Project Description:
- Install 33"x60" painted wood sign

This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Hi Mark –

I am reviewing your COA application and need the following additional information:

- **Clarification on what you mean by enamel and acrylic for some of the sign materials and an indication of where these materials would be located on the sign.**
- **Paint samples unless you can verify that the printouts are an accurate reflection of the colors (they usually aren't).**
