

Connecting Communities.
Shaping a Shared Future.

Affordable Housing Fact vs. Fiction

Virtual Meeting ♦ March 18 ♦ 7-8pm

About the study:

The Dix Edge Area Study focuses on housing, land use and development, and transportation in the communities southeast of Dorothea Dix Park. The study aims to define the community's vision for the area over the next 20 years.

One of the most important pieces of the study is getting input from community members like you. If you live, visit, work, study, worship, and play in the study area then you have a significant role in the success of this study.

What to expect:

Join the virtual meeting to learn more about how affordable housing works! This is an opportunity to become informed, have discussions, and ask questions of City staff about affordable housing.

Topics will include common perceptions of and how market factors influence affordable housing. Participants will have the chance to share their thoughts in small groups during the virtual meeting.
