

Falls of Neuse Area Plan project report: Summary of changes following second public comment period

Page 32: A new action involving future study of potential multi-use path improvements along Falls of Neuse Road was added. The new action reads as follows:

Action FN 8: Falls of Neuse Multi-Use Path Study

Study the extension and improvement (on the east side) and creation (on the west side) of multi-use paths along Falls of Neuse Road between Durant Road and at least Watertow Park Lane. The study should take place in conjunction with the study of park facilities on the Leonard Tract (see action FN 15).

Page 32: A new action regarding sidewalk gaps along Raven Ridge Road was added. The new action reads as follows:

Action FN 12: Raven Ridge Road Pedestrian Improvements

Add sidewalks along Raven Ridge Road where missing segments exist between Falls of Neuse Road and the power line easement south of Savannah Oaks Way.

Pages 39 and 40: Items corresponding to the new actions mentioned above (FN 18 and FN 12) were added to the action matrix.

Elsewhere: Existing actions were renumbered to reflect the inclusion of the above additions.
