This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephonic the RHDC office at 832-7238 and commission staff will coordinate the inspection with the Inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.

Pending the resolution of appeals, commencement of work is at your own risk.
Raleigh Historic Development Commission – Certificate of Appropriateness (COA) Application

<td>Parks, Recreation and Cultural Resources Parks staff will assemble and install a trash can and recycle bin in DuPont Circle. The trash can and recycle bin will be similar to the one install at Oakwood Commons Park. There was no removal of any landscape or other structures in the park to install this bench. Staff plan to mount the trash can and recycle can at an approved location in the park. Parks staff will also be in charge of emptying trash and recycle on a routine basis.</td>

Minor Work Approval (office use only)

Upon being signed and dated below by the Planning Director or designee, this application becomes the Minor Work Certificate of Appropriateness. It is valid until 12/19/17. Please post the enclosed placard form of the certificate as indicated at the bottom of the card. Issuance of a Minor Work Certificate shall not relieve the applicant, contractor, tenant, or property owner from obtaining any other permit required by City Code or any law. Minor Works are subject to an appeals period of 30 days from the date of approval.

Attach 8-1/2" x 11" or 11" x 17" sheets with written descriptions and drawings, photographs, and other graphic information necessary to completely describe the project. Use the checklist below to be sure your application is complete.

Minor Work (staff review) – 1 copy

Major Work (COA Committee review) – 10 copies

1. **Written description.** Describe clearly and in detail the nature of your project. Include exact dimensions for materials to be used (e.g., width of siding, window trim, etc.)

   

2. **Description of materials** (Provide samples, if appropriate)

3. **Photographs** of existing conditions are required. Minimum image size 4" x 6" as printed. Maximum 2 images per page.

4. **Paint Schedule** (if applicable)

5. **Plot plan** (if applicable). A plot plan showing relationship of buildings, additions, sidewalks, drives, trees, property lines, etc., must be provided if your project includes any addition, demolition, fences/walls, or other landscape work. Show accurate measurements. You may also use a copy of the survey you received when you bought your property. Revise the copy as needed to show existing conditions and your proposed work.

6. **Drawings showing existing and proposed work**
   - [ ] Plan drawings
   - [ ] Elevation drawings showing the façade(s)
   - [ ] Dimensions shown on drawings and/or graphic scale (required)
   - [ ] 11" x 17" or 8-1/2" x 11" reductions of full-size drawings. If reduced size is so small as to be illegible, make 11" x 17" or 8-1/2" x 11" snap shots of individual drawings from the big sheet.

7. Stamped envelopes addressed to all property owners within 100 feet of property not counting the width of public streets and alleys (required for Major Work). Use the Label Creator to determine the addresses.

8. **Fee** (See Development Fee Schedule)

COA Written Description
DuPont Circle trash and recycle can request

**Request**
The neighbors of DuPont Circle are currently in the process or renaming the small open space area to become an official park. The group has been an active participant in the Adopt-A-Park program. Upon meeting with the group a few weeks ago, staff identified that there was a need for a trash can and recycle can to be installed in the park, as a current resident was paying to have a COR roll away can so other can use. Parks, Recreation and Cultural Resources staff would be in charge of installing both the trash can and recycle can along with regular maintenance of the bins.

**Product Description**
Side-door litter receptacles are a marvel of detail and structural integrity. The side-door hinges have stainless-steel hinge pins and oil-impregnated bronze bushings. Standard tapered formed lid. Latch. Bottom recessed pedestal.

**STANDARD**
All fabricated metal components are steel shotblasted, etched, phosphatized, preheated and electrostatically powder-coated with TGIC polyester powder coatings.

Other standard features include a formed lid attached to the frame, a high-density plastic liner, and rubber-tipped leveling feet on the base.

Interior plastic liners for our litter receptacles offer substantial value and are produced on molds that we designed and own. These plastic cans are reinforced, ribbed, and molded for durability, ease of use, and greater capacity.

**FEATURES**
.375 x 1 in (10 x 25 mm) Bars
Bottom Recessed Pedestal
Side-Door Opening
MATERIAL
Recycled Solid Steel Bar

For more information on product description, visit the [Victor Stanley website](https://www.victorstanley.com).
Photos of Cans

Trash and Recycle Can Location
Proposed location of trash can and recycle can. This would be located along the Kinsey Street side where the current trash cans are located. The green box represents the trash can location and the blue box the recycle can location.
DuPont Circle Open Space

The outdoor green space between S. Boylan Avenue, Kinsey Street, and Dupont Circle make up DuPont Circle Open Space. The trash can and recycle can would be located along the Kinsey Street side. Blue box represents where the trash can and recycle can would be installed.
