2023-2024 Annual Action Plan

July 1, 2023 – June 30, 2024

The City of Raleigh is an entitlement community and receives federal funds from the U.S. Department of Housing and Urban Development's (HUD) Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs. In addition, the City also leverages local funding, including general funds and proceeds from \$80 million housing bond passed in 2020 to help carry out this work.

\$2,849,488 in CDBG funding will be programmed to benefit low/moderate-income residents, through housing rehabilitation, homebuyer assistance, homeless shelters, site improvements, and public services grants to non-profit agencies.

\$1,602,392 in HOME funding will be used to develop affordable rental housing.

\$255,809 in ESG funding will be used to provide services to those experiencing or at-risk of homelessness.

\$25,022,131 in City of Raleigh general funds, bond proceeds, as well as bond revenue and program income will be used to develop affordable rental housing and provide housing rehabilitation and homebuyer assistance.

During FY 2023-2024, the City of Raleigh is projecting to utilize almost \$30 million in federal grants and local funds to benefit low- and moderate-income residents through a variety of programs and services.

	Affordable Housing \$28,206,053
	Homeless to Housing Continuum \$455,809
	Self-Sufficiency & Sustainability \$260,000
	Program Administration \$1,307,958

City of Raleigh

FY 2023-2024

Draft Annual Action Plan

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

1. Introduction

The FY 2023-2024 Annual Action Plan: Year 4 of the 2021-2025 Five-Year Consolidated Plan

Every five years, the City of Raleigh is required to create a Consolidated Plan (ConPlan). The ConPlan serves as an application for funding to the U.S. Department of Housing and Urban Development (HUD) and provides a budget and framework for production goals to address housing and community needs of low-and-moderate-income residents. This unified, coordinated vision is a result of input from residents, community development partners, and extensive research.

Three Priority Goals were established in the 2021-2025 ConPlan:

- Increase the Supply of Affordable Housing
- Increase services to build self-sufficiency and sustainability
- Enhance the homeless-to-housing continuum

To address these Priority Goals, the City partners with the Continuum of Care (CoC), nonprofit and for-profit organizations, neighborhood groups, and other local governments. The Community and Small Business Development Division of the City of Raleigh Housing and Neighborhoods Department (Community and Small Business Development) is responsible for administering and supporting the City's ongoing community development programs.

This **2023-2024 Annual Action Plan** (AAP) represents the fourth year of the City's 2021-2025 ConPlan and identifies the City's priorities in terms of housing and community development needs for very low-, low-, and moderate-income city residents and the strategies, resources, and networks that will be implemented to address these needs. The AAP also serves as the City of Raleigh's application for federal for the following grants from HUD:

- Community Development Block Grant (CDBG);
- HOME Investment Partnership (HOME); and
- Emergency Solutions Grant (ESG).

In addition to these federal funding sources, local funding is also used to implement the City of Raleigh's Five-Year ConPlan. For example, nearly \$8 million is provided by the City's General Fund. Community and Small Business Development will focus on location-based projects for neighborhood revitalization and affordable housing in the coming year. A key element of the ConPlan and each Annual Action Plan is the collaborative nature of the process. For the recent ConPlan process, the City of Raleigh gathered input from citizens, consulted its community development partners such as the CoC, and conducted extensive research to determine housing and community development needs for 2021-2025. Extensive outreach was also conducted to aid in the creation of this Annual Action Plan.

2. Summary of the objectives and outcomes identified in the Plan Needs Assessment Overview

Unmet Affordable Housing Need

There remains a substantial unmet need for decent, safe, and affordable rental housing, which continues to outpace the ability of federal, state, and local governments to supply housing assistance and facilitate affordable housing production (Worst Case Housing Needs: 2021 Report to Congress, U.S. Department of Housing and Urban Development).

The primary housing challenge for Raleigh's low- and moderate-income residents remains housing affordability. Raleigh is one of the fastest growing cities in the nation, and with this rapid growth has come rising land values and increased housing costs. Concurrently, incomes for lower-wage earners have failed to keep pace, with very-low (50% AMI) and extremely-low (30% AMI) income households being most affected.

Raleigh's continued rapid growth has resulted in increased land prices throughout the city, especially near downtown. Most of the new private market residential developments are "luxury" rentals. These trends have increased the cost of housing for all households with incomes <80% of Area Median Income (AMI), particularly renters. Developers continue to acquire older, modest private sector rental communities throughout the city to redevelop as upscale apartments. This both removes affordable units and contributes to the upward pressure on rents.

Rising Housing Costs Outpacing Income Increases

According to the 2020 Wake County Analysis of Impediments to Fair Housing Choice, "Housing costs have continued to increase at a faster rate than household incomes. Many Wake County residents are financially burdened by the cost of housing, especially in Raleigh." The AI highlights when the cost of quality housing is high, low-income, and marginalized populations have more of a chance of becoming cost burdened.

The primary housing challenge for Raleigh’s low- and moderate-income residents is housing cost (see NA-05 in the 2021-2025 ConPlan). Cost burden remains the most common housing problem. A household is “cost burdened” when it expends more than 30% of its gross monthly income on housing costs: for homeowners that includes principle, interest, taxes, and insurance; for renters that includes rent plus utilities. A household is “severely cost burdened” when it expends more than 50% of its gross monthly income on housing costs. Of Raleigh’s 217,866 households, 29.5% or 64,335 households are either cost burdened or severely cost burdened. Racial and ethnic minorities, most notably African Americans, are disproportionately affected compared to Whites.

Five-Year Priorities

The Consolidated Plan for the five years covered through June 30, 2025, will focus on three priorities:

- (1) Increasing the supply of affordable housing;
- (2) Enhancing the homeless to housing continuum; and
- (3) Increase Services to Build Self-Sufficiency & Sustainability.

While most programs will be available to residents based on need and income citywide, the following are geographic focus areas to the priorities listed above: (1) College Park Neighborhood Revitalization Strategy Area (NRSA); (2) Citywide; and (3) Downtown Neighborhoods.

Strategies & Outcomes

Performance measurement is a process for determining how effectively programs are being implemented and meeting community needs. Each year, the City establishes measurable objectives for each program to determine their impact and effectiveness. Data is gathered to make this assessment to determine if programmatic activities could be improved and limited resources directed more effectively.

Strategies

- **Connecting transit to housing**

The City of Raleigh is making the connection between affordable housing and transit a priority in the current five-year ConPlan period. A cross-departmental group continues to work on identifying potential sites for housing along transit corridors and creating funding strategies and incentives to develop affordable housing at those locations. Additionally, affordable housing and transit is being prioritized by setting affordable housing goals along transit corridors and developing transit overlay districts for compatible development along transit lines. The City places a priority for tax credit funded affordable housing developments to be within walking distance of a transit stop. Starting in FY 2021-2022, the City began using the new \$80 million housing bond in

part to acquire land near transit for affordable housing development.

- **Focusing on producing more affordable housing**

The need for affordable housing continues to grow within the city and housing costs continue to outpace income increases. The City of Raleigh is prioritizing the creation of additional affordable housing and preservation of existing affordable housing with more than \$22 million budgeted for rental development in FY 2023-2024. The focus of affordable housing creation will be on rental to allow more units to be created and ensure long-term affordability.

- **Zoning & regulatory changes to improve housing choice and affordability**

In 2020 and 2021, City Council passed regulatory changes to help improve housing choice and affordability. One area of emphasis is on "missing middle" housing types such as duplexes, triplexes, townhouses, cottage courts, and similar housing that are common in older neighborhoods but were often prohibited or made impractical by previous zoning. In 2020, City Council allowed the expansion of the Accessory Dwelling Unit (ADU, or second dwelling units on a property with a single primary dwelling) concept to use-by-right in residential districts and permitting tiny homes (typically 400 square ft or less). Both alternative housing types could contribute to providing additional housing affordability in the City. In FY 2021-2022, the City also implemented a Transit Oriented Development zoning overlay which provides the option for additional building height if affordable housing units are provided as part of the development. The City continues to explore ways to provide additional "missing middle" development types and zoning alternatives that will broaden affordable housing production in Raleigh.

- **Addressing Homelessness through Partnerships**

The City will continue its partnerships with the Continuum of Care, Wake County's Department of Housing Affordability and Community Revitalization, and local nonprofits in addressing both the on-going needs of the City's homeless population, as well as those exacerbated by the COVID-19 pandemic. The City and County both received additional federal funding to provide assistance to those impacted by the pandemic and struggling to maintain or find affordable housing.

- **Affordable Housing Bond**

An affordable housing bond was approved by the voters in November 2020. The \$80 million bond will fund existing programs such as rental development, homebuyer assistance, and will also be a funding mechanism for developing affordable housing along transit lines and other public-private partnerships.

3. Evaluation of past performance.

The most recent summary of the City's past performance in its housing and community development programs is included in the FY 2021-2022 Consolidated Annual Performance and Evaluation Report (CAPER).

FY 2021-2022 Results-At-A-Glance	
Infill houses built and sold	8
Substantial housing rehab	7
Limited repair	6
New or preserved affordable rental units	297
Home-buying counseling	62
Homebuyer Assistance	16
Benefit from Community Enhancement Grants	455
Job training	50
Emergency shelter	1,599
Rapid rehousing	23

The chart above represents last year's impact on the needs identified in the ConPlan. With additional federal and local resources available in the upcoming years, the City expects a significant increase in quantifiable impacts.

4. Summary of Citizen Participation Process and consultation process

The Planning Process

The number of public hearing attendees and comments gathered during the public input process (including public hearing comment transcripts, and comments submitted to Community and Small Business Development) is included in the attachments. An online survey was used for the first time this year to collect community input to aid in the drafting process. Four hundred citizens and providers completed the survey, which was open from January 24th to February 7th, 2023. A summary of the input received from the survey is included in the attachments. In addition, three public meetings, two in-person and one virtual, were held during March.

Public Hearings

Participation of the general public, public organizations, and private organizations is important to the development of this Annual Action Plan (AAP). Citizen participation events included two public hearings (December 6, 2022, and April 4, 2023). All citizen participation events were advertised in local newspapers at least 12-16 days in advance. As part of the 2021-2025 Consolidated Plan process, the City also gathered input from partner agencies in the community development field. The input from partner agencies helps identify and prioritize community needs, develop strategies to address the needs, identify available community resources, and promote the coordination of resources. Public participation events are advertised through flyers posted in low-income neighborhoods at public gathering spaces (i.e., libraries, community centers, and churches). In addition, these events were also advertised to non-profit organizations,

on the City of Raleigh website, the Raleigh Affordable Housing website, postings on City of Raleigh Twitter page which has over 118,000 followers, postings on City of Raleigh Facebook page which has over 28,000 followers, and through the City of Raleigh Community Development email distribution list which has over 6,900 recipients.

Lead Agency: The Community and Small Business Development Division within Raleigh’s Housing and Neighborhoods Department acts as the primary liaison with local public agencies, nonprofit agencies, and for-profit agencies such as lenders, realtors, developers, builders, and city residents. Other agencies engaged in implementing this plan include the federal Department of Housing and Urban Development (HUD), the North Carolina Housing Finance Agency, Wake County Government, the Wake County Continuum of Care, and the Raleigh Housing Authority.

5. Summary of public comments:

All comments and an analysis of online survey responses have been added to the final AAP as an attachment. The final day to submit written public comments was April 1, 2023.

6. Summary of comments or views not accepted and the reasons for not accepting them

All comments have been accepted.

7. Summary

The City held three Annual Action Plan public meetings in March 2023, two in-person and one virtual. The City held one public hearings for the Annual Action Plan on December 6, 2022, and April 4, 2023. Both public hearings were advertised in newspaper announcements. An online survey was also used to solicit input from citizens and providers as part of the drafting process. A digital copy of the AAP as well as AAP summaries are available on the City website and paper copies are available upon request.

AP-10 Consultation – 91.100, 91.200(b), 91.215 (I)

1. Introduction

Consultation meetings were held with local organizations, as part of the development of the Consolidated Plan, to enhance agency coordination and establish consensus on the needs of special populations, including individuals that are homeless, have special needs, and/or have low incomes. These ongoing conversations occur at Continuum of Care (CoC) meetings which are held monthly. The City held three Annual Action Plan public meetings in March 2023, two in-person and one virtual. The City held one public hearings for the Annual Action Plan on December 6, 2022, and April 4, 2023. An online survey was used to collect input in the draft process.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health, and service agencies (91.215(I)).

Staff members in the Community and Small Business Development Division have had regular communication with affordable housing stakeholder groups in developing the Consolidated Plan to discuss developing new housing programs, maintaining existing programs, and coordinating effectively. For example, staff has met with the Raleigh Housing Authority to discuss the status and goals of their Public Housing units and Housing Choice Vouchers. In addition, the Community and Small Business Development Division has hosted meetings with the Raleigh Housing Authority and other housing advocacy groups to develop the city's Affordable Housing Location Policy. At all stakeholder group meetings, the city makes sure to include housing nonprofits who serve individuals with physical and mental disabilities.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City is an active member of the Raleigh-Wake Continuum of Care (CoC) and staff also sit on the CoC's Governing Board. Governing Board meetings are held monthly, and full membership meetings of the CoC are held quarterly, with attendance ranging from 40-70 persons, including representatives from nonprofit agencies, government agencies, and members of the general public. Agencies receiving ESG or HUD CoC funds must participate in HMIS and Coordinated Entry and use Vi-SPDAT as the intake tool to prioritize need. Members of the CoC have worked to transform the local homeless service delivery system into a Housing First, low-barrier model. The Access Hub, which is managed by the Raleigh Wake Partnership, serves as a referral helpline for Wake County residents experiencing or at-risk of homelessness. This is the first step to connect individuals and families experiencing housing crisis to appropriate service providers. The Coordinated Entry system uses information from HMIS to create a "By-Name" list of homeless individuals. The by-name list contains information about the background and urgent service needs of each client. The CoC uses the by-name list to match clients with homeless service providers that can accommodate their needs. The CoC also worked with the Raleigh Housing Authority on how to distribute 138 Emergency Housing Vouchers to those experiencing homelessness, prioritizing on the chronically homeless and unsheltered individuals.

The City helps fund efforts to address the needs of homeless individuals. City-funded efforts include:

- The City's Emergency Solutions Grant (ESG) entitlement funds are awarded through a two-year RFP process done in partnership with Wake County. FY2023-2024 funding awards are contingent upon the City/County review process, with no more than 60% of the total award will be allocated to street outreach and emergency shelter.

- The City provides local funds to: Oak City Cares to support their weekend and holiday meal distribution program; Catholic Charities to provide rapid re-housing and homelessness prevention services to homeless families with children; and the Raleigh Wake Partnership to End and Prevent Homelessness, who receive funds to cover operational expenses associated with serving as the lead collaborative applicant for the Wake County CoC.
- The City provides CDBG funds to the South Wilmington Street Center, which provides emergency shelter for homeless men, which also has a focus on Veterans. In addition, the City provides CDBG funding to support emergency white flag shelter operations, given the need for additional shelter beds due to reduced capacity at area shelters as result of COVID-19.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

The City of Raleigh is a Governing Board member of the Wake County CoC, and staff participate in monthly meetings. The City collaborates with Wake County Government in the release of a Request for Proposals (RFP) to fund housing and homeless services activities eligible for the Emergency Solutions Grant (ESG). The City contributes ESG entitlement funds, and the County contributes local funding. Agencies receiving funds from the City or County, whether ESG or local funds, are required to use the Homeless Management Information System (HMIS), participate in Coordinated Entry, and adhere to the CoC's Written Standards. The City, the County, and the CoC use information from HMIS to determine if agency outcomes are meeting the standards established by the community to make homelessness rare, brief, and nonrecurring.

2. Describe Agencies, groups, organizations, and others who participated in the process and describe the jurisdictions consultations with housing, social service agencies and other entities

Briefly describe how the Agency/Group/Organization was consulted. What are the anticipated outcomes of the consultation or areas for improved coordination?

RHA: Raleigh Housing Authority provided a portion of the narrative in this Annual Action Plan (AP-60) addressing the on-going challenges administering vouchers and managing several large public housing communities.

Identify any Agency Types not consulted and provide rationale for not consulting:

None.

Describe other local/regional/state/federal planning efforts considered when preparing the Plan.

Name of Planning Effort: Wake County Continuum of Care

Lead Organization: Raleigh Wake Partnership to End and Prevent Homelessness

AP-12 Participation – 91.105, 91.200(c)

Summary of citizen participation process/Efforts made to broaden citizen participation

The citizen participation process included the following:

- Two public hearings (December 6, 2022, and April 4, 2023)
- Community Consultations with the Continuum of Care
- Online survey – January 24th through February 7th, 2023
- Draft Annual Action Plan being made available to the public for comment (30 days)
- There were three Annual Action Plan public meetings in March 2023: two in-person and one virtual.

The City of Raleigh’s multi-faceted citizen participation process aids City staff in determining which populations and neighborhoods to focus on in the Annual Action Plan, ultimately impacting goal setting. Citizen participation also helps city staff determine which types of programs best serve low-income and homeless populations.

Citizen Participation Outreach

1. Public Hearing: Non-targeted/broad community
 - Summary of response/attendance
 - City Council Chambers and Online; December 6, 2022; Three Comments.

- Summary of Comments Received
 - Email comments are included as attachments
 - Analysis of online survey responses

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City of Raleigh plans to commit over \$30 million in federal and local funding to address housing and community development needs during the fiscal year beginning July 1, 2023, and ending June 30, 2024. This increase in funding is primarily due to the \$80 million housing bond approved by voters in the November 2020 election. Programs that will continue to receive funding include rental development, homeowner rehabilitation, and homebuyer assistance. The City remains focused on increasing and preserving the supply of affordable housing through future site development and infrastructure improvements. Site development for single-family and townhomes will continue through the City's sponsorship of the construction of affordable houses. Public service grants funded by the Community Development Block Grant (CDBG) will include Community Enhancement Grants, the South Wilmington Street Center, Homebuyer Counseling, support for the Fair Housing Hearing Board, and workforce development. ESG funds will continue to fund services assisting those experiencing or at-risk of homelessness.

In addition to federal funding sources, local funding is also used to implement the City's Annual Action Plan, including nearly \$8 million provided annually through the City's General Fund. The General Fund funds are used for community development priorities and play a role in the City of Raleigh's strategic plan, which includes the key focus areas of "Safe, Healthy and Vibrant Communities." The Safe, Healthy, and Vibrant Communities focus area includes initiatives that establish partnerships to provide services to homeless individuals and implement affordable housing strategies. Voters approved a bond for Affordable Housing in November 2020 to provide supplemental funding to existing programs such as rental development, homebuyer assistance, and will also act as a funding mechanism for developing affordable housing along transit lines. City leaders continue to demonstrate strong support for housing and community development by providing increased local funding for programs and establishing strategic plan initiatives focused on affordable housing and addressing homelessness.

Priority Table

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 4				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
CDBG	public - federal	Acquisition, Admin and Planning, Economic Development, Housing, Public Improvements, Public Services, Overnight shelter	\$2,849,488	\$280,000	\$0	\$3,129,488	\$3,200,000	Homeowner rehab assistance; public services (grants to subrecipients); homebuyer training; grant to South Wilmington Street Men's Shelter; white flag shelter operations; site improvements; acquisition; homebuyer assistance; relocation
HOME	public - federal	Rental Development, CHDO, Admin and Planning,	\$1,602,392	\$250,000	\$0	\$1,852,392	\$1,900,000	Rental development; homeowner rehab assistance; assistance to Community Housing Development Organization (CHDO); homebuyer assistance

Program	Source of Funds	Uses of Funds	Expected Amount Available Year 4				Expected Amount Available Remainder of ConPlan \$	Narrative Description
			Annual Allocation: \$	Program Income: \$	Prior Year Resources: \$	Total: \$		
ESG	public - federal	Rapid Re-housing; HMIS Administration	\$255,809	\$0	\$0	\$255,809	\$255,809	Grants to subrecipients for provision of homeless assistance
Other-Bond	public - local	Rental development, transit-oriented site acquisition, public-private partnerships. Maintenance of city owned units, bond administration	\$15,992,131	\$0	\$0	\$15,992,131	\$41,154,000	City issued \$80 million general obligation bond to pay for affordable housing activities.
Other-General Fund for Housing	Public-local	Rental development loans	\$7,900,000	\$0	\$0	\$7,900,000	\$8,000,000	Multifamily rental new construction

TABLE 1 - EXPECTED RESOURCES – PRIORITY TABLE

Explain how federal funds will leverage those additional resources (private, state, and local funds), including a description of how matching requirements will be satisfied

Federal funds will be used to leverage additional resources in the following ways:

- Affordable housing development activities include loans to private developers that build or preserve affordable rental units. The City provides funding to developers that receive federal Low-Income Housing Tax Credits (LIHTC) for rental development projects. The city loans serve as gap financing and cover any financing gaps that developers could not borrow from commercial lenders or obtain through other financing options. In this way, the loans provided by the City leverage both private dollars from developers in the form of equity, market rate loans, and public dollars from the LIHTC program. Some rental development projects may receive funding other government entities, such as the North Carolina Housing Finance Agency (NCHFA) and Wake County.
- ESG funds leverage funding for programs that assist homeless individuals and families. ESG requires dollar-for-dollar match – either from the City or from local Subrecipients. Every two years, the City collaborates with Wake County to issue an RFP for homeless and affordable housing services. The contribution from Wake County is projected to be more than \$825,000.
- CDBG and HOME funds can be used to provide homebuyer assistance and leverage private financing obtained by homebuyers. CDBG funds are also used to fund activities associated with the construction of new housing units that provide homeownership opportunities. These CDBG and HOME funds leverage investments from private developers. Local funds will provide a match for HOME funds.
- The Community Enhancement Grant Program (CEG) awards CDBG funds to nonprofits to administer public services to low-income residents and can be used to cover up to 50% of the program costs. Nonprofit awardees must match 50% or more of the program funding with funding from other sources.
- Buyers of infill housing sponsored by the City use private lenders for first mortgage loans and often supplement the first mortgage with homebuyer assistance funding provided by the City. The homebuyer assistance funding can be used to cover down-payment costs associated with purchasing a home.
- An affordable housing bond was approved by voters in the November 2020 election. The bond is providing additional funding to existing programs such as rehab, rental development, homebuyer assistance, and will also be a funding mechanism for developing affordable housing along transit lines. This local investment represents a significant local leveraging of the federal grants the City receives.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

East College Park: Single-Family construction, the first component of the East College Park development, is underway. The second component is the construction and sale of townhomes. The developer Evergreen Construction Company has been selected through an RFP process to build townhomes in East College Park. Overall, there will be at least 12 townhomes, with plans for the remaining sites under review due to rising cost constraints. In collaboration with the Parks, Recreation, and Cultural Resources Department, a new park was opened in 2022.

South Park/Garner Road Area: Over the past decade, the City has invested both federal and local dollars in the South Park/Garner Road area. The City is partnering with a multi-family developer to build affordable rental units on 5.7 acres of city-owned land along Sawyer Road and in the Brown Birch Apartment site. The developer was awarded funding for two 4% tax credit from the federal Low-Income Housing Tax Credit (LIHTC) program and will receive additional gap financing from the City. The development will provide approximately 354 affordable units in an area that is witnessing heavy private investment.

West Idlewild: The West Idlewild area has been a focus area for many years. The City is in the process of selling its final 1.1-acre site in this area through a public land disposition process to the Raleigh Area Land Trust (RALT). RALT is currently in the site plan process and will likely close on the property in FY 2023-2024.

Downtown East: The Downtown East area has also been a focus area for City redevelopment for years. The City will enter into land leases for several properties in the area through a Request for Proposal (RFP) process. It is projected that these properties will produce affordable multifamily housing in FY 2023-2024.

Martin-Haywood: The City selected a builder to complete construction of affordable (LMI homebuyers) single-family homes on the remaining 10 lots. All houses will be built and sold by December 31, 2023.

Strategic acquisition to prioritize affordable housing adjacent to transit: The new \$80 million bond has provided funding, in part, to allow the City to secure ownership interest in parcels near future bus rapid transit stations and routes to guarantee housing opportunities for low- and moderate-income households, providing access to jobs, medical facilities, schools, and public amenities throughout the City.

Discussion

As described above, the City will contribute significant funding to activities that support the priority goals of the Consolidated Plan:

1. Increase & Preserve the Supply of Affordable Housing;
2. Enhance the Homeless to Housing Continuum; and
3. Increase Services to Build Self-Sufficiency & Sustainability.

The City has significantly increased the local contribution to increasing or improving affordable housing opportunities within its borders, and land acquired by the City is being made available to support infill affordable housing in neighborhoods near downtown. The first year, out of five, of the \$80 million affordable housing bond was applied in FY 2021-22 and will continue to be applied to the City's affordable housing programs in FY 2023-2024.

AP-20 Annual Goals and Objectives

1 Year Goals Summary Information

Sort Order	Goal Name	Start Year	End Year	Category	Geographic Area	Needs Addressed	1-Year Funding	1-Year Goal Outcome Indicator
1	Increase and preserve the supply of affordable housing	2023	2024	Affordable Housing	CITYWIDE COLLEGE PARK DOWNTOWN NEIGHBORHOODS	Supply of Affordable Housing Co-locate Affordable Housing & Transit	HOME: \$1,431,923 CDBG: \$1,751,999 City of Raleigh Affordable Housing Bond: \$11,800,000 City of Raleigh General Fund Affordable Housing: \$7,900,000 CDBG Program Income: \$280,000 HOME Program Income: \$250,000 Bond Revenue: \$3,892,131	Loans for construction of rental units: 450 Household Housing Units Homeowner Housing Rehabilitated: 53 Household Housing Units Direct Financial Assistance to Homebuyers: 28 Households Assisted Site Improvements Buildings Demolished: 1 Building (if needed) Acquisition of Existing Units for Rental Development: 1 Relocation: 1 (if needed)
2	Enhance the homeless to housing continuum	2023	2024	Homelessness	CITYWIDE	Enhance the Homelessness & Low-Income population to Housing Continuum Increase Services to Vulnerable Populations	ESG: \$ 255,809 CDBG: \$ 200,000 Local: \$68,000	Rapid Rehousing: 15 households to be assisted Emergency Overnight Shelter: 1,265 individuals served HMIS Administration Support Circles: 15 households assisted with Rapid Rehousing and 10 households assisted with Homelessness Prevention
3	Increase Services to Build Self-Sufficiency & Sustainability	2023	2024	Non-Housing Community Development Non-Homeless Special Needs	CITYWIDE	Increase Services to Vulnerable Populations	CDBG: \$260,000	Public service activities other than Low/Moderate Income Housing Benefit: 1,969 Persons Assisted (Community Enhancement Grant, Homebuyer Counseling, Fair Housing Hearing, Workforce Training)

TABLE 2 – GOALS SUMMARY

Goal Descriptions

1	Goal Name	Increase and preserve the supply of affordable housing
	Goal Description	As the area continues to experience an unmet need for more affordable housing and housing costs continue to outpace income increases, the City of Raleigh is prioritizing creating additional affordable housing and preserving existing affordable housing with local funds that include an annual General Fund contribution of ~\$7.9 million and the \$80 million affordable housing bond. The focus of affordable housing creation will be on rental to allow more units to be created and ensure long-term affordability. Preserving affordable housing will focus on homeowner rehabilitation, homebuyer assistance, and possibly the acquisition and rehabilitation of existing affordable units. The sources of funds that will be used are federal HOME Investment Partnership, the Community Development Block Grant, local General Fund dollars, and local bond money. The City will use the following programs to increase the number of affordable housing units: new construction and rehabilitation of rental units, rehabilitation of homeownership units, homebuyer assistance for down payments and second mortgages, and activities that support the development of affordable housing (public works/site improvements, acquisition, demolition, and relocation). Equitable development near transit will be one of several goals prioritized in the next five years.
2	Goal Name	Enhance the homeless to housing continuum
	Goal Description	This goal addresses enhancing the continuum from shelter to permanent housing for persons who are homeless. The source of funds will be the federal Emergency Solutions Grant. The City also provides \$100,000 in CDBG each year to support the men's shelter that Wake County owns and operates in the city, as well as \$100,000 in CDBG to support white flag emergency shelter operations.
3	Goal Name	Increase Services to Build Self-Sufficiency & Sustainability
	Goal Description	Through meeting needs of those in the community through services and resources, the City of Raleigh seeks to help build self-sufficiency and sustainability in people's lives through funding non-profit programs, housing counseling, workforce development training, the Fair Housing Hearing Board, and economic development. The source of funds will be the Community Development Block Grant.

AP-35 Projects – 91.220(d)

Introduction

An Annual Action Plan (AAP) is required for each year of the Five-Year Consolidated Plan (ConPlan). This AAP covers July 1, 2023, through June 30, 2024, and is the fourth year of the City's 2021-2025 ConPlan. The AAP implements strategies outlined in the ConPlan by addressing the housing needs of very low-, low-, and moderate-income citizens of Raleigh. The AAP enables investors, nonprofit organizations, program administrators, elected officials, and concerned citizens to work with the City to develop affordable housing and community development programs.

In FY 2023-24, the City anticipates a budget for housing and community development of approximately \$30 million from federal and local resources. This money will be used to increase and preserve the supply of affordable housing through the homeowner rehabilitation program, homebuyer assistance (for down payment assistance and second mortgages), and the development of affordable rental units. Supporting the production of affordable housing are site improvements which help with activities such as updating infrastructure, the acquisition of land and housing, the demolition of buildings, and relocation.

From shelter operations to finding stable housing, the federal Emergency Solutions Grant helps fund non-profits serving people experiencing or at risk-of homelessness. Agencies selected for funding from the City's Emergency Solutions Grant (ESG) allocation [See table 1].

Agency	Approximate Award (year 1)	Use of the Funds
Triangle Family Services	\$179,309	Rapid Re-housing
Wake County CoC HMIS Administrator	\$76,500	HMIS Administration
Total City ESG Funding	\$255,809	

Table 1 - Combined ESG Funding for FY 2023-2024, First Year (of Two): City of Raleigh ESG

With the goal of increasing services to build self-sufficiency and sustainability, the City will fund homebuying counseling, workforce development training, operating costs of the South Wilmington Street Center, and the Community Enhancement Grant (CEG). The CEG funds are awarded to local agencies that support neighborhood improvements or innovative services for low-income persons or “special populations” such as disabled, elderly, homeless, etc.

The following are the proposed nonprofits recommended for funding for CDBG public service funding through the CEG program for FY2023-2024. [See table 2].

Agency	Recommended Award	Use of the Funds
PLM Families Together	\$54,000	Bridge Housing Support for Homeless Families
The Hope Center at Pullen	\$57,000	Expanding Housing Support for Former Foster Youth
Communities in Schools Wake County	\$37,000	CHAMPS After-school and Summer Programs/Pathways
Boys and Girls Club serving Wake County	\$52,000	Project Great Futures

Table 2 - Community Enhancement Grant, FY 2023-2024: Selections for Funding, \$200,000 Total

The projects listed below are funded with only federal funds or a combination of federal and local funds in the Annual Action Plan year.

TABLE 3 – PROJECT INFORMATION

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

All allocation priorities support the overall priorities of the Consolidated Plan and address underserved needs of lack of affordable housing, homeless services and housing, supportive housing, and services to build self-sufficiency. The main obstacle in addressing underserved needs is that the needs of the community outweigh the funding available to address the needs.

1	Project Name	Housing Rehab-23/24
	Target Area	CITYWIDE
	Goals Supported	Increase & Preserve the Supply of Affordable Housing
	Needs Addressed	Supply of Affordable Housing
	Funding	CDBG: \$120,000 Local: \$1,500,000 (Bond)
	Description	Rehabilitation of substandard housing. The City has three types of owner-occupied home rehabilitation programs: Raleigh Home Revitalization Program, Substantial Repair, and Limited Repair.
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 53 low-income homeowners will benefit from the City's housing rehab programs: 50 low-income homeowners will benefit from the Bond-funded Raleigh Home Revitalization Program; 1 low-income homeowners will benefit from CDBG-funded substantial rehabilitation; and 2 low-income homeowners will benefit from CDBG-funded limited repair program.
	Location Description	Citywide, including targeted areas in the planned Bus Rapid Transit corridors.
2	Planned Activities	Approximately 53 housing units to be rehabilitated.
	Project Name	Homebuyer Assistance- 23/24
	Target Area	CITYWIDE
	Goals Supported	Increase & Preserve the Supply of Affordable Housing
	Needs Addressed	Supply of Affordable Housing
	Funding	Housing Bond: \$1,500,000 CDBG: \$90,000

	Description	Down payment assistance and second mortgages to low-and-moderate-income homebuyers.
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 28 low-and moderate-income homebuyers will benefit from homebuyer assistance: 3 from the CDBG-funded Citywide program and 25 from the Bond Funded Enhanced Homebuyer Program.
	Location Description	Citywide, including targeted areas in the planned Bus Rapid Transit corridors.
	Planned Activities	28 households will receive down payment assistance and second mortgages through homebuyer assistance.
3	Project Name	Rental Dev- 23/24
	Target Area	CITYWIDE DOWNTOWN NEIGHBORHOODS
	Goals Supported	Increase & Preserve the Supply of Affordable Housing
	Needs Addressed	Supply of Affordable Housing Co-locate Affordable Housing & Transit Affordable housing connected to public amenities
	Funding	Local General Fund: \$7,900,000 Housing Bond: \$8,800,000 Bond Revenue: \$3,692,131 HOME: \$1,431,923 (Includes CHDO) HOME Program Income: \$250,000
	Description	Funding of the development/production of affordable rental housing. Public-Private Partnerships. Additional funding for capital improvements, maintenance, and repair of city-owned rental units.
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 450 housing units will be constructed or preserved to benefit low-to-moderate income households.
	Location Description	Citywide Downtown Neighborhoods
	Planned Activities	Financial assistance to create affordable housing units over several years. Out of the HOME funding total, \$237,539 will be provided for Community Housing Development Organization (CHDO) activities.
4	Project Name	Pub Works/Site Improvements – 23/24
	Target Area	COLLEGE PARK NRSA, CITYWIDE
	Goals Supported	Increase & Preserve the Supply of Affordable Housing

	Needs Addressed	Supply of Affordable Housing Affordable housing connected to public amenities
	Funding	CDBG: \$1,323,429 CDBG Program Income: \$280,000
	Description	Street Infrastructure, Site Improvements, Design/Planning Contracts, Environmental Assessments
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	The site improvements in the upcoming year are expected to have an area-wide benefit citywide and in the NRSA, particularly the East College Park portion. Funds will also support site improvements for affordable rental developments, including King's Ridge, a 100-unit development that will provide permanent supportive housing for households experiencing homelessness as well as stable, affordable rental housing for households with housing barriers (such as prior evictions or poor credit).
	Location Description	Proposed area: East College Park, Citywide
	Planned Activities	Installation of infrastructure (sidewalks) and grading sites to prepare for development.
5	Project Name	Acquisition – 23/24
	Target Area	CITYWIDE
	Goals Supported	Increase & Preserve the Supply of Affordable Housing
	Needs Addressed	Supply of Affordable Housing Co-locate Affordable Housing & Transit Affordable housing connected to public amenities
	Funding	CDBG: \$148,570
	Description	Acquisition of property to benefit Low/Mod Renters.
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	Future acquisition will support LMI housing benefit.
	Location Description	Citywide
	Planned Activities	Targeted acquisition to support ongoing projects.
6	Project Name	Relocation – 23/24
	Target Area	CITYWIDE DOWNTOWN NEIGHBORHOODS
	Goals Supported	Increase & Preserve the Supply of Affordable Housing
	Needs Addressed	Supply of Affordable Housing
	Funding	CDBG: \$40,000

	Description	Provision of moving expenses and relocation costs for existing occupants of units to be demolished. Relocation Assistance provided to Low/Mod Beneficiaries.
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	If needed, up to 1 household affected by City-sponsored redevelopment activities will be relocated.
	Location Description	N/A
	Planned Activities	Relocation from redevelopment.
7	Project Name	Demolition – 23/24
	Target Area	CITYWIDE
	Goals Supported	Increase & Preserve the Supply of Affordable Housing
	Needs Addressed	Supply of Affordable Housing
	Funding	CDBG: \$30,000
	Description	Demolition of blighted properties.
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	Area-wide benefit
	Location Description	Citywide
	Planned Activities	N/A
8	Project Name	Admin– 23/24
	Target Area	CITYWIDE
	Goals Supported	Increase & Preserve the Supply of Affordable Housing
	Needs Addressed	Increase & Preserve the Supply of Affordable Housing Homelessness & Low-Income to Housing Continuum Increase Services to Vulnerable Populations
	Funding	CDBG: \$637,489 HOME: \$170,469 Bond: \$300,000 Bond Revenue: \$200,000
	Description	Administration Costs for Program Year 2023-2024, including admin for a new bond, and support for the fair housing hearing board conference (\$5,000).
	Target Date	6/30/2024

	Estimate the number and type of families that will benefit from the proposed activities	These are administrative costs which allow the City to carry out activities proposed in this plan. This includes loan services to the City's affordable housing loan portfolio.
	Location Description	Citywide
	Planned Activities	Eligible costs to administer federal grants and locally funded housing initiatives.
9	Project Name	HESG- 23/24
	Target Area	CITYWIDE
	Goals Supported	Enhance the homeless to housing continuum
	Needs Addressed	Homelessness & Low-Income to Housing Continuum Increase Services to Vulnerable Populations
	Funding	ESG: \$255,809
	Description	HESG funds will be used to provide: Rapid Rehousing and HMIS administration.
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	15 households will receive rapid-rehousing assistance.
	Location Description	Citywide
	Planned Activities	FY2023-2024 funding awards are contingent upon the City/County review process, with no more than 60% of the total award will be allocated to street outreach and emergency shelter.
10	Project Name	Public Service – 23/24
	Target Area	CITYWIDE
	Goals Supported	Increase Services to Build Self-Sufficiency & Sustainability
	Needs Addressed	Increase Services to Vulnerable Populations Homelessness & Low-Income to Housing Continuum
	Funding	CDBG: \$460,000
	Description	Public Service Activities - Community Enhancement Grants – Non-Profit Support and Emergency Shelter Support
	Target Date	6/30/2024
	Estimate the number and type of families that will benefit from the proposed activities	Approximately 1,769 low- and moderate-income individuals will benefit from public services, including workforce training, through the Community Enhancement Grant. Homebuyer counseling will assist approximately 200 people. The men's shelter will assist approximately 400 people. The white flag shelter will assist approximately 865 people.

	Location Description	Citywide
	Planned Activities	Federal funding will go toward Homebuyer Counseling (\$60,000); South Wilmington St. Men's Shelter Operations (\$100,000); the Community Enhancement Grant (\$200,000) agency funding recommendations, and white flag shelter support (\$100,000).

AP- 50 Geographic Distribution

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed.

College Park NRSA:

East College Park is part of the Neighborhood Revitalization and Strategy Area (NRSA). The City sought the NRSA designation for many reasons, including helping to mitigate the rising cost of housing in the area due to market forces. Once the plan was approved, the City began to undertake the largest infrastructure project it's ever implemented with CDBG funds. The construction began in Spring of 2016 with project costs over \$5 million. The City is focusing on building infill housing on lots purchased with previous investments. These investments are providing citizens with a range of incomes access to homeownership. In East College Park, the City is managing a mix of 60% of homebuyers under 80% of the Area Median Income and 40% of homebuyers unrestricted by income limits. The mixed pricing strategy is being used to establish a diverse mixed-income community.

East College Park: Single-Family construction is the first component of the East College Park development. The second component is the construction and sale of townhomes. The developer, Evergreen Construction Company, has been selected through an RFP process to build townhomes. Overall, there will be 12 townhomes constructed. The remaining sites previously planned for townhomes are under review due to escalating construction costs. In collaboration with the Parks, Recreation, and Cultural Resources Department, a new park was opened in 2022.

Washington Terrace: The northern portion of the NRSA will provide affordable rental opportunities for both families and seniors. The redevelopment of Washington Terrace is being facilitated by DHIC. Multiple projects totaling nearly 500 units have been completed. DHIC is investigating achieving additional density on the remaining sites, potentially utilizing the bonus density provided by the Transit-Oriented Development (TOD) Zoning Overlay that was enacted by City Council in late 2021.

Downtown Neighborhoods:

South Park/Garner Road Area: Over the past decade, the City has invested both federal and local dollars in the South Park/Garner Road area, which is witnessing heavy private investment. The City is partnering with a multi-family developer to build affordable rental units on 5.7 acres of city-owned land along Sawyer Road. The developer was awarded 4% tax credit funding from the federal Low-Income Housing Tax Credit (LIHTC) program and will receive additional gap financing from the City. The development will provide approximately 154 affordable units. The same

developer is working with Passage Home, a non-profit and a multi-family developer, to build additional affordable rental units in the adjacent area as well with LIHTC. The City of Raleigh will assist in the financing of approximately 200 apartments units that are being proposed on the Brown Birch apartment site.

West Idlewild: The West Idlewild area has been a focus area for many years. The City is in the process of selling its final 1.1-acre site in this area through a public land disposition process to the Raleigh Area Land Trust (RALT). RALT is currently in the site planning process and will likely close on the property in FY 2023-2024.

Downtown East: The Downtown East area has also been a focus area for years. It is the intent that City will dispose of several properties in the area through a Request for Proposal (RFP) process. It is projected that these properties will produce higher-density affordable rental housing.

Martin-Haywood (23 City-owned lots): The City selected a builder to complete construction of affordable (LMI homebuyers) single-family homes on the remaining 10 lots. All houses will be built and sold by FY 2023-2024.

Target Area	Percentage of Funds
DOWNTOWN NEIGHBORHOODS	5
CITYWIDE	80
COLLEGE PARK NRSA	15

TABLE 4 - GEOGRAPHIC DISTRIBUTION

Rationale for the priorities for allocating investments geographically

Historically, the City of Raleigh has invested Community Development Block Grant (CDBG) funds in its Redevelopment Areas. Redevelopment Areas were created in “blighted” neighborhoods and served as target areas for neighborhood revitalization programs. The City remains active in redeveloping blighted areas and created a Neighborhood Revitalization Strategy Area (NRSA) and the geographic priority area of “Downtown Neighborhoods” to serve as a target area for investment. Within the NRSA, East College Park is being developed with affordable single-family housing and townhomes. The Downtown Neighborhoods area encompasses many different redevelopment areas, including South Park, Garner Road, West Idlewild, Downtown East, and Thompson Hunter (Martin-Haywood). During the next two years, the primary City action in Downtown Neighborhoods will be *sale* of lots acquired in the past which is reflected in the lower percentage of funds projected to be spent in this area.

In recent years, a greater percentage of federal funding (CDBG, HOME) has been allocated to affordable rental development and rehab. The affordable apartment development is not isolated to the NRSA and may occur in any area throughout the city. Therefore, the “Citywide” designation has grown as a percentage of geographic distribution. ESG funds are used to serve a population that is not tied to any specific area and are considered “Citywide.”

Discussion

The City of Raleigh has been successful in its geographic allocation of housing and community development investments. Investment activities have been focused in target areas within the NRSA, such as the NRSA and the East College Park Neighborhood. Over the years, the City has removed blight and created new affordable housing opportunities. The South Park and Garner Road areas have been focus areas for several years. In both target areas, the City is working with developers to create new affordable infill housing.

There has been a shift since 2016 to sponsor new affordable rentals citywide outside of redevelopment areas. This has caused the percentage of funds in the Citywide target area to expand. The Affordable Housing Improvement Plan focuses on the need for affordable rental and a constant funding source. Subsequently, a General Fund source fund was created, and the City began soliciting 4% bond deals along with the 9% tax credit deals. This strategy has allowed the City to participate in additional affordable housing developments, many along transit corridors and in areas that had never had affordable housing investment.

AP-55 Affordable Housing 91.220(g)

Introduction

The one-year goals for affordable housing are outlined below.

Homeless Shelter Support

Approximately 1,265 people experiencing homelessness will also be served in the coming year through overnight shelter by providing funding for shelter operating costs, including white flag shelter support.

Additional Housing Support

An additional City-funded grant that the Community and Small Business Development Division administers is to Catholic Charities for their Support Circles program. This program is projected to serve 10 families through homeless prevention and/or rapid re-housing and stably re-house 15 homeless families in permanent housing. The goal for special needs households supported estimates the number of units to be developed for special needs populations based on previous years. Special needs households include the elderly, persons with mental, physical, and developmental disabilities, persons with alcohol or other addictions, persons with HIV/AIDS, and victims of domestic violence. For most of these populations, the City of Raleigh can only report on these populations if they are self-identified.

The one-year goal of households supported through “Rental Assistance” is an estimation of the households to be assisted through ESG funded rapid re-housing (15). Added with locally funded re-housing and homelessness prevention services (25 households), a total of 40 households experiencing homelessness are estimated to receive rental assistance. The goal for “the Production of New Units” estimates the number of new units to be constructed. This total includes 450 federally funded and locally funded through the General Fund and Bond, plus homeowner housing units added through the construction of single-family and townhomes. The goal for the “Rehab of Existing Units” estimates the number of homeowners that will receive funding to rehabilitate their homes through the Raleigh Home Revitalization Program, as well as the Substantial and Limited-Repair programs (56 households federally and locally funded). The City’s Limited Repair Rehab program provides forgivable loans to very low-income, elderly and/or disabled owner households, with priority given to those who are elderly or disabled.

One Year Goals for the Number of Households to be Supported by Household Type:

Homeless	1,305
Non-Homeless	2,500
Special Needs	2
Total	3,807

One Year Goals for the Number of Households Supported by Program:

Rental Assistance	40
The Production of New Units	450
Rehab of Existing Units	53
Acquisition of Existing Units	1
Total	544

* ESG FY2023-2024 funding awards are contingent upon the City/County review process, with no more than 60% of the total award will be allocated to street outreach and emergency shelter. These numbers will be updated after.

Discussion

Raleigh is one of the fastest growing cities due in part to the growth of companies coming the city and in the region. Raleigh is home to a cluster of technology-based companies, and the technology industry is growing rapidly. According to the Census Bureau, Wake County is growing by an average of 22,600 people each year. This growth has created an influx of new, high-income residents moving into the city, and the high-income residents can afford to pay higher rents and purchase more expensive homes. The area's prosperity creates a challenge for low- and moderate-income (LMI) residents. LMI residents must compete with high-income residents for available housing, and this competition causes LMI residents to become cost-burdened (spend over 30% of income on housing). Median household income has not kept pace with rising housing costs.

The rising cost of housing has also created challenges for agencies working to develop affordable housing, especially with declines in federal funding for housing programs. The need for affordable housing is large and growing. Naturally occurring affordable housing (NOAH) and publicly subsidized units are lost each year, and it is a challenge to provide housing for the growing need. The City is striving to meet the housing challenge through increased investment of local funds and selling city-owned land for the development of affordable housing. The City is also seeking ways to preserve and expand the supply of affordable housing in high-cost areas and near transit lines.

AP-60 Public Housing

Introduction

The ability to serve families in need of subsidized housing depends on federal appropriations. Budgetary constraints on the federal level directly impact the Raleigh Housing Authority. RHA operates one conventional public housing waiting

list and four incentive public housing waiting lists. Individuals interested in applying are encouraged to submit applications for all programs in which they wish to participate as this provides the greatest number of options to the family. Public housing waiting lists have a one-in, one-out process, which means that in order to house a family from the waiting list, another family must first vacate the home. Wait times for public housing is pending the rate of turnover, and varies based on family size and need. Currently, the typical Wake County family will wait between one and five years.

Actions planned during the next year to address the needs to public housing

RHA receives HUD funding through the Capital Fund Program (CFP) to assist with unit modernization, development, and maintenance costs of public housing units community-wide. The following Capital Fund work items are either underway or recently completed:

- Installation of security cameras throughout sites as needs are identified.
- Upgrading exterior lighting at multiple sites.
- Replacement of outdated plumbing in a 60-unit development as units are turned during vacancies.
- Asbestos abatement portfolio-wide during vacancy turns as needed.
- Installation of new luxury vinyl-plank flooring during vacancy turns.
- Installation of smart burners and other safety equipment during vacancy turns as needed.
- Roof replacement, façade replacement and exterior waterproofing at 14 story high-rise building, Glenwood Towers.
- Roof replacement, façade replacement and exterior waterproofing at 8 story high-rise building, Carriage House.
- New fire alarm system installation at Carriage House.
- Parking lot pavement resurfacing at communities as needed.
- Lead based paint testing at all pre-1978 multifamily developments.
- Radon testing and mitigation at vacancy turns as needed.
- Taking units offline at vacancy turns to address safety items.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

RHA recognizes the benefit of having its residents be involved with the communities while working towards a greater level of self-sufficiency. RHA regularly shares and promotes opportunities to achieve this with residents. RHA promotes the following programs for residents:

a. **Homeownership:** RHA offers an Incentive Public Housing program that helps ready families for homeownership. The families that qualify for these homes based on a working preference are required to attend and complete home buyer's

training classes annually. RHA continues to offer or provide referrals to workshops on money management and homebuyer education to assist in future homeownership. This program works with families to establish and/or improve credit, save for down payments, shop for financing, and select houses. The residents of this program have a ten-year rental program opportunity to prepare and achieve their goals.

b. Supportive Services: RHA has developed Memoranda of Understanding with community partners to better serve the needs of families of public housing. Communities In Schools of Wake County (CIS Wake) continues to be a crucial partner in the delivery of services in public housing. CIS Wake operates after-school and summer programs in several public housing communities. The children attend these centers at no cost to their families. In partnership with AT&T and Google Fiber, free internet service and digital literacy classes are offered in some of the public housing communities. RHA anticipates increasing the number of communities receiving free internet services in the upcoming year. Partnerships such as these provide a plethora of resources and benefits to residents that would otherwise not be possible due to lack of additional funding for supportive services.

Raleigh Housing Authority continues to seek Designated Housing status from HUD at Glenwood Towers and Carriage House. These buildings were originally intended as senior citizen buildings and RHA continues to operate them in a selective manner as allowed by HUD. A new DHP was submitted to designate these buildings in December 2022.

c. Community Involvement: RHA continues to coordinate services with other agencies in the Raleigh area; including the Police Department, City Inspections, Community Development, and Parks and Recreation Department. In addition to the CIS centers, RHA provides space to a daycare center, Meals on Wheels, Inter-Community Council office, St. Saviour's Outreach Center, the Diaper Train and Arts Together. The RHA staff is actively involved with coordinating programs with many community agencies; including Wake County Human Services, Communities-In Schools of Wake County, Inter-Act, Coordinated Entry, and Alliance Health. The faith community is involved in the public housing communities, and many churches take an active role in programs in various communities.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The Raleigh Housing Authority continues to be rated as a high performer by the U. S. Department of Housing and Urban Development's management assessment system. RHA's Housing Choice Voucher program maintains high usage percentages and is highly rated by HUD. RHA is not designated as troubled by HUD and remains committed to its mission to provide safe, quality, affordable housing to low- and moderate-income families in the greater Raleigh community. RHA also promotes personal responsibility and self-sufficiency of residents while maintaining the fiscal integrity of the agency.

Discussion

As a federally funded agency, RHA is impacted by budget decisions made by HUD. HUD provides guidance that funding for public housing will remain less than 100% of eligibility, so funds are not available to serve 100% of eligible families. Housing authorities are encouraged to find alternative means to modernize public housing units and use operating capabilities for activities that depend less on federal subsidies.

RHA has recently closed a repositioning action through the Rental Assistance Demonstration Program (RAD). RHA successfully converted four public housing communities to a project-based voucher platform. This conversion provides a more stable funding source from HUD as well as provide residents with a greater variety and choice of housing options. RHA was selected as one of three Building Futures Initiative pilot sites. This program aims to increase and improve employment opportunities for residents to participate in Section 3 employment, education and training opportunities in the construction and building performance sectors. Many of our partners have been brought in to help create a well-rounded environment for our residents. We have sponsored virtual and outdoor events to help educate residents on the current offerings, scholarships available, childcare, transportation assistance and more.

RHA has been moving forward with exploring the possibility of redeveloping the Heritage Park community. Strategizing for the potential and impact of a redevelopment has begun. Architecture and co-developer firms have been brought on board to assist with the redevelopment efforts. RHA remains committed to protecting and increasing affordable housing within the city of Raleigh. Future activities may include affordable housing purchases, redevelopment, demolition and/or disposition.

RHA works with supportive services and other agencies to promote employment and personal responsibility for residents. RHA intends to provide residents with a pathway to financial stability and self-sufficiency. RHA will work to maintain a quality portfolio of affordable housing despite proposed changes to regulations and declining federal funding. As a federally funded agency, RHA is impacted by budget decisions made by HUD. HUD provides guidance that funding for public housing will remain less than 100% of eligibility, so funds are not available to serve 100% of eligible families. Housing authorities are encouraged to find alternative means to modernize public housing units and use operating capabilities for activities that depend less on federal subsidies.

AP-65 Homeless and Other Special Needs Activities - 91.220(i)

Introduction

The information in this section discusses the current state of homeless services in Raleigh and Wake County and activities that the City of Raleigh will undertake in partnership with Wake County Government and the Continuum of

Care (CoC). All partners are working toward full incorporation of HUD requirements and best practices in service delivery to homeless households and consistent services and programs across the CoC.

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs:

Outreach to homeless persons is done in a variety of ways:

1. The City of Raleigh is a member of the Wake County Continuum of Care (CoC) Governing Board, which provides oversight and guidance to the CoC and programs serving those experiencing homelessness. Staff participate in monthly committee meetings, with the goal of involving persons with lived experience.
2. The Raleigh Wake Partnership to End and Prevent Homelessness (Partnership), Wake County CoC's lead agency, administers the Housing Wake! Access Hub, the CoC's Coordinated Entry System, which includes Access Sites and a Call Center. The Partnership also administers the CoC's Homeless Management Information System (HMIS) and facilitates monthly membership and governance committee meetings for the CoC, which allows representatives from the City, County, service providers, and individuals with lived experience to give updates and discuss pertinent issues. The City will provide \$50,000 in local funds to support the work of the Partnership.
3. Oak City Cares is a non-profit and multi-services center that connects individuals and families at risk of, or currently experiencing, homelessness to coordinated services. Through partnerships with more than 20 community providers the Center serves as an entry point for accessing programs operated by local partner agencies. The property for Oak City Cares was acquired by Wake County on March 29, 2017, and the City contributed \$3.14 Million toward the property purchase and construction costs. Oak City Cares provides an integrated set of homelessness prevention, assessment, case management, advocacy, access, and referral services and resources. The City will provide \$74,444 in local funds to Oak City Cares to provide 40,000 weekend and holiday meals.
4. The South Wilmington Street Center is a men's shelter run by the Wake County Human Services Department. The Center offers emergency beds to men through a lottery system. Staff encourages men at the Center to become part of the housing program because the program provides a path to permanent housing. If men participate in the housing program, they are guaranteed a bed each night as they work toward permanent housing. The City will provide \$100,000 in CDBG funds which will provide emergency shelter to 400 homeless men.

Addressing the emergency shelter and transitional housing needs of homeless persons

The emergency and transitional housing needs of homeless persons will be addressed through emergency shelter, rapid rehousing, and tenancy support/care coordination. The following initiatives provide more detail:

- Targeting High Needs Clients - The Raleigh-Wake Continuum of Care implemented and is continuing to refine a process to improve the delivery of housing and crisis response services and to assist people experiencing homelessness or at imminent risk of homelessness. This process, the Coordinated Entry System (Housing Wake! Access Hub), institutes consistent and uniform access, assessment, prioritization, and referral processes to determine the most appropriate response to each person's immediate housing needs. Coordinated Entry is recognized nationally as a best practice which can improve efficiency, provide clarity for people experiencing homelessness, and can help serve more people more quickly and efficiently with assistance targeted to address their housing needs. Coordinated Entry has established a protocol for prioritizing higher needs clients presenting for emergency shelter and transitional housing.
- Shelter and Supportive Services - The City of Raleigh collaborates with Wake County Government to release a Request for Proposals to fund emergency shelter, rapid re-housing, homelessness prevention, street outreach, and the Homeless Management Information System. This collaborative funding process simplifies the application for providers, streamlines the contracting and reimbursement process, and enables agencies to provide consistent services to consumers. The result is more efficiency in working toward a seamless safety net for households who are homeless or at-risk of becoming homeless.
- Emergency Shelter for Singles - In Wake County, there is an insufficient number of emergency overnight shelter beds for unaccompanied single men and women experiencing homelessness. Wake County currently contracts with Urban Ministries of Wake County and Healing Transitions of Wake County to provide emergency overnight and program beds for women. South Wilmington Street Center, operated by Wake County, provides emergency shelter for single men. The City has and continues to fund the South Wilmington Street Center with \$100,000 in CDBG funds, which will provide emergency shelter to 400 homeless men. In addition, the City will contribute CDBG funds for white flag shelter support, which is estimated to serve 865 individuals experiencing homelessness.

The 8 other emergency shelter providers serve single women, families, and/or domestic violence survivors. The CoC has three transitional housing providers: The Caring Place, Family Promise, and South Wilmington Street, who have limited beds reserved. Oak City Cares serves as a multi-services center and provides coordinated assessment and connection to housing assistance and community resources, assessment for and connection to medical, mental health, and substance use care, Weekend meals for people experiencing homelessness and food insecurity, and laundry facilities, showers, computers, and phones.

Helping homeless persons (especially chronically homeless individuals and families, families with children,

veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

1. Since 2015, the City of Raleigh and Wake County have partnered on funding ESG-eligible activities by collaborating on a Request for Proposals (RFP) with a two-year funding cycle. The RFP for Fiscal Years 2023-24 and 2024-25 was issued January 13, 2023 and is funded with the City's ESG entitlement and the County's local Homeless Funds. The funds for this collaborative RFP will total approximately \$1,100,000 and will fund the following ESG-eligible activities: Emergency Shelter, Street Outreach, Rapid Re-housing, Homelessness Prevention, and Homeless Management Information System (HMIS). This collaborative funding process streamlines the process and enables the CoC to provide consistent services according to adopted communitywide standards for consumers. The City, County, and CoC meet regularly and continue to work with grant recipients and help them adapt to the Combined RFP approach.

2. Shortening shelter stays: The collaborative RFP requires all shelter providers to have at least one MOU with a Rapid Re-Housing provider. These purposeful connections are intended to decrease the number of days involved in an average shelter stay. Rapid Re-Housing programs are expected to operate on a Housing First model, where clients are placed in housing first and provided with the support services appropriate to their need. The Housing First model should eventually result in shorter stays at shelters and increase access to Rapid Re-Housing programs and permanent housing. The communitywide standard is no more than 45 days in shelter before being rehoused.

3. Access to housing units: One priority in the City of Raleigh Consolidated Plan (ConPlan) is to "Enhance the Homeless to Housing Continuum." One strategy for achieving this goal is through increasing the production of affordable and permanent supportive housing. Additional affordable and permanent supportive housing will make more units available to persons in Rapid Re-housing programs.

4. Preventing homeless from becoming homeless again: The goal is to help individuals avoid becoming homeless after being discharged from a publicly funded institution or system of care. Community partner Alliance Behavioral Healthcare assures that services are provided to persons who are being discharged from mental health care facilities.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

The City's Housing and Homeless Services Request for Proposals (RFP) will use ESG dollars to fund the following agencies / activities in 2023-2024, with no more than 60% of the total award being allocated to street outreach and emergency

shelter.

Agency	Approximate Award (year 1)	Use of the Funds
Triangle Family Services	\$179,309	Rapid Re-housing
Wake County CoC HMIS Administrator	\$76,500	HMIS Administration
Total City ESG Funding	\$255,809	

In addition, the City of Raleigh works to prevent low-income individuals and families from becoming homeless in various ways. The efforts below are included in the City strategy:

- Providing CDBG-funded public service grants to nonprofits that provide services to homeless subpopulations.
- Providing \$68,000 in City support for Support Circles, a Rapid Re-housing and Homeless Prevention program managed by Catholic Charities, which will serve 25 households
- City administrative support for Passage Home, a nonprofit that works to find housing for ex-offenders and homeless veterans.
- Partnerships with community agencies that provide case management, budget counseling, employment training, and financial assistance to help households who are at risk of homelessness.
- Homebuyer counseling and training for potential first-time homebuyers.

Discussion

The City of Raleigh and Wake County work in partnership with the Continuum of Care (CoC) to address homelessness in our community and region. The actions outlined above are designed to improve the movement of homeless citizens from shelter to stable, permanent housing as well as ensuring those housed remain housed. The actions are also intended to reduce the length of time individuals and families are homeless; create a communitywide coordinated intake / assessment process (Coordinated Entry), establish a tool for compiling a comprehensive list of prioritized persons needing permanent supportive housing (the By-Name List), and reduce the average number of nights spent by anyone at a shelter. The goal is to make homelessness rare, brief, and nonrecurring.

AP-75 Action Plan Barriers to Affordable Housing - 91.220(j)

Introduction:

The U.S. Census Bureau estimates that between 2010-2020 Raleigh experienced a 15.8% population growth, adding 63,773 residents to Raleigh over the decade. With this rapid growth, affordable housing continues to be a primary need for the low- and moderate- income residents, with approximately a third of residents being severely cost burdened. To help address housing affordability, in 2016 the City established an aspirational goal to create 570 affordable housing units per year for 10 years, with a grand total of 5,700 additional affordable housing units by 2026. The \$80 million

affordable housing bond passed in 2020 is aiding significantly in the meeting of this goal, as will several local land use policy changes.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment:

The Raleigh City Council in recent years has directed staff to reduce the regulatory barriers to the production of denser housing in residential zoning districts, such as Accessory Dwelling Units, duplexes, triplexes, and townhouses. This directive has resulted in changes being made to the City's Unified Development Ordinance (UDO). Many of the planned housing initiatives center around the planned Bus Rapid Transit (BRT) routes and encouraging equitable development around transit stations. The City has adapted the existing Transit Overlay District to achieve this end, providing additional building height when affordable units are included. The City has also expanded existing residential zoning districts to allow denser housing types (townhouses, duplexes, triplexes), sometimes called Missing Middle housing by right, with additional changes under consideration. In July 2022, the City awarded \$2M in funds from the local 2020 Affordable Housing Bond to Southeast Raleigh Promise, a local nonprofit, to develop 27 affordable rental units on ten City-owned parcels located in Southeast Raleigh. This project capitalizes on the Missing Middle text changes to the UDO. Prior to the text changes, each of the ten lots would only allow one unit by-right; as a result of the text changes, Southeast Raleigh Promise will be able build more densely, with most of the lots hosting two to three units (e.g., duplex or duplex plus Accessory Dwelling Unit) rather than one.

In the summer of 2020, the City published the Equitable Development Around Transit (EDAT) Guidebook. The Guidebook represents phase one of the City's EDAT process. That process established a community vision for how much of the city's growth should be accommodated near Bus Rapid Transit (BRT) and set goals for locating affordable housing near BRT. It determined that a substantial share of new housing and jobs should be accommodated near BRT stations, and it is critical to ensure that affordable housing at multiple income levels exists along the corridors. The Guidebook will guide station area planning in all BRT corridors in Raleigh.

The second EDAT phase, currently underway, will involve more specific station-area planning work. While the EDAT Guidebook establishes Raleigh's philosophy and vision for EDAT, the Station Area Planning process will provide location- or parcel-specific implementation actions, such as city-initiated rezoning, affordable housing investments, and capital projects for first mile/last mile safety interventions.

The City also works to reduce barriers to affordable housing by using its housing subsidy programs to help achieve the

10-year goal of 5,700 units by 2026.

For homeownership, the City offers a down payment assistance loan of up to \$30,000 for low- to moderate-income first-time homebuyers. When this loan is paired with other first-time homebuyer loans available through other agencies, like the North Carolina Housing Finance Agency, a first-time homebuyer is able to increase their purchase power and create an affordable mortgage. One requirement of this loan is that the buyer must take a first-time homebuyer course and the City provides grant funding to a local non-profit to provide these courses to the homebuyers. This program is available to any home located within the City Limits. The City recently initiated an Enhanced Homebuyer Assistance Program targeted to homes located within planned Bus Rapid Transit (BRT) lines and Dix Park. This new program provides loans up to \$60,000 and a higher maximum home purchase price for homes within one mile of the New Bern Avenue and Western Boulevard planned Bus Rapid Transit (BRT) lines. The City anticipates being able to provide the down payment assistance to 28 homebuyers a year between the two programs.

To assist with home retention and the ability to make necessary repairs to homes, the City has historically offered a Limited Repair and Substantial Repair programs. The City recently began offering the Raleigh Home Revitalization Program to homeowners within the planned BRT corridors that have owned their homes for a minimum of 10 years. The Substantial and Limited Repair programs are Citywide and limited to low- to moderate incomes homeowners who resided in the homes for at a minimum of 5 years and must continue to reside in home upon completion of the repairs. It is anticipated that funding will allow the City to continue to complete up to 53 home rehabilitations a year.

The lack of affordable lots for builders to acquire for building within the City limits, especially near the center of downtown, is causing builders to lose the ability to provide affordable housing options. To help with land costs, the City has been partnering with local builders to build single family and townhomes near downtown core areas that are available for purchase at or below the HUD housing price limit. In these areas, the City funded and completed infrastructure and storm water improvements and provided lots for purchase at a reduced cost. To help with the lot purchase, the builders are also provided a 0% interest loan that requires no monthly payment but requires payment at the time the builder sells the home to the homeowner. During the 2016-2020 Consolidated Plan, the City began on three projects: East College Park, Martin/Haywood and Idlewild/Jones. All three infill developments will be completed during the 2021-2025 Consolidated Plan. All homes that are constructed through this partnership are limited for homeownership and cannot become a rental investment property. Also, there is a 10-year equity sharing deed restriction that is recorded with the deed at the time the homeowner purchases that property. This 10-year restriction helps to ensure that the buyers will live in the homes, create a community, building personal wealth through this homeownership opportunity.

Assisting in joint ventures to provide gap financing for low-income housing tax credit (LIHTC) developments has provided the City another avenue to help increase the number of affordable rental units. Through the City's ability to provide gap financing, DHIC was able to provide 84 units at Beacon Ridge. This is a complex for under 60% AMI residents to live within a short distance to schools, health clinic, minority-owned small businesses, branch of the Self-Help Credit Union, and a YMCA. The City also provided financing to CASA for the development of King's Ridge, a unique 100-unit affordable rental community that will create 50 units of permanent supportive housing for individuals experiencing homelessness and 50 units for households facing significant barriers to the traditional rental market such as eviction history or credit issues. The City's use of gap financing is key to allowing the preservation and production of affordable developments to move forward. The \$80 million local bond is significantly increasing the City's ability to be a partner in preserving existing affordable rental communities, as well as creating new ones.

Discussion

As Raleigh's population continues to grow, along with the increasing value of land and the expense of building, the City is employing multiple strategies to provide affordable housing in areas where it is most needed. With work on Bus Rapid Transit underway, the City is focused on preserving and promoting the development of affordable housing options along those corridors. A few methods that will be considered are leveraging land value in developing small scale rental opportunities and a land trust option to help develop affordable housing options. The City is also partnering with Wake County on an effort to identify affordable rental units that are about to "age out of" HUD requirements. Early identification of these properties will allow the City and County to join forces to discuss ways to preserve the units with the developer before the option to sell to a market developer becomes available. To this end, the City and County launched an acquisition and preservation loan fund in October 2022, the Wake County Affordable Housing Preservation Fund, that provides financing to developers to acquire and preserve legally binding or naturally occurring affordable housing units in strategic locations. By continuing the strategies above and looking for opportunities to create avenues for affordable housing, the City will be able to meet the goal of creating 5,700 units by 2026.

AP-85 - Other Actions

The actions below describe the City of Raleigh's planned actions to carry out the following:

- Increase & preserve the supply of affordable housing;
- Increase services to build self-sufficiency & sustainability; and
- Enhance the homelessness to housing continuum

Actions planned to address obstacles to meeting underserved needs

Every year the City uses its ESG and CDBG funds to offer grant programs to help address needs of underserved

populations:

The City partners with the County to award ESG funds to help aid the multiple areas of need for the homelessness populations. The City and Wake County jointly issue a competitive RFP every two years that is funded with ESG funds (City) and local funds (County). This combined application seeks to create a streamlined application for nonprofits and also allows the City and County an opportunity to combine its resources to address homelessness. For FY2023-2024, the City will be providing funding for rapid re-housing and HMIS administration.

The City also provides Subrecipient grants to nonprofits through RFPs to address community needs. The Community Enhancement Grant (CEG) program is an annual grant that is awarded through a competitive RFP process. The programs that are awarded the funds must provide direct client assistance to an underserved population, including workforce development, within the City limits. The City is going to continue to offer this grant and focus on non-profits that have programs targeting at-risk populations.

Finally, low-income families wanting to purchase their first home will receive homebuyer counseling training through a local nonprofit.

Actions planned to foster and maintain affordable housing

Affordability with rental and homeownership options is becoming a major concern within Raleigh. Land is rapidly increasing in value and construction materials continue to rise making housing options more and more expensive.

To continue the development of rental units, the City will continue to provide gap-financing to developers that have been awarded housing tax credits. The Housing and Neighborhoods Department will also be looking at leveraging the value of City owned lots to help produce smaller rental developments like duplexes, cottages, or quads. Funds will also be available to developers seeking to preserve affordable units through rehabilitation.

As housing prices speedily rise, the need for housing assistance will continue to increase. For those looking to purchase a home, the City provides newly constructed affordable homes and mortgage assistance. The East College Park area is a partnership with local builders to provide newly constructed homes. Over the next 5 years, 60% of the units will be sold to low to moderate households. By the end of the project over 90 single-family homes, and at least 12 townhomes, will have been built, with 60% of the homes being sold to household with incomes under 80% HUD AMI. The City will also continue to provide direct financial assistance in the form of a 0% interest forgivable second mortgage. This loan is offered to first-time homebuyers that have a qualifying household income. Funds will also continue to be made available for first-time homebuyer housing counseling services.

Because Raleigh is a high-cost housing market, the City has decided to set its own home purchase price limit for

homebuyer assistance and homeowner rehabilitation programs, rather than using the limits established annually by HUD. The purchase price limit for 2023 is \$358,150. This limit was established in accordance with a market analysis conducted following the required framework laid out by federal regulation in 24 CFR 92.254(a).

Federal regulation requires that the 95 percent of median area purchase price must be established in accordance with a market analysis using a sufficient number of recent housing sales. Sales must cover the requisite number of months based on volume: For 500 or more sales per month, a one-month reporting period; for 250 through 499 sales per month, a 2-month reporting period; for less than 250 sales per month, at least a 3-month reporting period. The housing sales data must reflect all, or nearly all, of the one-family house sales in the entire City.

The 2023 analysis used real estate sales data from the Wake County Tax Administration (available at <https://www.wakegov.com/departments-government/tax-administration/data-files-statistics-and-reports/real-estate-property-data-files>). The analysis included three months of data (from November 1, 2022 through January 31, 2023) on single-family home sales within the City limits of Raleigh. The number of sales in each month during this period is shown below:

- August 2022: 695
- September 2022: 598
- October 2022: 549
- November 2022: 467
- December 2022: 429
- January 2023: 247

The number of months included in the reporting period exceeds the required number of sales in order to ensure thoroughness and accuracy of the calculation. The data used in the analysis is included in this plan as an attachment.

The median sales price was determined following the methodology from 24 CFR 92.254(a): the data was listed in ascending order of sales price, and then the middle sale on the list was considered the median (\$377,000). This amount was then multiplied by 0.95 to determine the 95 percent of the median area purchase price of \$358,150.

In the next five years it is going to be important to continue to look for other means to provide affordable housing options that will connect citizens to public amenities like parks and transit. Throughout this ConPlan period, the City is planning to have the first section of the Bus Rapid Transit (BRT) completed. It will be important for our department to

forge partnerships that will help develop affordable rental units and affordable homeownership options.

Actions planned to reduce lead-based paint hazards

Lead-based paint remediation is an integral part of CD's rehab program. All rehabs of owner-occupied homes are tested for lead-based paint and any lead-based paint found is appropriately remediated.

Actions planned to reduce the number of poverty-level families

The City will continue to work with multiple partners to provide services to help alleviate poverty. We provide funds yearly to non-profits to assist with shelter needs, meals, and basic needs for those who are in need. The CEG grants will continue to focus on providing funds for non-profits to provide direct services to clients with services or programs that will help reduce barriers for housing and employment-related needs.

Actions planned to develop institutional structure

Efforts have continued to create collaborative and efficient processes between funding sources, such as the City/County collaborative RFP process for housing and homeless services. The collaborative RFP issued in January 2023 has a two-year funding cycle and that will begin in FY2023-2024. The City also works closely with the Wake County Continuum of Care (CoC) and its members, including the Raleigh/Wake Partnership to End and Prevent Homelessness (Partnership) and Oak City Cares (OCC). The Partnership is the CoC's lead agency and administers House Wake! Access Hub (Coordinated Entry System), HMIS, as well as facilitates trainings and CoC meetings. OCC serves as an access site for connecting homeless individuals and families to a network of support services offered by local organizations. OCC utilizes community collaborations with government, non-profit and faith-based organizations to strengthen the pathways to these life rebuilding services for its clients by providing the following services on-site: coordinated entry & assessment; urgent care health clinic; behavioral healthcare; Veterans Services; street outreach; homeless prevention & diversion; domestic violence services; Medicaid & SNAP application assistance; and employment readiness. On-site service partners include: Advance Community Health; Haven House Services; InterAct; Monarch Behavioral Health; SNAP; StepUp Ministry; Durham VA Health Care System; Raleigh/Wake Partnership to End Homelessness; Triangle Family Services; WakeMed; Wake County Public Health and Human services; Alliance Behavioral Health; NC FIT; SouthLight; Project CATCH; and Church in the Woods. The purpose of providing COORDINATED SERVICES in one location

is to make homelessness RARE, BRIEF AND NON-RECURRING for the people served.

Actions planned to enhance coordination between public and private housing and social service agencies

The City collaborated with the Partnership to End and Prevent Homelessness and Catholic Charities to build on the success of its Oak City Outreach Center. These three agencies partnered with Wake County to buy and retrofit a building into a multi-purpose center, Oak City Cares, to serve the homeless population with a new coordinated entry facility, which opened in April 2019. The City also works with nonprofit developers to construct and preserve affordable rental housing. Some of the nonprofit developers have public service programs, such as homebuyer training, financial counseling, and job training, included as a component of their housing programs. The City has also issued Requests for Proposals (RFP) to sell and convert city-owned land into affordable housing units feature scoring criteria seeking creative use of City land to include partnerships with nonprofits providing social services within City-sponsored rental housing development (e.g., Sawyer Road). The City also provides operational grant funding to local nonprofits involved in affordable housing development and provision of public services.

Discussion:

The City of Raleigh will continue its long-term partnerships with the Raleigh Housing Authority, Wake County, the CoC, and private nonprofit in addressing needs that do not stop at the City border. The City will continue the coordination to include significant investments in land and development of affordable housing options – as well as changes to local land use regulations - in areas that will help connect lower-income residents to transit.

AP-90 Program Specific Requirements – 91.220(I)(1,2,4)

Introduction:

The City uses HOME and CDBG for a variety of housing and community development social services. The city uses ESG primarily for homelessness prevention. This section shows information on program specific requirements for the Community Development Block Grant, HOME, and Emergency Solutions Grant (ESG).

Community Development Block Grant Program (CDBG)

Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed 0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan. 0

3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	92%

HOME Investment Partnership Program (HOME) Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City of Raleigh uses HOME funds to assist existing owner-occupants with the rehabilitation of their homes, to finance the acquisition of homes for homebuyers by providing down payment and closing cost assistance and/or gap financing, and to assist developers with the acquisition, new construction, or rehabilitation of affordable rental housing. The City of Raleigh invests these HOME funds as interest- and non-interest-bearing loans and deferred payment loans, both forgivable and non-forgivable.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City of Raleigh uses the recapture provision to secure long-term affordability. Under this mechanism, the City of Raleigh recaptures a portion of the direct subsidy if the HOME recipient sells the house within the 30-year loan term, which is 20 years beyond the required affordability period. The recipient's HOME direct subsidy is discounted (reduced) 10% on each anniversary of the Note starting on the 20th anniversary and then forgiven in its entirety at 30

years. The recapture provisions are outlined in the HOME agreement with the HOME-assisted homebuyer and in Deed Restrictions.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The recipient of a direct HOME subsidy is required to execute a HOME written agreement, which explains the recapture provision, prior to sale. Furthermore, deed restrictions that run with the land are recorded to enforce the provision.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City of Raleigh does not use HOME funds to refinance existing debt on a property.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)

See Attachment "ESG Written Standards," Coordinated Entry System Policies and Procedures Manual.

2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The Raleigh/Wake Partnership to End and Prevent Homelessness is the Local System Administrator (LSA) for NC 507's coordinated assessment system – the House Wake! Access Hub. The House Wake! Access Hub, which includes Access Sites and the Call Center, is the entry point for connecting individuals and families experiencing a housing crisis to appropriate programs. The coordinated assessment system was developed with input from service providers to ensure.

Access Point meetings and trainings are regularly offered and well attended. The Operations Manual has been reviewed by the Coordinated Access Committee (CAS), a CoC committee of service providers. Staff from the service providers who work on this committee are licensed users of HMIS and use the Vi-SPDAT as the assessment tool to determine acuity for the by-name list. This improvement process has continued and is ongoing.

Other meetings of service providers continue, as well, to make ongoing improvements to the coordinated entry system:

1. The Raleigh/Wake Partnership to End and Prevent Homelessness (CoC lead agency) facilitates the NOFA process with homeless services within NC 507, the official designation for the CoC.

2. The CoC holds regular monthly Governance Committee, Membership Committee, and subcommittee meetings, which include representatives from agencies providing shelter, street outreach, rapid re-housing, and/or prevention services, as well as City and County staff to coordinate how issues are consistently and collaboratively addressed.

3. A formal partnership was formed between the CoC, the City, the County, and Catholic Charities to develop Oak City Cares, a multi-service center, which also provides a variety of services, housing options, and training opportunities for homeless individuals and families.

3. Identify the process for making sub-awards and describe how the ESG allocation available to private nonprofit organizations (including community and faith-based organizations).

Since 2015, the City of Raleigh has partnered with Wake County Government on a collaborative Request for Proposals (RFP). This has increased efficiency, reduced administrative burdens on the homeless service providers, and increased standardized practice among homeless service providers communitywide. Contracts have been awarded as 2-year contracts, as noted in the RFP. For the providers that met performance metrics at the end of the first year, as specified in their contract, contracts were extended for the second year using new ESG allocations, which were distributed proportionally among the subgrantees based on their first-year awards.

A new RFP is issued every two years. The fifth collaborative RFP was issued in mid-January 2023 for the period July 1, 2023—June 30, 2025. For the fiscal year beginning July 1, 2023, the following agencies/activities will be funded by the City: Triangle Family Services/rapid re-housing and the Wake County Continuum of Care HMIS Administrator/HMIS administration.

The City will ensure that 100% of the required ESG match will be met. Agencies awarded ESG funds are required to match ESG funds with other non-ESG funds. In addition, the City will provide matching funds through supporting shelter operations of the South Wilmington Street Men's Shelter (\$100,000: CDBG), white flag emergency shelter operations (\$100,000: CDBG), and Catholic Charities Support Circles Homelessness Prevention/Rapid re-housing (\$68,000: City). The City has not budgeted any of its ESG funds to support emergency shelter activities.

4. If the jurisdiction is unable to meet the homeless participation requirement in 24 CFR 576.405(a), the jurisdiction must specify its plan for reaching out to and consulting with homeless or formerly homeless individuals in considering policies and funding decisions regarding facilities and services funded under ESG.

The Raleigh/Wake Partnership to End and Prevent Homelessness (the Partnership) is the Wake County Continuum of Care lead agency. The Partnership is a 501(c)3. The Partnership's Bylaws reserve a few seats on the Board, one of which is for an individual who is currently or has in the past experienced homelessness.

5. Describe performance standards for evaluating ESG.

The following performance standards are used to evaluate ESG. These are applicable to all project types and are tracked by HUD and the CoC to measure the efficacy of the system.

- Length of Time Homeless
- Number of exits to Permanent Housing (rental or ownership)
- Number of Returns into Homelessness

Discussion: As shown in the answers to Questions 1-5 above, the City of Raleigh works closely with its CoC and Wake County to address homelessness in the City and County in a comprehensive fashion.

As relates to HOME and CDBG:

- Eligible applicants for homebuyer assistance are first-time homebuyer households earning no more than 80% of AMI.
- Eligible applicants for the Substantial Rehabilitation Program are homeowners earning no more than 50% of AMI and who are age 62 or older or who have a disability. There are two application periods for Substantial Rehab each year: one in spring, and one in fall. Detailed information about the program and how to apply is available on the City of Raleigh's website. Staff also answer phone calls and emails to provide application information. Hard copy applications can be mailed to interested applicants or picked up from City offices and community centers. When an application period closes, applications submitted are pre-screened and prioritized based on the age of the home, in order to prioritize older homes with greater likelihood of serious repair needs.
- Eligible applicants for the Limited Repair Program are homeowners earning no more than 50% of AMI. The program is administered by a local nonprofit Subrecipient and operates on a rolling operation cycle. Detailed information about the program and how to apply is available on the City of Raleigh's website or by calling/emailing City and Subrecipient staff. Hard copy applications can be mailed to interested applicants or picked up from the Subrecipient's office. Applicants are served on a first-come, first-served basis.
- Eligible applicants for HOME-assisted rental units are households earning no more than 60% of AMI. Specifics of applying to rent HOME-funded units vary by property. The developer/property manager receiving HOME gap financing funds are responsible for marketing and tenant selection.

Annual Action Plan Public Hearing on December 6, 2022

ANNUAL HOUSING ACTION PLAN – FISCAL YEAR 2023-2024 – HEARING – COMMENTS RECEIVED

This was a hearing to receive public comments on the FY2023-2024 Annual Housing Action Plan.

The U.S. Department of Housing and Urban Development (HUD) requires entitlement communities under the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs to hold two public hearings annually.

The first hearing occurs at the beginning of the process associated with the preparation of the Annual Action Plan to provide an opportunity for citizens to comment on housing and community development needs, including priority non-housing community needs. Following the first public hearing, City staff will begin drafting the FY2023-2024 Action Plan and incorporating input received through the public participation process. The Plan will detail the budget and framework for production goals and serve as the City's application for federal funding. A second public hearing will be scheduled in April 2023 to receive public comments on the draft Action Plan proposed by City staff. A summary of comments received through public participation will be included in the Action Plan to be submitted to HUD in May 2023.

Additional information was included with the agenda materials.

Assistant Housing and Neighborhoods Director Lamont Taylor used a PowerPoint presentation to summarize the plan.

Councilor Jones questioned whether the survey would be available online only or also distributed to the various community centers with Assistant Director Taylor responding the survey would be available both online and in hard copy.

Councilor Black questioned whether there would be provisions for renters' displacement with Assistant Director Taylor responding funds will be available to assist in relocation and Councilor Black pointing out there was only 1 renter on the task force.

Mayor Baldwin opened the hearing.

Lisa Hughet indicated she had prepared a statement on affordable housing and indicated she will e-mail her statement to Council members. She expressed concern regarding the engagement process and called for more robust and creative efforts to seek public input and suggested involving the Wake Housing Justice Coalition in the effort. She opined the HUD-related application process is too complicated and called for a more simplified process.

Hwa Huang stated at the last public meeting on the plan held at the Method Community Center only 2 members of the public attended. He called for greater communication and that the plan address concerns brought up by the Wake Housing Justice Coalition. He expressed concern regarding the number of affordable housing units proposed for the Dix Park development and asserted that rent across the country increased an average of 20% over the past year. He argued that missing middle development does not mean affordable housing for the middle class but would still be at sold or rented at market rate and opined the missing middle concept is a sham. He also called for greater interaction with the homeless in Moore Square.

Haley Kinsler indicated she was the other person who attended the Method Community Center meeting and asserted the purpose for holding tonight's meeting was not made clear in the advertisement. She talked about the ending of the City's partnership with the Raleigh-Wake Partnership to End Homelessness and called for the reason for ending the partnership to be made clear questioning whether the reason was that there were not enough results for the money spent in the partnership. She called for greater interaction with the homeless in Moore Square as well as more affordable housing for families at 30% AMI or below and expressed concern regarding the City selling property to a developer for housing and called for the City retain the property and build its own affordable housing.

It was noted that **Wanda Gilbert-Coker** and **Cole McMullin** had signed up to speak; however, they were absent.

Mayor Baldwin closed the hearing.

Assistant Director Taylor confirmed staff will take the statements made at tonight's hearing into consideration when preparing recommendations for the next hearing on the Action Plan to take place at a future date to be determined.

Annual Action Plan Public Hearing on April 4, 2023

ANNUAL HOUSING ACTION PLAN – FISCAL YEAR 2023-2024 – HEARING – COMMENTS RECEIVED

This was the second in a series of 2 public hearings to receive public comment on the 2023-2024 Annual Housing Action Plan.

The U.S. Department of Housing and Urban Development (HUD) requires entitlement communities receiving federal funds through the Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) programs to hold two public hearings annually.

The first public hearing was held on December 6, 2022 in preparation of the FY2023-2024 Annual Action Plan. This hearing provided residents the opportunity to provide input on housing and community development needs. The second hearing is being held to provide residents an opportunity to comment on the [draft FY2023-2024 Annual Action Plan](#) prior to submission to HUD in May 2023. A summary of comments received during the public hearing will be included with the Action Plan submission.

Additional information was included with the agenda materials.

Other than conducting the public hearing itself, no Council action is required at this time. Council will be requested to adopt the Plan during their May 2, 2023 meeting.

Community Development Supervisor John Niffenegger used a PowerPoint presentation to summarize the information; with portions of the presentation outlined as follows:

What is the Annual Action Plan (AAP)?

- Serves as an application to the U.S. Department for Housing & Urban Development (HUD) for federal entitlement funding
- Provides a framework for annual strategic and production goals
- Aligns with the City's 5-year Consolidated Plan (ConPlan) 2021-2025

FY 2023-2024 AAP is the fourth-year implementation of the current ConPlan.

2021-2025 ConPlan Goals & Priorities

- Increase the supply of affordable housing
- Increase services to build self-sufficiency and sustainability
- Enhance the homeless to housing continuum

Opportunities for Community Input

- Two public hearings: December 6, 2022 and April 4, 2023
- Three public meetings: two in-person and one virtual
- Public survey: 400 responses (English & Spanish); 461 comments
- 30-day public comment period: March 1 - April 1, 2023
 - Draft Action Plan posted on City website
 - Written comments accepted via email

A summary of comments received will be added to the final document.

FY 2023-2024 Funding

CDBG: \$2,849,488 (Community Development Block Grant)

- Rehabilitation Programs
- Neighborhood/ Site Improvements
- Non-profit Support

ESG: \$255,809 (Emergency Solutions Grant)

- Rapid Re-Housing
- Homelessness Prevention
- Street Outreach
- Emergency Shelter Support
- HMIS Support

HOME: \$1,602,392 (HOME Investment Partnership)

- Rehabilitation Programs
- Down Payment Assistance
- Gap Financing for Affordable Rental Development

Local Funds: \$24,422,131 (General Fund, Bond, Program Revenue)

- Rehabilitation Programs
- Down Payment Assistance
- Gap Financing for Affordable Rental Development
- Public/Private Partnerships

Proposed Uses of Funds

FY 2023-2024 Annual Action Plan Budget					
Activity	Funding Source				
	Home	CDBG	ESG	Loan/Other	Total
Affordable Housing	\$1,431,923	\$1,751,999		\$23,922,131	27,160,053
Homeless to Housing Continuum Grants		\$200,000	\$255,809		\$455,809
Self-Sufficiency & Sustainability		\$260,000			\$260,000
Program Administration	\$170,469	\$637,489		\$500,000	\$1,307,958
Total	\$1,602,392	\$2,849,488	\$255,809	\$24,422,131	\$29,129,820

FY 2023-2024 AAP Production Goals

- 450 rental units will be developed
- 53 homes will be rehabilitated
- 28 households will receive down payment assistance
- 1,256+ individuals will receive homeless services
- 1,969 individuals will receive public services

Prior Year Resources

- 2,446 rental units (funded with prior-year resources) are in the pipeline
- \$2.4 million in prior-year resources available for Housing Rehabilitation and Down Payment Assistance
 - 60 homes will be rehabilitated
 - 40 households will receive down payment assistance

FY 2023-2024 Funding Recommendations

Community Enhancement Grant (CDBG)

Funding Recommendations for FY-2023-2024		
Agency	Project	Recommended Funding
PLM Families Together	Bridge Support for Homeless Families	\$54,000
The Hope Center at Pullen	Expanding Housing Support for Former Foster Youth	\$57,000
Communities in Schools Wake County	CHAMPS After-School & Summer Programs/Pathways	\$37,000
Boys and Girls Club Serving Wake County	Project Great Futures	\$52,000
Total		\$200,000

Emergency Solutions Grant

Funding Recommendations for FY-2023-2024		
Agency	Project	Recommended Funding
Triangle Family Services	Rapid Re-housing	\$179,309
CoC Lead Agency	HMIS Administration	\$76,500
Total		\$255,809

Next Steps

- Council votes to adopt Plan: Early-May
- Submission to HUD: Mid-May

Mayor Baldwin opened the hearing.

Support

Lisa Hughet read the following statement:

I support this year's Affordable Housing Action Plan because it is moving the needle forward. I have also seen good faith efforts from the Housing & Neighborhoods dept that are encouraging, such as:

1. The City has long recognized the market constraints that limited its ability to provide home repair. By partnering with Habitat and Rebuilding Together, many more households will avoid displacement.
2. Swiftly providing gap financing to non-profit partners to fulfill their commitment to building affordable housing.
3. Fast-tracking affordable housing projects through the planning dept and looking into reducing or eliminating fees.
4. Approval of a policy that if City is providing Federal LITIC dollars, a certain % of the units need to be for 30% AMI.
5. Promoting the strategy of land leasing to protect affordable housing in perpetuity.
6. Working with non-profit partners to modify qualifications that are out of step with current realities, such as increasing the sales limit for the down payment assistance program.

Earlier this year, you agreed to allocate over \$22M in ARPA funding for affordable housing. I don't see that reflected in the annual plan document. As part of Habitat's Advocacy program, we asked that you funnel that money into the

City's existing housing programs that promote home ownership, down payment assistance, and as we continue to reel from rampant development, purchasing land along and near transit.

Finally, I think the outreach was better than last year and I think the comments received were extremely on-point, creative and instructive. I encourage you to read them again and find ways to incorporate their practical ideas and different ways of thinking about this problem.

Meredith Yuckman, Executive Director, Hope Center at Pullen, read the following statement:

We are so grateful that the Annual Action Plan includes funding to support youth in our community who are transitioning out of the foster care system.

Most teenagers as they transition to adulthood can stay plugged into the resources they need to thrive through relationships with their families - things like housing, a financial safety net, and basic guidance when navigating life's challenges.

But many young people transitioning out of foster care are suddenly unplugged from all networks of support. Like most 18-year-olds, teens leaving foster care tend to overestimate how ready they are to be on their own and they underestimate how difficult life will be. With no safety net in place, even things we might consider minor problems can quickly escalate to become a crisis.

National data shows that 1 of 2 people experiencing homelessness report having a history with the child welfare system. Looking at it from another angle, 43% of former foster youth report experiencing homelessness by age 21, often multiple times.

The Hope Center at Pullen ensures that young people leaving foster care in our community are plugged into the resources and supports the need to achieve a safe and stable adulthood.

We begin by partnering with Wake County Child Welfare Division to engage youth through our Teen Programs while they are still in foster care. After they turn 18, our Transition Program empowers youth through intensive case management and by connecting clients to resources & opportunities pertaining to housing, education, employment, substance abuse & mental health. We connect our youth to housing vouchers, help locate affordable housing or landlords willing to accept vouchers and guide youth toward their self-sufficiency goals.

The funding award to the Hope Center at Pullen by the City in the Annual Action Plan will help us reach our expansion goal of serving 60% more clients this year. We are so grateful that the City of Raleigh has chosen to support youth transitioning out of foster care through this funding for the Hope Center at Pullen. I look forward to continuing to partner with you all to create more pathways to stability for former foster youth.

Jennifer Paul, Interim Executive Director, Families Together, read the following statement:

Families Together is a Raleigh-based nonprofit with 43 years working in Wake County to end family homelessness. I'm here to express our strong support for the 23-24 Annual Action Plan and for Missing Middle Zoning.

Our vision is of a community free of homelessness with families thriving together. Yet, this vital goal is getting further out of reach for local families with children. More and more, the face of homelessness is the face of a child in Raleigh and Wake Co.

The number of children experiencing homelessness has increased year over year for the last 10 years. We estimate more than 7,000 Wake County children will experience homelessness this year. Many are living in budget motels. But even more concerning is the number of children and families sleeping in cars, backyard sheds, storage units, and tents which tripled in one year after the pandemic from 100 to 300 and is expected to continue to rise.

Our mission is to assist families as they transition from homelessness to sustainable housing and stable homes.

We do this by providing emergency shelter that prioritizes keeping families together, by providing Bridge Housing that helps families build savings and life skills, and through Rapid Rehousing that connects families to a lease in their own name. Our team provides comprehensive holistic support services to help families achieve long-term housing success.

The Annual Action Plan taps partner agencies like ours to enhance homeless services and maximize the production of affordable housing. We are pleased our Bridge Housing proposal is recommended for funding. The Action Plan is an important step, but we recognize the funding, which is determined by the Federal government and City bond proceeds, is limited in comparison to the magnitude of the need.

More than 50,000 affordable units are needed to fill the housing gap in Raleigh and Wake County. We applaud City Council for passing zoning policies that allow for missing middle housing, like townhomes, duplexes and triplexes, which at one time were relatively common housing types in Raleigh.

We ask that these policies continue to be applied equitably across the city.

In response to the growing housing crisis, Families Together began purchasing property and acquiring land in 2019. Missing Middle zoning will allow our organization and our nonprofit partners to build more units, increase the supply of affordable housing, and have an even greater positive life-changing impact on Raleigh families.

We urge you to take additional steps to further increase the diversity of housing options as well as the supply – all of which are needed to fully address housing affordability. Thank you.

Faye Chaplin expressed concern for the increase in her property tax to now \$3,000 per year. She stated she applied for assistance; however, her 401k disqualified her. She expressed her support for OneWake's Homeowners Care Plan.

Mayor Baldwin requested that staff follow up with Ms. Chaplin.

Vickie Hewitt, OneWake, asserted the City's rehab program doesn't work and called for more affordable housing.

Yolanda Winstead, DHIC, read a statement in support for the Plan and called for more affordable housing.

Yvette Holmes, CEO, Southeast Raleigh Promise, read the following statement:

I am here today on behalf of Southeast Raleigh Promise to express our support for the proposed 2023-2024 Annual Action Plan that outlines how the city intends to partner and allocate its resources to support housing and community development goals in the coming year. I attended the public input session held at Chavis Community Center and read through the plan and agree with the recommendations as set forth.

Southeast Raleigh Promise is a neighborhood based nonprofit organization that has the distinct honor and privilege to work alongside our neighbors, key partners, and funders to ensure that Southeast Raleigh residents have access to equitable opportunities to grow, thrive, and prosper.

Leading Raleigh/Wake County's first Purpose Built Communities model, our work is holistic, rooted in community engagement, and filtered through a racial equity lens. Though we serve all of SE Raleigh, we are hyper-focused on a six census tract area that includes parts of Rock Quarry Road, Poole Road, MLK Blvd and the neighborhoods that feed into these corridors.

We believe that the funding priorities outlined in the Action Plan align with our 4 pillar focus: Mixed-Income Housing, Economic Vitality, Health and Community Wellness, and Education and Career Readiness.

In addition, Southeast Raleigh Promise is the first nonprofit organization awarded funding by the City/County to develop small-scale affordable rental housing on 10 city-owned parcels in Southeast Raleigh. The 27 units, also referred to as "missing middle" housing, will include a mix of duplexes, ADUs, and single-family homes, and will serve households with incomes between 30% - 80% of area median income. A project of this scale, serving households with extremely modest incomes, is only made possible with the support of the city and other public/private partners.

I would like to acknowledge the work of other peer nonprofit organizations and for-profit developers who the City expects to partner with to create and/or preserve over 500 units of housing as proposed in the action plan. Your steadfast commitment to address the issue of housing affordability, by adding to the housing supply, is greatly appreciated.

Though this plan promises to deliver over 500 units, we still have barriers to overcome, solutions to explore, and deep investments to make to ensure that every person, who calls Raleigh home, has equitable access to a safe, quality, and affordable place to grow, thrive, and prosper. Thank you.

Barkley Sample, Catholic Charities of the Diocese of Raleigh, Inc., read the following statement:

Catholic Charities of the Diocese of Raleigh, Inc., previously Catholic Social Ministries, began in 1898 as the Catholic Orphanage of North Carolina and has maintained non-profit status since 1983. We serve people of all faiths or no faith at all. Catholic Charities of the Diocese of Raleigh provides services in the 54 most eastern counties in North Carolina, through eight (8) regional offices.

The Support Circle Program was developed as a response to Hurricane Katrina in 2005. In 2006, it transitioned to a program assisting homeless families in Wake County.

Catholic Charities Raleigh Regional Office served 64,175 people last year through services including: Catholic Parish Outreach Food Pantry, Hispanic Family Center, Counseling Services, and the Support Circle Program, for which this grant is requested. Most of our clients earn less than 200% of the federal poverty level.

The mission of Catholic Charities is to provide help to our brothers and sisters in need by alleviating the effects of poverty and creating hope by developing solutions to transform lives.

Our Vision

Inspired by God's love and compassion, Catholic Charities envisions a more just society transformed by respecting the dignity of all individuals and collaborating to provide help and create hope for the most vulnerable in our community.

The Support Circle Program (SCP) moves families from homelessness to permanent housing and stable lives through the power of mentoring relationships with Support Circle teams of 6 to 10 people. Support Circle teams are formed by local faith communities and local organizations. They are trained by Catholic Charities before being matched with a homeless family/individual. The Support Circles help families experiencing homelessness gain renewed hope and the resources needed to make the permanent changes necessary to gain and maintain housing. Circles connect families to some and/ or all the following resources: medical & dental care; employment opportunities; tutoring & after-school programs; budget counseling; etc.

Support Circles offer support and an array of resources based upon needs of each family while providing these families with an extended support system to gain on-going stability. Children particularly benefit from the mentoring relationships. Children's health and school performance improve due to more secure and stable lives. Two-thirds of the families remain in contact with members of their Support Circle after the initial year of support.

A key component of the program is a year-long rental subsidy. Participating families pay 30% of their income toward rent and utilities. The remaining rent is subsidized: 1/3 from the City of Raleigh, 1/3 by the Support Circle congregations, and 1/3 by donations to Catholic Charities from individuals, businesses, and foundations. **Every dollar from the City for the rental subsidy is matched by \$2 dollars from other funding sources.**

In FY22, 56 families comprised of 88 adults and 83 children, were housed or given the opportunity to remain housed. More than 90% of the families that complete the one-year program remain housed 2 years later.

The collaboration between the City of Raleigh and Catholic Charities has existed for more than a decade. The Support Circle Program offers relief to the growing homelessness crisis the City of Raleigh is facing. Without this critical funding from the City of Raleigh, the Support Circle Program may not survive. Thank you.

It was noted that the following individuals signed up to speak in support; however, they were absent:

Vance Haywood
Cathy Edwards
Searia Green
Seth Friedman

Opposition

Octavia Rainey expressed her opposition to the Plan and called for more citizen participation in the process. She asserted there is nothing in the plan to address affordable housing and called for a list by race of all new homeowners in College Park. She asserted that black families were moved out through "relocation" and replaced with "mixed-income" housing. She wanted to know what percent of the contractors and builders are black and asserted there is no protection for the 30% AMI.

Hwa Huang called for the Council to pay more attention to the black elderly homeowners and not the non-profits. He presented a slide containing the results from an online survey conducted for the plan and pointed out that of the 400 individuals who responded 233 included a zip code in their response, and of those about 25.3% were from Southeast Raleigh (27610, 27601, 27603) which amounted to 59 respondents which represented only 0.05% of Raleigh's population. He called for using Wake Housing Justice Coalition and other community activist organizations to increase citizen participation.

Cole McMullin read the following statement:

I attended the virtual meeting put on by city staff regarding the Annual Action Plan and want to thank them for the informative session and their responses to follow-up questions I had.

I was torn on whether to sign up in support or as opposed to the plan because there are a lot of things in here I like such as: shelter and assistance for the unhoused, home repair and rehabilitation assistance, and the plans to partner with developers to build affordable housing complexes while the city retains ownership of the public land which will aid continued affordability into the future.

On the other hand, I don't like what the plan includes regarding first-time homebuyer assistance with down payments. While I can appreciate that home ownership is the pathway for many people to build wealth and elevate their families out of poverty, I don't think the city should be focused on meeting the housing needs of all residents and not opportunities to build generational wealth for a handful of lucky individuals. I think the money would be better

used for either more public housing initiatives, or helping the startup financing of limited equity housing cooperatives that emphasize collective ownership and not individual ownership.

Lastly, I'd like to express my disappointment that Council moved forward on an RFP for 4314 Poole Rd without amending the scoring criteria to give more weight to projects that would maintain city ownership of the land. The stated reason why this was not done was because staff wanted Habitat for Humanity to be able to submit a competitive proposal. I would assert that if a proposal isn't able to allow the city to maintain ownership of the public land and provide more affordable housing to more people, then it's not a competitive bid and the scoring criteria should be updated to reflect that. I also urge Council not to approve any housing proposals that do not maintain city ownership of public land. Thank you!

No one else had signed up to speak on the matter; therefore, Mayor Baldwin closed the hearing.

Councilor Harrison: OneWake and other organizations on their work noting ARPA funds are not part of this Plan; however, \$21 million in ARPA funds will be utilized for land purchases.

Councilor Jones questioned whether the City has specific goals for the number of people reached regarding citizen engagement and whether there are any specific goals established with Supervisor Niffenegger responding staff strives to constantly improve the citizen engagement process but have set no specific goals set at this time.

Public Comments Received on FY2023-24 Annual Action Plan

Below is a summary of the written comments received on the FY2023-2023 Annual Action Plan. No verbal comments were received.

CASA

From: Jess Brandes <##@casanc.org>

Sent: Monday, April 3, 2023 10:24 AM

To: CityCouncilMembers <CityCouncilMembers@raleighnc.gov>

Cc: Niffenegger, John P. <John.Niffenegger@raleighnc.gov>; Taylor, Lamont <Lamont.Taylor@raleighnc.gov>; Jarvis, Larry <Larry.Jarvis@raleighnc.gov>

Subject: AAP Public Hearing Comments

Good Morning Members of Council: Unfortunately, nobody is available to attend in person so please accept these public comments from CASA. Thank you!

- CASA is here tonight to say thank you to the City for all you have done to support our work to create permanent, affordable homes for some of our community's most vulnerable neighbors.
- With significant assistance from the City of Raleigh, CASA now has King's Ridge under construction. 100 families and individuals who are homeless today will be living permanently at King's Ridge next year. They will not only have a safe and permanent apartment to call home, but they will also have 24-hour wrap-around services and supports available onsite.
- With significant assistance from the City of Raleigh, CASA purchased 62 naturally-occurring affordable homes in a prime downtown location, preventing those units from being converted to luxury units or torn down entirely.
- CASA is currently in conversation with City staff about funding a new community that will serve youth transitioning out of foster care.
- These represent activities in the last year alone
- City funding is pivotal to creating and preserving affordable housing – it is flexible, creative and targets those most in need.
- CASA has partnered with the City to build or preserve over 300 units already – most of these units serving households who have experienced homelessness and who have incomes averaging less than \$20,000 per year – well below 30% of area median income.
- Thank you again for your continued support of CASA and those we serve.

Subject: Re: Annual Action Plan Public Hearing Comments

Hello, my name is Jennifer Paul and I'm the Interim Executive Director of Families Together, a Raleigh-based nonprofit with 43 years working in Wake County to end family homelessness. I'm here to express our strong support for the 23-24 Annual Action Plan and for Missing Middle Zoning.

Our vision is of a community free of homelessness with families thriving together. Yet, this vital goal is getting further out of reach for local families with children. More and more, the face of homelessness is the face of a child in Raleigh and Wake Co.

The number of children experiencing homelessness has increased year over year for the last 10 years. We estimate more than 7,000 Wake County children will experience homelessness this year. Many are living in budget motels. But even more concerning is the number of children and families sleeping in cars, backyard sheds, storage units, and tents which tripled in one year after the pandemic from 100 to 300 and is expected to continue to rise.

Our mission is to assist families as they transition from homelessness to sustainable housing and stable homes. We do this by providing emergency shelter that prioritizes keeping families together, by providing Bridge Housing that helps families build savings and life skills, and through Rapid Rehousing that connects families to a lease in their own name. Our team provides comprehensive holistic support services to help families achieve long-term housing success. The Annual Action Plan taps partner agencies like ours to enhance homeless services and maximize the production of affordable housing. We are pleased our Bridge Housing proposal is recommended for funding. The Action Plan is an important step, but we recognize the funding, which is determined by the Federal government and City bond proceeds, is limited in comparison to the magnitude of the need.

More than 50,000 affordable units are needed to fill the housing gap in Raleigh and Wake County. We applaud City Council for passing zoning policies that allow for missing middle housing, like townhomes, duplexes and triplexes, which at one time were relatively common housing types in Raleigh. We ask that these policies continue to be applied equitably across the city.

In response to the growing housing crisis, Families Together began purchasing property and acquiring land in 2019. Missing Middle zoning will allow our organization and our nonprofit partners to build more units, increase the supply of affordable housing, and have an even greater positive life-changing impact on Raleigh families.

We urge you to take additional steps to further increase the diversity of housing options as well as the supply – all of which are needed to fully address housing affordability.

Thank you.

Subject: Fwd: Draft Annual Action Plan Public Meetings Start Today!

I fully support the city's assistance for affordable housing and homeless services. However, I'm also aware of resident abuses to such programs via lack of responsibility for property maintenance, upkeep, etc. What provisions are in place to ensure that these taxpayer investments in buildings and grounds are properly maintained, require good housekeeping, etc? Thank you.

Good morning, Mr. Yehle

Are there specific properties you are referring to? That would help identify which agency or organization may be the responsible party, and what kind of upkeep may be needed.

Thank you for reaching out,

Will

Subject: Re: Draft Annual Action Plan Public Meetings Start Today!

Thanks Will.....We've only been in Raleigh for a relatively short time, so it's a general question coming from my observations of some neighborhoods while living in NY. Examples there were a Habitat for Humanity home that was trashed within a couple years of being built and other public housing where the outside/lawn was run down with litter, broken blinds and torn drapes in the windows, broken windows, etc. As I said, I'm supportive of affordable housing and helping those in need but there needs to be accountability/responsibility of those citizens benefitting from that taxpayer funding also. Are there any such provisions in the city programs?

Mr. Yehle,

The housing units the City helps subsidize utilize the same mechanisms as the private market to ensure proper use and maintenance. Those include leases with security deposits, restrictions on prohibited uses, inspections, etc. Violations of the leases can result in eviction. Many of them are managed by private property management companies that handle these leases and compliance. The Raleigh and Wake County Housing Authorities are separate entities from the City, but they have their own similar [mechanisms](#).

For homeownership such as Habitat for Humanity, the owners would be destroying their own equity and would be subject to the same rules and regulations governing private market single-family homes and handled by the City's Code Enforcement Division (litter, lawns, broken windows). Habitat may have additional mechanisms as their [Homeownership FAQ](#) mentions that "Habitat Wake requires that the property (house and yard) are maintained in good condition." You may contact them at 919-833-1999 for additional information.

Please let me know if you have any further questions or requests for additional information.

Thanks again for reaching out!

Subject: RE: Annual Action Plan Public Hearing Comments
Importance: High

Hi John, below is my public comment.

Annual Action Plan:

Affordable Housing, is so need in the Raleigh City, and surrounding areas, I work with the our Community is very different way I am a Loan Officer for over 30 years 20 years here in the Triangle, and I think over the last 5- to 10 years it has become very apparent that we need Affordable Housing, I'm a hands on Loan Officer for those who know me and everyone know me in the Down Payment area, I believe in Homeownership it is the best investment anyone can make, it is the beginning of building wealth in our country, but I believe if we don't get some type of housing that would be affordable to families we will have a generation that will not know what it means to OWN their own HOME. That is how severe it is across the country but even more so in South, everyone is moving here for the JOBS coming to our area.

This has just made it more competitive to actually obtain a home without it being \$450000.00, the average home buyer is so priced out of the market it is very sad to see, and them on top of the rental and leasing rate have sky rocketed to a point most families can't make ends meet, so with I hope Annual Action Plan, have a plan for Affordable Housing. I hope I have not been to long winded.

Thank you!

Subject: Annual Action Plan-Support

Greetings,

I am unable to make the public hearing on the Annual Action Plan scheduled for 4/4. I would like to submit the comment below in support of the city's Annual Action Plan:

I am in favor of the City of Raleigh's Annual Action Plan. A large barrier for individuals and families with fixed or low income is attaining affordable housing. The Annual Action Plan's outline of federal funding aligns with the NC-507

Continuum of Care's identified gaps in the community. The Annual Action Plan will help to quickly identify people experiencing homelessness, connect them to housing providers, and increase the supply of affordable housing options. These steps in the City of Raleigh's Annual Action Plan will positively impact the most vulnerable families in our community, by giving them the opportunity for affordable housing and the support they need maintain that housing.

Sincerely,

Eric Doll
Executive Director (Interim)
Wake County Continuum of Care

Subject: Re: Annual Action Plan Public Hearing Comments

For the past two years we have had the pleasure of working with the City of Raleigh in executing a Winter White Flag response to provide shelter during extremely cold weather. I am grateful for the support we have received from the City in carrying out this effort and for enabling us to do this important work. The dedication and commitment we have seen has truly inspired me and my team. I am very glad to see the work that has gone into preparing and planning for the future needs of the most vulnerable citizens in our community. We certainly have a long way to go, but I am certain we will get there 1.) because of the work that I have experienced first hand these last two years and 2.) because of the commitment being made to continue to seek solutions.

Respectfully,
Rev. Vance E Haywood, Jr.
Senior Pastor
St. John's Metropolitan Community Church

John, Thank you again for all that you are doing. It truly is a pleasure working with you and you really have inspired me and given me hope!

Blessings,
Vance

Subject: SE Raleigh Promise - Annual Action Plan Comments

Good morning! I hope everyone was able to get some sleep last night after an exhaustingly long meeting.

Though it was stated upfront, it was not fully understood by some that we had a collective 8 minutes for 12+ individuals to offer comments in support of the Annual Action Plan. In the end, Yolanda and I were left with 45 secs to give remarks and the person behind us was given an additional minute.

Though the Public Comment Session has officially closed, I wanted to share my prepared remarks, which I have attached. It's important that you know that SE Raleigh Promise is developing "missing middle" rental housing, on 10 City-owned parcels in Southeast Raleigh and that your funding support is essential to our success.

In recent weeks, I've had the pleasure of meeting or talking to some of you to share more about our project. After spring break, we will resume our efforts to schedule meetings with others. In the meantime, please feel free to contact me should you have any questions. Thank you and have a good day!

Yvette Holmes, CEO

919-417-2237

##@serpromise.org

www.serpromise.org

Good evening, my name is Yvette Holmes, CEO, Southeast Raleigh Promise, 900 S Wilmington Street, Raleigh NC. I am here today on behalf of Southeast Raleigh Promise to express our support for the proposed 2023-2024 Annual Action Plan that outlines how the city intends to partner and allocate its resources to support housing and community development goals in the coming year. I attended the public input session held at Chavis Community Center and read through the plan and agree with the recommendations as set forth.

Southeast Raleigh Promise is a neighborhood based nonprofit organization that has the distinct honor and privilege to work alongside our neighbors, key partners, and funders to ensure that Southeast Raleigh residents have access to equitable opportunities to grow, thrive, and prosper.

Leading Raleigh/Wake County's first Purpose Built Communities model, our work is holistic, rooted in community engagement, and filtered through a racial equity lens. Though we serve all of SE Raleigh, we are hyper focused on a six census tract area that includes parts of Rock Quarry Road, Poole Road, MLK Blvd and the neighborhoods that feed into these corridors.

We believe that the funding priorities outlined in the Action Plan align with our 4 pillar focus: Mixed Income Housing, Economic Vitality, Health and Community Wellness, and Education and Career Readiness.

In addition, Southeast Raleigh Promise is the first nonprofit organization awarded funding by the City/County to develop small-scale affordable **rental** housing on 10 city-owned parcels in Southeast Raleigh. The 27 units, also referred to as "missing middle" housing, will include a mix of duplexes, ADUs, and single-family homes, and will serve households with

incomes between 30% - 80% of the area median income. A project of this scale, serving households with extremely modest incomes, is only made possible with the support of the city and other public/private partners.

I would like to acknowledge the work of other peer nonprofit organizations and for-profit developers who the City expects to partner with to create and/or preserve over 500 units of housing as proposed in the action plan. Your steadfast commitment to address the issue of housing affordability, by adding to the housing supply, is greatly appreciated.

Though this plan promises to deliver over 500 units, we still have barriers to overcome, solutions to explore, and deep investments to make to ensure that every person, who calls Raleigh home, has equitable access to a safe, quality, and affordable place to grow, thrive, and prosper.

Thank you and this concludes my comments.

Public Meetings Comments and Questions Summary

Public Meeting #1 - March 14, 2023 – Method Road Community Center

Four members of the public received a presentation from staff before participating in a Question-and-Answer session as well as an opportunity to provide comments. Common themes of questions and comments included inquiring about details of the rental units created – rents, application process, criminal background checks. Participants also were also interested in learning about how the City works with smaller developers.

Public Meeting #2 - March 16, 2023 – Virtual

Eight members of the public received a presentation from staff before participating in a Question-and-Answer session as well as an opportunity to provide comments. Common themes of questions and comments included inquiring about HUD's allocations and why the funds provided by HUD are shrinking despite the growing scope of the housing crises on a national level, details of progress towards the City's FY22-23 goals, information on the income requirements and levels of rental units created through the City's Joint Venture Rental Program.

Public Meeting #3 – March 21, 2023 – Chavis Community Center

Four members of the public received a presentation from staff before participating in a Question-and-Answer session as well as an opportunity to provide comments. Common themes of questions and comments included inquiring about nonprofit funding and selection, additional assistance for small developers, and support for housing and community development from the state legislature.

Public Survey Results Analysis

Between February 24th and March 7th, 2023, a public survey was conducted in English and Spanish to collect input from Raleigh citizens and services providers. Four hundred surveys were submitted including 8,443 question responses and 461 comments. Both online and paper copies were available. Of the 233 surveys that included a zip code in their response, all Raleigh zip codes were represented, including 25.3% from Southeast Raleigh (27610, 27601, 27603).

When the participants were asked to rank the City's three main goals from the 2021-2025 Consolidated Plan from 1 to 3, Increasing the Supply of Affordable Housing was first, Enhancing the Homeless to Housing Continuum was second and Increasing Services to Build Self-Sufficiency and Sustainability was third. When asked for additional comment on priorities, the respondents supported the continued use of public-private partnerships to develop truly affordable units, preservation of Naturally Occurring Affordable Housing (NOAH), and first-time homebuyer programs for those earning less than \$75,000 a year. As highlighted in this plan, the City will continue to partner with affordable housing developers to produce units for those at multiple income levels, including those earning less than 30% of the Area Median Income. This plan also includes the joint Wake County-City of Raleigh Preservation Fund that was launched in October 2022 to identify, purchase, and preserve Naturally Occurring Affordable Housing. The 2023-2024 Action Plan also includes continued funding for the Down Payment Assistance Program that provides families earning less than 80% of the Area Median Income (currently \$59,950 for a family of one and \$69,500 for a family of two) with loans of up to \$60,000 and additional targeting for those within 1-mile of planned Bus Rapid Transit (BRT) Routes.

The top 3 most critical Affordable Housing needs identified by respondents were the creation of affordable rental housing, creation of affordable housing for homebuyers and home improvement programs for low-income homeowners and/or low-income seniors, respectively. This Action Plan calls for the highest levels of funding, including more than twenty million dollars, for programs supporting these three needs. There was support for the City requiring private developers to include affordable units when requesting a rezoning. This is currently prohibited by the North Carolina General Assembly, however, the City Council does encourage developers to include affordable units, particularly near high-frequency transit lines, as voluntary conditions when applying for a rezoning of their property. Affordable housing for public service employees was another common theme from participants.

The top 3 most critical Homeless Services identified were Permanent Supportive Housing (PSH), mental and behavioral health services, and short or medium-term rental assistance (homelessness prevention and/or rapid rehousing services), respectively. The top Homelessness Prevention need was the provision of affordable housing options, and the top Vulnerable Populations Accommodation need was Mental and Behavioral Health Services. The top Public Service need identified was also Mental and Behavioral Health Services followed by Homeless Services. 12% of the survey

respondents had experienced homelessness. The City works to address the needs of those experiencing or at-risk of homelessness through its Emergency Solutions Grant program (to be updated with funded agencies following RFP review process). In addition, the City's CDBG-funded Community Enhancement Grant Program provides funding to nonprofits to administer public services to low-income residents. Programs to be funded in 2023-24 include Families Together's Bridge Housing Support for Homeless Families and The Hope Center at Pullen's Expanding Housing Support for Former Foster Youth programs. The City also makes funding available annually for permanent supportive housing developments.

Citizen Participation Plan

1. Introduction

The Citizen Participation Plan provides for and encourages citizens, organizations, businesses and other stakeholders to participate in the development of the Consolidated Plan, the Annual Action Plan, and any substantial amendments to the Plans. This plan describes how the City of Raleigh encourages and promotes participation through the establishment of policies and procedures for participation in the implementation of the Community Development Block Grant (CDBG), HOME Investment Partnership, and Emergency Solutions Grant (ESG) programs.

The City of Raleigh is required to adopt a Citizen Participation Plan that meets HUD's minimum requirement as set forth in the regulations for "Consolidated Submission for Community Planning and Development Programs" (24 CFR 91 Subpart B). In carrying out these requirements the City of Raleigh understands that participation on the part of its citizens, organizations, businesses and other stakeholders is vital to the effectiveness of all Consolidated Plan activities. All persons, but especially very low, low and moderate-income persons, particularly those living in slum and blighted areas and in areas where funds are proposed to be used, can actively participate in the planning, implementation, and assessment of such activities.

The Citizen Participation Plan outlines procedures by which each of the requirements set forth in 91:105 of the Federal Regulations are carried out. This Plan is effective as of May 16, 2020 and remains in effect until such time as all activities assisted are completed, or until superseded by a new Plan. This Plan also supersedes any Plan that may have been in effect prior to May 16, 2020.

2. Goals of the Citizen Participation Plan

- A. To provide for involvement of citizens, organizations, businesses and other stakeholders in the identification of community development needs and housing; review of proposed activities and assessment of program performance in accordance with the schedule that is adopted each year.
- B. To enable the City to respond to the needs of its citizens through community development and housing programs, policies and plans.
- C. To encourage citizens, particularly very low-, low- and moderate-income persons, residents of blighted neighborhoods, members of minority groups, non-profit agencies, public housing residents, the business and civic community, and special populations to submit their comments, questions and proposals regarding the City's Community Development Program.

3. Development of the Consolidated Plan

The Citizen Participation Plan requires that before adoption of the Consolidated Plan the City will provide the following information:

- A. The amount of assistance the City expects to receive from any grant funds and program income
- B. The range of activities that may be undertaken including the estimated amount that will benefit very low-, low- and moderate-income persons
- C. The City's plans to minimize displacement
- D. The City's specific action steps to end chronic homelessness
- E. The City's long-term and short-term objectives for neighborhood revitalization strategies
- F. The City's public hearing calendar and process for developing and submitting the Consolidated Plan
- G. Provisions for receiving public comments on the proposed Plan

4. The Participation Process

The participation process is conducted both at a community wide level and in neighborhoods where revitalization activity is proposed or under way. The community wide process involves consultations with businesses, developers, community and faith-based organizations, and other interested citizens concerning housing and redevelopment issues.

A. Agency Consultation Process: Agency consultations are a part of the ongoing process that includes service providers, advocacy groups and coordinating bodies responsible for providing services, especially to populations with special housing needs. City staff meet throughout the year with a number of local housing, social service, homeless, and economic development agencies to determine the housing needs of specific populations and groups.

B. Public Housing Authority Consultation: The City consults with the Raleigh Housing Authority (RHA) to facilitate city understanding of public housing needs and planned RHA activities, which will provide the basis for local certification of RHA's annual plans. Such consultation also helps ensure coordination between ConPlan activities and RHA activities in addressing issues of joint concern.

C. Neighborhood Outreach: The City meets with citizens' groups and conducts public meetings primarily in downtown neighborhoods. The City may also meet with neighborhood associations and other citizen groups as requested.

5. Consolidated Plan/Annual Action Plan Public Hearings

Each year the City conducts two (2) public hearings for the development of an Annual Action Plan for the City's housing and community development programs at a City Council meeting. The State of North Carolina's Open Meeting Law is followed.

A. Public Hearing #1: The first hearing occurs at the beginning of the planning process to review past program performance, to obtain views on community development and housing needs and to identify general strategic priorities for projected funding. The purpose of this hearing is to let very low-, low- and moderate-income persons and residents of blighted neighborhoods offer their perceptions of problems within their neighborhoods and in the community at large and present proposals aimed at solving the problems. This public hearing is held in the City Council Chambers, **except as described in E. below.**

B. Public Hearing #2: The public hearing is held after staff has drafted the proposed annual budget and Consolidated Plan (or annual Action Plan) but prior to City Council approval of the Plan. This public hearing is held in the City Council Chambers, **except as described in E. below.**

C. Public Notice: Notices of all hearings will be advertised **not less than 12 days and not more than 30 days** prior to the hearing. Public notices indicate the date, time and location of the hearing, and the topics to be covered. Mailings (electronic where appropriate) are sent to interested persons and entities and the public hearing notices are posted on the City of Raleigh's web site at www.raleighnc.gov

D. Accessibility: All public meetings are held at locations providing accessibility for persons with physical disabilities and take place in locations convenient to residents.

E. When circumstances prevent an in-person event for public meetings or one or both public hearings held in support of a Consolidated Plan or Annual Action Plan, or amendment(s) to one or both, a "virtual" public meeting or public hearing will substitute for in-person gatherings, as allowed by the U.S. Department of Housing and Urban Development (HUD).

6. Public Comment Period

The Consolidated Plan and each Annual Action Plan are made available in draft form to receive public comments for at least thirty (30) days, **except in emergency situations such as that created by COVID-19, in which case the public comment period can be shortened to 5 days, as suggested by HUD.** Before the Plan is sent to HUD it will be approved by City Council. Copies of the draft Plan are available at the Housing and Neighborhoods Department office. The draft plan is also posted on the City's website at www.raleighnc.gov and accessible through the City's automated e-mail delivery system.

The proposed plan includes public comments made either orally at a public hearing or in writing. A summary of these comments or views and a summary of any comments or views not accepted and the rationale for not accepting the comments is attached to the final Consolidated Plan. Written responses are provided to all comments including complaints and grievances and/or proposals submitted during the Citizen Participation Planning process. The City makes every reasonable effort to provide a written response to all written comments within fifteen days of receipt of the

comment. A concise summary of citizen participation and consultation process, including efforts to broaden public participation, is included in the Plan.

7. Adequate and Timely Information

All aspects of citizen participation in the City of Raleigh government are conducted in an open manner, with freedom of access for all interested persons or groups. Information pertinent to the activities of the Housing and Neighborhoods Department is circulated to the public and made available for review in the Community Development Division (CDD) during normal business hours of the City. This information is made public subject to all applicable laws regarding confidentiality and personal privacy in the CDD office. Access to all documents is open except where prohibited by law. There may be reproduction costs charged to persons requesting personal copies of CDD documents. Every attempt is made to respond to written requests for information within 15 days of receipt.

8. Non-English-Speaking Persons

Where a significant number of very low, low- and moderate-income residents of blighted neighborhoods speak and read a primary language other than English, public hearing notices and basic information summaries are produced and made available in the appropriate language(s). The Community Services Division of the Housing and Neighborhoods Department has resources to help with this requirement, but a qualified interpreter inventory is maintained by the City of Raleigh's Communications Department, which also has a responsibility to promote public awareness of this service. It is the responsibility of the Housing and Neighborhoods Department to request this service when needed.

Informational material is sent as appropriate to non-profit and social services organizations that serve non-English speaking residents.

9. Persons with Disabilities

The City of Raleigh has taken steps to ensure that individuals with disabilities are able to participate in the public hearings held in City Council Chambers.

Audio enhancements have been installed in the City Council Chamber. Assistive listening devices are available upon request. Interpreters for deaf and hearing-impaired persons are available. Citizens in need of such assistance should provide a 24-hour notice by calling 919-996-3100 (voice) or 996-3107 (TDD).

10. Annual Performance Assessment and Reports

The Consolidated Annual Performance and Evaluation Report (CAPER) is a summary of Community Development Block Grant, HOME, ESG, and other housing program accomplishments for the past fiscal year. The CAPER is sent to HUD ninety days after the completion of the program year. Prior to its submission, the Housing and Neighborhoods Department will inform the public of the CAPER's availability for comment through a local newspaper, the City's web page (www.raleighnc.gov), and electronic notices.

Citizens have 15 days to examine the report and provide comments prior to its submission to HUD. A summary of all comments or views are attached to the CAPER submitted to HUD.

11. Program Amendments

From time to time, the Consolidated Plan or Annual Action Plan may be substantially amended to reflect changes in program activities and priorities. The following are considered substantial changes:

- A. Addition of a new activity or new priority not previously described,
- B. Cancellation of an activity category or deletion of a priority,
- C. A change in the purpose, scope, location, or beneficiaries of an activity, and
- D. A substantial change in the allocation or distribution of funds is defined as when the dollar amount of that change is equal to or greater than 25% of the City's current fiscal year federal budget by source (e.g., CDBG is undergoing a substantial change when 25% or more of that year's CDBG allocation plus program income is affected).

Prior to amending the Consolidated Plan or Action Plan, citizens will be given reasonable notice of, and opportunity to comment on, such proposed changes and the re-use of funds. The process to substantially amend the plan includes a public hearing using the public notice process described in section 5c above and a thirty (30) -day comment period to receive citizen comments on the proposed amendment prior to implementation. Citizens' comments, orally or in writing, will be considered. A summary of the comments and the rationale for not accepting any comments will be attached to the substantial amendment of the Consolidated Plan.

12. Technical Assistance

Technical assistance is provided to citizen organizations and very low, low and moderate-income persons who live in CD areas through a number of city departments. Staff support is provided through Community Specialists in the Community Engagement Division of the Housing and Neighborhoods Department who provide technical assistance to citizen groups. Assistance consists in part in helping to organize meetings, explaining City policies and referring questions and concerns to appropriate City departments and other agencies. Within the Housing and Neighborhoods Department, there are staff persons who are available to answer questions related to the CDBG, HOME, and ESG programs, as well as to offer technical assistance to groups representative of LMI citizens in developing proposals for assistance under these programs.

13. Complaint Procedure

Written or oral complaints or grievances concerning the Consolidated Planning process or the CDBG, HOME, and ESG programs should first be directed to the City's Housing and Neighborhoods Department. It is the policy of the City to provide a procedure for the acknowledgment, presentation, consideration, investigation and disposition of complaints received concerning Community Development programs.

The Housing and Neighborhoods Department makes every effort to respond to all complaints within fifteen (15) days of receipt by sending a written response. Should the complainant not be satisfied, the complainant may arrange a meeting with the Housing and Neighborhoods Director or the Assistant City Manager for Community to discuss the complaint. If the complaint can still not be satisfied, a written complaint may be submitted in writing to the City's Compliance Officer located in the City Manager Office. Any citizen may make an oral or written petition to the City Council to discuss problems not resolved at the staff level.

14. Relocation Plan and Anti-Displacement Policy

Displacement will be minimized but when it is unavoidable, any person(s) displaced due to the activities of the Consolidated Plan Programs receive(s) relocation assistance and relocation payments in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (Uniform Act) or 106(d) of the Housing and Community Development Act of 1974. The Relocation Staff provides information and assistance one-on-one to prospective displaced persons.

City of Raleigh, NC Recapture Policy

The City of Raleigh (City) offers a Homebuyer Assistance Program through which funds are made available to Low and Moderate Income (LMI) homebuyers. Funds may be used for down-payment assistance, closing costs and/or to cover any senior loan financing gap for the purchase of single-family housing that is modest housing as set forth in 24 CFR §92.254(a). Funding sources for these activities include City affordable housing bond program income and/or federal HOME Investment Partnership Program (HOME), as well as Community Development Block Grant (CDBG) funds. If CDBG funds are used, 24 CFR 570.201(n) applies and CDBG assistance is limited to 50% of costs.

The City, in compliance with 24 CFR Part 254(a)(5), uses the recapture provision for its HOME assisted activities, and applies the HOME regulations regardless of funding source used (i.e., where “HOME” is used below, it means “HOME or other funds provided for these uses by the City of Raleigh”). The recapture policy will be in effect for a timeframe equal to the period of affordability as described by the HOME program regulations under 24 CFR 92.254(a)(5)(i). The following table outlines the required minimum affordability periods.

HOME Amount Per Unit	Minimum Period of Affordability
Under \$15,000	5 years
\$15,000 - \$40,000	10 years
Over \$40,000	15 years

The City will use the following provisions when providing direct HOME subsidies to LMI homebuyers:

- The City will not use subrecipients, urban counties, CHDOs, or consortium members to make these direct HOME subsidies.
- Only the City’s Housing and Neighborhood Department will make direct HOME subsidies available to LMI homebuyers.
- The City requires full or partial repayment of the direct HOME subsidy when resale occurs during the affordability period. Direct subsidies are provided in the form of deferred payment, subordinate loans at 0% interest rate. During the term of the Note, the balance due under the Note shall be reduced by 10% on each anniversary of the Note starting on the 20th anniversary and then forgiven in its entirety at 30 years.
- If there are no net proceeds or insufficient proceeds to recapture the HOME investment due, the amount subject to recapture is limited to what is available from net proceeds.
- The City will use a Note, Deed of Trust, Loan Agreement and Deed Restrictions to enforce the recapture provisions of the HOME program found at 24 CFR 92.253(a)(5)(ii).
- The City will permit the homeowner to refinance the first mortgage without repayment of the subordinate mortgage (direct subsidy) for the purpose of lowering the interest rate. The homeowner is not permitted to consolidate debts or take cash out.
- In the event of foreclosure or short sale, in addition to the collection of the remaining balance of City’s subordinate mortgage, if any, the City will receive from said sale a percentage of the increase, if any, as computed by subtracting the greater of (1) Homeowners’ purchase price mentioned above or (2) in the case of a foreclosure or short sale, the total debt secured by the mortgagee’s lien, from the purchase price of the sale to the third-party purchaser.

DEFINITIONS

DIRECT HOME SUBSIDY is the amount of federal HOME assistance, including any program income that enables the homebuyer to buy their house. The direct subsidy includes HOME funds used for down payment, closing costs and/or to cover any senior loan financing gap.

NET PROCEEDS are defined as the proceeds from the sale, transfer or alienation of the Property minus non-HOME Loan repayments and any closing costs.

NC507 Continuum of Care Written Standards

OVERVIEW

The Raleigh-Wake Partnership to End and Prevent Homelessness (The Partnership) serves as the NC-507 Wake County Continuum of Care lead agency for the City of Raleigh and Wake County. The Partnership has developed these program standards to establish specific community-wide expectations for the best chance of ending homelessness. These guidelines create consistency across the community, protect our clients by putting their needs first, and provide a baseline for holding all CoC programs to a specific standard of care.

The Department of Housing and Urban Development (HUD) requires every Continuum of Care to evaluate outcomes of projects funded under the Emergency Solutions Grants program and the Continuum of Care program and report to HUD (24 CFR 578.7(a)(7)). In consultation with recipients of federal program funds within the geographic area, CoCs must establish and operate either a centralized or coordinated entry system that provides an initial, comprehensive assessment of the needs of individuals and families for housing and services.

In consultation with recipients of ESG program funds within the geographic area, CoCs must establish and consistently follow written standards for providing CoC assistance. At a minimum, these standards must include:

- Policies and procedures for evaluating individuals' and families' eligibility for assistance;
- Policies and procedures for determining and prioritizing which eligible individuals and families will receive transitional housing assistance (these policies must include the emergency transfer priority required under §578.99(j)(8));
- Policies and procedures for determining and prioritizing which eligible individuals and families will receive rapid rehousing assistance (these policies must include the emergency transfer priority required under §578.99(j)(8));
- Standards for determining what percentage or amount of rent each program participant must pay while receiving rapid rehousing assistance;
- Policies and procedures for determining and prioritizing which eligible individuals and families will receive permanent supportive housing assistance (these policies must include the emergency transfer priority required under §578.99(j)(8))

In addition, the following are the requirements for Written Standards for all Emergency Solution Grant (ESG) funded program types per 24 CFR Part 576(3): Emergency Solutions Grant Program Interim Rule:

- ESG funded programs are required to coordinate with other programs targeted to people experiencing homelessness in the area covered by the CoC to provide a strategic, community-wide system to prevent and end homelessness for the CoC; and
- ESG funded programs are required to coordinate to the maximum extent practicable, ESG-funded activities with mainstream housing, health, social services, employment, education, and youth programs for households experiencing homelessness or at-risk of homelessness.

DEFINITIONS

Acuity: When using the VI-SPDAT prescreens, acuity means the presence of a presenting issue based on the prescreening score. Acuity on the prescreening tool is expressed as a number with a higher score representing more complex, co-occurring issues likely to impact overall stability in permanent housing. When using a case management tool, acuity refers to the severity of the presenting issue and the ongoing goals in addressing these issues.

Case Management Tool: A standardized or community-approved tool for case management to track outcomes in the coordinated entry process. Housing programs administer this tool at program entry, housing entry, and every six months thereafter until program discharge. Upon discharge from the program, housing case managers administer the tool one final time 12 months later, when possible, to ensure the household continues to make progress.

Chronically Homeless: (1) an individual with a disability as defined in section 401(9) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11360(9)) who: (i) lives in a place not meant for human habitation, a safe haven, or in an emergency shelter; and (ii) has Page 4 of 11 been homeless and living as described in (i) continuously for at least 12 months or on at least 4 separate occasions in the last 3 years, as long as the combined occasions equal at least 12 months and each break in homelessness separating occasions included at least 7 consecutive nights of not living as described in (i). Stays in institutional care facilities for fewer than 90 days will not constitute as a break in homelessness, but rather such stays are included in the 12-month total, as long as the individual was living or residing in a place not meant for human habitation, a safe haven, or an emergency shelter immediately before entering the institutional care facility; (2) an individual who has been residing in an institutional care facility, including jail, substance abuse, or mental health treatment facility, hospital, or other similar facility, for fewer than 90 days and met all of the criteria in paragraph (1) of this definition, before entering that facility; or (3) a family with an adult head of household (or if there is not an adult in the family, a minor head of household) who meets all of the criteria in (1) or (2) of this definition, including a family whose composition had fluctuated while the head of homelessness has been homeless. (24 CFR 578.3)

Comparable Database: HUD-funded providers of housing and services (recipients of ESG and/or CoC funding) who cannot enter information by law into HMIS (victim service providers as defined under the Violence Against Women and Department of Justice Reauthorization Act of 2005) must operate a database comparable to HMIS. According to HUD, “a comparable database . . . collects client-level data over time and generates unduplicated aggregate reports based on the data.” The recipient or sub-recipient of CoC and ESG funds may use a portion of those funds to establish and operate a comparable database that complies with HUD’s HMIS requirements. (24 CFR 578.57)

Coordinated Entry: “A centralized or coordinated process designed to coordinate program participant intake, assessment, and provision of referrals across a geographic area. The . . . system covers the geographic area (designated by the CoC), is easily accessed by individuals and families seeking housing or services, is well advertised, and includes a comprehensive and standardized assessment tool” (24 CFR 578.3). CoC’s have the ultimate responsibility to implement coordinated entry in their geographic area.

Developmental Disability: As defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002): (1) A severe, chronic disability of an individual that (i) is attributable to a mental or physical impairment or combination of mental and physical impairments; (ii) is manifested before the individual attains age 22; (iii) is likely to continue indefinitely; (iv) results in

substantial functional limitations in three or more of the following major life activities: (a) self-care; (b) receptive and expressive language; (c) learning; (d) mobility; (e) self-direction; (f) capacity for independent living; (g) economic self-sufficiency; (v) reflects the individual's need for a combination and sequence of special, interdisciplinary, or generic services, individualized supports, or other forms of assistance that are of lifelong or extended duration and are individually planned and coordinated. (2) an individual from birth to age 9, inclusive, who has a substantial developmental disability or specific congenital or acquired condition, may be considered to have a developmental disability without meeting three or more of the criteria in (1)(i) through (v) of the definition of "developmental disability" in this definition if the individual, without services or supports, has a high probability of meeting these criteria later in life. (24 CFR 578.3) Page 5 of 11

Disabling Condition: According to HUD: (1) a condition that: (i) is expected to be of indefinite duration; (ii) substantially impedes the individual's ability to live independently; (iii) could be improved by providing more suitable housing conditions; and (iv) is a physical, mental, or emotional impairment, including an impairment caused by alcohol or drug abuse, posttraumatic stress disorder, or brain injury; or a developmental disability, as defined above; or the disease of Acquired Immunodeficiency Syndrome (AIDS) or any conditions arising from AIDS, including infection with the Human Immunodeficiency Virus (HIV). (24 CFR 583.5)

Diversion: Diversion is a strategy to prevent homelessness for individuals seeking shelter or other homeless assistance by helping them identify immediate alternate housing arrangements, and if necessary, connecting them with services and financial assistance to help them return to permanent housing. Diversion practices and programs help reduce the number of people becoming homeless and the demand for shelter beds.

Family: A family includes, but is not limited to the following, regardless of actual or perceived sexual orientation, gender identity, or marital status: (1) a single person, who may be an elderly person, displaced person, disabled person, near-elderly person, or any other single person; or (2) a group of persons residing together, and such group includes, but is not limited to: (i) a family with or without children (a child who is temporarily away from the home because of placement in foster care is considered a member of the family); (ii) an elderly family; (iii) a near-elderly family; (iv) a disabled family; (v) a displaced family; and (vi) the remaining member of a tenant family. (24 CFR 5.403)

Homeless: Category 1: an individual or family who lacks a fixed, regular, and adequate nighttime residence, meaning: (i) an individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground; (ii) an individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by Federal, State, or local government programs for low-income individuals); or (iii) an individual who exits an institution where he/she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution; Category 2: an individual or family who will immediately lose their primary nighttime residence, provided that: (i) the primary nighttime residence will be lost within 14 days of the date of application for homeless assistance; (ii) no subsequent residence has been identified; and (iii) the individual or family lacks the resources or support networks (e.g. family, friends, faith-based or other

social networks) needed to obtain other permanent housing; or Category 4: any individual or family who: (i) is fleeing, or attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or family member, including a child, that has either taken place within the individual's or family's primary nighttime residence; (ii) had no other residence; and (iii) lacks the resources or support networks (e.g. family, friends, and faith-based or other social networks) to obtain other permanent housing. (24 CFR 578.3) Page 6 of 11

Housing First: A national best practice model that quickly and successfully connects individuals and families experiencing homelessness to permanent housing without preconditions such as sobriety, treatment compliance, and service and/or income requirements. Programs offer supportive services to maximize housing stability to prevent returns to homelessness rather than meeting arbitrary benchmarks before permanent housing entry.¹

Prevention and Diversion Screening Tool: A tool used to reduce entries into the homeless service system by determining a household's needs upon initial presentation to shelter or other emergency response organizations. This screening tool gives programs a chance to divert households by assisting them to identify other permanent housing options and, if needed, providing access to mediation and financial assistance to remain in housing.

Rapid Re-housing: A national best practice model designed to help individuals and families exit homelessness as quickly as possible, return to permanent housing, and achieve long-term stability. Like Housing First, rapid rehousing assistance does not require adherence to preconditions such as employment, income, absence of a criminal record, or sobriety. Financial assistance and housing stabilization services match the specific needs of the household. The core components of rapid rehousing are housing identification/relocation, short- and/or medium-term rental and other financial assistance, and case management and housing stabilization services. (24 CFR 576.2)

Transitional Housing: Temporary housing for participants who have signed a lease or occupancy agreement with the purpose to transition households experiencing homelessness into permanent housing within 24 months.

VI-SPDAT (Vulnerability Index-Service Prioritization Decision Assistance Tool): An evidence-based tool used throughout NC-507 to determine initial acuity and set prioritization and intervention for permanent housing placement.

Street Outreach Written Standards

The NC-507 Continuum of Care developed the following Street Outreach performance standards to ensure:

- Program accountability to individuals and families experiencing unsheltered homelessness, specifically populations at greater risk or with the longest histories of homelessness
- Program compliance with the Department of Housing and Urban Development
- Service consistency within programs
- Adequate program staff competence and training, specific to the target population served

EXPECTATIONS

These performance standards attempt to provide a high standard of care that places community and client needs first. Based on best practices, this high standard of care is necessary to achieve our goal of ending homelessness in Raleigh/Wake County. The Partnership recommends that street outreach programs funded through other funding sources also follow these standards.

Unless otherwise outlined by the programs funding source, providers of Street Outreach must target unsheltered homeless individuals and families who lack a fixed, regular, and adequate nighttime residence, such as an individual or family with a primary nighttime residence that is in a public or private place not meant for human habitation including but not limited to a car, park, abandoned building, bus or train station, airport, or camping ground.

Outreach programs must meet people where they are, both geographically and emotionally. This means meeting people in locations that are most convenient for them as well as developing trusting relationships with unsheltered people through active listening, persistence, consistency, and without judgment. Because outreach happens in non-traditional settings with people who often have complex needs, outreach workers face challenges that require special skills to do their job well.

Engaging unsheltered people on their turf means workers must be able to maintain their and their client's safety, have strong ethics and boundaries, and good coping skills after working under very difficult and stressful circumstances. Outreach workers must make frequent judgment calls about balancing safety and ethics with clients' needs.

Since street outreach programs work with a vulnerable population that often has little or no access to services, the main component of street outreach work is to ensure the survival of people living on the streets. Street outreach programs provide necessary supplies for living unsheltered and assist people to access emergency shelters, especially during very cold or hot times of the year.

Regularly engaging community providers, including law enforcement and other city and county departments encountering unsheltered people, and creatively including homeless and formerly homeless individuals to assist in the engagement of this population are necessary to provide effective street outreach.

Street outreach programs must operate with a Housing First approach. Housing First programs believe that anyone can and should be housed and the barriers to permanent housing should be minimized. Housing First allows street outreach programs to move unsheltered individuals more quickly from places

not meant for human habitation into permanent housing.

PERFORMANCE STANDARDS PERSONNEL

STANDARD:

The program shall adequately staff services with qualified personnel to ensure the quality of service delivery, effective program administration, and the safety of staff and program participants.

Benchmarks

- The organization selects employees and/or volunteers with adequate and appropriate knowledge, experience, and stability for working with unsheltered individuals and families.
- The organization provides time for all employees and/or volunteers to attend webinars and/or trainings on program requirements, compliance, and best practices.
- The organization trains all employees and/or volunteers on program policies and procedures, available local resources, and specific skill areas relevant to assisting clients in the program.
- All programs should use the Homeless Management Information System (HMIS) wherein all end users must abide by the NC HMIS User and Participation Agreements, including adherence to the strict privacy and confidentiality policies.
- Staff supervisors of casework, counseling and/or case management services have, at a minimum, a bachelor's degree in a human service-related field and/or experience working with unsheltered individuals and families.
- All program staff have written job descriptions that address tasks staff must perform and the minimum qualifications for the position.
- The organization will train program staff on general topics such as self-care, teamwork, boundaries and ethics, and personal safety. It will also train staff on specific skills necessary to effectively connect with unsheltered individuals, including, but not limited to, relationship- building, motivational interviewing, cultural competence, effective referrals and linkages, basic medical and mental health care, and conflict de-escalation.

STREET OUTREACH

Standard: Street outreach programs will provide assertive outreach and engagement to unsheltered individuals living in places not meant for human habitation, and assist them in accessing emergency shelter, physical and behavioral health services, income supports, and permanent housing.

Benchmarks:

- Street outreach programs will assertively outreach and engage unsheltered individuals where they are, seeking them in campsites, under bridges, near the entrance and exit ramps to roads and highways, in abandoned buildings, living in bus or train stations, or other places not meant for human habitation.
- Street outreach programs will collaborate with local service or basic needs providers and organizations where unsheltered individuals seek basic services such as food pantries, crisis centers, community centers, day shelters, and others, setting up regularly scheduled times to outreach and engage unsheltered individuals in these locations.
- Street outreach programs should provide outreach and engagement, crisis intervention counseling, case management, emergency and permanent housing planning, employment and other income assistance, and life skills training. Program staff will help unsheltered individuals connect to physical and mental health services, substance abuse treatment, transportation, services for special populations (i.e. developmental disabilities, HIV/AIDS), and other mainstream services, including public benefits such as Social

Security Disability, Medicaid/Medicare, Food Stamps, TANF.

- Street outreach programs may not deny or terminate services to individuals unwilling or unable to obtain higher-level services or follow a basic case management plan.
- Street outreach programs must actively participate in the NC-507 Coordinated Access System. Program staff will assess unsheltered individuals with the VI-SPDAT as soon as possible and participate in community bi-weekly case conferencing meetings.
- Street outreach programs shall not charge money for any housing or supportive service provided.
- Street outreach programs must work to connect their clients to permanent housing programs, such as rapid re-housing and permanent supportive housing, in the community. When appropriate based on the individual's needs and wishes, the provision of or referral to rapid rehousing services that can quickly assist individuals to obtain safe, permanent housing shall be prioritized over the provision of or referral to an emergency shelter or transitional housing services. If a permanent housing program does not have availability or the client is not currently matched to a program, Street Outreach programs must continue to engage clients and discuss alternative housing options.
- Communities will share information across outreach teams and sites and engage with other systems, including law enforcement, hospitals, and emergency departments, corrections, libraries, and job centers to proactively seek all unsheltered people within CoC, including people living in encampments or tent cities, and not be limited to serving only persons seeking assistance. This *must* be conducted by prioritizing the client's privacy, health, and safety above all else.
- All outreach should be person-centered and emphasize building rapport and trust as a means of helping people obtain housing with appropriate services.

OUTREACH AND ENGAGEMENT

Standard: Programs will locate, identify, and build relationships with unsheltered people experiencing homelessness and engage them to provide immediate support, intervention, and connections with homeless assistance programs, essential services, and permanent housing programs.

Benchmarks:

- All participants must meet the following program eligibility requirements for street outreach programs unless otherwise specified by a program funder:
 - Unsheltered homeless, living in places not meant for human habitation such as campsites, abandoned buildings, bus or train stations, in cars, or under bridges
 - All Street Outreach providers must use the standard order of priority for documenting evidence to determine unsheltered homeless status. Street Outreach must document in the client file that the agency attempted to obtain the documentation in the preferred order. The order should be as follows:
 - Third-party documentation (including HMIS)
 - Intake worker observations through outreach and visual assessment
 - Self-certification of the person receiving assistance
 - Programs should engage individuals, make an initial assessment of needs, and determine unsheltered homeless status. During outreach, if programs determine that an individual does not meet the definition of unsheltered homelessness, they should still connect any literally homeless person needing assistance to the Coordinated Entry System to access needed services, but not enroll them for expanded services in the street outreach program.
 - Programs can only turn away unsheltered individuals from program entry for the following reasons:

- The individual does not meet the unsheltered homeless definition
- The safety of staff is at imminent risk
- The individual does not meet other program requirements set by the program funder. i.e. PATH, Runaway and Homeless Youth (RHY) Street Outreach, etc.
- Programs cannot disqualify an individual or family from entry because of:
 - Employment status or lack of income.
 - Evictions or poor rental history.
 - Unwillingness or inability to obtain higher-level services or follow a basic case management plan.
- Programs may make services available and encourage engaged individuals to participate in higher-level services but cannot make service usage a requirement.
- Street outreach programs must continue to outreach and engage unsheltered individuals regularly, offering them higher-level services, and ensuring basic needs are met.
- Programs will maintain releases of information, case notes, and all pertinent demographic and identifying data in HMIS as allowable by program type. Paper files should be maintained in a locked cabinet behind a locked door with access strictly reserved for caseworkers and administrators.

CASE MANAGEMENT SERVICES

Standard: Street outreach programs shall provide access to case management services by trained staff to any unsheltered individuals, matching their needs and desires.

Benchmarks:

- Street outreach staff provide regular and consistent case management and connect program participants to essential services based on the individual's specific needs and the level at which the participant desires.
 - Case management includes:
 - Building trusting, lasting relationships with unsheltered individuals.
 - Providing access to essential services, such as emergency health services, emergency mental health services, and transportation to eligible services.
 - Assessing, planning, coordinating, implementing, and evaluating the services delivered to the participant. Program staff will engage participants in an individualized housing and services plan. Participants do not need to access additional services to be referred to permanent housing providers.
 - Helping clients to create strong support networks and participate in the community, as they desire.
 - Encouraging unsheltered individuals to seek emergency shelter and advocating with local shelter providers to accept and work with the individual, per the Coordinated Entry System.

TERMINATION STANDARD:

Termination should be limited to only the most severe cases. Programs will exercise sound judgment and examine all extenuating circumstances when determining if violations warrant program termination (24 CFR 576.402).

Benchmarks:

- In general, the program may terminate assistance under a formal process established by the program

that recognizes the rights of individuals and families affected.

- The program is responsible for providing evidence that extenuating circumstances were considered and significant attempts were made to help the client continue in the program. Programs should have a formal, established grievance process in its policies and procedures for participants who feel assistance was wrongly terminated.
- Programs should only terminate assistance when a participant has presented a terminal risk to staff or other clients. If a barred client presents him/herself later, programs should review the case to determine if the debarment can be removed to give the participant a chance to receive further assistance.
 - Programs may deny entry or terminate services for program-specific violations relating to the safety and security of program staff and participants.

Emergency Shelter Written Standards

The NC-507 Continuum of Care developed the following Emergency Shelter performance standards to ensure:

- Program accountability to individuals and families experiencing homelessness, specifically populations at greater risk or with the longest histories of homelessness
- Program compliance with the Department of Housing and Urban Development and the Department of Veteran Affairs
- Service consistency within programs
- Adequate program staff competence and training, specific to the target population served

EXPECTATIONS

All program grantees using the Department of Housing and Urban Development Continuum of Care and the Department of Veteran's Affairs VA Supportive Housing (VASH) funding must adhere to these performance standards. Programs funded through the Continuum of Care will be monitored by The Partnership to ensure compliance. These performance standards attempt to provide a high standard of care that places community and client needs first. Based on proven best practices, this high standard of care is necessary to achieve our goal of ending homelessness in Wake County.

EMERGENCY SHELTER

Emergency shelter is any facility whose primary purpose is to provide temporary housing for individuals or families experiencing homelessness for 90 days or less. Emergency shelters, as we know them today, emerged during the late 1970s and early 1980s in response to an increasing number of individuals experiencing homelessness. These initial shelters were meant to provide a short-term emergency stay for individuals as they rehoused themselves. However, because of decreased affordable housing in urban centers, a lack of substantive supportive services catering to the needs of homeless individuals, and a large subpopulation of individuals with disabling conditions, the movement out of the emergency shelter into permanent housing stalled with many individuals staying in the shelter for long periods of time.

With the advent of permanent supportive housing and rapid rehousing based on the national best practice, Housing First, communities are moving some of their most vulnerable homeless individuals and families with the longest histories of homelessness into permanent housing. This allows the emergency shelter system to regain its original intention, providing individuals experiencing homelessness a temporary stay until they can regain permanent housing.

Emergency shelters serve a wide variety of people experiencing homelessness in our communities and may target their services to a population. Many emergency shelters serve a single-gender, individuals and/or families, people fleeing domestic violence, or a combination thereof. The most effective emergency shelters direct their services and resources toward a truly interim housing solution and have strong connections to permanent housing programs catering to the needs of people experiencing homelessness. Emergency shelters can provide short-term housing for individuals and families waiting for placement in a rapid rehousing or permanent supportive housing program.

PERFORMANCE STANDARDS PERSONNEL

STANDARD:

Programs shall adequately staff services with qualified personnel to ensure the quality of service delivery, effective program administration, and the safety of program participants.

Benchmarks

- The organization selects employees and/or volunteers with adequate and appropriate knowledge, experience, and stability for working with individuals and families experiencing homelessness and/or other issues that place individuals and/or families at risk of homelessness.
- The organization provides time for all employees and/or volunteers to attend webinars and/or trainings on program requirements, compliance, and best practices.
- The organization trains all employees and/or volunteers on program policies and procedures, available local resources, and specific skill areas relevant to assisting clients in the program.
- All paid and volunteer staff participate in ongoing internal and/or external training on the community-approved prevention and diversion screening tool, the individual and family VI-SPDAT screening tool, and the community-approved case management tool.
- For programs using the Homeless Management Information System (HMIS), all end users must abide by the NC HMIS End User and Participation Agreements, including adherence to the strict privacy and confidentiality policies.
- Staff supervisors of casework, counseling, and/or case management services have, at a minimum, a bachelor's degree in a human service-related field and/or experience working with individuals and families experiencing homelessness and/or other issues that place individuals and/or families at risk of homelessness.
- Staff supervising overall program operations have, at a minimum, a bachelor's degree in a human service-related field and/or demonstrated ability and experience that qualifies them to assume such responsibility.
- All program staff have written job descriptions that address tasks staff must perform and the minimum qualifications for the position.
- If the shelter provides case management as part of its programs, case managers provide case management with the designated case management tool frequently (every six months minimum) for all clients.
- Organizations should share and train all program staff on the NC-507 Emergency Shelter Written Standards.

CLIENT INTAKE PROCESS STANDARD:

Programs will actively participate in their community's coordinated entry system. Programs will serve the most vulnerable individuals and families needing assistance.

Benchmarks

- All adult program participants must meet the following program eligibility requirements in ESG-Funded Emergency Shelter:
 - 18 years or older
 - Literally homeless, imminently at-risk of homelessness, and/or fleeing or attempting to flee domestic violence (see definitions listed above for Category 1, 2, and 4 of the

homeless definition)

- All ESG recipients must use the standard order of priority for documenting evidence to determine homeless status and chronically homeless status. Grantees must document in the client file that the agency attempted to obtain the documentation in the preferred order. The order should be as follows:
 - Third-party documentation (including HMIS)
 - Intake worker observations through outreach and visual assessment
 - Self-certification of the person receiving assistance
- Programs can only turn away individuals and families experiencing homelessness from program entry for the following reasons:
 - Household makeup (provided it does not violate HUD's Fair Housing and Equal Opportunity requirements): singles-only programs can disqualify households with children; families-only programs can disqualify single individuals
 - All program beds are full
 - If the program has in residence at least one family with a child under the age of 18, the program may exclude registered sex offenders and persons with a criminal record that includes a violent crime from the program so long as the child resides in the same housing facility (24 CFR 578.93)
- Programs cannot disqualify an individual or family because of employment status or lack of income.
- Programs cannot disqualify an individual or family because of evictions or poor rental history.
- Programs may make services available and encourage adult household members to participate in program services but cannot make service usage a requirement to deny initial or ongoing services.
- Programs will maintain release of information, case notes, and all pertinent demographic and identifying data in HMIS as allowable by program type. Paper files should be maintained in a locked cabinet behind a locked door with access strictly reserved for caseworkers and administrators.
- Programs may deny entry or terminate services for program-specific violations relating to the safety and security of program staff and participants.

EMERGENCY SHELTER STANDARD:

Shelters will provide safe, temporary housing options that meet participant needs under guidelines set by the Department of Housing and Urban Development.

Benchmarks:

- Shelters must meet state or local government safety, sanitation, and privacy standards. Shelters should be structurally sound to protect residents from the elements and not pose any threat to the health and safety of the residents.
- Shelters must be accessible under Section 504 of the Rehabilitation Act, the Fair Housing Act, and Title II of the Americans with Disabilities Act, where applicable.
- Shelters may provide case management, counseling, housing planning, child care, education services, employment assistance and job training, outpatient health services, legal services, life skills training, mental health services, substance abuse treatment, transportation, and services for special

populations per 24 CFR 576.102 but cannot deny shelter services to individuals and families unwilling to participate in supportive services. See the next section for specific required and optional services shelters must provide.

- Shelters providing shelter to families may not deny shelter to a family based on the age and gender of a child under 18 years of age.
- Shelters must comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821- 4946), the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851- 4956), and implementing regulations in 24 CFR part 35, subparts A, B, H, J, K, M, and R.
- Shelters must actively participate in their community's coordinated entry system.
- Shelters shall not charge money for any housing or supportive service provided.
- Programs must work to link their clients to permanent housing programs, such as rapid rehousing and permanent supportive housing, in the community.

CASE MANAGEMENT SERVICES STANDARD:

Shelters shall provide access to case management services by trained staff to each individual and/or family in the program.

Benchmarks (Standard Available Services)

- Shelters must provide the client with a written copy of the program rules and the termination process before he/she begins receiving assistance.
- Shelter staff provide regular and consistent case management to shelter residents based on the individual's or family's specific needs. Case management includes:
 - Assessing, planning, coordinating, implementing, and evaluating the services delivered to the resident(s).
 - Assisting clients to maintain their shelter bed in a safe manner and understand how to get along with fellow residents.
 - Helping clients to create strong support networks and participate in the community as they desire.
 - Creating a path for clients to permanent housing through providing rapid rehousing or permanent supportive housing or a connection to another community program that provides these services.
 - If the shelters provide case management as part of its programs, use of the community-approved case management tool for ongoing case management and measurement of acuity over time, determining changes needed to better serve residents.
- Shelter staff or other programs connected to the shelter through a formal or informal relationship will assist residents in accessing cash and non-cash income through employment, mainstream benefits, childcare assistance, health insurance, and others. Ongoing assistance with basic needs.

Benchmarks (Optional but recommended services, often from other providers)

- Representative payee services.
- Basic life skills, including housekeeping, grocery shopping, menu planning, and food preparation, consumer education, bill paying/budgeting/financial management, transportation, and obtaining vital documents (social security cards, birth certificates, school records).
- Relationship-building and decision-making skills.

- Education services such as GED preparation, post-secondary training, and vocational education.
- Employment services, including career counseling, job preparation, resume-building, dress, and maintenance.
- Behavioral health services such as relapse prevention, crisis intervention, medication monitoring, and/or dispensing outpatient therapy and treatment.
- Physical health services such as routine physicals, health assessments, and family planning.
- Legal services related to civil (rent arrears,

TERMINATION STANDARDS:

Termination should be limited to only the most severe cases. Programs will exercise sound judgment and examine all extenuating circumstances when determining if violations warrant program termination (24 CFR 576.402). NC-507 CoC recommends programs work with other community service providers to develop a board to hear client grievances.

Benchmarks

- In general, if a resident violates program requirements, the shelter may terminate assistance under a formal process established by the program that recognizes the rights of individuals and families affected. The program is responsible for providing evidence that it considered extenuating circumstances and made significant attempts to help the client continue in the program. Programs should have a formal, established grievance process in its policies and procedures for residents who feel the shelter wrongly terminated assistance.
- Shelters must provide the client with a written copy of the program rules and the termination process before he/she begins receiving assistance and keep a copy signed by the client in the file.
- Programs may carry a barred list when a client has presented a terminal risk to staff or other clients. If a barred client presents him/herself at a later date, programs should review the case to determine if the debarment can be removed to give the program a chance to provide further assistance at a later date.

CLIENT AND PROGRAM FILES STANDARD:

Shelters will keep all client files up-to-date and confidential to ensure effective delivery and tracking of services.

Benchmarks

- Client and program files should, at a minimum, contain all of the information and forms required by HUD at 24 CFR 576.500 and the state ESG office, service plans, case notes, referral lists, and service activity logs including services provided directly by the shelter program and indirectly by other community service providers. ESG requires:
 - Documentation of homeless status (see above for the priority of types of documentation)
 - Determination of ineligibility, if applicable, which shows the reason for this determination
 - Annual income evaluation
 - Program participant records
 - Documentation of using the community's coordinated entry system
 - Compliance with shelter and housing standards
 - Services and assistance provided
 - Expenditures and match
 - Conflict of interest/code of conduct policies

- Homeless participation requirement
- Faith-based activity requirement, if applicable
- Other Federal requirements, if applicable
- Confidentiality procedures
- All client information should be entered into the NC HMIS under data quality, timeliness, and additional requirements found in the agency and user participation agreements. At a minimum, programs must record the date the client enters and exits the program, enter HUD required data elements, and update the client's information as changes occur.
- Programs must maintain the security and privacy of written client files and shall not disclose any client-level information without written permission of the client as appropriate, except to program staff and other agencies as required by law. Clients must give informed consent to release any client identifying data to be utilized for research, teaching, and public interpretation. All programs must have consent for release of information form for clients to use to indicate consent in sharing information with other parties.
- All records about ESG funds must be retained for the greater of 5 years or the participant records must be retained for 5 years after the expenditure of all funds from the grant under which the program participant was served. Agencies may substitute written files with microfilm, photocopies, or similar methods.

EVALUATION AND PLANNING STANDARD:

Shelter will conduct ongoing planning and evaluation to ensure programs continue to meet community needs for individuals and families experiencing homelessness.

Benchmarks

- Agencies maintain written goals and objectives for their services to meet the outcomes required by ESG.
- Programs review case files of clients to determine if existing services meet their needs. As appropriate, programs revise goals, objectives, and activities based on their evaluation.
- Programs conduct, at a minimum, an annual evaluation of their goals, objectives, and activities, adjusting the program as needed to meet the needs of the community.
- Programs regularly review project performance data in HMIS to ensure the reliability of data. Programs should review this information, at a minimum, quarterly.

Rapid Rehousing Written Standards

The NC-507 Continuum of Care developed the following Rapid Rehousing performance standards to ensure:

- Program accountability to individuals and families experiencing homelessness, specifically populations at greater risk or with the longest histories of homelessness
- Program compliance with the Department of Housing and Urban Development and the Department of Veteran Affairs
- Service consistency within programs
- Adequate program staff competence and training, specific to the target population served

EXPECTATIONS

All program grantees using Department of Housing and Urban Development Continuum of Care, Emergency Solutions Grant, VA SSVF, and HOME TBRA funding must adhere to these performance standards. Rapid Rehousing programs funded through the Continuum of Care and Emergency Solutions Grant will be monitored by the Partnership to ensure compliance. The NC-507 CoC recommends that rapid rehousing programs funded through other sources also follow these standards. These performance standards attempt to provide a high standard of care that places community and client needs first. Based on proven best practices, this high standard of care is necessary to achieve our goal of ending homelessness in Wake County.

Some requirements and parameters for rapid rehousing assistance vary from program to program. It will be necessary to refer to the regulations for each program along with these program standards (CoC: 24 CFR 587; ESG: 24 CFR 576; SSVF: 38 CFR 62; HOME: 24 CFR 570). The program standards note many of the differences below in each of the following sections. For other helpful documents to check for compliance with requirements, see the footnotes below.²

RAPID REHOUSING

Rapid rehousing provides an immediate permanent housing solution for vulnerable homeless individuals and families by providing short-term rental assistance and services.³ Common publicly-funded types of rapid rehousing programs include HUD CoC-funded rapid rehousing, Emergency Solutions Grant-funded rapid rehousing, Supportive Services for Veteran Families (SSVF) programs funded through the Department of Veteran Affairs, and Tenant-Based Rental Assistance programs funded through the HOME Investments Partnership (HOME) formula grant program. Research shows rapid rehousing to be one of the most effective types of contemporary homeless service programs to end homelessness from a financial and housing stability perspective.⁴

³ <https://www.gpo.gov/fdsys/granule/CFR-2012-title24-vol3/CFR-2012-title24-vol3-part576/content-detail.html>

⁴ <http://www.urban.org/sites/default/files/alfresco/publication-pdfs/2000265-Rapid-Re-housing-What-theResearch-Says.pdf>

In general, rapid rehousing programs have latitude in determining the target population the program will serve and a great degree of flexibility in how programs apply subsidies, in duration and amount, to house and stabilize individuals and families experiencing homelessness. Many rapid rehousing programs focus on ending homelessness among youth and family populations. Other programs focus exclusively on veterans and veteran families. Others design their programs to target the needs of survivors of domestic violence or persons experiencing chronic or episodic homelessness. Rapid rehousing is an intervention that can adapt to serve individuals, families, and youth with a variety of housing barriers.

No matter the focus population, all rapid rehousing programs should adopt a Housing First philosophy by reducing barriers to eligibility (i.e. no income, sobriety, and rental history) and housing people as quickly as possible. These programs should also participate in the coordinated entry process, including the local prioritization of individuals and families for permanent housing interventions. In Wake County, each Access Site and Emergency Shelter utilizes a community-approved prevention and diversion screening tool and the Individual and Family VI-SPDAT Prescreen Tools to assist in determining priorities and housing triage methods, while permanent housing programs use a case management tool for more developed housing placement purposes and intensive case management over time. Communities use the VI-SPDAT to prioritize individuals and families experiencing literal homelessness based on chronicity, length of time homeless, and an acuity score that indicates the type of housing intervention best suited to their ongoing needs.

PERFORMANCE STANDARDS PERSONNEL

STANDARD:

Programs shall adequately staff services with qualified personnel to ensure the quality of service delivery, effective program administration, and the safety of program participants.

Benchmarks

- The organization selects employees and/or volunteers with adequate and appropriate knowledge, experience, and stability for working with individuals and families experiencing homelessness and/or other issues that place individuals and/or families at risk of homelessness.
- The organization provides time for all employees and/or volunteers to attend webinars and/or trainings on program requirements, compliance, and best practices.
- The organization trains all employees and/or volunteers on program policies and procedures, available local resources, and specific skill areas relevant to assisting clients in the program.
- Program designates staff whose responsibilities include identification and recruitment of landlords, encouraging them to rent to homeless households served by the program. Staff have the knowledge, skills, and agency resources to understand landlords' perspectives, understand landlord and tenant rights and responsibilities, and negotiate landlord supports. Grantees should train their case management staff who have housing identification responsibilities on this specialized skill set to perform the landlord recruitment function effectively.
- For programs using the Homeless Management Information System (HMIS), all end users must abide by the NC HMIS End User and Participation Agreements, including adherence to the strict privacy and confidentiality policies.
- Staff supervisors of casework, counseling, and/or case management services have, at a minimum, a bachelor's degree in a human service-related field and/or experience working with individuals and families experiencing homelessness and/or other issues that place individuals and/or families at risk of homelessness.

- Staff supervising overall program operations have, at a minimum, a bachelor's degree in a human service-related field and/or demonstrated ability and experience that qualifies them to assume such responsibility.
- All program staff have written job descriptions that address tasks staff must perform and the minimum qualifications for the position. Ideally, rapid rehousing programs would have staff dedicated to housing identification and landlord recruitment. However, if programs cannot have dedicated staff, case manager job descriptions must include responsibilities for landlord recruitment and negotiation.
- Case managers provide case management with an approved case management tool frequently (minimum of bi-monthly) for all clients.
- Organizations should share and train all program staff on the NC-507 Rapid Rehousing Written Standards.

PRIORITY FOR TENANTS WHO NEED EMERGENCY TRANSFERS UNDER VAWA 2013 STANDARD:

Tenants eligible for emergency transfers under the NC-507 emergency transfer policy and VAWA statute and regulations have priority for open rapid rehousing units if they also meet all eligibility requirements and relevant prioritization requirements for the project.

CLIENT INTAKE PROCESS STANDARD:

Programs will actively participate in their community's coordinated entry system by only taking referrals from the coordinated entry system for their program. At a minimum, programs will perform the Prevention and Diversion screening tool to determine the ability of the program to divert the presenting household from the homeless service system and/or the VI-SPDAT Prescreen on all program applicants to determine their acuity score. The program will limit entry requirements to ensure that the program serves the most vulnerable individuals and families needing assistance.

Benchmarks

- All adult program participants must meet the following program eligibility requirements:
 - Rapid rehousing programs work with households who meet the definition of homelessness in the definitions section of the performance standards (CoC RRH programs may work with participants in Categories 1 and 4. ESG RRH programs may work with participants in Category 1 and literally homeless participants in Category 4). SSVF programs should follow specific guidelines for eligible participants.
 - Adult household members can participate in developing and carrying out an appropriate housing stability plan and maintain accountability of said plan.
 - CoC programs should also assess participant eligibility based on eligibility criteria established by the NOFA for the year of the award.
- Programs cannot disqualify an individual or family because of prior evictions, poor rental history, criminal history, or credit history.
- Programs focus on engaging participants by explaining available services and encouraging each adult household member to participate in said services, but programs do not make service usage a requirement or the denial of services a reason for disqualification or eviction.
- Programs must use the standard order of priority of documenting evidence to determine homeless status and chronically homeless status per the program's eligibility requirements. Grantees must document in the client file that the agency attempted to obtain the documentation in the preferred order. The order should be as follows:

- Third-party documentation (including HMIS)
- Intake worker observations through outreach and visual assessment.
- Self-certification of the person receiving assistance.
- Programs will maintain release of information, case notes, and all pertinent demographic and identifying data in HMIS as allowable by program type. Paper files should be maintained in a locked cabinet behind a locked door with access reserved for caseworkers and administrators.
- Programs can turn away individuals and families experiencing homelessness from program entry for only the following reasons:
 - Household makeup (provided it does not violate HUD's Fair Housing and Equal Opportunity requirements): singles-only programs can disqualify households with children; families-only programs can disqualify single individuals
 - Rapid rehousing subsidy money has been exhausted
 - If the housing has in residence at least one family member with a child under the age of 18, the program may exclude registered sex offenders and persons with a criminal record that includes a violent crime from the program so long as the child resides in the same housing facility (24 CFR 578.93)
 - For SSVF and HOME programs only, the family or individual has household income over 50% of area median income

RAPID REHOUSING STANDARD:

Programs will assist participants in locating and moving into safe, affordable housing, providing housing stabilization and case management services meant to provide long-term sustainability as defined under the specific program type.

Benchmarks

- Programs explain program rules and expectations before admitting the individual or family into the program. Programs have rules and expectations that ensure fairness and avoid arbitrary decisions that vary from client to client or staff to staff.
- Programs consider the needs of the household in terms of location, cost, number of bedrooms, handicap access, and other pertinent information when moving a household into housing. Programs will assess potential housing for compliance with program standards for habitability, lead-based paint, and rent reasonableness before the individual or family signing a lease and the program signing a rental assistance agreement with the landlord.
- Programs may assist with rental application fees (ESG, CoC and SSVF only), moving costs (ESG, SSVF, and CoC only), temporary storage fees (ESG and SSVF programs only), security deposits (up to 2 months for ESG, CoC and HOME), last month's rent (ESG, CoC and SSVF only), utility deposits, utility payments, rental arrears (up to 6 months for ESG), utility arrears (up to 6 months for ESG), credit repair (ESG and CoC only), and legal services (ESG and CoC only) related to obtaining permanent housing. Grantees should follow the specifics of the grant program under which their program is funded to understand specific restrictions for each program and the maximum number of months allowed for rental and utility assistance.
- Lease: The program participant will sign a lease directly with a landlord or property owner. Grantees may only make payments directly to the landlord or property owner. Initial lease agreements should be for one year, renewable for a minimum term of one month, and terminable only for cause. HOME TBRA leases should not have prohibited lease provisions (24 CFR 92.253).

- Rental Assistance Agreement: Grantees may make rental and utility assistance payments only to an owner with whom the household has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided. The rental assistance agreement must provide that, during the term of the agreement, the landlord must give the grantee a copy of any notice to the program participant to vacate the housing unit or any complaint used under state or local law to commence a legal eviction against a program participant.
- Programs should take a progressive approach when determining the amount that households will contribute toward their monthly rent payment. Programs should remain flexible, considering the unique and changing needs of the household. The household's payment cannot exceed ESG, CoC, SSVF, or HOME regulations. Except for the HOME TBRA program, programs can choose not to charge households rent during their participation in the program. All rent payments made by program participants must be paid directly to the landlord or property owner. Programs will review the amount of rental assistance paid for the participating household every 3 months and changes made to the agreement will be determined by continued need and ability of the household to sustain housing long-term. Programs should have written policies and procedures for determining the rent amount participants pay towards housing costs. This amount must be reasonable based on household income (this could potentially be 50-60% of their monthly income), including \$0 for households with no income. These policies should also address when and how programs use financial assistance as a bridge to housing subsidy or a permanent supportive housing program.
- When determining the amount and length of financial assistance, programs should base their decision on the needs of the household and its long-term housing stability plan. Programs should have well-defined policies and procedures for determining the amount and length of time for financial assistance to program participants as well as defined and objective standards for when case management and/or financial assistance should continue or end. Programs must review the amount of rental assistance provided every 3 months and continued need determined through consultation between the participant and the case manager. Programs should review regulations for the funding source to determine maximum months they can pay for rental assistance.
- Use with other subsidies: Except for the one-time payment of rental arrears on the program participant's portion of the rental payment, rental assistance cannot be provided to a program participant who receives other tenant-based rental assistance or who is living in a housing unit receiving project-based rental or operating assistance through public sources. Programs can pay for security and utility payments for program participants to move into these units when other funding sources cannot be identified.
- HUD CoC grantees will adhere to the responsibilities of grant management outlined by the CoC Written Standards.

HOUSING STABILIZATION/CASE MANAGEMENT SERVICES STANDARD:

Programs shall provide access to housing stabilization and/or case management services by trained staff to each individual and/or family in the program.

Benchmarks (Standard Available Services)

- Programs provide individual housing stabilization and/or case management services to program participants at least monthly. These services include:
 - Housing stability services to assist participants in locating and obtaining suitable, affordable permanent housing, including:

- Assessment of housing barriers, needs, and preferences.
- Development of an action plan for locating housing.
- Housing search.
- Outreach to and negotiation with landlords or property owners.
- Tenant counseling.
- Assessment of housing for compliance with program type requirements for habitability, lead- based paint and rent reasonableness.
- Assistance with submitting rental applications.
- Understanding lease agreements.
- Arranging for utilities.
- Making moving arrangements.
- Assuring participants have the basics at move-in, including simple furnishings, mattresses, and cooking utensils like pots and pans.
- o Case management services, including assessing, arranging, coordinating, and monitoring the delivery of individualized services to facilitate housing stability for participants who have obtained and maintained permanent housing through the homelessness prevention or rapid rehousing program by:
 - Developing, in conjunction with the participant, an individualized housing and service plan with a path to permanent housing stability.
 - Developing, securing, and coordinating services.
 - Obtaining federal, state, and local benefits.
 - Monitoring and evaluating program participants' progress towards goals.
 - Providing information about and referrals to other providers.
 - Conducting 3-month evaluations to determine ongoing program eligibility.
- o Programs may offer other services, including:
 - Legal services to resolve a legal problem prohibiting a program participant from obtaining or retaining permanent housing (only ESG and CoC), including:
 - Client intake.
 - Preparation of cases for trial.
 - Provision of legal advice.
 - Representation of legal advice.
 - Counseling.
 - Filing fees and other necessary court costs.
 - Mediation between the program participant and the owner or person(s) with whom the participant is living (only ESG and CoC).
 - Credit repair (only ESG and CoC), including:
 - Credit counseling.
 - Accessing a free personal credit report.
 - Resolving personal credit problems.
 - Other services needed to assist with critical skills related to household budgeting and money management.
- Case management includes the following types of contact: home visits, office visits, meeting in a location in the community, or phone calls (at least one visit per month must be in person). Programs should use an approved case management tool as a guide for their case management services to program participants. Meeting times, place, and frequency should be mutually agreed upon by both the participant and case manager.

- CoC and ESG RRH programs must meet with participants at least once per month to assist the participant in long-term housing stability. Program staff must conduct an annual assessment of service needs.
- The program will evaluate the household for continued eligibility every three months or as changes are reported in household income and housing stability. To continue receiving rapid rehousing assistance, the household must demonstrate:
 - Lack of resources and support networks. The household must continue to lack sufficient resources and support networks to retain housing without program assistance.
 - Need. The program must determine the amount and type of assistance that the household needs to (re)gain stability in permanent housing.
 - For ESG, at the 12-month annual recertification, the client's income must be at or below 30% Area Median Income.

Benchmarks (Optional but recommended services, often from other providers)

- Representative payee services.
- Relationship-building and decision-making skills.
- Education services such as GED preparation, post-secondary training, and vocational education.
- Employment services, including career counseling, job preparation, resume-building, dress, and maintenance.
- Behavioral health services such as relapse prevention, crisis intervention, medication monitoring, and/or dispensing, outpatient therapy, and treatment.
- Physical health services such as routine physicals, health assessments, and family planning.
- Legal services related to civil (rent arrears, family law, uncollected benefits) and criminal (warrants, minor infractions) matters.
- For CoC PSH, in addition to the services mentioned such as one-time moving costs and case management, other eligible supportive service costs include childcare, food, housing search and counseling, outreach services, transportation, and one-time utility deposit.

SERVICE COORDINATION STANDARDS:

Programs will assist program participants in obtaining appropriate supportive services and other federal, state, local, and private assistance as needed and/or requested by the household. Program staff will be knowledgeable about mainstream resources and services in the community.

Benchmarks:

- Programs should arrange with appropriate community agencies and individuals the provision of education, employment, and training; schools and enrichment programs; healthcare and dental clinics; mental health resources; substance abuse assessments and treatment; legal services, credit counseling services; and other assistance requested by the participant, which programs do not provide directly to clients.
- Programs coordinate with other mainstream resources for which participants may need assistance: emergency financial assistance; domestic violence shelters; local housing authorities, public housing, and Housing Choice Voucher programs; temporary labor organizations; childcare resources and other public programs that subsidize childcare; youth development and child welfare; WIC; Supplemental Nutritional Assistance Program (SNAP); Unemployment Insurance; Social Security benefits;

Medicaid/Medicare or other comparable services if available.

- For CoC RRH, in addition to one-time moving costs and case management, other eligible supportive service costs include child care, education, and employment services, food, housing search and counseling, legal services, life skills training, mental health and outpatient health services, outreach services, substance abuse treatment, transportation, and a one-time utility deposit.

TERMINATION STANDARDS:

Termination should be limited to only the most severe cases. Programs will exercise sound judgment and examine all extenuating circumstances when determining if violations warrant program termination. The Partnership recommends programs work with other community service providers to develop a board to hear client grievances.

Benchmarks

Emergency Solutions Grant Rapid Rehousing

- To terminate assistance to a program participant, the agency must follow the due-process provisions outlined in 24 CFR 576.402 as follows:
 - If a program participant violates program requirements, the grantee may terminate the assistance under a formal process established by the grantee, recognizing the rights of the individuals affected. The grantee must exercise sound judgment and examine all extenuating circumstances in determining when violations warrant termination so that programs terminate assistance to program participants in only the most severe cases.
 - To terminate rental assistance and/or housing relocation and stabilization services to program participants, the required formal process, at a minimum, must consist of:
 - Written notice to the program participant containing a clear statement of the reasons for termination;
 - A review of the decision, in which the program participant has the opportunity to present written or oral objections before a person other than the person who made or approved the termination decision;
 - Prompt written notice of the final decision to the program participant.
 - Termination under this section does not preclude the program from providing further assistance later to the same individual or family.

Continuum of Care Rapid Rehousing, HOME Tenant-Based Rental Assistance

- To terminate assistance to a program participant, the agency must follow the provisions described in 24 CFR 578.91 of the HEARTH Continuum of Care Interim Rule as follows:
 - The grantee may terminate assistance to program participants who violate program requirements or conditions of occupancy. Termination under this section does not preclude the program from providing further assistance at a later date to the same individual or family.
 - To terminate assistance to program participants, the grantee must provide a formal process, recognizing the rights of the individuals receiving assistance under the due process of law. This process, at a minimum, must consist of:
 - Providing program participants with a written copy of program rules and the termination process before the participant begins to receive assistance with a copy signed by the client;
 - Written notice to program participants containing a clear statement of the reasons for termination;

- A review of the decision, in which the program participant has the opportunity to present written or oral objections before a person other than the person who made or approved the termination decision;
- Prompt written notice of the final decision to the program participant.

Supportive Services for Veteran Families –Rapid Rehousing

- Limitations on and continuations of the provision of supportive services can be found under 38 CFR 62.35 as follows:
 - Extremely low-income veteran families: a participant classified as an extremely low-income veteran family will retain that designation as long as the participant continues to meet all other eligibility requirements.
 - Limitations on the provisions of supportive services to participants classified under 62.11(c): a grantee may provide supportive services to a participant until the earlier of two dates:
 - The participant commences receipt of other housing services adequate to meet the participant's needs;
 - Ninety days from the date the participant exits permanent housing.
 - Supportive services provided to participants classified under 62.11(c) must be designed to support the participants in their choice to transition into housing that is responsive to their individual needs and preferences.
 - Continuation of supportive services to veteran family member(s): if a veteran becomes absent from a household or dies while other members of the veteran family are receiving supportive services, then such supportive services must continue for a grace period following the absence or death of the veteran. The grantee must establish a reasonable grace period for continued participation by the veteran's family member(s), but that period may not exceed 1 year from the date of absence or death of the veteran, subject to the requirements of bullets (1) and (2) of this section. The grantee must notify the veteran's family member(s) of the duration of the grace period.
 - Referral for other assistance: if a participant becomes ineligible to receive supportive services under this section, the grantee must provide the participant with information on other available programs and resources.
 - *Families fleeing domestic violence*: Notwithstanding the limitations in 62.34 concerning the maximum amount of assistance a family can receive during a defined period of time, a household may receive additional assistance if it otherwise qualifies for assistance under this part and is fleeing from a domestic violence situation. A family may qualify for assistance even if the veteran is the aggressor or perpetrator of domestic violence. Receipt of assistance under this provision resets the maximum limitation for assistance under the regulations for the amount of support that can be provided in a given amount of time under 62.34

FOLLOW-UP SERVICES STANDARD:

Programs must ensure a continuity of services to all clients exiting their programs. Agencies can provide these services directly or through referrals to other agencies.

Benchmarks

- Programs prioritize the development of exit plans for each participant to ensure continued permanent housing stability and connection to community resources as well as a list of prevention and diversion services available if another housing crisis occurs, as desired.
- Programs should attempt to follow up with participants through verbal or written contact at least once 6 months after the client exits the program. A program may provide follow-up services to include identification of additional needs and referrals to other agencies and community services to prevent future episodes of homelessness.

CLIENT AND PROGRAM FILES STANDARD:

Programs will keep all program participant files up-to-date and confidential to ensure effective delivery and tracking of services.

Benchmarks

- Client and program files should, at a minimum, contain all the information and forms required by HUD (24 CFR 576.500), and the VA, service plans, case notes, referral lists, and service activity logs, including services provided directly by the permanent supportive housing program and indirectly by other community service providers. Programs should have:
 - Documentation of homeless status, chronic homelessness status (where applicable), and disabling condition.
 - Determination of ineligibility, if applicable, which shows the reason for this determination.
 - Initial and annual income evaluation, per program rules.
 - Program participant records.
 - Documentation of using the community's coordinated entry system.
 - Compliance with shelter and housing standards.
 - Services and assistance provided.
 - Expenditures and matches.
 - Conflict of interest/code of conduct policies.
 - Homeless participation requirement.
 - Faith-based activity requirement, if applicable.
 - Other Federal requirements, if applicable.
 - Confidentiality procedures.
- All client information should be entered in HMIS under data quality, timeliness, and additional requirements found in the agency and user participation agreements. At a minimum, programs must record the date the client enters and exits the program, HUD required data elements, and an update of the client's information as changes occur.
- Programs must maintain a release of information form for clients to use to indicate consent in sharing information with other parties. This cannot be a general release but one that indicates sharing information with specific parties for specific reasons.
- Programs must maintain the security and privacy of written client files and shall not disclose any client-level information without written permission of the client as appropriate, except to program staff and other agencies as required by law. Clients must give informed consent to release any client identifying data to be utilized for research, teaching, and public interpretation.
- All records about CoC and ESG funds must be retained for the greater of 5 years or the participant records must be retained for 5 years after the expenditure of all funds from the grant under which the

program participant was served. Agencies may substitute written files with microfilm, photocopies, or similar methods. Records about other funding sources must adhere to those record retention requirements.

EVALUATION AND PLANNING STANDARD:

Homelessness prevention and rapid rehousing programs will work with the community to conduct ongoing planning and evaluation to ensure programs continue to meet community needs for individuals and families experiencing homelessness or at-risk of homelessness.

Benchmarks

- Agencies maintain written goals and objectives for their services to meet outcomes required by the HUD CoC and ESG programs or other funding sources. These written goals and objectives should strive to meet these performance benchmarks (for programs serving a high need population such as chronically homeless or no income, the CoC will take targeting efforts into account):
 - Reduce the length of time program participants spend homeless. Households served by the program should move into permanent housing in an average of 30 days or less.
 - Maximize permanent housing success rates. Programs should ensure that at least 80% of households exit to a permanent housing setting.
 - Decrease the number of households returning to homelessness. Programs should ensure that at least 85% of households exiting the program do not become homeless again within one year of exit.
- Programs review case files of clients to determine if existing services meet their needs. As appropriate, programs revise goals, objectives, and activities based on their evaluation.
- Programs conduct, at a minimum, an annual evaluation of their goals, objectives, and activities, making adjustments to the program as needed to meet the needs of the community.

Prevention and Diversion Written Standards

Homelessness prevention programs can play an important role in ending homelessness. Like rapid rehousing programs, homelessness prevention programs can focus on financial assistance and housing stabilization services on specific populations, including survivors of domestic violence, families with children, and formerly homeless individuals and families. While research clearly shows the effectiveness of rapid rehousing programs on reducing homelessness in communities, homelessness prevention programs demonstrate mixed results. In order to end homelessness, communities understand they must prevent new episodes of homelessness and returns to homelessness for individuals and families in housing crises. However, it can be difficult to determine which households would have become homeless if not for this intervention. Data suggests that only one out of ten households presenting for prevention programs would become homeless without financial assistance. In light of this research, homelessness prevention programs should target their limited financial assistance and housing stability resources appropriately and develop methods to determine which households are at greatest risk of becoming homeless. In order to do so, prevention programs are encouraged to focus their spending on households who are at imminent risk of homelessness (within 72 hours) or those households who can be diverted from the shelter system with the aid of financial assistance. Homelessness prevention programs should target their funding towards households that have similar characteristics to the general homeless population in their community.

No matter the focus population, all prevention and diversion programs should adopt a Housing First philosophy by reducing barriers to eligibility (i.e. no income, sobriety, and rental history) and maintaining existing housing or rehousing people as quickly as possible. These programs should also participate in the coordinated entry process, including the local prioritization of individuals and families for permanent housing interventions. In Wake County, each Access Site and Emergency Shelter utilizes a community-approved prevention and diversion screening tool and the Individual and Family VI-SPDAT Prescreen Tools to assist in determining priorities and housing triage methods, while permanent housing programs use a case management tool for more developed housing placement purposes and intensive case management over time. NC-507 CoC uses the VI-SPDAT to prioritize individuals and families experiencing literal homelessness based on chronicity, length of time homeless, and an acuity score that indicates the type of housing intervention best suited to their ongoing needs.

EXPECTATIONS

All program grantees using the Department of Housing and Urban Development Continuum of Care, Emergency Solutions Grant, VA SSVF, and HOME TBRA funding must adhere to these performance standards. Prevention and Diversion programs funded through the Continuum of Care (applicable for high-performing CoC's) and Emergency Solutions Grant will be monitored by the Partnership to ensure compliance. The NC-507 CoC recommends that Prevention and Diversion programs funded through other sources also follow these standards. These performance standards attempt to provide a high standard of care that places community and client needs first. Based on proven best practices, this high standard of care is necessary to achieve our goal of ending homelessness in Wake County.

Some requirements and parameters for Prevention and Diversion assistance vary from program to program. It will be necessary to refer to the regulations for each program along with these program standards (CoC: 24 CFR 587; ESG: 24 CFR 576; SSVF: 38 CFR 62; HOME: 24 CFR 570). For other helpful documents to check for compliance with requirements, see the footnotes below.²

PERFORMANCE STANDARDS PERSONNEL

STANDARD:

Programs shall adequately staff services with qualified personnel to ensure the quality of service delivery, effective program administration, and the safety of program participants.

Benchmarks

- The organization selects employees and/or volunteers with adequate and appropriate knowledge, experience, and stability for working with individuals and families experiencing homelessness and/or other issues that place individuals and/or families at risk of homelessness.
- The organization provides time for all employees and/or volunteers to attend webinars and/or trainings on program requirements, compliance, and best practices.
- The organization trains all employees and/or volunteers on program policies and procedures, available local resources, and specific skill areas relevant to assisting clients in the program.
- For programs using the Homeless Management Information System (HMIS), all end users must abide by the NC HMIS End User and Participation Agreements, including adherence to the strict privacy and confidentiality policies.
- Staff supervisors of casework, counseling, and/or case management services have, at a minimum, a bachelor's degree in a human service-related field and/or experience working with individuals and families experiencing homelessness and/or other issues that place individuals and/or families at risk of homelessness.
- Staff supervising overall program operations have, at a minimum, a bachelor's degree in a human service-related field and/or demonstrated ability and experience that qualifies them to assume such responsibility.
- All program staff have written job descriptions that address tasks staff must perform and the minimum qualifications for the position. Ideally, Homeless Prevention and Diversion programs would have staff dedicated to diversion mediation and prevention services. However, if the programs cannot have dedicated staff, case manager job descriptions must include responsibilities for diversion conversations and prevention strategizing.
- Case managers provide case management with an approved case management tool frequently (every six month's minimum) for all clients.
- Organizations should share and train all program staff on the NC-507 Rapid Rehousing Written Standards.

PRIORITY FOR TENANTS WHO NEED EMERGENCY TRANSFERS UNDER VAWA 2013 STANDARD:

Tenants eligible for emergency transfers under the NC-507 emergency transfer policy and VAWA statute and regulations have priority for open rapid rehousing units if they also meet all eligibility requirements and relevant prioritization requirements for the project.

CLIENT INTAKE PROCESS STANDARD:

Programs will actively participate in their community's coordinated entry system by only taking referrals from the coordinated entry system for their program. At a minimum, programs will administer the community- approved prevention and diversion screening tool to determine the ability of the program to divert the presenting household from the homeless service system and/or the VI-SPDAT Prescreen on all program applicants to determine their acuity score. The program will limit entry requirements to ensure that the program serves the most vulnerable individuals and families needing assistance.

Benchmarks

- All adult program participants must meet the following program eligibility requirements:
 - Homelessness prevention programs work with households who meet the at-risk of homelessness definition (Category 2) in the definitions section of the performance standards.
 - Adult household members can participate in developing and carrying out an appropriate housing stability plan and maintain accountability of said plan.
 - CoC programs should also assess participant eligibility based on eligibility criteria established by the NOFA for the year of the award.
- Programs cannot disqualify an individual or family because of prior evictions, poor rental history, criminal history, or credit history.
- Programs focus on engaging participants by explaining available services and encouraging each adult household member to participate in said services, but programs do not make service usage a requirement or the denial of services a reason for disqualification or eviction.
- Programs must use the standard order of priority of documenting evidence to determine homeless status and chronically homeless status per the program's eligibility requirements. Grantees must document in the client file that the agency attempted to obtain the documentation in the preferred order. The order should be as follows:
 - Third-party documentation (including HMIS)
 - Intake worker observations through outreach and visual assessment.
 - Self-certification of the person receiving assistance
- Programs will maintain release of information, case notes, and all pertinent demographic and identifying data in HMIS as allowable by program type. Paper files should be maintained in a locked cabinet behind a locked door with access reserved for caseworkers and administrators.
- Programs can turn away individuals and families experiencing homelessness from program entry for only the following reasons
 - Opportunity requirements): singles-only programs can disqualify households with children; families-only programs can disqualify single individuals
 - Prevention and Diversion money has been exhausted

HOMELESSNESS PREVENTION STANDARD:

Programs will assist participants in staying in their current housing situation, if possible, or assist households at imminent risk of homelessness to move into another suitable unit as defined under the specific program type.

Benchmarks

- Programs are encouraged to target prevention funds toward community diversion efforts. When paying financial assistance to divert households from homelessness, programs should target assistance to households most likely to experience homelessness if not for this assistance.
- Programs explain program rules and expectations before admitting the individual or family into the program. Programs will have rules and expectations that ensure fairness and avoid arbitrary decisions that can vary from client to client or staff to staff.
- In evaluating current housing, programs consider the needs of the individual or family living there to decide if the current unit meets Housing Quality Standards and long-term sustainability (ESG and SSVF only).

- When moving the individual or family into a new unit, programs consider the needs of the household in terms of location, cost, number of bedrooms, handicap access, etc. Programs will assess potential housing for compliance with program standards for habitability, lead-based paint, and rent reasonableness before the individual or family signing a lease and the program signing a rental assistance agreement with the landlord.
- Programs may assist with rental application fees (ESG and SSVF only), moving costs (ESG, CoC, and SSVF only), temporary storage fees (ESG and SSVF programs only), security deposits (up to 2 months for ESG, CoC and HOME), last month's rent (ESG, CoC and SSVF only), utility deposits, utility payments, rental arrears (up to 6 months for ESG), utility arrears (up to 6 months for ESG), credit repair (ESG and CoC only), and legal services (ESG and CoC only) related to obtaining permanent housing. Grantees should follow the specifics of the grant program under which their program is funded to understand specific restrictions for each program and the maximum number of months allowed for rental and utility assistance.
- Lease: The program participant will sign a lease directly with a landlord or property owner. Grantees may only make payments directly to the landlord or property owner.
- Rental Assistance Agreement: Grantees may make rental and utility assistance payments only to an owner with whom the household has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided. The rental assistance agreement must provide that, during the term of the agreement, the landlord must give the grantee a copy of any notice to the program participant to vacate the housing unit or any complaint used under state or local law to commence a legal eviction against a program participant.
- Programs will determine the amount that households will contribute toward their monthly rent payment. The household's payment cannot exceed ESG, CoC, SSVF, or HOME regulations. Except for the HOME TBRA program, programs can choose not to charge households rent during their participation in the program. All rent payments made by program participants must be paid directly to the landlord or property owner. Programs will review the amount of rental assistance paid for the participating household every 3 months, and changes made to the agreement will be determined by continued need and ability of the household to sustain housing long-term.
- Programs may provide no more than 3 months of rental and utility assistance to a participating household for homelessness prevention. If the household needs more than 3 months of financial assistance, the agency Executive Director or his/her designated proxy may extend financial assistance month-to-month based on proof of continued need and demonstrated success of stated housing sustainability plan.
- Use with other subsidies: Except for the one-time payment of rental arrears on the program participant's portion of the rental payment, rental assistance cannot be provided to a program participant who receives other tenant-based rental assistance or who is living in a housing unit receiving project-based rental or operating assistance through public sources. Programs can pay for security and utility payments for program participants to move into these units when other funding sources cannot be identified.

-

HOUSING STABILIZATION/CASE MANAGEMENT SERVICES

STANDARD:

Programs shall provide access to housing stabilization and/or case management services by trained staff to each individual and/or family in the program.

Benchmarks (Standard Available Services)

- Programs provide individual housing stabilization and/or case management services to program participants at least monthly. These services include:
 - Housing stability services to assist participants in maintaining current or obtaining an alternative suitable, affordable permanent housing unit, including:
 - Assessment of current housing and client needs to retain current housing.
 - Development of an action plan for locating new housing.
 - Housing search.
 - Outreach to and negotiation with landlords or property owners.
 - Tenant counseling.
 - Assessment of housing for compliance with program type requirements for habitability, lead-based paint, and rent reasonableness. ▪ Assistance with submitting rental applications.
 - Understanding lease agreements.
 - Arranging for utilities.
 - Making moving arrangements.
 - Assuring participants have the basics at move-in, including simple furnishings, mattresses, and cooking utensils like pots and pans.
 - Case management services, including assessing, arranging, coordinating, and monitoring the delivery of individualized services to facilitate housing stability for participants who have obtained and maintained permanent housing through the homelessness prevention or rapid rehousing program by:
 - Developing, in conjunction with the participant, an individualized housing and service plan with a path to permanent housing stability.
 - Developing, securing, and coordinating services.
 - Obtaining federal, state, and local benefits.
 - Monitoring and evaluating program participants' progress towards goals.
 - Providing information about and referrals to other providers.
 - Conducting 3-month evaluations to determine ongoing program eligibility.

Programs may offer other services, including:

- Legal services to resolve a legal problem prohibiting a program participant from obtaining or retaining permanent housing (only ESG and CoC), including:
 - Client intake.
 - Preparation of cases for trial.
 - Provision of legal advice.
 - Representation of legal advice.
 - Counseling.
 - Filing fees and other necessary court costs.
- Mediation between the program participant and the owner or person(s) with whom

- the participant is living (only ESG and CoC).
 - Credit repair (only ESG and CoC), including:
 - Credit counseling.
 - Accessing a free personal credit report.
 - Resolving personal credit problems.
 - Other services needed to assist with critical skills related to household budgeting and money management.
- Case management includes the following types of contact: home visits, office visits, meeting in a location in the community, or phone calls (at least one visit per month must be in person). Programs should use an approved case management tool as a guide for their case management services to program participants. Meeting times, place, and frequency should be mutually agreed upon by both the participant and case manager.
- The program will evaluate the household for ongoing eligibility or as changes are reported in household income and needed to maintain housing stability. To continue receiving prevention services, the client must indicate a need, including relevant and appropriate documentation.

Benchmarks (Optional but recommended services, often from other providers)

- Representative payee services.
- Relationship-building and decision-making skills.
- Education services such as GED preparation, post-secondary training, and vocational education.
- Employment services, including career counseling, job preparation, resume-building, dress, and maintenance.
- Behavioral health services such as relapse prevention, crisis intervention, medication monitoring, and/or dispensing, outpatient therapy, and treatment.
- Physical health services such as routine physicals, health assessments, and family planning.
- Legal services related to civil (rent arrears, family law, uncollected benefits) and criminal (warrants, minor infractions) matters.

SERVICE COORDINATION STANDARDS:

Programs will assist program participants in obtaining appropriate supportive services and other federal, state, local, and private assistance as needed and/or requested by the household. Program staff will be knowledgeable about mainstream resources and services in the community.

Benchmarks:

- Programs should arrange with appropriate community agencies and individuals the provision of education, employment, and training; schools and enrichment programs; healthcare and dental clinics; mental health resources; substance abuse assessments and treatment; legal services, credit counseling services; and other assistance requested by the participant, which programs do not provide directly to clients.
- Programs coordinate with other mainstream resources for which participants may need assistance: emergency financial assistance; domestic violence shelters; local housing authorities, public housing, and Housing Choice Voucher programs; temporary labor organizations; childcare resources and other public programs that subsidize childcare; youth development and child welfare; WIC; Supplemental Nutritional Assistance Program (SNAP); Unemployment Insurance; Social Security benefits; Medicaid/Medicare or other comparable services if available.

TERMINATION STANDARDS:

Termination should be limited to only the most severe cases. Programs will exercise sound judgment and examine all extenuating circumstances when determining if violations warrant program termination. The Partnership recommends programs work with other community service providers to develop a board to hear client grievances.

Benchmarks

- To terminate assistance to a program, agencies must follow the due process outlined under the formal process established by the CoC that recognizes the rights of individuals and families affected. The program is responsible for providing evidence that it considered extenuating circumstances and made significant attempts to help the client continue in the program. Programs should have a formal, established grievance process in its policies and procedures for residents who feel the program wrongly terminated assistance.
- Agencies must provide the client with a written copy of the program rules and the termination process before he/she begins receiving assistance and keep a copy signed by the client in the file.
- Programs may carry a barred list when a client has presented a terminal risk to staff or other clients. If a barred client presents him/herself at a later date, programs should review the case to determine if the debarment can be removed to give the program a chance to provide further assistance at a later date.

FOLLOW-UP SERVICES STANDARD:

Programs must ensure a continuity of services to all clients exiting their programs. Agencies can provide these services directly or through referrals to other agencies.

Benchmarks

- Programs prioritize the development of housing stability plans for each participant to ensure continued permanent housing stability and connection to community resources as well as a list of additional prevention and diversion services available if another housing crisis occurs.
- Programs should attempt to follow up with participants through verbal or written contact at least once 6 months after the client exits the program. A program may provide follow-up services to include identification of additional needs and referrals to other agencies and community services to prevent future episodes of homelessness.

CLIENT AND PROGRAM FILES STANDARD:

Programs will keep all program participant files up-to-date and confidential to ensure effective delivery and tracking of services.

Benchmarks

- Client and program files should, at a minimum, contain all of the information and forms required by HUD (24 CFR 576.500), and the VA, service plans, case notes, referral lists, and service activity logs, including services provided directly by the permanent supportive housing program and indirectly by other community service providers. Programs should have:
 - Documentation of homeless status, chronic homelessness status (where applicable), and disabling condition.

- Determination of ineligibility, if applicable, which shows the reason for this determination.
- Initial and annual income evaluation, per program rules.
- Program participant records.
- Documentation of using the community's coordinated entry system.
- Services and assistance provided.
- Expenditures and matches.
- Conflict of interest/code of conduct policies.
- Homeless participation requirements.
- Other Federal requirements, if applicable.
- Confidentiality procedures.
- All client information should be entered in HMIS under data quality, timeliness, and additional requirements found in the agency and user participation agreements. At a minimum, programs must record the date the client enters and exits the program, HUD required data elements and update client information as changes occur.
- Programs must maintain a release of information form for clients to use to indicate consent in sharing information with other parties. This cannot be a general release but one that indicates sharing information with specific parties for specific reasons.
- Programs must maintain the security and privacy of written client files and shall not disclose any client-level information without written permission of the client as appropriate, except to program staff and other agencies as required by law. Clients must give informed consent to release any client identifying data to be utilized for research, teaching, and public interpretation.
- All records about CoC and ESG funds must be retained for the greater of 5 years or the participant records must be retained for 5 years after the expenditure of all funds from the grant under which the program participant was served. Agencies may substitute written files with microfilm, photocopies, or similar methods. Records about other funding sources must adhere to those record retention requirements.

EVALUATION AND PLANNING STANDARD:

Homelessness prevention programs will work with the community to conduct ongoing planning and evaluation to ensure programs continue to meet community needs for individuals and families experiencing homelessness or at-risk of homelessness.

Benchmarks

- Agencies maintain written goals and objectives for their services to meet outcomes required by the HUD CoC and ESG programs or other funding sources. These written goals and objectives should strive to meet these performance benchmarks (for programs serving a high need population such as chronically homeless or no income, the CoC will take targeting efforts into account):
 - Reduce the length of time program participants spend homeless. Households served by the program should move into permanent housing in an average of 30 days or less.
 - Maximize permanent housing success rates. Programs should ensure that at least 80% of households exit to a permanent housing setting.
 - Decrease the number of households returning to homelessness. Programs should ensure that at least 85% of households exiting the program do not become homeless again within one year of exit.

- Programs review case files of clients to determine if existing services meet their needs. As appropriate, programs revise goals, objectives, and activities based on their evaluation.
- Programs conduct, at a minimum, an annual evaluation of their goals, objectives, and activities, making adjustments to the program as needed to meet the needs of the community.

Market Study for Home Purchase Price Limit

City of Raleigh, North Carolina

Conducted in February 2023

Prepared by:

Name: Erika Brandt

Title: Housing Programs Administrator

Signature: *Erika Brandt*

Date: February 2, 2023

Background

Because Raleigh is a high-cost housing market, the City has decided to set its own home purchase price limit for homebuyer assistance and homeowner rehabilitation programs, rather than using the limits established annually by HUD. The purchase price limit for 2023 is **\$358,150**. This limit was established in accordance with a market analysis conducted following the required framework laid out by federal regulation in 24 CFR 92.254(a).

Methodology

Federal regulation requires that the 95 percent of median area purchase price must be established in accordance with a market analysis using a sufficient number of recent housing sales. Sales must cover the requisite number of months based on volume: For 500 or more sales per month, a one-month reporting period; for 250 through 499 sales per month, a 2-month reporting period; for less than 250 sales per month, at least a 3-month reporting period. The housing sales data must reflect all, or nearly all, of the one-family house sales in the entire City.

The 2023 analysis used real estate sales data from the Wake County Tax Administration, available at <https://www.wakegov.com/departments-government/tax-administration/data-files-statistics-and-reports/real-estate-property-data-files>. The analysis included six months of data (from October 1, 2021 through March 8, 2022) on single-family home sales within the City limits of Raleigh. The number of sales in each month during this period is shown below:

- August 2022: 695 sales
- September 2022: 598 sales
- October 2022: 549 sales
- November 2022: 467 sales
- December 2022: 429 sales
- January 2023: 247 sales

The number of months included in the reporting period (6 months) exceeds the required number of months based on sales volume to ensure thoroughness and accuracy of the calculation.

The median sales price was determined following the methodology from 24 CFR 92.254(a):

1. The data was listed in ascending order of sales price
2. The middle sale on the list was considered the median (sales price of \$377,000)
3. This amount was multiplied by 0.95 to determine the purchase price limit:

$$\$377,000 \times 0.95 = \mathbf{\$358,150}$$

Data

The data used in this market analysis is listed on the following pages. The median sale (ID NUMBER = 1492) is highlighted in yellow.
