Overview: Seven Big Moves

The Beltline crossing. A new bridge over I-440 between Six Forks Road and Wake Forest Road.

The “Midtown Ring.” An uninterrupted loop of safe, comfortable facilities for people walking and biking.

A connected street network. Creating or expediting other key Midtown transportation links.

The Midtown Waterfront District. Creating a more active edge along the north side of the Crabtree waterway

Midtown Frequent Transit and BRT. A high-frequency bus network now, future BRT link as ridership demands.

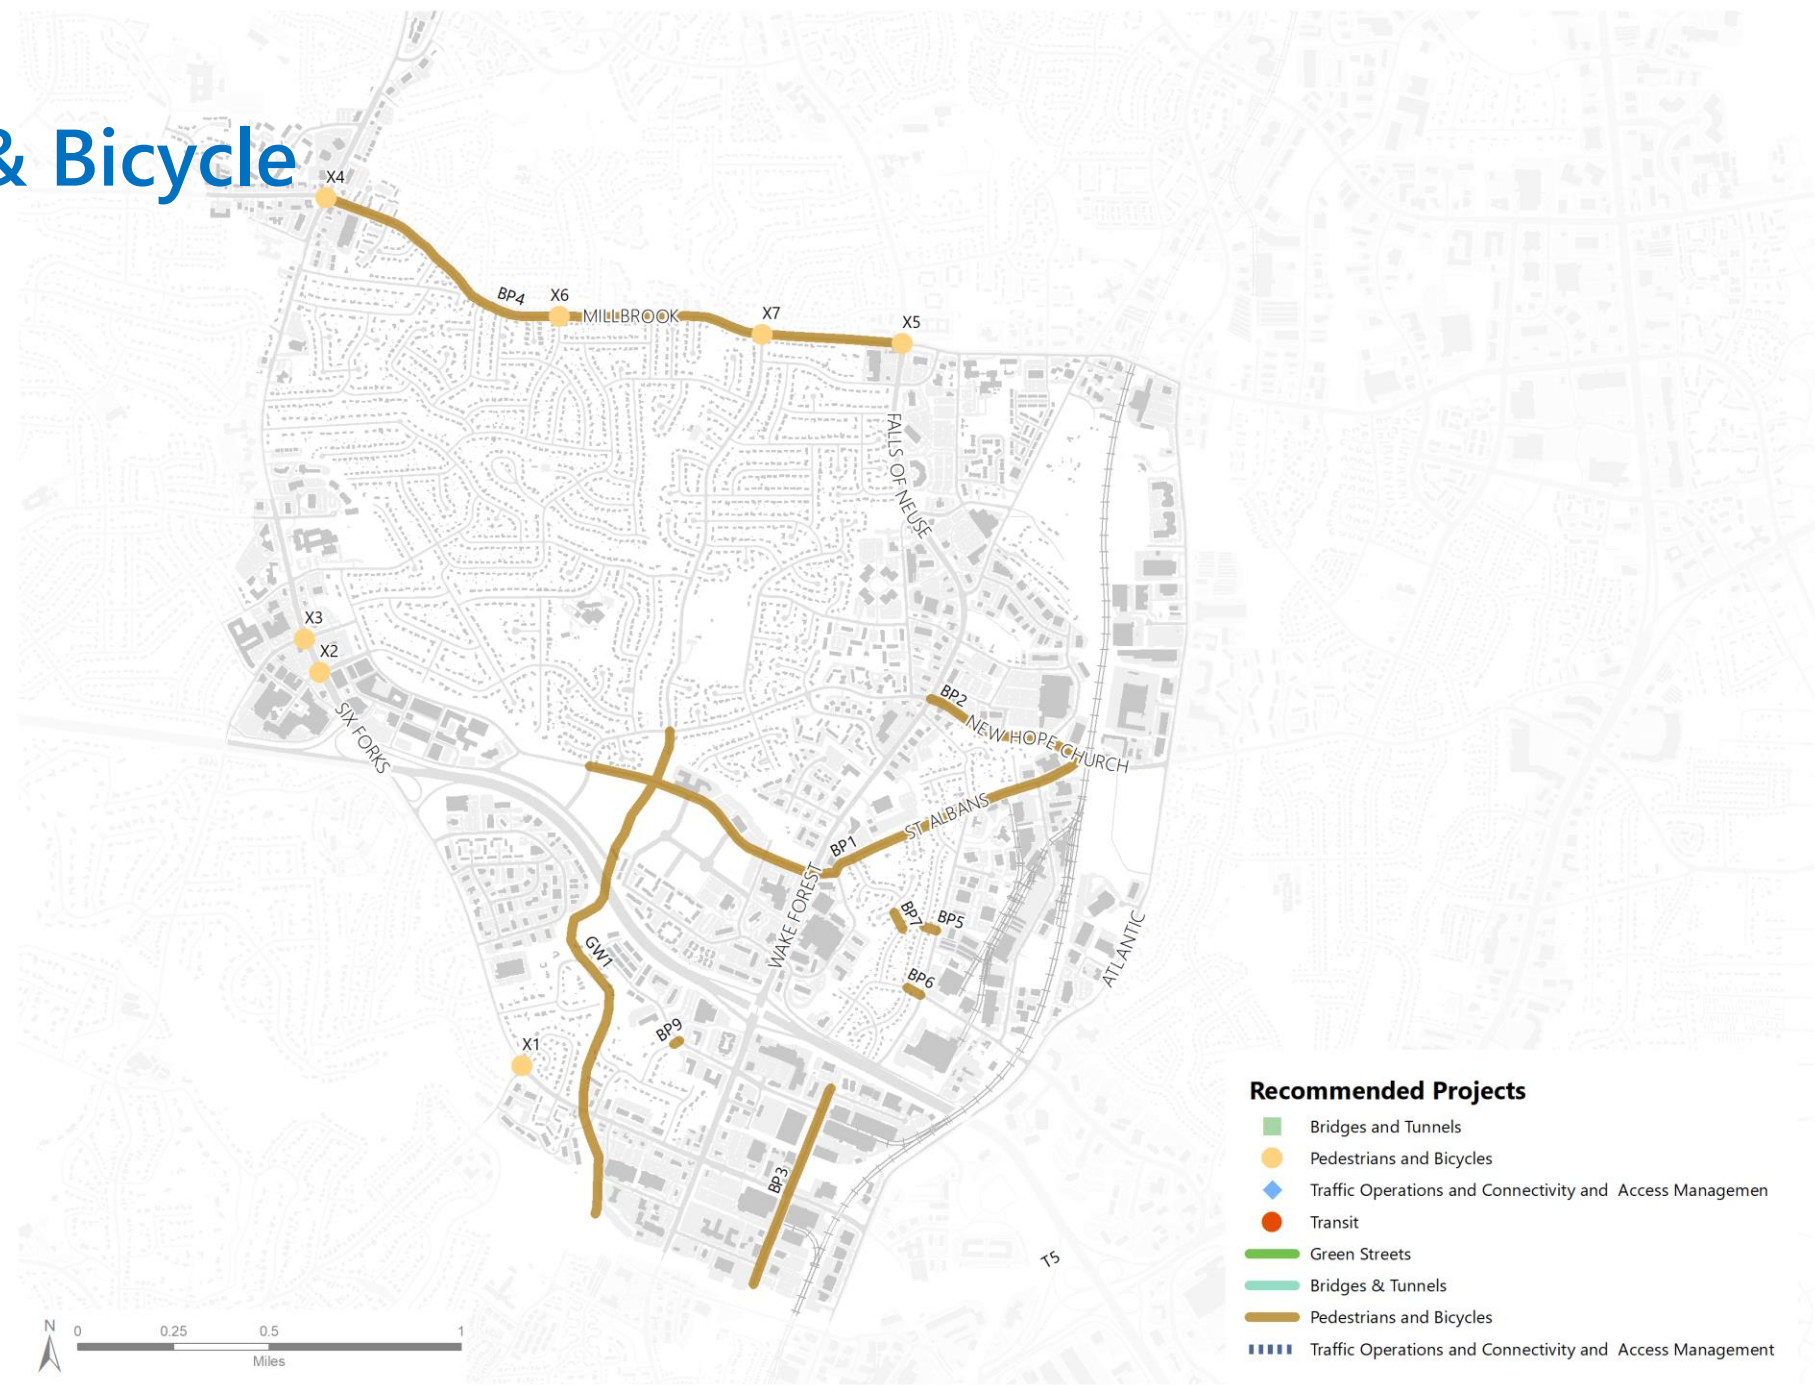

Housing and Employment/Land Use Guidance. Specifying uses and scale in key areas.

Green streets. Slower speeds, safer streets, green infrastructure on Quail Hollow and other key streets

Goals for final input stage

- Objectives

- > Confirm final plan recommendations
- > Understand *what the community priorities are*

- Prioritization

- > Allocate finite “Midtown Bucks” across a select group of major/significant projects
- > Multimodal bridge, green streets, Crabtree waterfront, Six Forks connection, Midtown Ring, etc.

- Format

- Group exercise
- Open house-style information/iinput

Plan Prioritization Exercise

- Objectives

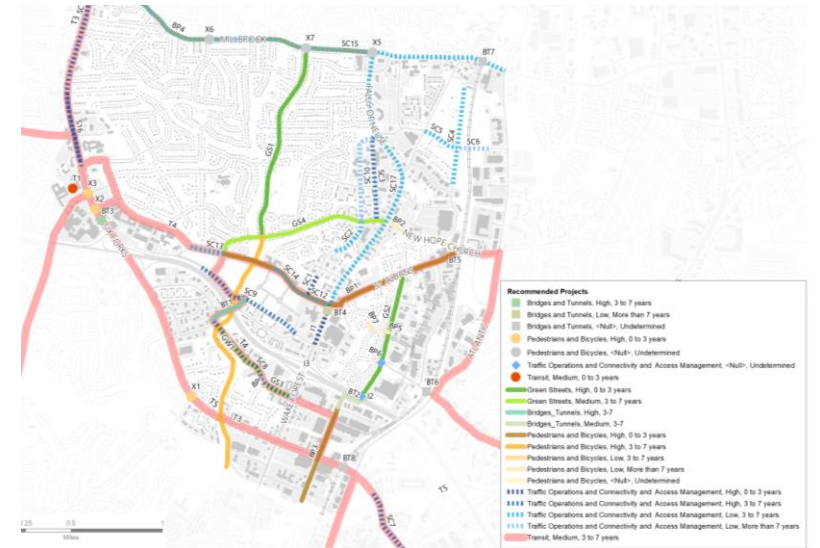

- > Understand *what the community priorities are*
- > Understand *why those are priorities*

- Format

- > Small groups
- > Allocate finite “Midtown Bucks” across projects

- Feedback

- > Each group will report out results
- > Facilitate honest and collaborative discussions
- > Results incorporated into plan – not the sole form of prioritization, but an important one
