LOCATION: This 7.75 acre site zoned Industrial Mixed Use/IX-3-CU (Z-9-20) is located between Page Road and World Trade Boulevard, north of the intersection of World Trade Boulevard and Logistics Way at 10881 World Trade Boulevard and 3411 Page Road. Part of the site is in Durham County and part is in Wake County.

REQUEST: A 60,053 square foot building to accommodate the following uses: Light Industrial, Research Development and Wholesale Trades.

DESIGN
ADJUSTMENT(S)/ ALTERNATES, ETC: N/A

FINDINGS: City Administration finds that this request, with the below conditions of approval being met, conforms to the Unified Development Ordinance. This approval is based on a preliminary plan dated June 18, 2021 by Capital Civil Engineering.

CONDITIONS OF APPROVAL and NEXT STEPS:

This document must be applied to the second sheet of all future submittals except for final plats. This is a preliminary plan and as such no permits have been issued with this approval. To obtain permits and/or completion of the project, the following steps are required:

☑ SITE PERMITTING REVIEW - For land disturbance of 12,000 square feet or greater, public or private infrastructure, shared stormwater devices, etc. Site Permitting Review may be submitted upon receipt of this signed approval document.

The following items are required prior to approval of Site Permitting Review plans:

Public Utilities

1. A Downstream Sewer Capacity Study in compliance with the City of Raleigh Public Utilities Department Handbook shall be submitted by the Project Engineer for review and approval.

Stormwater

2. A surety equal to of the cost of clearing, grubbing and reseeding a site, shall be paid to the City (UDO 9.4.4).

3. A nitrogen offset payment must be made to a qualifying mitigation bank (UDO 9.2.2.B).

4. A stormwater control plan with a stormwater operations and maintenance manual and budget shall be approved (UDO 9.2).

Urban Forestry

5. Submit a final tree conservation plan that includes metes and bounds descriptions of all tree conservation areas and tree protection fencing as required (UDO 9.1.5).

6. Tree protection fence must be inspected by Urban Forestry staff prior to the issuance of a grading permit.
LEGAL DOCUMENTS - Email to legaldocumentreview@raleighnc.gov. Legal documents must be approved, executed, and recorded prior to or in conjunction with the recorded plat on which the associated easements are shown. Copies of recorded documents must be returned to the City within one business day of recording to avoid withholding of further permit issuance.

| ☑ Utility Placement Easement Required | ☑ Public Access Easement Required |

RECORDED MAP(S) - Submit plat to record new property lines, easements, tree conservation areas, etc.). Plats may be submitted for review when the Site Permitting Review plans, if required, have been deemed ready for mylar signature.

The following items must be approved prior to recording the plat:

General

1. A demolition permit shall be issued and this building permit number shown on all maps for recording.

Engineering

2. A 5’ utility placement easement and associated deed of easement shall be approved by the City and the location of the easement shall be shown on the map approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the recorded plat. A recorded copy of these documents must be provided to the Development Services Department within one day from authorization of lot recordation. If recorded copies of the documents are not provided, further recordings and building permit issuance will be withheld.

3. A sight distance easement shall be approved by the Transportation Department for recording in the County Registry and shown on a plat approved for recordation.

4. The required right of way for proposed and/or existing streets shall be dedicated to the City of Raleigh and shown on the map approved for recordation.

5. A Public Access deed of easement be approved by City staff, and the location of the easement shall be shown on the map approved for recordation. The deed of easement shall be recorded at the County Register of Deeds within one day of recordation of the plat. A recorded copy of this document shall be provided to the Development Services Department within one day from authorization of recordation. If a recorded copy of this document is not provided, further recordings and building permit issuance will be withheld.

Public Utilities

6. Infrastructure Construction Plans (concurrent submittal) must be approved by the City of Raleigh Public Utilities Department for all public water, public sewer and/or private sewer extensions.

Stormwater
7. The City form document entitled Declaration of Maintenance Covenant and Grant of Protection Easement for Stormwater Control Facilities shall be approved by the City and recorded with the county register of deeds office (UDO 9.2.2.G).

8. All stormwater control measures and means of transporting stormwater runoff to and from any nitrogen and stormwater runoff control measures shall be shown on all plats for recording as private drainage easements (UDO 9.2).

**Urban Forestry**

9. A tree conservation plat shall be recorded with metes and bounds showing the designated tree conservation areas (UDO 9.1). This development proposes 0.77 acres of tree conservation area.

- **BUILDING PERMITS** - For buildings and structures shown on the approved plans. Commercial building permit plans must include the signed, approved Site Permitting Review plans attached, if applicable. Permit sets may be reviewed prior to the recordation of required plats, but cannot be approved.

**The following items must be approved prior to the issuance of building permits:**

**General**

1. A recombination map shall be recorded (in both Wake and Durham Counties), recombining the existing lots into a single tract.

2. Comply with all conditions of Z-09-20

**Engineering**

3. A public infrastructure surety for the improvements on Page Road and World Trade Boulevard is provided to the City of Raleigh Development Services – Development Engineering program (UDO 8.1.3).

**Public Utilities**

4. A plat must be recorded at the County Register of Deeds office for all utility easement dedications

**Stormwater**

5. A surety equal to 125% of the cost of the construction of a stormwater device shall be paid to the Engineering Services Department (UDO 9.2.2.D.1.d).

6. A payment equal to twenty-four percent (24%) of the estimated cost of constructing all stormwater control facilities shown on the development plans shall be paid by the developer to the City stormwater facility replacement fund (UDO 9.2.2.G.3).

**Urban Forestry**
7. A tree impact permit must be obtained for the approved streetscape tree installation in the right of way. This development proposes 8 street trees along World Trade Boulevard.

8. A tree conservation plat shall be recorded with metes and bounds showing the designated tree conservation areas (UDO 9.1).

9. A public infrastructure surety for 8 street trees shall be provided to the City of Raleigh Development Services – Development Engineering (UDO 8.1.3).

The following are required prior to issuance of building occupancy permit:

General

1. All Water, Sanitary Sewer and Reuse facilities shall be installed, inspected, tested and accepted by the City of Raleigh Public Utilities Department for operations and maintenance.

Stormwater

2. As-built impervious survey is accepted by the Engineering Services Department (UDO 9.2).

3. As-built drawings and associated forms for all Stormwater devices are accepted by the Engineering Services Department (UDO 9.2.2.D.3).

EXPIRATION DATES: The expiration provisions of UDO Section 10.2.8 E, including the ability to request extensions in the expiration date, apply to this site plan. If significant construction has not taken place on a project after administrative site review approval, that approval may expire and be declared void, requiring re-approval before permits may be issued. To avoid allowing this plan approval to expire the following must take place by the following dates:

3-Year Expiration Date: December 7, 2024
Obtain a valid building permit for the total area of the project, or a phase of the project.

4-Year Completion Date:
Within four years after issuance of the first building permit for the site plan, the construction of the entire site plan must be completed unless an applicant has been granted vested rights. Failure to complete construction within this specified time frame shall automatically void the approved site plan for which no building permits have been issued.

I hereby certify this administrative decision.

Signed: Alycia Bailey Taylor
Development Services Dir/Designee
