

The Stonecroft's 990 cubic feet of storage capacity is outfitted with a loft, shelf, and workbench. Consider it a workshop, craft room, and storage shed in one convenient package.

- Storage Loft: 8 ft.
- Shelf: 10 ft.
- Workbench: 10 ft.

Subject: COA Application for 610 Polk Street

Mary & Troy –

I am in receipt of your COA application for installation of a rear yard shed. The application is complete and largely meets the Guidelines. However, I am unable to approve the shed as submitted due to the faux wood grain surface texture. In prior COA decisions, the committee has determined that faux wood grain textures do not meet Guideline 2.6.7.

You have a couple options:

1. Amend the application to use an exterior siding product (this or another) with a smooth finish.
2. Convert the application to a Major Work for review by the commission at a quasi-judicial public hearing. Conversion to a major work would require the following:
   a. An additional $115 to cover the fee;
   b. stamped addressed envelopes for noticing;
   c. additional copies of the application package (12).

Please let me know how you wish to proceed.

- Workbench: 10 ft.

Stonecroft 12' x 10' Wood Storage Shed

*Pegboard shown for demonstration purposes only.

Features a side wall peak height of 7 ft. to easily store long-handled tools and equipment. The extra stand tall room will also make it easy to navigate inside.

- Two pre-assembled, pre-hung 28 in. doors (generous 56 in. opening)
- Doors operate on strong 6 ft. long piano hinges
- Includes secure locking T-handle, keys, and hardware
- Side walls constructed with strong 2 in. x 4 in. lumber that provide ample space for long-handled tools, ladders, and more
- 990 cubic feet of storage
- Floor size: 144 in. L x 120 in. W
- Peak height: 10 ft. (bottom of floor joists to peak)
- Side wall peak height: 7 ft.
- Package dimensions: 96 in. L x 48 in. W x 25 in. H
- Total weight: approximately 1,530 lbs

Features 7' Tall Side Walls

Lets Natural Light Inside

Featuring two operable windows and two transom windows, there will be plenty of natural light inside - making your day-to-day tasks much easier.

- Includes two (2) operable windows, each 16 in. L x 22 in. W
- Includes two (2) transom windows, each 9 in. L x 27 in. W

Large Overhangs Provide Admirable Styling and Lasting Protection from the Elements

- Front overhang of 7-1/2 in. with 8-1/2 in. side overhangs
- Dormer overhang of 6 in. on the front and 4 in. on the sides

Engineered and Treated Wood Siding Outperforms
Traditional Wood Siding
- Engineered and treated
- Environmentally friendly
- Resists fungal decay and termites
- Renewable resource
- Superior performance
- Easy to paint

Stonecroft 12' x 10' Wood Storage Shed

Features Robust 2 in. x 4 in. Framing
Includes the most solid floor system in its class. Constructed of treated 2 in. x 4 in. framing with 16 in. joist spacing. OSB decking is an engineered wood product designed for strength, durability and consistency, 5/6 in. sheets cover the floor frame providing years of safe and dependable storage.

Designed for Easy Do-it-yourself Assembly, the Stonecroft is 100% Pre-cut with Nothing to Saw
All assembly hardware and instructions are included. Our toll-free consumer help line is there ready to guide you throughout the assembly process if needed.
- Paint and shingle to match your home or suit your taste (paint & shingles shown, but are not included)
- It is recommended that all seams be sealed with caulking prior to painting
Assembly Required: Assembly requires intermediate carpentry skills and will require 2 people/2 days to complete; 1 day to assemble the shed and 1 day to paint, caulk, and shingle the shed.
Furnished by homeowner:
- Approximately 2 gallons of exterior latex paint for siding
- Approximately 1 quart of exterior latex paint for trim
- Approximately 1 quart of exterior latex paint for doors
- Approximately 3 tubes of caulk
- 7 bundles of roofing shingles and appropriate nails/fasteners

Tools Needed:
- Hammer
- Phillips
- Screwdriver
- Tape measure
- Level
- Stepladder
- Cordless drill
- Painting tools
- Safety Glasses

15-Year Limited Warranty
Our products are thoroughly tested to handle the harsh
elements of Mother Nature and are designed for easy assembly. To prove our commitment to quality, the Stonecroft is complemented by a 15-year limited warranty.

Standard shipping via common carrier is included in the quoted price. Curbside delivery*, signature required. Carrier will call to set up a delivery time. Extraordinary delivery requirements may necessitate an additional fee to the carrier. The estimated delivery time will be approximately 2 - 3 weeks from the time of order.

Delivery is available to Alaska, Hawaii and Puerto Rico. An additional shipping and handling fee will be applied at check out and additional transit time will be required. Locations outside of a regular delivery area may be restricted. Click here to view restricted areas. To inquire about delivery to these areas, please contact customer service.

Once you have received your shipping confirmation email please call Yardline at 1-800-844-9273 to track your order.

Costco.com products can be returned to any of our more than 600 Costco warehouses worldwide.
How to Return: For an immediate refund (including shipping and handling), simply return your purchase at any one of our Costco warehouses worldwide. If you are unable to return your order at one of our warehouses, please email customer service or call our customer service center at 1-800-955-2292 for assistance. To expedite the processing of your return, please reference your order number.

If you request an item be picked up for return, the item must be packaged and available for pick up in the same manner as it was delivered. If your order was delivered “curb side”, it will need to be available for curb side pick up. If the item arrived to you in a box, it will need to be in a box at the time of pick up.

View Costco’s Return Policy.

For information or a written copy of the manufacturer’s warranty, please contact us at: warranty@contactcostco.com. Please wait, the reviews should load in just a moment.
Hi Tania,
We have decided to add a (smooth) siding to the shed to comply with the standards. My husband dropped off a brief addendum on Friday. I wanted to make sure that you received it and see what the next step is.
Thank you,
Mary Grillo
610 Polk ST.

Mary –

I agree with the premise, but the shed you propose is not solid wood. It is an engineered wood product with an artificial cedar grain texture.

http://www.costco.com/Stonecroft-12'-x-10'-Wood-Storage-Shed.product.100161778.html

If I am looking at the wrong product please let me know.

If, in fact, the siding is an exposed grain, then it is approvable. Cedar sided buildings were uncommon, but not unheard of.

Amendment to Application for the installation of a rear yard shed at 610 Polk Street:

Addition of an exterior siding product with a smooth wood finish: 11”x16” with a smooth wood finish. This will replace the faux wood finish as originally proposed. The exterior color schedule will remain the same.

Thanks for the feedback. I have a few questions. The shed is constructed of solid wood, so it's not a faux finish, but exposed wood grain. Is that okay? If not, is it acceptable to sand it to a smooth surface?

Thanks,
Mary
