Re: Notice of meeting to discuss potential rezoning of certain property located at 1415 & 1507 Trailwood Drive and 0 Crump Road (collectively, the "Property")

We are counsel for LDG Development, LLC ("LDG"), which plans to rezone the above-captioned Property. Currently, the Property is zoned Residential-2-Neighborhood Conservation Overlay District and Special Residential Parking Overlay District (R-2 (NCOD) (SRPOD)) and Residential-4-Special Residential Parking Overlay District (R-4(SRPOD)). LDG is considering rezoning the Property to Residential – 10 – Conditional Use (R-10-CU). The purpose of the zoning request is for residential development.

You are invited to attend a neighborhood meeting on **February 5, from 7:30 pm to 8:30 pm**. The meeting will be held at Method Road Community Center, PB Large Room, 514 Method Road, Raleigh, NC 27607. After the meeting, a report will be submitted to the Raleigh Planning and Development Department. Any other person attending the meeting can submit written comments about the meeting or the request in general, but to be included in the Planning Commission agenda packet, written comments must be received at least 10 days prior to the date of the Planning Commission meeting where the case is being considered.

After the submittal of certain rezoning applications, the City of Raleigh requires that a neighborhood meeting be held for all property owners within 1,000 feet of the area requested for rezoning. After the meeting, we will prepare a report for the Raleigh Planning & Development Department regarding the items discussed at the meeting. You can view the full application materials, including the first neighborhood meeting materials on the City's current zoning cases page (<https://raleighnc.gov/SupportPages/zoning-cases>). This rezoning application is filed under case no. Z-45-25.

If you have further questions about the rezoning process, please contact:

Jacob Hunt, Senior Planner
Raleigh Planning & Development
(919) 996-6333
Jacob.Hunt@raleighnc.gov

If you have any concerns or questions about this potential rezoning I can be reached at:
