REVISION-07.20.21

Rezoning Application Addendum #1

Comprehensive Plan Analysis

Office Use Only

Rezoning case # _____

The applicant is asked to analyze the impact of the rezoning request and its consistency with the Comprehensive Plan. The applicant is also asked to explain how the rezoning request is reasonable and in the public interest.

Statement of Consistency

Provide brief statements regarding whether the rezoning request is consistent with the future land use designation, the urban form map, and any applicable policies contained within the 2030 Comprehensive Plan.

The request is to build pedestrian-oriented, neighborhood-serving retail, and workforce housing with parking tucked underneath. The Future Land Use Map calls for Low Density Residential, however, the road is undergoing a widening project with a turnaround bulb at the Intersection of Poole and Riverview, directly in front of the subject property. This bulb and widening as well as the location at the intersection makes this an ideal location with higher viability for neighborhood serving retail. This, along with the proximity to the Neuse River trail head/greenway, make this site less desirable for Single family (or other lower density) residential due to the higher degree of traffic this site will encounter.

Public Benefits

Provide brief statements explaining how the rezoning request is reasonable and in the public interest.

The Development of the trail head for the Neuse River Trail is directly across the street in Poole Road Park, this could provide a good greenway serving location for retail that will service greenway users increasing the use of the park and greenway. Additionally this will provide much needed workforce housing in the neighborhood.

Rezoning Application Addendum #2

Impact on Historic Resources

The applicant is asked to analyze the impact of the rezoning request on historic resources. For the purposes of this section, a historic resource is defined as any site, structure, sign, or other feature of the property to be rezoned that is listed in the National Register of Historic Places or designated by the City of Raleigh as a landmark or contributing to a Historic Overlay District.

Office Use Only
Rezoning case #

Inventory of Historic Resources

List in the space below all historic resources located on the property to be rezoned. For each resource, indicate how the proposed zoning would impact the resource.

N/A

Public Mitigation

Provide brief statements describing actions that will be taken to mitigate all negative impacts listed above.

The building massing is being designed to setback from both Riverview and Poole Road to limit the impact on the neighborhood, with a 2 story height limit within 15' of the property line adjacent the street. Retail with associated parking will be offered to serve the neighborhood and the greenway. Workforce housing is being proposed to provide affordable housing options.

Design Guidelines

The Applicant must respond to the **Urban Design Guidelines** contained in the 2030 Comprehensive Plan if:

- a) The property to be rezoned is within a "City Growth Center", "Mixed-Use Center", or "Transit Station Areas", OR;
- b) The property to be rezoned is located along a "Main Street" or "Transit Emphasis Corridor" as shown on the Urban Form Map in the 2030 Comprehensive Plan.

Policy UD 7.3:

The Design Guidelines in Table UD-1 shall be used to review rezoning petitions and development applications for mixed-use developments; or rezoning petitions and development applications along Main Street and Transit Emphasis Corridors or in City Growth, TOD and Mixed-Use Centers, including preliminary site plans and development plans, petitions for the application of Downtown Overlay Districts, Planned Development Districts, and Conditional Use zoning petitions.

The Applicant must respond to the **Downtown Urban Design Guidelines** contained in the 2030 Comprehensive Plan if:

- a) The property to be rezoned is within "Downtown" as shown on the Urban Form Map in the 2030 Comprehensive Plan.

Policy DT 7.18:

The design guidelines in Table DT-1 shall be used to review rezoning, alternative means of compliance, special use permits, and planned development master plan applications in downtown.

Who Can Initiate a Zoning Request?

If requesting to down-zone property, the rezoning application must be signed by all the property owners whose property is subject to the downzoning. Downzoning is defined as a zoning ordinance that affects an area of land in one of the following ways:

1. By decreasing the development density of the land to be less dense than was allowed under its previous usage.
2. By reducing the permitted uses of the land that are specified in a zoning ordinance or land development regulation to fewer uses than were allowed under its previous usage.

If requesting to rezone property to a conditional district, the rezoning application must be signed by all owners of the property to be included in the district. For purposes of the application only (not the zoning conditions), the City will accept signatures on behalf of the property owner from the following:

1. The property owner;
2. An attorney acting on behalf of the property owner with an executed power of attorney; or
3. A person authorized to act on behalf of the property owner with an executed owner's affidavit.

An owner's affidavit must be made under oath, properly notarized and, at a minimum, include the following information:

- The property owner's name and, if applicable, the property owner's title and organization name.
- The address, PIN and Deed Book/Page Number of the property.
- A statement that the person listed as the property owner is the legal owner of the property described.
- The name of the person authorized to act on behalf of the property owner as the applicant. If applicable, the authorized person's title and organization name.
- A statement that the property owner, as legal owner of the described property, hereby gives authorization and permission to the authorized person, to submit to the City of Raleigh an application to rezone the described property.
- A statement that the property owner understands and acknowledges that zoning conditions must be signed, approved and consented to by the property owner.
- The property owner's signature and the date the property owner signed the affidavit.

If requesting to rezone property to a general use district that is not a down-zoning, the rezoning application may be signed, for the purpose of initiating the request, by property owners or third-party applicants.

SUMMARY OF ISSUES

A neighborhood meeting was held on 1/30/2023 (date) to discuss a potential rezoning located at 6401 Poole Road (property address). The neighborhood

Meeting was held at Barwell Road Community Center (location). There were approximately 7 (number) neighbors in attendance. The general issues discussed were:

Summary of Issues:

Traffic in the Area is already very congested. The coming changes to Poole road are unknown if it will help.

Shops would be nice in this area.

Could a right turn only out of the property be possible?

Concerns about the hours of operations of the retail properties and will it generate too much noise.

Could the access be on Poole road be added to alleviate traffic on Riverview.

Affordable housing is needed, will it actually be more affordable than other housing in the neighborhood.

Could a traffic light be added to the intersection of Poole and Riverview?
