Comprehensive Plan Amendment Statement

CP-X-2021

US-1 Collectors

- A. See first page of application.
- B. NCDOT is designing U-5307 (the project to convert US-1 to limited access) wider than expected during the US-1 Corridor study. The Town of Wake Forest has also decided not to extend Northpark Drive. Both of these changes make it infeasible to construct this street as currently in T-1. Conversion from divided to undivided avenues is to reduce the impacts to surrounding properties.
- C. This amendment is about the coordination of land use and transportation (theme 4) and the greenprint (theme 5). A non-interchange crossing of US-1 between NC-98 and Falls of Neuse will support more non-motorized travel and shorter travel distances as well as expanded land uses expected through the City's growth.
- D. By making the crossing of US-1 more feasible, this amendment increases the likelihood of completion of a crossing of US-1 that is not an interchange. This crossing will be safer than the nearby interchanges, especially for cyclists and pedestrians, because of the lower traffic volumes and the lack of turning movements.
