LOCATION: This 4.75 acre site zoned CX-12-CU (Z-25-17) is located at 4251 Park Lake Avenue on the southwest corner of the intersection of Edwards Mill Road and Parklake Avenue.

REQUEST: Development of a 210,000 square foot, seven story office building and a parking deck.

DESIGN ADJUSTMENT(S)/ ALTERNATES, ETC: N/A

FINDINGS: City Administration finds that this request, with the below conditions of approval being met, conforms to the Unified Development Ordinance. This approval is based on a preliminary plan dated April 15, 2020 by Piedmont Land Design, LLP.

CONDITIONS OF APPROVAL and NEXT STEPS:

This document must be applied to the second sheet of all future submittals except for final plats. This is a preliminary plan and as such no permits have been issued with this approval. To obtain permits and/or completion of the project, the following steps are required:

- **SITE PERMITTING REVIEW** - For land disturbance of 12,000 square feet or greater, public or private infrastructure, shared stormwater devices, etc. Site Permitting Review may be submitted upon receipt of this signed approval document.

The following items are required prior to approval of Site Permitting Review plans:

Public Utilities

1. A Water Model in compliance with the City of Raleigh Public Utilities Department Handbook shall be submitted by the Project Engineer for review and approval prior to concurrent approval.

2. A Downstream Sewer Capacity Study in compliance with the City of Raleigh Public Utilities Department Handbook shall be submitted by the Project Engineer for review and approval.

Stormwater

3. A stormwater control plan with a stormwater operations and maintenance manual and budget shall be approved (UDO 9.2).

4. A nitrogen offset payment must be made to a qualifying mitigation bank (UDO 9.2.2.B).

5. A surety equal to the cost of clearing, grubbing and reseeding a site, shall be paid to the City (UDO 9.4.4).

Urban Forestry

6. Submit a final tree conservation plan that includes metes and bounds descriptions of all tree conservation areas and tree protection fencing as required (UDO 9.1.5).
7. Tree protection fence must be inspected by Urban Forestry staff prior to the issuance of a grading permit.

8. Prior to the issuance of a grading permit, a tree impact permit must be issued for the approved removal of street trees in the right of way.

☑ BUILDING PERMITS - For buildings and structures shown on the approved plans. Commercial building permit plans must include the signed, approved Site Permitting Review plans attached, if applicable. Permit sets may be reviewed prior to the recordation of required plats, but cannot be approved.

The following items must be approved prior to the issuance of building permits:

General

1. Comply with all conditions of Z-25-17.

Engineering

2. The required right of way for proposed and/or existing streets shall be dedicated to the City of Raleigh and is shown on a plat approved for recordation.

3. A 5’ utility placement easement and associated deed of easement shall be approved by the City and the location of the easement shall be shown on the map approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the recorded plat. A recorded copy of this document must be provided to the Development Services Department within one day from authorization of lot recordation. If a recorded copy of the document is not provided within this time, further recordings and building permit issuance will be withheld.

4. A fee-in-lieu for 885 l.f. around the entire site of one foot of sidewalk shall be paid to the City of Raleigh (UDO 8.1.10).

Public Utilities

5. A plat must be recorded at the Wake County Register of Deeds office for all utility easement dedications.

Stormwater

6. Impervious restrictions for each lot must be recorded on a plat prior to building permit issuance.

7. All stormwater control measures and means of transporting stormwater runoff to and from any nitrogen and stormwater runoff control measures shall be shown on all plats for recording as private drainage easements (UDO 9.2).

Urban Forestry

8. A tree conservation plat shall be recorded with metes and bounds showing the designated tree conservation areas (UDO 9.1). This development proposes 0.47 acres of tree conservation area.
9. A public infrastructure surety for the street trees shall be provided to the City of Raleigh Development Services – Development Engineering (UDO 8.1.3).

10. A tree impact permit must be obtained for the approved streetscape tree installation in the right of way. This development proposes 9 street trees along Edwards Mill Road, 2 street trees along Parklake Avenue, and 7 street trees along Lakerim Avenue for a total of 18 street trees.

EXPIRATION DATES: The expiration provisions of UDO Section 10.2.8 E, including the ability to request extensions in the expiration date, apply to this site plan. If significant construction has not taken place on a project after administrative site review approval, that approval may expire and be declared void, requiring re-approval before permits may be issued. To avoid allowing this plan approval to expire the following must take place by the following dates:

3-Year Expiration Date: May 22, 2023
Obtain a valid building permit for the total area of the project, or a phase of the project.

4-Year Completion Date:
Within four years after issuance of the first building permit for the site plan, the construction of the entire site plan must be completed unless an applicant has been granted vested rights. Failure to complete construction within this specified time frame shall automatically void the approved site plan for which no building permits have been issued.

I hereby certify this administrative decision.
