Certificate of Appropriateness Placard
for Raleigh Historic Resources

315 N BOUNDARY STREET
Address

OAKWOOD
Historic District

Historic Property
157-14-MW
Certificate Number

10/8/2014
Date of Issue

4/8/2015
Expiration Date

Project Description:
- Prune tree;
- remove dangerous tree;
- plant new tree.

This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the codes of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Signature,

Raleigh Historic Development Commission

Pending the resolution of appeals, commencement of work is at your own risk.
Raleigh Historic Development Commission – Certificate of Appropriateness (COA) Application

For Office Use Only
Transaction # 410877
File # 157-14-MW
Fee $29.00
Amt Paid $29.00
Check # 11616
Rec'd Date 10-3-14
Rec'd By Kim Pratt

- If completing by hand, please use BLACK INK. Do not use blue, red, any other color, or pencil as these do not photocopy.

Property Street Address 315 N. Boundary St, Raleigh, NC 27604

Historic District Oakwood

Historic Property/Landmark name (if applicable) Fort House

Owner's Name James Anthony Penry and Karen Moriarty Penry

Lot size .307 acres (width in feet) 52.5 (depth in feet) 254.87

For applications that require review by the COA Committee (Major Work), provide addressed, stamped envelopes to owners of all properties within 100 feet (i.e. both sides, in front (across the street), and behind the property) not including the width of public streets or alleys:

**Minor Work Approval (office use only)**
Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until 10/3/14. Please post the enclosed placard form of the certificate as indicated at the bottom of the card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor work projects not approved by staff will be forwarded to the Certificate of Appropriateness Committee for review at the next scheduled meeting.

James Anthony and Karen Moriarty Penry
Certificate of Appropriateness Application: 315 N. Boundary St

Minor Work:

This application is a request for approval to remove an Elm tree at the front of the house next to the steps. As part of requested pruning, the arborist identified that the tree is virtually hollow almost entirely down its trunk to the ground. He assesses that the tree poses a danger to the house, power lines and adjacent cars or traffic (see attached.)

As part of the evaluation process, the arborist removed dead limbs greater than 4” in diameter owing to the severity of the situation. As a result, we are also seeking after-the-fact approval for those limbs that were greater than 4” as well.

The proposed replacement tree is either a Japanese Maple or Redbud depending upon the amount of light once the tree is removed. It will be planted in the same general location, adjusting for shifts required by any remaining subterranean roots or stump of the removed tree and moving it somewhat farther away from the house to protect the roof. According to the landscape designer, trees with overall smaller growth habit and understory character will be necessary given the heavy root competition from other trees and plants.

The following program is recommended for certain trees and shrubs on your property. In addition to a thorough plant health care program, Bartlett Tree Experts recommends having a qualified arborist inspect your property periodically to assist you in identifying potential risks or hazardous conditions relating to your trees or shrubs. THIS IS NOT AN INVOICE.

Dear Karen,

I wanted to follow up with you regarding the pruning we performed this past week and specifically address the defective Elm in front next to the steps. While pruning the elm, my crew leader (Pete Baily - Certified Arborist) pointed out to me that the upper canopy is extremely defective with large cavities and hollow spots through out. I had the chance to visit the site while the work was being performed and I concur with his assessment. This was not completely visible from the ground. It is my recommendation that we remove this trees ASAP. I feel the tree is a hazard to you and your property.

Please let me know if you have further questions.

-Jeff Kish
ISA Board-Certified Master Arborist - SO 1729B
ISA Certified Hazard Tree Risk Assessor.

Tree and Shrub Work - Tree Removal

Remove the declining defective Elm located at the front left of steps. Leave stump low.
Remove resulting debris.

Tree and Shrub Work - Stump Removal

Grind the defective Elm stump located at the front left of steps to approximately 4 inches below existing grade. Leave mulch.

Total Amount: $835.00
