LOCATION: The site is generally located on the east side Perry Creek Road southeast of the intersection of Perry Creek Road and Wallace Martin Way, with the common street address of 6200 Perry Creek Road. The site is outside the City limits.

REQUEST: Subdivision of approximately 37 acres zoned PD (5401 North Master Plan, MP-2-16) and SHOD-1 to create 60 townhouse lots, 53 detached house lots, and 5 common lots, for a total of 118 lots.

DESIGN ADJUSTMENT(S)/ ALTERNATES, ETC: N/A

FINDINGS: City Administration finds that this request, with the below conditions of approval being met, conforms to the Unified Development Ordinance. This approval is based on a preliminary plan dated November 6, 2020 by McAdams.

CONDITIONS OF APPROVAL and NEXT STEPS:

This document must be applied to the second sheet of all future submittals except for final plats. This is a preliminary plan and as such no permits have been issued with this approval. To obtain permits and/or completion of the project, the following steps are required:

☑️ SITE PERMITTING REVIEW - For land disturbance of 12,000 square feet or greater, public or private infrastructure, shared stormwater devices, etc. Site Permitting Review may be submitted upon receipt of this signed approval document.

The following items are required prior to approval of Site Permitting Review plans:

Stormwater

1. A nitrogen offset payment must be made to a qualifying mitigation bank (UDO 9.2.2.B).

2. The State of North Carolina shall approve any proposed disturbance within the riparian buffer prior to the issuance of any grading or site permit (UDO 9.2.3.E).

3. A surety equal to or the cost of clearing, grubbing and reseeding a site, shall be paid to the City (UDO 9.4.4).

4. A stormwater control plan with a stormwater operations and maintenance manual and budget shall be approved (UDO 9.2).

Urban Forestry

5. Tree protection fence must be inspected by Urban Forestry staff prior to the issuance of a grading permit.
**LEGAL DOCUMENTS** - Email to legaldocumentreview@raleighnc.gov. Legal documents must be approved, executed, and recorded prior to or in conjunction with the recorded plat on which the associated easements are shown. Copies of recorded documents must be returned to the City within one business day of recording to avoid withholding of further permit issuance.

**RECORDED MAP(S)** - Submit plat to record new property lines, easements, tree conservation areas, etc.). Plats may be submitted for review when the Site Permitting Review plans, if required, have been deemed ready for mylar signature.

**The following items must be approved prior to recording the plat:**

**General**

1. The City Code Covenant shall be approved by the City and recorded with the county register of deeds office where the property is located and a copy of the recorded document shall be provided to the City by the end of the next business day following the recordation of the final plat. Further recordings and building permits will be withheld if the recorded document is not provided to the City.

2. Street names for this development shall be approved by the Raleigh GIS Division and by Wake County.

**Engineering**

3. A Pedestrian and Bicycle Access deed of easement for connection to the Neuse River Greenway Trail shall be approved by City staff, and the location of the easement shall be shown on the map approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the plat. A recorded copy of this document shall be provided to the Development Services Department within one day from authorization of lot recordation. If a recorded copy of this document is not provided, further recordings and building permit issuance will be withheld.

4. A fee-in-lieu for the future extension of Perry Creek Road is paid to the City of Raleigh (UDO 8.1.10). This fee-in-lieu must be generated by the Engineer and signed and sealed.

5. The required right of way for proposed and/or existing streets shall be dedicated to the City of Raleigh and shown on the map approved for recordation.

6. A public infrastructure surety is provided to the City of Raleigh Development Services – Development Engineering program (UDO 8.1.3).
7. A Public Access deed of easement be approved by City staff for the Private Alleys, and the location of the easement shall be shown on the map approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the plat. A recorded copy of this document shall be provided to the Development Services Department within one day from authorization of lot recordation. If a recorded copy of this document is not provided, further recordings and building permit issuance will be withheld.

8. A Slope easement deed of easement shall be approved by City staff and the location of the easement shall be shown on a plat approved for recordation. The deed of easement shall be recorded at Wake County Register of Deeds within one day of recordation of the recorded plat. A recorded copy of these documents must be provided to the Development Services Department within one day from authorization of lot recording. If a recorded copy of the document is not provided, further recordings and building permit issuance will be withheld.

Public Utilities

9. Infrastructure Construction Plans (Site Permitting Review) must be approved by the City of Raleigh Public Utilities Department for all public water, public sewer and/or private sewer extensions.

10. A Petition for Annexation into the City limits shall be submitted in accordance with City Council policy for extension of utility service to properties currently outside of the City limits. This voluntary annexation in no way obligates the City to extend utility services to the property.

11. Initiation of the easement exchange process is required (via dedication of new easement on record plat, ending with abandonment of old easement on subsequent deed).

Stormwater

12. The riparian buffers, in accordance with the preliminary plan and the State of North Carolina regulations, shall be shown on plats for recording along with required buffer statement (Recorded Map Checklist).

13. A surety equal to 125% of the cost of the construction of a stormwater device shall be paid to the Engineering Services Department (UDO 9.2.2.D.1.d).

14. The City form document entitled Declaration of Maintenance Covenant and Grant of Protection Easement for Stormwater Control Facilities shall be approved by the City and recorded with the county register of deeds office (UDO 9.2.2.G).

15. The flood prone areas, as approved by the City Stormwater Engineer and shown on the preliminary plan, shall be shown on the recorded map (UDO 9.3.3.G).

16. All stormwater control measures and means of transporting stormwater runoff to and from any nitrogen and stormwater runoff control measures shall be shown on all plats for recording as private drainage easements (UDO 9.2).

17. A payment equal to twenty-four percent (24%) of the estimated cost of constructing all stormwater control facilities shown on the development plans shall be paid by the developer to the City stormwater facility replacement fund (UDO 9.2.2.G.3).
Urban Forestry

18. A public infrastructure surety for 120 street trees shall be provided to the City of Raleigh Development Services—Development Engineering (UDO 8.1.3).

☑ BUILDING PERMITS - For buildings and structures shown on the approved plans. Commercial building permit plans must include the signed, approved Site Permitting Review plans attached, if applicable. Permit sets may be reviewed prior to the recordation of required plats, but cannot be approved.

The following items must be approved prior to the issuance of building permits:

Public Utilities

1. A plat must be recorded at the Wake County Register of Deeds office for all utility easement dedications.

2. Utility re-alignment construction shall be substantially complete (to eliminate conflict with new building).

Stormwater

3. An encroachment agreement for Stormwater pipes within the public right-of-way shall be approved by City Council and the City Council approved encroachment agreement shall be filed with the Development Services Department, and the encroachment agreement shall be recorded with the Wake County Register of Deeds. A recorded copy of these documents must be provided to the Development Services Department.

Urban Forestry

4. A tree impact permit must be obtained for the approved streetscape tree installation in the right of way. This development proposes 27 street trees along Truxton Lane, 12 street trees along Crescent Square St., 11 street trees along Street A, 36 street trees along street B, and 34 street trees along Street C; for a total of 120 street trees.

The following are required prior to issuance of building occupancy permit:

General

1. All Water, Sanitary Sewer and Reuse facilities shall be installed, inspected, tested and accepted by the City of Raleigh Public Utilities Department for operations and maintenance.

Stormwater

2. As-built drawings and associated forms for all Stormwater devices are accepted by the Engineering Services Department (UDO 9.2.2.D.3).

EXPIRATION DATES: If significant construction has not taken place on a project after preliminary
subdivision approval, that approval may "sunset" and be declared void, requiring re-approval before permits may be issued. To avoid allowing this preliminary approval to "sunset", the following must take place by the following dates:

3-Year Sunset Date: January 13, 2024  
Record at least ½ of the land area approved.

5-Year Sunset Date: January 13, 2026  
Record entire subdivision.

I hereby certify this administrative decision.
