

# CERTIFICATE OF APPROPRIATENESS PLACARD

for Raleigh Historic Resources

## Project Description:

Adding a new 5' wooden power pole/amp service at corner of N. McDowell street and W. Edenton Street

99 N Salisbury St

Address

Capitol Square

Historic District

First Baptist Church (1859)

Historic Property

COA-0109-2019

Certificate Number

10/11/2019

Date of Issue

4/11/2020

Expiration Date

*This card must be kept posted in a location within public view until all phases of the described project are complete. The work must conform with the code of the City of Raleigh and laws of the state of North Carolina. When your project is complete, you are required to ask for a final zoning inspection in a historic district area. Telephone the RHDC office at 832-7238 and commission staff will coordinate the inspection with the inspections Department. If you do not call for this final inspection, your Certificate of Appropriateness is null and void.*

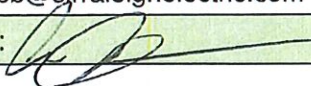

Signature, \_\_\_\_\_

*Collette R Kinnie*

Raleigh Historic Development Commission

*Pending the resolution of appeals, commencement of work is at your own risk.*

Good morning Collette,

The pole will be approx. 5' tall. It is similar to what is already out there. a meter base mounted on a wooden pole. No trees will be removed and the landscaping will not be disturbed or modified. If you have any further questions, feel free to contact me. Have a great weekend.

Thank you,

Nick @ Sir Raleigh Electric Inc.

Hi, Mike –

I just left you a voicemail, so disregard that if you happen to get this first. I'm reviewing your application for a power pole and amp service at N McDowell and W Edenton. First, will the pole be similar in appearance to the two existing poles at that corner of the intersection? What is the proposed height and material? Second, I wanted to double check that no trees will be removed to install the pole. Will there be other landscaping changes as a result of installation?

Thanks,  
Collette
