Transitional Protective Yards:	N/A	7.2.4
Stormwater:	This project is proposing to use an underground detention facility to attenuate peak post development runoff rates to pre-development conditions for the 2 yr. and 10 yr. storm events. A sand filter and buy down payment will be for nitrogen reduction.	9.2
Tree Conservation:	This site is less than two acres in size and therefore exempt from Article 9.1, Tree Conservation.	9.1
Variances, Design Adjustments, Administrative Alternates:	Approval of a Design Exception by Stormwater will be required to construct a retaining wall and stairs within a proposed 45'-wide private drainage easement, prior to site permitting.	

Other:	Greenway Easement Reservation: No development activity will be allowed in the area shown as the "Eight foot wide area reserved for potential acquisition by City of Raleigh for future Greenway Easement in accordance with UDO 8.6.1." (The "Reserved Area"), except as shown on this approved site plan, for a period of 12 months from the date of site plan approval or as such reservation period may be extended, or may not be extended, per the UDO in effect as of the date of site plan approval. If and when the reservation period expires under the UDO, and if at that time the City of Raleigh shall not have acquired an easement for Greenway purposes through the Reserved Area, then the reservation period shall expire and the development limitations with regard to the reserved area referenced and shown on this site plan shall be deemed extinguished and of no further force or effect.	8.6.1.
---------------	---	------------------------

OFFICIAL ACTION: Approval with conditions

CONDITIONS OF APPROVAL:

Prior to issuance of a land disturbing permit for the site:

1. That in accordance with Part 10A Section 9.4.4, a surety equal to of the cost of clearing, grubbing and reseeding a site, shall be paid to the City;
2. That demolition permit(s) be issued;
3. That no development activity will be allowed in the area shown as the "Eight foot wide area reserved for potential acquisition by City of Raleigh for future Greenway Easement in accordance with UDO 8.6.1." (The "Reserved Area"), except as shown on this approved site plan, for a period of 12 months from the date of site plan approval or as such reservation period may be extended, or may not be extended, per the UDO in effect as of the date of site plan approval;

Prior to the issuance of any site permits, infrastructure construction plans or concurrent review process, whichever is applicable:

4. That in accordance with Part 10A Section 9.4.4, a surety equal to of the cost of clearing, grubbing and reseeding a site, shall be paid to the City;
5. That a Stormwater Design Exception be approved for the retaining wall shown within the drainage easement, prior to site permitting;
6. That a stormwater control plan with a stormwater operations and maintenance manual and budget shall be approved by the Stormwater Engineer in compliance with Part 10A Chapter 9 of the Unified Development Ordinance, including the designation of buffer areas and open space

areas for stormwater purposes prior to grading or the approval of construction drawings, whichever event comes first;

7. That a nitrogen offset payment must be made to a qualifying mitigation bank;
8. That a demolition permit be issued and this building permit number be shown on all maps for recording;
9. That a recombination map be recorded prior to or in conjunction with the recording of lots, recombining the existing lots into a single tract;
10. That the final site plan be revised with an amended Site Data Table to show building setbacks and parking setbacks to reflect the requirements of UDO Sec 3.2.4;

Prior to issuance of building permits:

11. That ½ of 64' required right of way for W. South Street is dedicated to the City of Raleigh and a copy of the recorded plat be provided to the City;
12. That all stormwater control measures and means of transporting stormwater runoff to and from any nitrogen and stormwater runoff control measures shall be shown on all plats for recording as private drainage easements and the plats shall contain the following note: "All private storm drainage easements & stormwater measures will be maintained by the owner or property owners association";
13. That the City form document entitled Declaration of City of Raleigh Required City Code Provisions for Developments with Common Elements and Common Expenses shall be approved by the City and recorded with the county register of deeds office where the property is located and a copy of the recorded document be provided to the City by the end of the next business day following the recordation of the final plat; further recordings and building permit authorization will be withheld if the recorded document is not provided to the City;
14. That in accordance with Part 10A Section 9.2.2., a surety equal to 125% of the cost of construction of a stormwater device shall be paid to the City;
15. That the developer shall pay to the City a stormwater facility replacement fund payment equal to twenty-four percent (24%) of the estimated cost of constructing all stormwater control facilities shown on the development plans;
16. That in accordance with Part 10A Section 8.1.3, a surety equal to 125% of the cost of development related improvements, including streetscape trees on W. South Street and S. Saunders Street, is paid to the Development Services Department;
17. That a sidewalk deed of easement for portions of the public sidewalk on private property is approved by the City staff and that the location of the easement is shown on the map approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the recorded plat;
18. That a tree impact permit is obtained from the Urban Forester in the Parks and Recreation Department for landscaping in the public right-of-way;
19. That a fire flow analysis, sealed by an engineer, is required with a hydrant flow test using either NCFC Appendix B or other approved method;

20. That no development activity will be allowed in the area shown as the "Eight foot wide area reserved for potential acquisition by City of Raleigh for future Greenway Easement in accordance with UDO 8.6.1." (The "Reserved Area"), except as shown on this approved site plan, for a period of 12 months from the date of site plan approval or as such reservation period may be extended, or may not be extended, per the UDO in effect as of the date of site plan approval;
21. That the 8' width greenway reservation, as shown on the preliminary plan, be shown on all maps for recording;

Prior to issuance of building occupancy permit:

22. That in accordance with Part 10A Section 9.2.2, an as-built plan and certification for any stormwater control device shall be reviewed and accepted by the City;

I hereby certify this administrative decision.

Signed: (Planning Director) Kenneth Bowen Date: 7/12/2017

SEE LAST PAGE FOR IMPORTANT INFORMATION ON THE NEXT STEP IN THE PROCESS.

FINDINGS: City Administration finds that this request, with the above conditions being met, conforms to the Unified Development Ordinance. This approval is based on a preliminary plan dated June 30, 2017, submitted by Stewart.

EXPIRATION DATES: **The expiration provisions of UDO Section 10.2.8 E, including the ability to request extensions in the expiration date, apply to this site plan.** If significant construction has not taken place on a project after administrative site review approval, that approval may expire and be declared void, requiring re-approval before permits may be issued. To avoid allowing this plan approval to expire the following must take place by the following dates:

3-Year Expiration Date: 7-12-2020

Obtain a valid building permit for the total area of the project, or a phase of the project.

4-Year Completion Date:

Within four years after issuance of the first building permit for the site plan, the construction of the entire site plan must be completed unless an applicant has been granted vested rights. Failure to complete construction within this specified

Obtain a valid building permit for the total area of the project, or a phase of the project.

4-Year Completion Date:

Within four years after issuance of the first building permit for the site plan, the construction of the entire site plan must be completed unless an applicant has been granted vested rights. Failure to complete construction within this specified time frame shall automatically void the approved site plan for which no building permits have been issued.

WHAT NEXT?:

- MEET ALL CONDITIONS OF APPROVAL.
- COMPLETE INFRASTRUCTURE CONSTRUCTION DRAWINGS FOR ANY PUBLIC IMPROVEMENTS Streets, Utility lines to be owned and maintained by the City.
- HAVE A REGISTERED SURVEYOR PREPARE FINAL PLATS FOR RECORDING. These also must be submitted to the City for authorization signature, prior to recording with the Wake County Register of Deeds.
- MEET THE REQUIREMENTS OF THE EXPIRATION THRESHOLDS, AS NOTED ABOVE.
