Introduction

The FY 2019-2020 Consolidated Annual Performance and Evaluation Report (CAPER), describes the results and benefits produced by the City of Raleigh as projected by the City's FY 2019-2020 Annual Action Plan.

The CAPER is for the period from July 1, 2019 to June 30, 2020 and represents the last year of reporting within the previous Five-Year Consolidated Plan period (2016-2020). The Consolidated Plan serves as a five-year road map with comprehensive goals and coordinated strategies to address housing and community needs of low-and moderate-income residents. The 2016-2020 Consolidated Plan noted three priorities for the City's use of federal and local housing funds:

- Increasing the supply of affordable housing in the City.
- Enhancing the homeless to housing continuum.
- Revitalizing neighborhoods.

Programs described in the CAPER are funded by both federal and local funds. The federal funds include:

- Community Development Block Grant (CDBG)
- HOME Investment Partnership (HOME)
- Emergency Solution Grant (ESG)

The local funds include:

- Program Income from past local Housing Bonds
- City of Raleigh's General Fund

Programs offered by the City of Raleigh positively impacted the lives of homeowners, homebuyers, renters, people experiencing homelessness, job seekers, and those assisted by non-profits. The City continued using CDBG funding for the activities of neighborhood revitalization, housing rehabilitation, infrastructure upgrades, emergency shelter operations, and public service grants to non-profits. HOME funds were made available for housing rehabilitation and loans for affordable housing developers. ESG funds were awarded to nonprofits to provide assistance to homeless persons.

FY 2019-2020 Results-At-A-Glance			
Activity	Quantity Served		
Infill houses built and sold	36		
Substantial housing rehab	44		
Limited repair	16		
New or preserved affordable rental units	685		
Home-buying counseling	266		
Homebuyer Assistance	131		
Benefit from Community Enhancement Grants	500		
Job Training	15		
Emergency shelter	2,769		
Rapid rehousing	21		
Homelessness Prevention	3		

Goals and Outcomes CR-05

Programs offered by the City of Raleigh provided assistance to homeowners, homebuyers, renters, people experiencing homelessness, job seekers, and non-profits serving low- and moderate-income individuals and households. Federal and local funding was allocated to different programs and was necessary for program delivery.

Specific geographic areas were chosen for neighborhood revitalization and focused funding. The geographic focus areas are the East College Park (ECP) and the South Park/Garner Road areas. Activities completed in the geographic focus areas include infrastructure investments for new water and sewer lines, sidewalks, and street repaving. In East College Park, 25 lots were sold to builders at a discount to produce new affordable single-family homes. Grants to businesses in these areas were also available for façade improvement and business up-fit.

City investments addressed the priorities of increasing the supply of affordable housing, revitalizing neighborhoods, and helping homeless persons receive needed housing assistance. The following charts provide a summary of activities completed to address each priority. The charts list the priority, the activity categories, funding sources, outcome indicators, accomplishments expected and achieved during the Consolidated Plan period, and the accomplishments expected and achieved during the 2019-20 program year.

Goals and Accomplishments

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City used funds to address three priorities identified in its 2016-2020 Consolidated Plan. Summaries of the City's FY 2019-2020 funding activities, were:

Increase the supply of affordable housing:

The City's Affordable Housing Improvement Plan set a goal of increasing the pace and volume of affordable housing development, and the goal was addressed through City-sponsored creation and preservation of affordable housing units.

New apartments created in the NRSA.

The City redeveloped the land it assembled in the NRSA in East College Park (ECP) primarily for affordable single family homeownership. DHIC, Inc. acquired the Washington Terrace site north of ECP (but also within the NRSA) for a mix of affordable apartments, townhomes, and a daycare center.

A summary of the City's investment in completed subsidized apartment communities follows:

Rental Development	City Assistance	Number of Units
Amber Spring	\$525,000	42
Booker Park North	\$2,200,000	72
Raleigh North Millbank	\$2,000,000	229
Sunnybrook Pointe	\$2,000,000	180
Villages of Washington Terrace	\$8,600,000	162
Totals	\$19,005,000	685

In addition to these investments, the following developments were approved for City financing during the FY 2020-2021 fiscal year:

Rental Development	City Assistance	Number of Units	Unit Type
Aspen Spring	\$650,000	84	Elderly
Booker Park South	\$1,200,000	68	Elderly
Hampton Spring	\$1,700,000	56	Elderly
Primavera	\$4,400,000	164	Elderly

The homebuyer assistance program helps those who want to purchase a home but need additional funding. Purchasing a home helps low-and-moderate income families and individuals invest in their future. The City spent a total of \$440,000 CDBG in homebuyer assistance to help 21 low-income families purchase their first house.

Additionally, \$100,000 in City CDBG funds were provided to the South Wilmington Street Men's Shelter for shelter operations, benefiting 1,102 persons and \$68,000 in local funds were provided to Catholic Charities for their Support Circle program which provided rapid re-housing assistance to 12 households.

• Enhance the homeless to housing continuum:

Oak City Cares Lobby

The City partnered with the Wake County Government, the Partnership to End and Prevent Homelessness, and Catholic Charities for the Diocese of Raleigh to build and open Oak City Cares. Oak City Cares serves as the premier Access Site for the Coordinated Entry System and focuses local efforts on more effectively serving the homeless population in the City and County. Local funds from the City and County were contributed to the development of Oak City Cares, and the City also provides \$74,444 annually in local funds to assist in weekend and holiday meal distribution to the homeless.

Funding Recipient	Activity	Quantity Served
South Wilmington Street Shelter	Emergency Shelter	824 individuals
Healing Transitions	Emergency Shelter	810 individuals
Families Together	Emergency Shelter	33 individuals

A portion of the City's ESG funds were also used to support the Wake County Homeless Management Information System (HMIS).

• Neighborhood revitalization:

The City continued implementation of its first Neighborhood Revitalization Strategy Area (NRSA) Plan. In FY 2019-2020 the City continued to work with selected builders to produce infill housing on lots acquired over several years with CDBG and local bond funds, including the ten-block redevelopment area (East College Park) within the NRSA. Seventeen of the twenty three infill single-family houses sold to low- and moderate-income (LMI) buyers on lots acquired by the City with CDBG and bond funds were within the NRSA – six of which were non-income restricted buyers. Staff also worked to provide homeownership opportunities in other neighborhoods. A total of 13 houses were sold in the Martin-Haywood area— all to LMI buyers.

Homeowner rehabilitation helps households make critical repairs to their homes. This enables homeowners to stay in their homes by obtaining funds to get home repairs done. Not only does this program ensure homeowners don't continue to have more expensive home repairs in the future, it also provides homeowners with safe and healthy homes. \$1,022,343 in CDBG loans assisted 14 low-income homeowners (11 houses) and \$1,545,193.76 in HOME funds assisted 44 persons (33 houses) with housing rehab and an additional \$136,301 in CDBG funds were used to pay for 16 limited repairs (23 low-income persons).

Homeowner Rehabilitation:

Funding Source	Amount Funded	Homes Completed
HOME Substantial Repair	\$1,545,193.76	33
CDBG Substantial Repair	\$ 1,022,342.64	11
CDBG Limited Repair	\$ 136,301.00	16
Total	\$2,703,837.40	60

In the past year, Homebuyer Training one-day workshops were held once a month by our local partner, DHIC. These workshops provide potential homebuyers with information such as an understanding of the mortgage loan process, credit reporting, how to find a home, insurance, home inspections as well as information about various down payment assistance options. Homebuyer training was provided to 263 households.

Racial and Ethnic composition of families assisted CR-10

Racial and Ethnic Category	CDBG	HOME	ESG
White	446	25	784
Black or African American	1,406	109	1,413
Asian	0	5	10
American Indian or American Native	20	0	21
Native Hawaiian or Other Pacific Islander	0	1	11
Other	166	3	89
Total	2,013	143	2,328
Hispanic	108	6	84
Not Hispanic	1,905	137	2,238

Table 2 – Table of assistance to racial and ethnic populations by source of funds

As shown in the table, the majority of program beneficiaries were members of racial minority groups. The largest group served was "Black or African-American." A small but growing percentage of those assisted were of Hispanic ethnicity.

Resources and Investments CR-15

Identify the resources made available

In the past year, federal funding made up 45% of the funding allocated for programs (\$6.6 million). City of Raleigh funding contributed 55% of the money spent on programs for low-and-moderate-income households and individuals.

Source of Funds	Resources Made Available	Amount Expended During Program Year
CDBG	\$3,836,516	\$3,898,138.07
HOME	\$2,238,766	\$2,398,029.74
ESG	\$272,027	\$345,954.68
Local	\$13,409,285	\$6,642,122.49

Table 3 - Resources Made Available

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
CITYWIDE	97%	95%	Most of the housing and community development programs the City of Raleigh offers are available to low-income residents throughout the city.
COLLEGE PARK	.1%	5%	Site improvements in East College Park drove this percentage to higher-than-anticipated levels
SOUTH PARK REDEVELOPMENT AREA	3%	11%	The City provided CDBG to demolish seven structures and relocate 27 families in Brown Birch

Table 4 – Identify the geographic distribution and location of investments

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

City of Raleigh: The City of Raleigh has made investing in affordable housing and community development programs a priority. In the past year, federal dollars were leveraged with local funding. In fact, the amount of local funding surpassed the federal funding from HUD.

As the City invests in affordable housing within its borders using federal grant funds, it also taps local City of Raleigh funds for projects and programs such as:

- Installing new utility lines in the East College Park Redevelopment Area,
- Lending to private builders of affordable apartments,
- Repairing older owner-occupied houses,
- Assisting the Continuum of Care (Partnership to End Homelessness) with staff costs,
- Providing on-going support to Oak City Cares homelessness facility,
- Providing rapid re-housing and homelessness prevention funds to Catholic Charities for those who are homeless or at-risk of becoming homeless, and
- Annually supporting two nonprofit organizations engaged in affordable housing development and other services directed at low-income populations.

Oak City Center: From 2014 to early 2019, the City had supported the Oak City Outreach Center, a temporary facility for weekend food distribution, referrals, and advising the City's homeless population. Oak City Cares, the permanent multi-service center for the homeless, opened in April 2019. Oak City Cares is an essential part of ongoing improvements in how services are provided to homeless people and families. A planning team comprised of staff from the City, County, Partnership, and Catholic

Charities met weekly to plan for the services that would be provided at the new center. Oak City Cares is a hub for connecting individuals and families, who are at risk of or are experiencing homelessness, to coordinated services that create a path to stable housing and renewed hope. At Oak City Cares, services are coordinated by human service professionals, medical providers, and other specialists from multiple partners at one location. Services provided include: a non-emergency medical clinic, crisis mental health services, showers, laundry,

phone charging, street outreach, housing information and referrals, and job training and referrals. The funds (\$74,444) formerly used for food distribution at the temporary facility will continue for weekend food distribution at Oak City Cares, beginning in FY 2019-2020.

Affordable Apartments: Increasing the stock of rental apartments for low-and-moderate-income residents is an overwhelming need in the City of Raleigh. Using federal and local money, the City partners with other funders (such as Wake County and the NC Housing Finance Agency) and affordable housing developers to build rentals. Most of the affordable apartment loans provided by the City are a portion of the entire investment package to create new affordable apartments, with

low-income housing tax credits and private loans being the other major sources of funds.

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	\$5,092,984.84
2. Match contributed during current Federal fiscal year	\$9,137,940.00

Number of households supported through Acquisition of Existing Units	1	4
Total	109	771

Table 12 – Number of Households Supported

Difference between goals and outcomes and problems encountered in meeting these goals

The City of Raleigh met and surpassed the one-year production goals set in the Annual Action Plan with the completion of 685 affordable apartments. Two households were provided with homelessness prevention by agencies the City of Raleigh funds ("Number of Non-Homeless households to be provided affordable housing units"). Homelessness prevention serves people who have a high risk of becoming homeless by providing rental units and services such as helping with rent payments. The rehab of existing units exceeded the goal due to an higher-than-anticipated demand for City resources, enabling a greater number of low-and-moderate-income seniors to preserve their affordability. Additional affordable apartment communities are still under construction (and units to be counted in future CAPERs once they are leased). Additionally, the City approved funding assistance for 372 more affordable apartments, which will be constructed after they are fully funded.

Impact of future annual action plans.

No changes anticipated based on the difference between goals and actual outcomes.

Number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income (0-30% of AMI)	1,644	1
Low-income (31-50% of AMI)	184	50
Moderate-income (51-80% of AMI)	185	140
Total	2,013	191

Table 13 – Number of Households Served

As reflected in the table above, the City of Raleigh addresses the needs of a variety of income groups below 80% of area median income. Eighty-two percent of people and households served using CDBG were classified as Extremely Low-Income (0-30% of area median income). CDBG resources were used last year to support the Wake County men's homeless shelter (1,102 men) located in the City, homebuyer training (263), homebuyer loans (21), Housing rehabilitation (11), limited house repair (16), and a variety of services delivered through local nonprofit partners/subrecipients (1,868 persons assisted with CDBG Public Services). Seventy-three percent of those served using HOME funds were of Moderate-income (51-80% of area median income). HOME resources are focused on helping create new affordable rental units, providing homebuyer assistance (110 loans) and providing housing rehab loans (33 rehab loans). See table below for income limits for FY 2019-2020.

HUD Income Limits for Raleigh Metropolitan Statistical Area in FY 2019-2020

Percent of Area		Family Size						
Median Income	1	2	3	4	5	6	7	8
Low - 80%	\$51,950	\$59,350	\$66,750	\$74,150	\$80,100	\$86,050	\$91,950	\$97,900

Extremely Low - 30%	\$19,500	\$22,250	\$25,050	\$27,800	\$30,050	\$32,250	\$34,500	\$36,700

Homeless CR-25

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Raleigh works closely with the Continuum of Care, its lead agency the Raleigh/Wake Partnership to End and Prevent Homelessness (the Partnership), Wake County Human Services, and nonprofit homeless service providers to develop a countywide system for making homelessness rare, brief, and nonrecurring. One of the seats on the Partnership Board is reserved for a City representative, and one is reserved for a County representative.

The Partnership works closely with the City, County, and service providers in conducting the annual Point-in-Time (PIT) count and Housing Inventory Counts (HIC) for the Annual Homeless Assessment Report (AHAR), as required by HUD. The PIT is an annual snapshot in time of persons meeting HUD's definition of "homeless" on a single night in the last ten days of January. For 2020, the PIT Sheltered and Unsheltered Count for January 25, 2020 is included in the HMIS data downloaded to Sage, a federal government database.

The City awards ESG grants to service providers that complete individualized assessments to identify need for shelter, prevention, or rapid rehousing. Most service providers and shelters are using the VI-SPDAT tool to conduct uniform assessments in HMIS to identify acuity/vulnerability. The City also contributes local funds to

support Oak City Cares, the primary Access Site for the Coordinated Entry system, which provides multiple services for the homeless.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City of Raleigh 2016-2020 Consolidated Plan identifies strengthening the homeless to housing continuum and the need for permanent supportive housing for the homeless as top priorities. The City is a partner agency and funder of the Raleigh/Wake Partnership to End and Prevent Homelessness (Partnership), the lead agency for the local Continuum of Care organization (NC 507). City staff are actively involved with the CoC in developing and promoting the Coordinated Entry system, plans, establishing priorities, and working with service providers.

City ESG funds supported programs offered by Families Together (emergency shelter), Healing Transitions (emergency shelter), Passage Home (rapid rehousing), and Wilmington Street Center (emergency shelter). ESG funds were also provided to the Partnership to support HMIS. Additionally, the City provided \$100,000 of CDBG toward operating expenses for the Wilmington Street Shelter, the County-owned emergency shelter for homeless men.

Local funds were provided to Catholic Charities for homelessness prevention and re-housing. Other large institutions in the area also contribute. WakeMed Hospital has created a team of social workers and nurses to work with "high utilizers" of emergency room services, many of whom are homeless or unstably housed, to connect them with mental health services and assist them in stabilizing their housing situations and accessing mainstream resources.

Alliance Behavioral Health, the Local Management Entity-Managed Care Organization (LME-MCO), is actively assisting in re-housing individuals with mental illness in Raleigh and the rest of its catchment area. Several rehousing service providers cultivate relationships with landlords to encourage them to rent to households/individuals difficult to house, such as people with felony records and those with troubled landlord/eviction histories.

In addition, the City's Community Enhancement Grant Program, funded from the City's CDBG entitlement, is an annual program that issues an RFP for public services to benefit low to moderate income individuals and families. Funds for this fiscal year awarded a programs that provided bridge housing to the homeless, distributed bed sets to formerly homeless families, and assisted unemployed persons with significant barriers to employment (felony record, substance misuse, etc.) with job training and placement.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Raleigh strengthens the homeless to housing continuum in several ways. The City partners with Wake County to issue a "Combined RFP" for projects that serve those who are homeless or at-risk-of homelessness. These two funding sources apply similar criteria communitywide, requiring a Housing First approach, the use of the Homeless Management Information System (HMIS), and an involvement with Coordinated Entry. ESG contracts require subrecipients to use HMIS, so data can be tracked and shared. Subrecipients must actively ensure to the best of their ability that clients are connected to mainstream resources. By partnering, the City and County can better strategically deploy their ESG dollars to meet community needs.

In addition, a County commissioner chairs the "Directors Group," composed of the District Attorney, a local judge, County Sheriff, Raleigh Police Chief, WakeMed, and other appointed and elected officials to better address the needs of severely mentally ill individuals who come in contact with the criminal justice system, to develop a path for them away from incarceration toward mainstream services and permanent supportive housing where available. The knowledge gained from this workgroup can identify gaps in service, which can then provide the basis for changes in program design.

Furthermore, the City and County (in partnership with the CoC and Catholic Charities) created the Oak City Cares facility and annually contributes local funding to maintain this centralized referral facility to holistically address the various needs of the County's homeless/near-homeless populations. The City annually contributes local funding to Catholic Charities "Support Circles" rapid rehousing program which uses a broader definition of homelessness than the federal government, as among their eligible clientele are low-income families living in hotels after having lost the apartment or house they previously were able to occupy. With a combination of counseling and financial assistance this program helps re-house families even before they become homeless by the federal definition.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City is committed to helping ensure that those who are experiencing homelessness become stably housed. Raleigh's Mayor having signed on to the Mayors Challenge to End Veteran Homelessness. The City partners with the County to issue a "Combined RFP" for projects that serve those who are homeless or at-risk-of homelessness. These two funding sources apply similar criteria communitywide, requiring a Housing First approach, the use of the Homeless Management Information System (HMIS), and an involvement with Coordinated Entry. Contracts require subrecipients to use HMIS, so data can be tracked and shared. Subrecipients must actively ensure to the best of their ability that clients are connected to mainstream resources.

The CoC approved Coordinated Entry Policies and Procedures Manual prior to the HUD deadline of January 23, 2018. Since that date, the City and County have supported the CoC and service providers in operationalizing the policies and procedures, making modifications when necessary based on experience. The Raleigh/Wake Partnership to End and Prevent Homelessness (Partnership) is the HMIS Lead; the Coordinated Entry manager is a Partnership employee and manages the By-Name list and facilitates bi-weekly case conferencing. Passage

Home and Volunteers of America have had data sharing agreements with several partners using HMIS along with a by-name list of homeless veterans for several years. This experience has helped establish a model for future similar efforts.

The increasing adoption of the Housing First approach with Rapid Re-Housing, homelessness prevention, and emergency shelter has helped reduce the length of time (LOT) homeless for persons in emergency shelters. According to the HMIS, out of the 3,749 served during the reporting period 2,372 (63%) were served in 30 days or less. Of that 2,372, 425 or 18% self-resolved, lower in part due to the pandemic. The model used in reducing veteran homelessness continues to be applied to single chronically homeless women, a demographic that has been increasing.

CoC NOFA Funding

For FY2019-2020, the Raleigh/Wake Continuum of Care (CoC) received \$3.4 million in CoC NOFA funding for services including emergency shelter, Permanent Supportive Housing, and Rapid Rehousing. Below is a list of the organizations and projects that received funding.

- Wake County Human Services Wake Rental Assistance: \$2,188,289
- CASA Families at Home Permanent Supportive Housing: \$79,986
- CASA Mckinney Permanent Supportive Housing: \$191,862
- CASA Ruth House II Permanent Supportive Housing: \$228,627
- Families Together Rapid Rehousing: \$125,132
- Partnership to End and Prevent Homelessness Coordinated Entry: \$68,066
- Partnership to End and Prevent Homelessness HMIS: \$76,682
- Partnership to End and Prevent Homelessness Planning Grant: \$117,616
- Partnership to End and Prevent Homelessness Rapid Rehousing Community Project:
- \$157,964
- Triangle Family Services Permanent Supportive Housing: \$202,531

Public Housing CR-30

Addressing the needs of public housing

Public Housing Program:

The overall mission and operation of subsidized public housing is to provide safe, decent, affordable rental housing for low income families. In addition to creating an affordable living environment, opportunities are offered to promote personal responsibility and self-sufficiency of residents. Public housing rentals in our city come in all sizes and types; from scattered, single family houses to high-rise apartments for elderly families.

RHA owns and operates 1,444 subsidized housing rentals. There is a waiting list of 4,140 applicants for public housing. Most applications are seeking one- and two-bedroom units. Preferences are given to applicants including to those who live or work in Wake County, work full time, are elderly (62+), or are disabled. RHA operates four site-based incentive public housing properties which require that applicants meet additional criteria to qualify. Public housing maintains a 99% occupancy rate and turns over a vacancy approximately ten days.

Housing Choice Voucher (HCV) Program:

RHA has 3,921 Housing Choice Vouchers and has a utilization rate of just under 100%. For over eleven years, RHA's voucher program is rated as a high performer by HUD. These tenant-based vouchers increase access to safe, affordable housing units and to provide opportunities for low-income families to choose and obtain rental housing outside areas of poverty or minority concentration. There are currently 6,744 applicants on the voucher waitlist. Approximately 60% of these applicants are from outside of Wake County. Availability is based upon voucher turnovers and funding levels. There are local preferences for the elderly, disabled, working, residents who live or work in Wake County, and graduates of the Ready to Rent program. RHA also provides special admissions to homeless families and families experiencing domestic violence through the Coordinated Entry System, the Olmstead Act, and VAWA. At this time, over 2,650 families qualify for one or more of our preferences.

Encouraging public housing residents to become more involved in management and participate in homeownership

The Raleigh Housing Authority (RHA) recognizes successful management of its local public housing developments input from those served. To this end, the existence and recognition of viable, representative, and democratic resident councils were developed in many public housing communities. These councils are critical for achieving participation and cooperation from RHA tenants. This organization knows the needs of their neighbors and coordinates the delivery of community service programs primarily for public housing residents. It is from this organization the Resident Advisory Board is chosen. RHA consults with the Advisory Board on all administrative and Agency Plans. These meetings provide an avenue for open dialogue between the residents and the agency. Resident input is important when considering changes to the operations, procedures or regulations which directly affect the residents or the services RHA provides. Additionally, resident input and feedback forms have been made available to all households.

Providing assistance to troubled PHAs

The Raleigh Housing Authority continues to be rated as a high performer by HUD's management assessment system for public housing. RHA just completed its 33rd consecutive year with no financial audit findings. The Real Estate Assessment Center's (REAC) continues to score the RHA public housing portfolio with high scores when assessing the physical conditions of RHA's portfolio. RHA works efficiently and effectively to prevent

misuse and waste of HUD resources. The Raleigh Housing Authority recognizes the growing need for affordable housing and seeks ways to protect and develop affordable housing for the citizens of Raleigh.

Other Actions CR-35

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

In the 2019-2020 fiscal year, CD staff continued to improve and increase outreach efforts to low-income residents. A new Analysis of Impediments to Fair Housing Choice (AI) was initiated in a regional effort, that included an independent review of the City's development ordinance and stakeholder and public meetings to develop solutions to local barriers to affordable housing.

The current political climate in North Carolina makes it unlikely that any city can receive state legislative approval of new local ordinances to *require* private developers to provide affordable housing, but new incentives in the rezoning approval process have been implemented. Cottage court housing and Accessory Dwelling Units are two notable housing development options introduced through the City's development ordinance that hold potential to incentivize private unsubsidized housing that is within reach of renters or owners of moderate means. Raleigh is also working on a pilot program with a new community land trust to add to/preserve the supply of affordable ownership housing units in the City.

Actions taken to address obstacles to meeting underserved needs.

Last year the City managed and operated 197 affordable rental housing units that it owns. The average rent was \$600 and 92% of the units were rented to households below 50% of area median income. 88% of occupants in City-owned rentals were racial minorities.

The City has been addressing homelessness in a concerted effort in partnership with Wake County, the Continuum of Care ("the Partnership"), and Catholic Charities of the Diocese of Raleigh. The Oak City Cares "multi-service center," opened in Spring 2019 for coordinated entry and assessment; direct referrals to the most appropriate agency to best meet the needs of each client; showers, laundry, internet access, and mail distribution for homeless persons; life skills classes and other training opportunities; and weekend food distribution. The City and County each allocated general fund dollars, which combined total approximately \$7 million, to help fund the acquisition of the property and the upfit of the commercial structure on the site for this purpose. The City entered into a Memorandum of Understanding to provide on-going operational assistance to Oak City Cares, beginning July 1, 2020.

The site is adjacent to the South Wilmington Street Center for homeless men. City Council in June 2016 approved a tax increase to support affordable housing in the City. The introduction of this funding source has

resulted in over \$6 million annually in commitments for affordable units through preservation of existing affordable units, creation of new affordable units, and single-family housing rehabilitation. This past year, the City committed \$7,950,000 To the construction of 372 affordable senior apartment units to be created with this local funding source.

Reducing lead-based paint hazards

LBP remediation is an integral part of CD's rehab program. All rehabs of owner-occupied homes are tested for lead-based paint and any LBP found is appropriately remediated.

Reducing the number of poverty-level families

The Raleigh Community Development Division has hosted a series of "job fairs" in the NRSA to connect residents of the low-income Census Tract with jobs being created by CDBG-supported infrastructure work. This year, two additional grants for a total of \$80,000 were made for workforce development to supplement the City's annual contract with the NC Homebuilders Association to provide construction trades training. The FY 2020-2021 CAPER will report on the benefits of these three grants. In FY 2019-2020 the City created the Compassion Fund and the Emergency Assistance Grant Fund - locally funded initiatives addressing low-income families living in hotels or in need of short-term assistance to prevent homelessness.

Developing institutional structure

The institutional structure for delivering CDBG programs and services to low and very-low income families and individuals involves public, private, and non-profit agencies. Partnerships are utilized internally as well. In FY 2019-2020, Housing and Neighborhoods worked with the City's Parks and Recreation Department on providing a new park in the NRSA, to be funded with City CDBG funds. Public meetings were held and design work started. The next two CAPERs will report on the results of this inter-departmental City initiative.

Nonprofit organizations play a key role-- with City, county, and state funding (CDBG and ESG) --in providing emergency shelter, homelessness prevention services to the City's homeless persons. Several nonprofits are providing various services, including medical and mental health services, on the site of Oak City Cares. Last year, the City provided funds (CDBG, HOME, local) for local nonprofit developers and for-profit firms to build affordable housing in the City. In FY 2019-2020 the City continued selling the 140 lots it assembled, primarily with CDBG funds, and worked with builders who will provide mixed-income homeownership

opportunities in the NRSA. In addition, the City has established a pipeline of low-income residents to receive job training and employment within this City-sponsored housing development within the NRSA.

Enhancing coordination between public and private housing and social service agencies

CD requires written commitments from nonprofit organizations applying for financial assistance to provide affordable housing for disabled persons. The written commitments require social service agencies to be involved with the non-housing needs of their residents.

Overcoming the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice

Below are the City-related impediments identified in the regional AI completed in 2015, followed by City actions to address them:

- Lack of affordable housing in high opportunity areas: On September 3, 2015, the Raleigh City Council adopted the Affordable Housing Location Policy (AHLP) which encourages development of City supported affordable housing in high opportunity areas. The following year an affordable housing fund (>\$6 million per year) was created in the City General Fund. In 2019-2020 CD staff created an updated draft AHLP with current race and income data to help craft the next AHLP to be created in 2021.
- Limited housing choice restricts access to community assets for members of the protected classes: The Wake Transit Plan will increase the percentage of the County's jobs within ¾ mile of all day transit service. The City of Raleigh completed the Equitable Development Around Transit (EDAT) initiative to guide development expected to spring up near Bus Rapid Transit (BRT) stations and routes. The City is using annual affordable housing goals (570 total) to measure progress in providing additional affordable housing units and the City is looking for acquisition opportunities along proposed BRT lines for inclusion of affordable housing on City land.
- Transit system is fragmented and does not adequately connect Racially Concentrated Areas of Poverty (RCAPs) to higher opportunity areas: New transit plan addresses this and in November 2016 voters approved a transit tax to pay for massive new investments in transit throughout the City and County. City is purchasing land along transit corridors for new affordable housing.
- Members of the protected classes—particularly those living in RCAPs—are disproportionately denied mortgages in the private sector: The City continues to support homebuyer education, sponsors the building of affordable houses on City-owned sites, and provides low-interest second mortgages to make many sales within reach of lower-income families who otherwise may not be able to buy a house in the unsubsidized market.
- RCAPs are clustered in the City of Raleigh, found primarily where lower income Black and Hispanic
 residents live. All of these areas are located within very low and low opportunity areas: The City
 adopted an Affordable Housing Location Policy (AHIP) in September 2015 to steer most of its
 affordable housing investments only to areas outside of RCAPs. CD staff created an updated AHIP

working draft with current housing tables to help launch the new Plan will be updated with the assistance of consultants in 2021.

- A local fair housing resource with enforcement and resolution power is needed in Raleigh: Local
 complaints received by the City are referred to the Fair Housing Project of Legal Aid of North Carolina
 and the Fair Housing Justice Center, who have the resources and expertise to address fair housing
 complaints.
- The City needs a monitoring system in place to assure that its private vendor managing City-owned rental properties attend fair housing training: The City has always required its management company to attend fair housing training and adjustments were made to clarify this requirement in its monitoring system.

Monitoring CR-40

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Monitoring of CDBG and ESG projects has five major components:

- 1. Grant Applications: Request for funding applications are made on a standard form and are evaluated by a team. Points are given for each criterion covering community need, program effectiveness, financial record, and capacity of the organization. Recommendations for funding are based on evaluation of the above criteria and presented to City Council for approval and included in each Annual Action Plan.
- 2. Pre-agreement meeting: the project manager meets with each subrecipient to go over grant requirements, logistics for payments, record-keeping standards, future monitoring, and close-out.
- 3. Agreements: The City of Raleigh enters into standard grant agreements with each subrecipient that specify amount, source, and use of funds, match requirements, reporting standards, record-keeping, results to be achieved, and other conditions specific to the project. A standard attachment of all federal standards (Executive Orders, Civil Rights Act, etc.) with which the agency must comply is included.
- 4. On-site monitoring: project manager, based on a risk assessment, will visit each funded agency at least once in the 12-month term of the contract to assure compliance.
- 5. Progress reports: written statements of benefits produced with the grants provided are required with each payment request as well as a summary at the end of the project.

HOME funds are provided annually in a competition that leverages low-income housing tax credits. Loan agreements are executed with each borrower that includes federal requirements and on-site monitoring consistent with the HOME regulations are conducted to review unit condition and programmatic compliance.

The FY 2019-2020 Action Plan included a HOME Monitoring Plan to guide City staff in assuring program compliance with federal requirements.

Citizen Participation

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The Draft 2019-2020 CAPER was advertised for public comment in two local newspapers and the City's website the week of December 1, 2020. The 15-day comment period concludes December 15, 2020.

HOME Investment Partnership Program

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

HOME Monitoring Schedule Waiver received from HUD to complete HOME monitoring by December 31, 2020. Below are the results of the last monitoring performed.

Raleigh's affirmative marketing actions for HOME units

There were no completed HOME apartment projects last year, so no new data on HOME rentals was received. All of the HOME-supported substantial rehabs and 80% of homebuyer assistance loans went to minority borrowers. Every developer receiving HOME funds from the City is required to have and follow an Affirmative Marketing Plan. All HOME borrowers are advised of the HOME requirements for affirmative marketing and CD staff monitor each HOME-financed apartment community to assure compliance. Recent monitoring of these communities has found compliance with HOME regulations.

Each loan agreement signed between the City and organizations receiving development loans contains the following:

Affirmative Marketing: Borrower shall adopt affirmative marketing procedures and requirements for the rental housing project pursuant to 24 CFR Section 92.351, as may be amended. Affirmative marketing steps consist of actions to provide information and otherwise attract eligible persons in the housing market area to the available housing without regard to race, color, national origin, sex, religion, familial status or disability.

The affirmative marketing requirements and procedures adopted must include:

- 1. Methods for informing the public, owners, and potential tenants about fair housing laws and the City of Raleigh's affirmative marketing policy.
- 2. Requirements and practices Borrower must adhere to in order to carry out the City's affirmative marketing procedures and requirements.
- 3. Procedures to be used by Borrower to inform and solicit applications from persons in the housing market area who are likely to apply for the housing without special outreach.
- 4. Records that will be kept describing actions taken by the city of Raleigh and by Borrower to affirmatively market units and records to assess the results of these actions; and
- 5. A description of how the City of Raleigh will annually asses the success of affirmative marketing actions and what corrective actions will be taken where affirmative marketing requirements are not met.

Amount and use of program income for projects, including the number of projects and owner and tenant characteristics

There was a total of \$442,112.44 in HOME Program Income expended in 2019-2020 (from July 1, 2019 to June 30, 2020) for projects. Of this, \$262,214.94 was provided to 15 homebuyers for down payment assistance. (4 were 31-50% AMI, 11 were 51-80% AMI 11 were African American, 2 were White, 2 Other; 3 Hispanic), and \$142,245.02 was for 2 rehabilitation loans (both were African American and 61-80% AMI). The remaining \$179,897.50 was for 2 rehabilitation loans (both were African American and 61-80% AMI).

Describe other actions taken to foster and maintain affordable housing. 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 91.320(j)

Local funds have been made available for nonprofit developers to help create or preserve affordable housing in the city. The city seeks to work with developers of affordable housing to purchase existing affordable apartment developments (sometimes unsubsidized) threatened with redevelopment to other uses in Raleigh's more attractive locations. Raleigh City Council in June 2016 approved a one cent tax increase for affordable housing, which is generating \$6 million every year since. This is a major source of local dollars with which the City can aggressively address its need for additional affordable units as well as preserve existing units into the future.

Table 24 – Shelter Capacity

Project Outcomes Data measured under the performance standards developed in consultation with the CoC(s)

The City of Raleigh provided ESG funds to Families Together, Healing Transitions, and Wake County Human Services South Wilmington Street Center during FY19-20 for Emergency Shelter. The numbers above are aggregates from those agencies. As a result of the pandemic, less bed nights were available beginning in March.

CAPER Attachment

SAGE HMIS Reporting

Fiscal Year 2019-20 CAPER Attachments: Homeless Services

Overview

The data that follows is drawn from the Homeless Management Information System (HMIS), the centralized database that homeless services agencies use within Raleigh and Wake County. The reports that follow are from the agencies funded by the City of Raleigh with Emergency Solutions Grant (ESG) funds.

The report provides aggregated information on the persons served during Fiscal Year 2019-20 (July 1, 2019 – June 30, 2020) from these agencies:

FY2019-20 ESG Funded Homeless Services			
Agency	Service Provided		
Families Together	Emergency Shelter		
Healing Transitions	Emergency Shelter		
Partnership to End and Prevent Homelessness	HMIS		
Passage Home	Rapid Re-Housing		
Wake County Human Services – South Wilmington Street Center	Emergency Shelter		

The reports that follow have been uploaded into HUD's Integrated Disbursement & Information System (IDIS) electronically in preparation for formal submission of the CAPER to HUD (the federal Department of Housing and Urban Development). Including these reports as a separate attachment for public review was considered by the City of Raleigh Community Development Division to be the best way to present the detailed information being submitted to HUD.
