

Notice of Availability of Funds for Gap Financing Rental Development Program 2022 Tax Credit Developments

1) STATEMENT OF PURPOSE

The City of Raleigh's Housing & Neighborhoods Department announces the availability of funds under the City's Community Development Rental Development Program for qualified developers to submit proposals for the new construction or acquisition and/or rehabilitation of multifamily rental units. Rental units assisted with City funds must be affordable to families, individuals and/or the elderly that have annual incomes at or below 80% of the area median income (AMI). This does not preclude mixed income developments. All funding is contingent upon approval of the proposed development by Raleigh City Council. All developments must be located within the City limits of Raleigh to be eligible.

Funds are available to for-profit and non-profit developers or sponsors of rental housing in the form of loans for construction-to-permanent financing.

ACQUISITION FUNDS: Funds are also available in the form of a Land Acquisition Grant to be used to write down high land costs for high priority areas.

Any questions should be addressed to Erika Brandt at 919-996-6975 or Erika.Brandt@raleighnc.gov.

3) ELIGIBLE PROJECTS

All projects must meet the following minimum requirements to be considered for funding:

- a) Projects may include the construction of new units, the rehabilitation of existing units or the adaptive re-use of existing structures.
- b) The property must meet the minimum property standards and all applicable building codes upon completion of construction or rehabilitation. Higher scores will be given to projects that commit to meeting Energy Star requirements or

better (third party verification required upon completion of construction/rehabilitation).

- c) Projects must contain at least twenty-four (24) assisted rental units.
- d) The properties must be located within the City limits of Raleigh or be in process of annexation prior to staff making recommendations to City Council.
- e) Existing properties should be vacant, presently occupied by low-income families that meet program income requirements or have accounted for in budget for relocation expenses. (NOTE: Tenants cannot be asked to relocate in anticipation of applying for City funds.)
- f) Projects must have secured site control at the time of application. Staff will review applications that are in the re-zoning process; however, staff will not recommend a loan for approval if the site is not properly zoned for its intended use.
- g) The property should abide by the City's Housing Location Policy. See Attachment A. Developers should consult the policy during site selection and also be aware of and follow the site requirements and evaluation criteria of the Housing Finance Agency's QAP. Applicants should contact City staff should they have any questions regarding site locations and desirability. Should a site be chosen that does not meet the Housing Location Policy, developer should also provide backup for why an exception should be considered.

All proposers must schedule a pre-meeting with Erika Brandt to discuss their application. ErikaBrandt@raleighnc.gov or 919-996-6975.

Land Acquisition Grant Eligibility

- a) Property must meet all of the above.
- b) Property should be located near future transit improvements (Covered bus and Bus Rapid Transit stops), downtown neighborhood or in an underserved part of the City where land costs are high.
- c) If property land acquisition costs are greater than the appraised value of the land, developer must be able to justify why this is necessary.
- d) Developer must be able to demonstrate that project would not be feasible as affordable housing were it not for the land grant.

4) RENT AND INCOME LIMITS

All assisted units are subject to the following income and rent restrictions for the greater of 20 years, the extended use period for any low-income housing tax credits, or as long as the City loan is outstanding.

- a) All assisted units must be set-aside for households with incomes at or below 80% of the AMI, adjusted for household size. If the project is HOME- funded, at least 20% of the units must be set-aside for households at or below 50% of the AMI. If

HOME funds are combined with federal Low-Income Housing Tax Credits, additional requirements may apply. Additionally, all 9% tax credit projects will be required to target 25% of all units at 30% AMI and all 4% Bond Deal projects will be required to set aside 10% of units for 30% AMI. Priority will be given to developments that set aside units for persons making at or below 40% of AMI or are partnering with Alliance Health. Refer to Attachment B for income limits for Raleigh-Cary MSA.

- b) Every assisted unit is subject to maximum rent limits designed to help make rents affordable to low-income households. If the project is HOME-funded, rents must be no more than the HOME Program rent limits (less tenant-paid utilities) OR the market rents of comparable housing, whichever is less. Refer to Attachment B for maximum HOME program rents.
- c) If the developer intends to utilize income averaging, only units targeting individuals or families making less than 80% AMI would be considered City-assisted units.

Annual monitoring of tenant income certifications and rents for assisted units may be required.

5) LOAN TERMS

The terms of the City funds will be negotiated consistent with the following guidelines:

- a) Construction-to-permanent financing
- b) Interest Rate: 0%-2%, depending on a project's needs
- c) Term: 20/30/40 Years, or as long as affordability is maintained
- d) Repayment: Deferred or monthly, depending on the population served and the project's needs.
- e) Lien: First or subordinate with conditions
- f) Right of First Refusal

Land Acquisition Grant terms:

- a) Funds will be provided at acquisition of land.
- b) Land grant is only eligible for projects that also receive additional construction-to-permanent financing from the City which should close simultaneously.
- c) In order to determine whether the site is eligible, the developer must submit a 1 to 2-page letter to City staff that provides the address, amount requested for the acquisition in addition to total cost of acquisition, justification for why the property should be considered eligible for a grant and that project would not be feasible otherwise. Find more information on the City's plans for Bus Rapid Transit here:
