#### **Rezoning Application Addendum #1**

Comprehensive Plan Analysis

The applicant is asked to analyze the impact of the rezoning request and its consistency with the Comprehensive Plan. The applicant is also asked to explain how the rezoning request is reasonable and in the public interest.

OFFICE USE ONLY
Rezoning case #

#### **Statement of Consistency**

Provide brief statements regarding whether the rezoning request is consistent with the future land use designation, the urban form map, and any applicable policies contained within the 2030 Comprehensive Plan.

This lot is currently zoned for rural residential, RR. Through this request, this parcel would be remain residential, but rezoning is required as a part of annexation to City of Raleigh, which is necessary in order to obtain water/sewer access.

- 1. The Future Land Use Map designates the assemblage as Low Density Residential, which recommends residential density between one and six units per acre. R-1, R-2, R-4 and R-6 are the corresponding zoning districts. The proposed rezoning to R-6 and limiting density to 01 dwelling unit (1unit/acre) is consistent with the Future Land Use Map recommendation.
- 2. The Urban Form Map designates that portion of Globe Road adjacent to the property as a Parkway Corridor, which recommends a heavily landscaped approach to street frontage. The proposed rezoning offers a 50' principal building setback from Globe Road, to mimic the Parkway frontage. Thus, the rezoning is consistent with the Urban Form Map.

Well/septic are not an option as land does not perk properly for septic, per previous owner. The only way for the new property owners to build his homes on this lot is to connect to public utilities.

#### **Public Benefits**

Provide brief statements explaining how the rezoning request is reasonable and in the public interest.

The proposed rezoning would add housing in close proximity to the Brier Creek City Growth Center.

#### Who Can Initiate a Zoning Request?

If requesting to down-zone property, the rezoning application must be signed by all the property owners whose property is subject to the downzoning. Downzoning is defined as a zoning ordinance that affects an area of land in one of the following ways:

- 1. By decreasing the development density of the land to be less dense than was allowed under its previous usage.
- 2. By reducing the permitted uses of the land that are specified in a zoning ordinance or land development regulation to fewer uses than were allowed under its previous usage.

If requesting to rezone property to a conditional district, the rezoning application must be signed by all owners of the property to be included in the district. For purposes of the application only (not the zoning conditions), the City will accept signatures on behalf of the property owner from the following:

- 1. the property owner;
- 2. an attorney acting on behalf of the property owner with an executed power of attorney; or
- 3. a person authorized to act on behalf of the property owner with an executed owner's affidavit.

An owner's affidavit must be made under oath, properly notarized and, at a minimum, include the following information:

- The property owner's name and, if applicable, the property owner's title and organization name.
- The address, PIN and Deed Book/Page Number of the property.
- A statement that the person listed as the property owner is the legal owner of the property described.
- The name of the person authorized to act on behalf of the property owner as the applicant. If applicable, the authorized person's title and organization name.
- A statement that the property owner, as legal owner of the described property, hereby gives authorization and permission to the authorized person, to submit to the City of Raleigh an application to rezone the described property.
- A statement that the property owner understands and acknowledges that zoning conditions must be signed, approved and consented to by the property owner.
- The property owner's signature and the date the property owner signed the affidavit.

If requesting to rezone property to a general use district that is not a down-zoning, the rezoning application may be signed, for the purpose of initiating the request, by property owners or third-party applicants.

Re: REZONING of 3114 Globe Road, Morrisville, NC 27560

Neighboring Property Owners and Tenants:

You are invited to attend a neighborhood meeting on September 12, 2024 at 5:30 pm. The meeting will be held at the Briar Creek Community Center Art Room and will begin at 5:30 pm.

The purpose of this meeting is to discuss a potential rezoning of the property located at 3114 Globe Road, Morrisville, NC 27560. This site is currently zoned RR in Durham and is proposed to be rezoned to R-6.

Prior to review by the Planning Commission, the City of Raleigh requires that a neighborhood meeting be held for all property owners within 500 feet of the area requested for rezoning. After the meeting a report will be submitted to the Raleigh Planning and Development Department. Any other person attending the meeting can submit written comments about the meeting or the request in general, but to be included in the Planning Commission agenda packet written comments must be received at least 10 days prior to the date of the Planning Commission meeting where the case is being considered.

Information about the rezoning process is available online; visit www.raleighnc.gov and search for "Rezoning Process." If you have further questions about the rezoning process, or would like to submit written comments after the meeting please contact: Intake Planner: Matthew McGregor

Raleigh Planning & Development (919) 996-4637 Matthew.McGregor@raleighnc.gov

If you have any concerns or questions about this potential rezoning I can be reached at:
