LOCATION: This 34.15 acre site zoned CX-12 is located at the southwest corner of the intersection of Blue Ridge Road and Reedy Creek Road at 3905 Reedy Creek Road.

REQUEST: This is a 480,984 square foot office building, associated 7936 square foot parking deck, associated surface parking and infrastructure for the NC Depart of Health all within a project area of 19.31 acres.

- AAD-14-21 Administrative Alternate Request for Blank Wall (1.5.10) approval of an alternative design.

Approved Rezoning to CX-12 (Z-20-21) – 3905 Reedy Creek Road, located at the southwest corner of its intersection with Blue Ridge Road, being Wake County PIN 0784695116. Approximately 34.15 acres rezoned to Commercial Mixed Use-12 Stories (CX-12). ORDINANCE NO. (2021) 290 ZC 828

DESIGN ADJUSTMENT(S)/ALTERNATES, ETC: SPR-0131-2021: DSLC - Site Permitting Review/Major [Signature Set]

FINDINGS: City Administration finds that this request, with the below conditions of approval being met, conforms to the Unified Development Ordinance. This approval is based on a preliminary plan dated September 24, 2021 by MCADAMS.

CONDITIONS OF APPROVAL and NEXT STEPS:

This document must be applied to the second sheet of all future submittals except for final plats. This is a preliminary plan and as such no permits have been issued with this approval. To obtain permits and/or completion of the project, the following steps are required:

- SITE PERMITTING REVIEW - For land disturbance of 12,000 square feet or greater, public or private infrastructure, shared stormwater devices, etc. Site Permitting Review may be submitted upon receipt of this signed approval document.

The following items are required prior to approval of Site Permitting Review plans:

General

1. Demonstrate compliance with UDO Section 7.2.8 D1 regarding retaining walls exceeding 10' in height within 30' of a right of way (Reedy Creek Rd)

Stormwater

2. The State of North Carolina shall approve any proposed disturbance within the riparian buffer prior to the issuance of any grading or site permit (UDO 9.2.3.E).

3. A nitrogen offset payment must be made to a qualifying mitigation bank (UDO 9.2.2.B).

4. A stormwater control plan with a stormwater operations and maintenance manual and budget shall be approved (UDO 9.2).
Urban Forestry

5. Tree protection fence must be inspected by Urban Forestry staff prior to the issuance of a grading permit.

6. Submit a final tree conservation plan that includes metes and bounds descriptions of all tree conservation areas and tree protection fencing as required (UDO 9.1.5). This development proposes to establish 3.78 acres of tree conservation area.

HUD BUILDING PERMITS - For buildings and structures shown on the approved plans. Commercial building permit plans must include the signed, approved Site Permitting Review plans attached, if applicable. Permit sets may be reviewed prior to the recordation of required plats, but cannot be approved.

The following items must be approved prior to the issuance of building permits:

Engineering

1. A public infrastructure surety for 15 street trees shall be provided to City of Raleigh Transportation – Development Engineering Division (UDO 8.1.3) in the amount of 100% of the improvement cost for the NCDOT portion and 125% of the improvement cost for the City of Raleigh infrastructure.

2. The required right of way for proposed and/or existing streets shall be dedicated to the City of Raleigh and is shown on a plat approved for recordation.

3. Required NCDOT encroachment and/or driveway permits must be approved and copies provided to Development Services – Development Engineering.

4. A 5’ utility placement easement and associated deed of easement shall be approved by the City and the location of the easement shall be shown on the map approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the recorded plat. A recorded copy of this document must be provided to the Development Services Department within one day from authorization of lot recordation. If a recorded copy of the document is not provided within this time, further recordings and building permit issuance will be withheld.

5. A public infrastructure surety shall be provided to City of Raleigh Transportation – Development Engineering Division (UDO 8.1.3) in the amount of 100% of the improvement cost for the NCDOT portion and 125% of the improvement cost for the City of Raleigh infrastructure.

Public Utilities

6. A plat must be recorded at the Wake County Register of Deeds office for all utility easement dedications.

Stormwater

7. A surety equal to 125% of the cost of the construction of a stormwater device shall be paid to the Engineering Services Department (UDO 9.2.2.D.1.d).
8. A payment equal to twenty-four percent (24%) of the estimated cost of constructing all stormwater control facilities shown on the development plans shall be paid by the developer to the City stormwater facility replacement fund (UDO 9.2.2.G.3).

9. All stormwater control measures and means of transporting stormwater runoff to and from any nitrogen and stormwater runoff control measures shall be shown on all plats for recording as private drainage easements (UDO 9.2).

The following are required prior to issuance of building occupancy permit:

General

1. Final inspection of all tree conservation areas and right of way street trees by Urban Forestry Staff

2. All Water, Sanitary Sewer and Reuse facilities shall be installed, inspected, tested and accepted by the City of Raleigh Public Utilities Department for operations and maintenance.

Stormwater

3. As-built impervious survey is accepted by the Engineering Services Department (UDO 9.2).

4. As-built drawings and associated forms for all Stormwater devices are accepted by the Engineering Services Department (UDO 9.2.2.D.3).

EXPIRATION DATES: The expiration provisions of UDO Section 10.2.8 E, including the ability to request extensions in the expiration date, apply to this site plan. If significant construction has not taken place on a project after administrative site review approval, that approval may expire and be declared void, requiring re-approval before permits may be issued. To avoid allowing this plan approval to expire the following must take place by the following dates:

3-Year Expiration Date: March 23, 2025
Obtain a valid building permit for the total area of the project, or a phase of the project.

4-Year Completion Date:
Within four years after issuance of the first building permit for the site plan, the construction of the entire site plan must be completed unless an applicant has been granted vested rights. Failure to complete construction within this specified time frame shall automatically void the approved site plan for which no building permits have been issued.
I hereby certify this administrative decision.
