

# Navaho Drive Sidewalk Project

## Public Meeting Information Sheet

**Tuesday, March 10**

### Welcome!

We are glad you could join us for tonight's public meeting. We are here tonight to show the sidewalk plans for Navaho Drive between Executive Drive and Bush Street.

Tonight's meeting is a drop-in style meeting. There will be no formal presentation. The plan maps are located around the room, and City staff and the design consultant, Ramey Kemp & Associates, Inc. team members are here to help explain the plans and answer any questions you may have about the project.

### Project Details:

This project will extend the existing sidewalk on the north side of Navaho Drive from just east of Executive Drive to the existing sidewalk on the east side of Bush Street.

The project will also provide pedestrian access from the transit stop on Wake Forest Road to the Wake Tech Beltline Center located on Bush Drive.

Improvements include:

- Curb and gutter along the corridor where the sidewalk is being constructed;
- A 6-foot wide sidewalk on the north side of the roadway; and,
- Retaining walls to limit impacts to the existing properties along the corridor.

During construction, traffic will be impacted on Navaho Drive. We will work to minimize impacts to traffic to the greatest extent possible.

### Your Input is Important:

We value your contributions and suggestions about the plans. Please take a moment to give us your feedback. We have an online comment form at <https://publicinput.com/K802> or if you prefer, we have a paper copy available.

We request that you provide your input by March 24, 2020, so we can evaluate your comments regarding the project design.

### Schedule:

Review Public Meeting Comments - March 24

Complete Designs Plans - Early Fall 2020

Begin Construction - Fall 2020

Project Complete - Summer 2021
