LOCATION: The site is located at 744 McMakin Street and the PIN number is 1713031016.

REQUEST: This is a proposed change of use for an existing building. The applicant is proposing 1,409 square feet of gross floor area within the existing building to accommodate a Place of Worship. The site will adhere to UDO Section 3.2.7 for Civic Buildings in a Residential Mixed Use (RX-3) zoning district. The site will provide a Type A2 transitional protective yard in accordance with UDO Section 6.3.1.E. and UDO Section 7.2.4.

DESIGN ADJUSTMENT(S)/ALTERNATES, ETC: N/A

FINDINGS: City Administration finds that this request, with the below conditions of approval being met, conforms to the Unified Development Ordinance. This approval is based on a preliminary plan dated September 10, 2020 by Covington & Associates, PLLC.

CONDITIONS OF APPROVAL and NEXT STEPS:

This document must be applied to the second sheet of all future submittals except for final plats. This is a preliminary plan and as such no permits have been issued with this approval. To obtain permits and/or completion of the project, the following steps are required:

☑ SITE PERMITTING REVIEW - For land disturbance of 12,000 square feet or greater, public or private infrastructure, shared stormwater devices, etc. Site Permitting Review may be submitted upon receipt of this signed approval document.

The following items are required prior to approval of Site Permitting Review plans:

Stormwater

1. A surety equal to of the cost of clearing, grubbing and reseeding a site, shall be paid to the City (UDO 9.4.4).

☑ LEGAL DOCUMENTS - Email to legaldocumentreview@raleighnc.gov. Legal documents must be approved, executed, and recorded prior to or in conjunction with the recorded plat on which the associated easements are shown. Copies of recorded documents must be returned to the City within one business day of recording to avoid withholding of further permit issuance.

☑ RECORDED MAP(S) - Submit plat to record new property lines, easements, tree conservation areas, etc.). Plats may be submitted for review when the Site Permitting Review plans, if required, have been deemed ready for mylar signature.

The following items must be approved prior to recording the plat:

Engineering
1. The required right of way for proposed and/or existing streets shall be dedicated to the City of Raleigh and shown on the map approved for recordation.

2. A 5’ utility placement easement and associated deed of easement shall be approved by the City and the location of the easement shall be shown on the map approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the recorded plat. A recorded copy of these documents must be provided to the Development Services Department within one day from authorization of lot recordation. If recorded copies of the documents are not provided, further recordings and building permit issuance will be withheld.

**BUILDING PERMITS** - For buildings and structures shown on the approved plans. Commercial building permit plans must include the signed, approved Site Permitting Review plans attached, if applicable. Permit sets may be reviewed prior to the recordation of required plats, but cannot be approved.

**The following items must be approved prior to the issuance of building permits:**

**Engineering**

1. A fee-in-lieu for 1’ in sidewalk width for a distance of 278 linear feet shall be paid to the City of Raleigh (UDO 8.1.10).

2. A public infrastructure surety shall be provided to the City of Raleigh Development Services – Development Engineering (UDO 8.1.3).

3. A right-of-way obstruction permit shall be obtained from Right-of-way Services for any construction activity within the right-of-way.

**Stormwater**

4. A payment equal to twenty-four percent (24%) of the estimated cost of constructing all stormwater control facilities shown on the development plans shall be paid by the developer to the City stormwater facility replacement fund (UDO 9.2.2.G.3).

5. A surety equal to 125% of the cost of the construction of a stormwater device shall be paid to the Engineering Services Department (UDO 9.2.2.D.1.d).

6. All stormwater control measures and means of transporting stormwater runoff to and from any nitrogen and stormwater runoff control measures shall be shown on all plats for recording as private drainage easements (UDO 9.2).

7. A nitrogen offset payment must be made to a qualifying mitigation bank (UDO 9.2.2.B).

8. A stormwater control plan with a stormwater operations and maintenance manual and budget shall be approved (UDO 9.2).

**Urban Forestry**
9. A tree impact permit must be obtained for the approved streetscape tree installation in the right of way. This development proposes 4 street trees along McMakin Street and 7 street trees along Carnage Drive.

10. A public infrastructure surety for 11 street trees is provided to the City of Raleigh Development Services – Development Engineering program (UDO 8.1.3).

The following are required prior to issuance of building occupancy permit:

Engineering

1. Required public right-of-way infrastructure improvements shall be, at a minimum, sufficiently completed to provide the necessary, safe emergency and vehicular access.

Stormwater

2. As-built impervious survey is accepted by the Engineering Services Department (UDO 9.2).

3. As-built drawings and associated forms for all Stormwater devices are accepted by the Engineering Services Department (UDO 9.2.2.D.3).

Urban Forestry

4. Final inspection of all tree conservation areas and right of way street trees by Urban Forestry Staff

EXPIRATION DATES: The expiration provisions of UDO Section 10.2.8 E, including the ability to request extensions in the expiration date, apply to this site plan. If significant construction has not taken place on a project after administrative site review approval, that approval may expire and be declared void, requiring re-approval before permits may be issued. To avoid allowing this plan approval to expire the following must take place by the following dates:

3-Year Expiration Date: October 7, 2023
Obtain a valid building permit for the total area of the project, or a phase of the project.

4-Year Completion Date:
Within four years after issuance of the first building permit for the site plan, the construction of the entire site plan must be completed unless an applicant has been granted vested rights. Failure to complete construction within this specified time frame shall automatically void the approved site plan for which no building permits have been issued.
I hereby certify this administrative decision.
