

# Existing Zoning

# Z-26-2021

Property	1512, 1521, 1529, 1601, 1617, & 1633 Old Milburnie Rd
Size	107.37 acres
Existing Zoning	R-4, CM, & R-6-CU
Requested Zoning	R-6

To	Marchell Adams-David, City Manager
Thru	Patrick O. Young, AICP, Director
From	Donald Belk, Senior Planner
Department	Planning and Development
Date	October 20, 2021
Subject	City Council agenda item for November 2, 2021 – Z-26-21: Old Milburnie Road (Adcock Assemblage)

At its meeting on October 19, 2021, the City Council closed the public hearing and deferred this case until November 2, 2021 to allow the applicant to add a new zoning condition. This condition would require future development to set aside a minimum of one acre to be used exclusively for non-residential uses such as civic and open uses, including but not limited to day care, park, recreation field, community center, open space, community garden, produce stand, and gathering place for temporary events such as celebrations and an outdoor market.

**Z-26-21:** Old Milburnie Road, located approximately one mile from the intersection of Old Milburnie Road and New Bern Avenue (US-64).

Signed zoning conditions were provided on September 30, 2021 would (1) provide for a multi-use path built to City of Raleigh greenway standards and subject to approval of Parks, Recreation and Cultural Resources at the time of Administrative Site Review; (2) preserve a 100' undisturbed buffer along the northern property line; (3) manage post-development stormwater runoff to control for the 25-year rainfall event; and (4) install enhanced erosion control measures.

**Current zoning:** Residential-4 (R-4), Residential-6 (R-6), and Conservation Management (CM)

**Requested zoning:** Residential-6-Conditional Use (R-6-CU), Conservation Management (CM)

The request is **consistent** with the 2030 Comprehensive Plan.

The request is **consistent** with the Future Land Use Map.

The Planning Commission recommends approval of the request (8 - 0).

Attached are the Planning Commission Certified Recommendation (including Staff Report), the Petition for Rezoning, and the Neighborhood Meeting Report.

# RALEIGH PLANNING COMMISSION CERTIFIED RECOMMENDATION

CR#13057

## CASE INFORMATION: Z-26-21 OLD MILBURNIE ROAD (ADCOCK ASSEMBLAGE)

Location	East Raleigh, located approximately one mile from the intersection of Old Milburnie Road and New Bern Avenue (US-64).  Addresses: 1512, 1521, 1529, 1601, 1618, 1633 Old Milburnie Road  PINs: 1744081979, 1735903287, 1734897943, 1734999718, 1735908493, 1745000797  <a href="#">iMaps</a> , <a href="#">Google Maps</a> , <a href="#">Directions from City Hall</a>
Current Zoning	Residential-4 (R-4), Conservation Management (CM), Residential-6-CU (R-6-CU)
Requested Zoning	Residential-6 (R-6-CU), Conservation Management (CM)
Area of Request	107.37 acres
Corporate Limits	The site lies within the extraterritorial jurisdiction (ETJ) of Raleigh. It is adjacent to Raleigh corporate limits. Annexation is required in order to receive City services.
Property Owner	Adcock Family Farm LLC, c/o Jane Morehead Post Office Box 340 Burton, TX 77835-0330  Alvin V. Adcock and Donna W. Adcock 1633 Old Milburnie Road Raleigh, NC 27604-9634
Applicant	W. Carlton Midyette, Jr. 8310 Bandford Way Raleigh, NC 27615
Council District	C
PC Recommendation Deadline	November 8, 2021

## SUMMARY OF PROPOSED CONDITIONS

1. Development of the subject property shall include a multi-use path built to City of Raleigh greenway standards, generally consistent with the alignment shown in Exhibit A.
2. A 100' undisturbed buffer shall be preserved along the northern property line.
3. Development of the property will ensure control of the post-development peak flow for the 25-year rainfall event.
4. During the construction phase of any development of the site, a super-silt fence shall be installed and maintained in accordance with City standards.

## FUTURE LAND USE MAP CONSISTENCY

The rezoning case is ☒ **Consistent** ☐ **Inconsistent** with the Future Land Use Map.

## COMPREHENSIVE PLAN CONSISTENCY

The rezoning case is ☒ **Consistent** ☐ **Inconsistent** with the 2030 Comprehensive Plan.

## PUBLIC MEETINGS

First Neighborhood Meeting	Second Neighborhood Meeting	Planning Commission	City Council
April 7, 2021 16 attendees	August 11, 2021	August 10, 2021 September 14, 2021 September 28, 2021	October 5, 2021 (Report of Planning Commission) October 19, 2021 (Public Hearing) November 2, 2021 (Special Item)

## PLANNING COMMISSION RECOMMENDATION

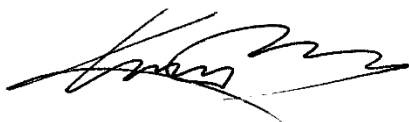

The rezoning case is **Consistent/Inconsistent** with the Future Land Use Map and **Consistent/Inconsistent** with the relevant policies in the Comprehensive Plan, furthermore **Approval/Denial** is reasonable and in the public interest because:

Reasonableness and Public Interest	The proposal is reasonable and in the public interest, and is supported by the following policies: LU 1.2 - Future Land Use Map and Zoning Consistency, LU 2.2 – Compact Development, LU 2.4 – Healthy Communities, LU 2.5 – Large Site Development, LU 2.6 – Zoning and Infrastructure Impacts, PR 3.13 – Greenway-oriented Development
Change(s) in Circumstances	N/A
Amendments to the Comprehensive Plan	N/A
Recommendation	Approval
Motion and Vote	Motion: Miller Second: Elder In Favor: Bennett, Dautel, Elder, Fox, Mann, Miller, O'Haver, Rains Opposed: None
Reason for Opposed Vote(s)	N/A

## ATTACHMENTS

1. Staff report
2. Revised Zoning Conditions (submitted 9/17/21)
3. Rezoning Application (revised as Conditional Use case, 8/21/21)

This document is a true and accurate statement of the findings and recommendations of the Planning Commission. Approval of this document incorporates all of the findings of the attached Staff Report and Comprehensive Plan Amendment Analysis.

Staff Coordinator: Don Belk: (919) 996-4641; [Donald.Belk@raleighnc.gov](mailto:Donald.Belk@raleighnc.gov)

# ZONING STAFF REPORT – CASE Z-26-21

## General Use District

### OVERVIEW

This request is to rezone the 107.37 acres of the Adcock Assemblage from Residential-4 (R-4) to Residential-6 (R-6); the current area of Conservation Management (CM) zoning would remain. The proposal offers a condition that would provide for the construction of a multi-use path, built to City of Raleigh standards, that would provide for internal bicycle and pedestrian connection to the greenway system.

This site is located at the easternmost extent of Raleigh's jurisdiction, east of the Neuse River, approximately one mile from the intersection of Old Milburnie Road and New Bern Avenue (US-64), and about two miles from the US-64/I-540 interchange.

The site is situated in an area that remains relatively low density, although the site shares its eastern boundary with a major residential subdivision (approximately 285 homes; currently being developed by Pulte Homes) and other single-family residences. The proposed rezoning site is bordered to the west by the Neuse River, to the north by Beaverdam Lake, and to the south by the Beechwood neighborhood. Also bordering on the south is the Simmons tract, which is the subject of an associated rezoning proposal (Z-27-21).

The site consists of six parcels, which formerly comprised the Adcock family farm. There are a couple of single-family homes, along with several farm buildings, still extant on the site. The site is presently zoned R-4, with CM zoning along the northern and western boundaries of the site where it borders Beaverdam Lake and the Neuse River. There is an expanse of CM zoning to the north (incorporating the Lake). The Pulte subdivision to the east is zoned R-6-CU, with other eastern-adjointing parcels zoned for R-6. Across the Neuse River lies the Hedingham Planned Development (PD).

The site is composed of rolling terrain, sloping sharply west at two minor tributaries of the Neuse River and along the banks of the river. Toward the northern end of the site, it slopes northerly toward Beaverdam Lake.

This site contains or is adjacent to the Neuse River greenway corridor, and a 150' easement along its frontage of the Neuse River will be required at the time of site or subdivision plan submittal.

The Future Land Use Map designates this area as Low Density Residential, with Public Parks & Open Space designations coinciding with the Neuse River floodplain and the Beaverdam Lake Area.

#### **Update for November 2, 2021**

At its meeting on October 19, 2021, the City Council closed the public hearing and deferred this case until November 2, 2021 to allow the applicant to add a new zoning condition. This condition would require future development to set aside a minimum of one acre to be used

exclusively for non-residential uses such as civic and open uses, including but not limited to park, recreation field, community center, open space, community garden, produce stand, and gathering place for temporary events such as celebrations and an outdoor market. The area shall be managed by a homeowners association established for the residential uses on the subject property.

#### **Update for September 28, 2021**

At the September 14, 2021 meeting, the Planning Commission voted to defer this case to allow for the applicant to address the concerns expressed by owners of the adjoining property to the north of the site owner (Beaver Dam Lake, Inc.) upon which the Triangle Land Conservancy holds a conservation easement. The applicant has responded to concerns regarding wildlife corridor management and water quality of the Neuse River by adding new conditions that would (1) preserve a 100'-wide, undisturbed buffer along the northern boundary; (2) implement measures to control stormwater runoff for the 25-year rainfall event; and (3) install a super-silt fence during the construction phase to protect against particulate pollution. Revised zoning conditions were submitted on September 17, 2021.

#### **OUTSTANDING ISSUES**

Outstanding Issues	1. None.	Suggested Mitigation	1. N/A

# COMPREHENSIVE PLAN

Determination of the conformance of a proposed use or zone with the Comprehensive Plan includes consideration of the following questions:

- A. Is the proposal consistent with the vision, themes, and policies contained in the Comprehensive Plan?

Yes. The proposal is consistent with the *Expanding Housing Choices* theme, as it would expand the supply of housing options to allow the additional townhouse building type. The proposal is also consistent with the *Managing Our Growth* theme, as the density of development proposed is appropriate in this area and in compliance with the Future Land Use Map. It is generally consistent with the *Growing Successful Neighborhoods and Communities* theme, as the resulting development would provide pedestrian and bicycle connectivity to the City of Raleigh greenway system.

- B. Is the use being considered specifically designated on the Future Land Use Map in the area where its location is proposed?

Yes. The site of the proposal is designated for Low Density Residential.

- C. If the use is not specifically designated on the Future Land Use Map in the area where its location is proposed, is it needed to service such a planned use, or could it be established without adversely altering the recommended land use and character of the area?

N/A

- D. Will community facilities and streets be available at City standards to serve the use proposed for the property?

Mostly. Infrastructure capacity appears to be sufficient to serve the proposed use, however, there is a deficiency in service standards for park and greenway access levels of service. A condition has been offered to provide a multi-use path.

## Future Land Use

**Future Land Use designation:** Low Density Residential

**The rezoning request is**

☒ **Consistent** with the Future Land Use Map.

☐ **Inconsistent**

The proposed zoning is consistent with the Future Land Use designation of Low Density Residential.

## Urban Form

**Urban Form designation:** Not applicable

**The rezoning request is**

- ☐ **Consistent** with the Urban Form Map.
- ☐ **Inconsistent**
- ☒ **Other**

There is no Urban Form Designation for this location.

## Compatibility

**The proposed rezoning is**

- ☒ **Compatible** with the property and surrounding area.
- ☐ **Incompatible.**

This area is in the easternmost reaches of City planning jurisdiction. However, there is similar residential development in the vicinity, consisting predominantly of single-family homes.

## Public Benefits of the Proposed Rezoning

- Proposal would add to the housing supply and variety, including duplexes and townhomes.
- Development under the proposed zoning is likely to permit a more affordable housing stock compared to existing zoning because it will allow smaller lots sizes and a range of housing types.

## Detriments of the Proposed Rezoning

- There are no anticipated public detriments with this incremental change to land use intensity.

## Policy Guidance

*Key policies are most directly related to changes in zoning and are used to evaluate rezoning request consistency. They are marked with an orange dot (●).*

*The rezoning request is **consistent** with the following policies:*

---

● **Policy LU 1.2 Future Land Use Map and Zoning Consistency**

*The Future Land Use Map shall be used in conjunction with the Comprehensive Plan policies to evaluate zoning consistency including proposed zoning map amendments and zoning text changes.*

- The proposed zoning is consistent with the Future Land Use Map.

● **Policy LU 2.2 Compact Development**

*New development and redevelopment should use a more compact land use pattern to support the efficient provision of public services, improve the performance of transportation networks, preserve open space, and reduce the negative impacts of low intensity and non-contiguous development.*

- This proposal supports a more compact land use pattern than the current zoning classification.

● **Policy LU 2.4 Large Site Development**

*Developments on large sites should set aside land for future parks and community facilities to help meet identified needs for public amenities and services and to offset the impacts of the development.*

- The proposal would result in the development of a large, greenfield site at the easternmost section of the City's jurisdiction. As such, it provides an opportunity to create a residential community that reflects the policies of the Comprehensive Plan for efficient land use, resource preservation, provisions for community facilities, and building green, walkable and healthy communities. Zoning conditions have been offered that would (1) provide a community facility (multi-use path) to provide for a connection to the greenway network (2) preserve a 100'-wide undisturbed buffer along the northern property line; (3) manage stormwater runoff for the 25-year rainfall event; and (4) implement enhanced erosion control measures during the construction phase.

● **Policy LU 2.5 Healthy Communities**

*New development, redevelopment, and infrastructure investment should strive to promote healthy communities and active lifestyles by providing or encouraging enhanced bicycle and pedestrian circulation, access, and safety along roads near areas of employment, schools, libraries, and parks.*

- A condition has been offered to provide a multi-use path – built to City of Raleigh standards - that would connect the internal pedestrian network with the Raleigh greenway system

● **Policy LU 2.6 Zoning and Infrastructure Impacts**

*Carefully evaluate all amendments to the zoning map that significantly increase permitted density or floor area to ensure that impacts to infrastructure capacity resulting from the projected intensification of development are adequately mitigated or addressed.*

- The proposed zoning represents a modest increase in density and floor area. Infrastructure appears adequate to serve the proposed site.

**Policy LU 3.2 – Location of Growth**

*The development of vacant properties should occur first within the city's limits, then within the city's planning jurisdiction, and lastly within the city's USAs to provide for more compact and orderly growth, including provision of conservation areas.*

- The proposed rezoning site is within the City of Raleigh's extraterritorial jurisdiction and is contiguous to existing corporate limits.

● **Policy LU 8.1 Housing Variety**

*Accommodate growth in newly developing or redeveloping areas of the city through mixed-use neighborhoods with a variety of housing types.*

- The proposal would allow for a variety of housing types, including townhomes, duplexes, and detached homes in this newly-developing area of the city.

● **Policy PR 3.13 – Greenway-oriented Development**

*Development adjacent to or encompassing a designated greenway corridor or greenway connector should provide links between internal pedestrian infrastructure and the greenway network, where appropriate. The development should pro-actively respond to greenways as an amenity, incorporating and maintaining greenway viewsheds and aesthetic character, as well as storm water management and flood control benefits.*

- Connections from internal street and sidewalk networks to the greenway easement would encourage enhanced bicycle and pedestrian circulation and promote recreational activity. A condition is offered that would provide for a multi-use path built to City of Raleigh greenway standards that will include at least one point of access from the internal sidewalk system.

The rezoning request is **inconsistent** with the following policies:

No inconsistent policies identified.

**Area Plan Policy Guidance**

There is no area plan guidance for this site.

# EQUITY AND CLIMATE CHANGE ANALYSIS

## Transportation Cost and Energy Analysis

	City Average	Site	Notes
Walk Score	30	4	Almost all errands require a car.
Transit Score	30	7	Nearest transit stop is 1.7 miles away (New Bern Avenue)
Bike Score	41	21	Minimal bicycle infrastructure
HUD Low Transportation Cost Index	[N/A, index is expressed as a percentile.]	66	Index based on estimates of transportation expenses for a 3-person single-parent family at 50% of the median income for renters for the region.
HUD Jobs Proximity Index	[N/A, index is expressed as a percentile.]	47	Index quantifies the accessibility of a given residential neighborhood (Census Block Group) as a function of its distance to all job locations within a CBSA, with larger employment centers weighted more heavily.

Source: [Walk Score](#) is a publicly available service that measures pedestrian friendliness by analyzing population density and road metrics such as block length and intersection density. The higher the Transit Score or Walk Score, the greater the percentage of trips that will be made on transit or by walking, and the smaller the carbon footprint. HUD index scores are percentiles indicating how well the subject tract performs compared to all other census tracts in the United States. A higher percentile for Low Transportation Cost or Jobs Proximity indicates a lower the cost of transportation and higher access to jobs in the nearby area, respectively.

## Housing Energy Analysis

Housing Type	Average Annual Energy Use (million BTU)	Permitted in this project?
Detached House	82.7	Yes
Townhouse	56.5	Yes
Small Apartment (2-4 units)	42.1	No
Larger Apartment	34.0	No

Source: U.S. Energy Information Administration, 2015 survey. Statistics for residential structures in the South.

## Housing Supply and Affordability

Does the proposal add or subtract from the housing supply?	Adds	Townhomes now an option under TC-5-20
Is naturally occurring affordable housing present on the site?	Unlikely	
Does it include any subsidized units?	No	
Does it permit a variety of housing types beyond detached houses?	Yes	Townhomes and duplexes are options
If not a mixed-use district, does it permit smaller lots than the average? *	N/A	
Is it within walking distance of transit?	No	Nearest transit stop is 1.7 miles away

\*The average lot size for detached residential homes in Raleigh is 0.28 acres.

## Demographic Indicators from EJSCREEN\*

Indicator	Site Area	Raleigh
Demographic Index** (%)	49	36
People of Color Population (%)	63	46
Low Income Population (%)	35	30
Linguistically Isolated Population (%)	5	3
Population with Less Than High School Education (%)	9.1	9
Population under Age 5 (%)	6.2	6
Population over Age 64 (%)	6.0	11
% change in median rent since 2015	13.7	20.3

\*Environmental Justice Screening and Mapping Tool from the Environmental Protection Agency (<https://www.epa.gov/ejscreen>)

\*\*The Demographic Index represents the average of the percentage of people who are low income and the percentage of people who are minorities

## Health and Environmental Analysis

What is the life expectancy in this Census tract? Is it higher or lower than the State average?	79.2	Slightly above the State average of 78.1 years.
---	------	---

Are there known industrial uses or industrial zoning districts within 1,000 feet?	No	
Are there hazardous waste facilities are located within one kilometer?	No	
Are there known environmental hazards, such as flood-prone areas, that may directly impact the site?	Yes	Site includes 100-year floodplain along western boundary.
Is this area considered a food desert by the USDA?	No	

### Land Use History

When the property was annexed into the City or originally developed, was government sanctioned racial segregation in housing prevalent?*	No	Site is not currently within Raleigh corporate limits.
Has the area around the site ever been the subject of an urban renewal program?*	N/A	
Has the property or nearby properties ever been subject to restrictive covenants that excluded racial groups?*	No	
Are there known restrictive covenants on the property or nearby properties that restrict development beyond what the UDO otherwise requires?*	No	

*\*The response to this question is not exhaustive, and additional information may be produced by further research. Absence of information in this report is not conclusive evidence that no such information exists.*

### Analysis Questions

1. Does the rezoning increase the site's potential to provide more equitable access to housing, employment, and transportation options? Does the rezoning retain or increase options for housing and transportation choices that reduce carbon emissions?

*There is little potential to provide more equitable access at this location. The area is not served by transit, and scores below the 50<sup>th</sup> percentile on the HUD Jobs Proximity Index. The area is entirely car dependent. The proposal would permit attached homes and townhomes, which have a lower carbon footprint.*

2. Is the rezoning in an area where existing residents would benefit from access to lower cost housing, greater access to employment opportunities, and/or a wider variety of transportation modes? Do those benefits include reductions in energy costs or carbon emissions?

*No. This site, if annexed, would lie on the periphery of Raleigh corporate limits and would be entirely car-dependent. New housing at this location is expected to be sold at market rates, although townhomes and attached houses, now permitted under TC-5-20, would improve access to housing as well as allow for lower carbon-emitting residential building types.*

3. Have housing costs in this area increased in the last few years? If so, are housing costs increasing faster than the city average?

*Housing costs have increased in this area, but a lower rate (13.7%) than the City average of 20.3%.*

4. Are there historical incidences of racial or ethnic discrimination specific to this area that have deprived Black, Indigenous, and People of Color (BIPOC) of access to economic opportunity, public services, or housing? If so, does the rezoning request improve any current conditions that were caused, associated with, or exacerbated by historical discrimination?

*None identified.*

5. Do residents of the area have disproportionately low life expectancy, low access to health insurance, low access to healthy lifestyle choices, or high exposure to environmental hazards and/or toxins? If so, does the rezoning create any opportunities to improve these conditions?

*Residents in this area have above-average life expectancy, with an estimated 86% of the area (Census tract) having health insurance. Access to healthy lifestyle choices is car-dependent, and the area is rated a D letter grade for park and greenway access level-of-serve. However, the nearest existing greenway trail access is located at Milburnie Park, less than 1 mile from this location. There are no known environmental hazards located here. This proposal provides the opportunity for greenway trails that could potentially provide direct access to the Neuse River Trail, providing access to outdoor recreation in an otherwise underserved area of the City.*

# IMPACT ANALYSIS

## Historic Resources

1. The site is not located within or adjacent to a National Register Historic District or Raleigh Historic Overlay District. It does not include nor is adjacent to any National Register individually-listed properties or Raleigh Historic Landmarks. The structure at 1309 Old Milburnie Road has been surveyed and is identified as WA1679 (Joseph Collier Farm).

## Parks and Recreation

1. See Comprehensive Plan Key Policy PR3.13: *Development adjacent to or encompassing a designated greenway corridor or greenway connector should provide links between internal pedestrian infrastructure and the greenway network, where appropriate. The development should pro-actively respond to greenways as an amenity, incorporating and maintaining greenway viewsheds and aesthetic character, as well as storm water management and flood control benefits.*
2. Current Park & Greenway Access Level of Service (LOS) in this area is rated a D letter grade, significantly below target service standards. Nearest existing park access is provided by Milburnie Park (> 1 mile) and Anderson Point Park (>3.5 miles). Nearest existing greenway trail access is located at Milburnie Park (> 1 mile).
3. Rezoning and development of this site will result in a significant loss of open space within this area of the city. Enhanced treatment of the greenway is appropriate to mitigate negative impacts to the natural resource value of the existing landscape, while providing access to open space and outdoor recreation for the new proposed residences.
4. This site contains or is adjacent to the Neuse River greenway corridor. At the time of a subdivision or site plan, the development will be required to dedicate a greenway easement along the entire length of the Neuse River, at a width of 150' measured from waterbody top of bank (UDO Sec. 8.6.1.B).
5. As noted in Transportation staff review comments, a developer-built trail in the context of this development could potentially provide direct access to the Neuse River Trail, improving Park & Greenway LOS and providing bike/ped access to outdoor recreation in an otherwise underserved area of the city. *(Staff note: on 8/21/21 the applicant submitted a revised application that includes a condition for a developer-built trail.)*
6. Coordination with the proposed rezoning and development of 1309 Old Milburnie Rd (REZN-0027-2021) could provide an opportunity to create a contiguous greenway trail connection along the eastern side of the Neuse River from Milburnie Park in the south to the Neuse River Greenway Trail bridge off of Bodie Island Ln north of Beaverdam Creek.

## Public Utilities

1. The proposed rezoning would add approximately 43,750 gpd to the wastewater collection and water distribution systems of the City.

2. There are existing sanitary sewer and water mains adjacent to the proposed rezoning area.
3. At the time of development plan submittal, a Downstream Sewer Capacity Study may be required to determine adequate capacity to support the proposed development. Any improvements identified by the study would be required to be permitted prior to the issuance of Building Permit & constructed prior to release of a Certificate of Occupancy.
4. Verification of water available for fire flow is required as part of the Building Permit process. Any water system improvements recommended by the analysis to meet fire flow requirements will also be required of the Developer.

	Maximum Demand (current use)	Maximum Demand (current zoning)	Maximum Demand (proposed zoning)
Water	0	358,750	402,500
Wastewater	0	358,750	402,500

**Impact Identified:** None.

### Stormwater

Floodplain	Floodplains present along western boundary of site
Drainage Basin	Neuse
Stormwater Management	Subject to stormwater regulations under Article 9 of UDO
Overlay District	None

**Impact Identified:** None

### Transit

1. This area is not served by transit.

**Impact Identified:** None.

### Transportation

#### **1. Site Location and Context**

##### *Location*

The Z-26-21 site is located in east Raleigh on Old Milburnie Road and on the east bank of the Neuse River.

#### *Area Plans*

The Z-26-21 site is not located within or adjacent to an area plan.

## **2. Existing and Planned Infrastructure**

#### *Streets*

Most of Old Milburnie Road is a neighborhood street on Map T-1 of the Comprehensive Plan (the Street Plan). For the northern portion of the site, Old Milburnie is designated as a four-lane divided avenue. It is maintained by NCDOT. The street plan calls for extension of the avenue portion of Old Milburnie Road to Legacy Oaks Drive and Hodge Road in the Town of Knightdale. A portion of this re-aligned right-of-way was platted by the Milburnie Creek Subdivision (S-19-2018).

In accordance with UDO section 8.3.2, the maximum block perimeter for R-6 districts is set by the average lot size. Minimum lot sizes for R-6 lead to 4,500 feet maximum blocks. The current block perimeter is extremely long, being constrained by the Neuse River. The next existing river crossing to the north is at Buffalo Road. The Z-26-21 site is exempt from stubbing a public street to the Neuse River, but must construct new blocks meeting the requirements of UDO section 8.3.2.

#### *Pedestrian Facilities*

Old Milburnie Road does not currently have sidewalks. Construction of sidewalks on all existing and new public streets is required for subdivisions.

#### *Bicycle Facilities*

There are no existing on-street bikeways near the Z-26-21 site. None are planned in Map T-3 in the comprehensive plan. The Neuse River greenway trail is on the west bank of the river and there is a bridge across the river and a greenway trail access at the end of Loch Raven Parkway, approximately a mile from the site.

Development of this site will require dedication of a greenway easement along the Neuse River. There is an existing greenway easement north of the site on the east bank of the river. Based on information in iMaps, there appears to be a gap between this site and existing greenway easement of approximately 200 feet. This land is owned by Hidden Cove Inc and is on parcel PIN 1735728571. It may be possible to work with the adjoining property owner to construct a greenway trail that connects to the Neuse River Trail. (The site is approximately 0.3 mile from the existing trail where it crosses the River.) Greenway trail construction would be eligible for reimbursement. Transportation Staff suggest discussing programs and policies with Parks, Recreation, and Cultural Resources and Transportation Staff. Trail construction would be consistent with Comprehensive Plan policy T 5.7: *Capital Area Greenway – Treat the Capital Area Greenway trail system as part of the city's transportation network for bicycles and pedestrians and plan connections to the system accordingly. (Staff note: on 8/21/21 the applicant submitted a revised application that includes a condition for a developer-built trail.)*

#### *Transit*

This site is not served by existing or planned transit.

#### Access

Access is by Old Milburnie Road and new streets constructed through subdivision of the site.

### 3. Other Projects in the Area

There are no City of Raleigh street improvement projects programmed nearby. The North Carolina Department of Transportation (NCDOT) is in early stages of development of the Eastern Wake Expressway to connect I-540 to I-40 and US-70 near the Wake/Johnston County Line.

### 4. Traffic Impact Analysis (TIA) Determination

Based on the Envision results, approval of case Z-26-21 would increase the amount of projected vehicular peak hour trips to and from the site as indicated in the table below. The proposed rezoning from R-4 and R-6-CU to R-6 is projected to generate 50 new trips in the AM peak hour and 64 new trips in the PM peak hour. These values do not trigger a rezoning Traffic Impact Analysis based on the trip generation thresholds in the Raleigh Street Design Manual. A TIA will be required during site permit review.

Z-26-21 Existing Land Use Residential	Daily	AM	PM
	38	3	4
Z-26-21 Current Zoning Entitlements Neighborhood Mixed Use	Daily	AM	PM
	5,190	412	544
Z-26-21 Proposed Zoning Maximums Neighborhood Mixed Use	Daily	AM	PM
	5,769	462	607
Z-26-21 Trip Volume Change (Proposed Maximums minus Current Entitlements)	Daily	AM	PM
	580	50	64

### Urban Forestry

Proposed rezoning does not impact Urban Forestry (UDO 9.1) requirements.

**Impact Identified:** None.

### Impacts Summary

Development of this tract at the proposed entitlement would result in some loss of open space and forested areas at this greenfield site along the Neuse River, with potential negative impacts to water quality. The area currently has a 'D' letter grade for Park & Greenway Access Level of Service (LOS), significantly below target service standards. There are no points of park or greenway access within a mile of the site. Water infrastructure appears sufficient to serve this location. The change in entitlement will result in a modest increase in AM (50) and PM (64) trip counts.

## Mitigation of Impacts

This is a 'large site development' proposal. The applicant has proposed conditions to provide access to the greenway network, preserve an undisturbed buffer along the northern property line, and provide enhanced stormwater management measures. However, additional zoning conditions could strengthen the consistency of this proposal. For example, the Conservation Development Option or Compact Development Option could be employed to protect additional open space in conjunction with the required greenway dedication. With regard to transportation impacts, a traffic impact analysis will be required during the site plan review process.

## CONCLUSION

This proposal would rezone the subject parcels from R-4 to R-6, resulting in a relatively modest increase in residential density and vehicular trip generation from the current entitlement. It would improve housing variety and increase the housing supply. As a large, greenfield site on the periphery of Raleigh's municipal jurisdiction located on the banks of the Neuse River, the proposal would potentially have some adverse impacts – particularly the loss of open space and floodplain forest that help protect water quality. The applicant has offered zoning conditions to help mitigate these impacts.

Z-26-21 is consistent with the Future Land Use Map, which designates this area for Low Density Residential. The proposal is consistent overall with the 2030 Comprehensive Plan.

## CASE TIMELINE

Date	Action	Notes
April 7, 2021	Pre-Application Neighborhood Meeting	Attendance: 16
May 13, 2021	Submitted as General Use rezoning proposal.	
August 10, 2021	Planning Commission Meeting	Consent agenda
August 11, 2021	2 <sup>nd</sup> Neighborhood Meeting	Attendance: 19
August 21, 2021	Revised rezoning application submitted	Changed to a Conditional Use (CU) rezoning proposal
September 14, 2021	Planning Commission Meeting	New Business. Deferred to September 28 to allow applicant to submit revised zoning conditions
September 17, 2021	Applicant submits revised zoning conditions	
September 28, 2021	Planning Commission Meeting	Old Business (Planning Commission recommends approval, 8-0)
October 5, 2021	City Council Meeting	Report of the Planning Commission
September 30, 2021	Applicant submits signed zoning conditions	
October 19, 2021	City Council Meeting	Public Hearing

November 2, 2021	City Council Meeting	Special Item to discuss new condition.

Conditional Use District Zoning Conditions		
Zoning case #: Z-26-21	Date submitted: 5/5/2021	Office Use Only Rezoning case # _____
Existing zoning: R-4 /CM	Proposed zoning: R-6/CM	

Narrative of Zoning Conditions Offered
<p>1. Development of the subject property shall include a multi-use path built to City of Raleigh greenway standards and subject to approval of Parks, Recreation and Cultural Resources at the time of Administrative Site Review generally consistent with the alignment shown in Exhibit A. As such, the path shall be approximately 2,675' in length, ten feet (10') in width, which can vary to accommodate topographical and other natural features of the site, and include at least one point of access from the sidewalk system within the development.</p> <p>2. To protect the water quality of Beaver Dam Lake, preserve habitat and create a visual buffer, any administrative site review (ASR) for a tier three site plan on the property shown on a plat recorded in Book of Maps 017533, Page 02783 shall preserve an undisturbed natural buffer of 100' measured perpendicularly from the northern property line of the subject property. Notwithstanding the above, approved stormwater facilities controlling the conveyance of stormwater through a stream buffer may be placed within the 100' buffer area.</p> <p>3. To provide better treatment and detention before drainage of stormwater, any administrative site review (ASR) for a tier three site plan shall control the post development peak flow at each discharge point draining to Beaverdam Lake and the Neuse River to pre-development levels during the 2-year, 10-year and 25 year rainfall events.</p> <p>4. To protect the water quality of Beaver Dam Lake during the construction phase of any development on the subject properties, a super silt fence shall be installed and maintained in accordance with City of Raleigh design standards downslope from all disturbed areas draining to Beaver Dam Lake.</p> <p>5. Development of the subject property shall include an area located on 1521 Old Milburnie Road (PIN Number 1735903287) on the east side of Old Milburnie Road with a minimum of one acre in size to be used exclusively for non-residential uses, including but not limited to day care, park, recreation field, community center, open space, community garden, produce stand, and gathering place for temporary events such as celebrations and an outdoor market.</p>

REVISION 10.27.20

raleighnc.gov

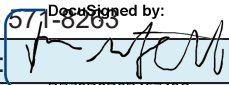

# Rezoning Application and Checklist

Planning and Development Customer Service Center • One Exchange Plaza, Suite 400 | Raleigh, NC 27601 | 919-996-2500

Please complete all sections of the form and upload via the Permit and Development Portal ([permitportal.raleighnc.gov](http://permitportal.raleighnc.gov)). Please see page 11 for information about who may submit a rezoning application. A rezoning application will not be considered complete until all required submittal components listed on the Rezoning Checklist have been received and approved. For questions email [rezoning@raleighnc.gov](mailto:rezoning@raleighnc.gov).

**Rezoning Application Addendum #1****Comprehensive Plan Analysis**

The applicant is asked to analyze the impact of the rezoning request and its consistency with the Comprehensive Plan. The applicant is also asked to explain how the rezoning request is reasonable and in the public interest.

**OFFICE USE ONLY**

Rezoning case #  
\_\_\_\_\_

**Statement of Consistency**

Provide brief statements regarding whether the rezoning request is consistent with the future land use designation, the urban form map, and any applicable policies contained within the 2030 Comprehensive Plan.

1. The proposed rezoning is consistent with the Future Land Use designation of “low density residential.” This category calls for R-2, R-4 and R-6 zoning districts. It identifies vacant and agricultural lands in both the city and county where single family residential uses are planned over the next 20 years. Townhomes are also appropriate.
2. The proposed rezoning promotes the orderly growth of the City to areas within the ETJ that are planned for development and that can be served appropriately by transportation, water, wastewater and stormwater infrastructure (see Policy LU 3.4).
3. The proposed rezoning encourages additional housing that will help ensure an ample supply of different types of housing (see Policy H 1.8).

**Public Benefits**

Provide brief statements explaining how the rezoning request is reasonable and in the public interest.

The rezoning request is reasonable and in the public interest for the following reasons:

It provides for lower density residential development compatible with the surrounding area and will allow future residents close proximity to the Neuse River Greenway and other nearby open space and natural features that make for a desirable quality of life.

Rezoning Application Addendum #2	
Impact on Historic Resources	<b>OFFICE USE ONLY</b> Rezoning case # <hr style="width: 50%; margin: 10px auto;"/>
<p>The applicant is asked to analyze the impact of the rezoning request on historic resources. For the purposes of this section, a historic resource is defined as any site, structure, sign, or other feature of the property to be rezoned that is listed in the National Register of Historic Places or designated by the City of Raleigh as a landmark or contributing to a Historic Overlay District.</p>	
Inventory of Historic Resources	
List in the space below all historic resources located on the property to be rezoned. For each resource, indicate how the proposed zoning would impact the resource.	
N/A	
Proposed Mitigation	
Provide brief statements describing actions that will be taken to mitigate all negative impacts listed above.	
N/A	

### Urban Design Guidelines

The applicant must respond to the Urban Design Guidelines contained in the 2030 Comprehensive Plan if:

- a) The property to be rezoned is within a "City Growth Center" or "Mixed-Use Center", OR;
- b) The property to be rezoned is located along a "Main Street" or "Transit Emphasis Corridor" as shown on the Urban Form Map in the 2030 Comprehensive Plan.

Urban form designation:

Click [here](#) to view the Urban Form Map.

<b>1</b>	<p>All Mixed-Use developments should generally provide retail (such as eating establishments, food stores, and banks), and other such uses as office and residential within walking distance of each other. Mixed uses should be arranged in a compact and pedestrian friendly form.</p> <p><b>Response:</b> N/A</p>
<b>2</b>	<p>Within all Mixed-Use Areas buildings that are adjacent to lower density neighborhoods should transition (height, design, distance and/or landscaping) to the lower heights or be comparable in height and massing.</p> <p><b>Response:</b> N/A</p>
<b>3</b>	<p>A mixed-use area's road network should connect directly into the neighborhood road network of the surrounding community, providing multiple paths for movement to and through the mixed-use area. In this way, trips made from the surrounding residential neighborhood(s) to the mixed-use area should be possible without requiring travel along a major thoroughfare or arterial.</p> <p><b>Response:</b> N/A</p>
<b>4</b>	<p>Streets should interconnect within a development and with adjoining development. Cul-de-sacs or dead-end streets are generally discouraged except where topographic conditions and/or exterior lot line configurations offer no practical alternatives for connection or through traffic. Street stubs should be provided with development adjacent to open land to provide for future connections. Streets should be planned with due regard to the designated corridors shown on the Thoroughfare Plan.</p> <p><b>Response:</b> N/A</p>
<b>5</b>	<p>New development should be comprised of blocks of public and/or private streets (including sidewalks). Block faces should have a length generally not exceeding 660 feet. Where commercial driveways are used to create block structure, they should include the same pedestrian amenities as public or private streets.</p> <p><b>Response:</b> N/A</p>
<b>6</b>	<p>A primary task of all urban architecture and landscape design is the physical definition of streets and public spaces as places of shared use. Streets should be lined by buildings rather than parking lots and should provide interest especially for pedestrians. Garage entrances and/or loading areas should be located at the side or rear of a property.</p> <p><b>Response:</b> N/A</p>

7	<p>Buildings should be located close to the pedestrian-oriented street (within 25 feet of the curb), with off-street parking behind and/or beside the buildings. When a development plan is located along a high-volume corridor without on-street parking, one bay of parking separating the building frontage along the corridor is a preferred option.</p> <p><b>Response:</b> N/A</p>
8	<p>If the site is located at a street intersection, the main building or main part of the building should be placed at the corner. Parking, loading or service should not be located at an intersection.</p> <p><b>Response:</b> N/A</p>
9	<p>To ensure that urban open space is well-used, it is essential to locate and design it carefully. The space should be located where it is visible and easily accessible from public areas (building entrances, sidewalks). Take views and sun exposure into account as well.</p> <p><b>Response:</b> N/A</p>
10	<p>New urban spaces should contain direct access from the adjacent streets. They should be open along the adjacent sidewalks and allow for multiple points of entry. They should also be visually permeable from the sidewalk, allowing passersby to see directly into the space.</p> <p><b>Response:</b> N/A</p>
11	<p>The perimeter of urban open spaces should consist of active uses that provide pedestrian traffic for the space including retail, cafés, and restaurants and higher-density residential.</p> <p><b>Response:</b> N/A</p>
12	<p>A properly defined urban open space is visually enclosed by the fronting of buildings to create an outdoor "room" that is comfortable to users.</p> <p><b>Response:</b> N/A</p>
13	<p>New public spaces should provide seating opportunities.</p> <p><b>Response:</b> N/A</p>

<b>14</b>	<p>Parking lots should not dominate the frontage of pedestrian-oriented streets, interrupt pedestrian routes, or negatively impact surrounding developments.</p> <p><b>Response:</b> N/A</p>
<b>15</b>	<p>Parking lots should be located behind or in the interior of a block whenever possible. Parking lots should not occupy more than 1/3 of the frontage of the adjacent building or not more than 64 feet, whichever is less.</p> <p><b>Response:</b> N/A</p>
<b>16</b>	<p>Parking structures are clearly an important and necessary element of the overall urban infrastructure but, given their utilitarian elements, can give serious negative visual effects. New structures should merit the same level of materials and finishes as that a principal building would, care in the use of basic design elements can make a significant improvement.</p> <p><b>Response:</b> N/A</p>
<b>17</b>	<p>Higher building densities and more intensive land uses should be within walking distance of transit stops, permitting public transit to become a viable alternative to the automobile.</p> <p><b>Response:</b> N/A</p>
<b>18</b>	<p>Convenient, comfortable pedestrian access between the transit stop and the building entrance should be planned as part of the overall pedestrian network.</p> <p><b>Response:</b> N/A</p>
<b>19</b>	<p>All development should respect natural resources as an essential component of the human environment. The most sensitive landscape areas, both environmentally and visually, are steep slopes greater than 15 percent, watercourses, and floodplains. Any development in these areas should minimize intervention and maintain the natural condition except under extreme circumstances. Where practical, these features should be conserved as open space amenities and incorporated in the overall site design.</p> <p><b>Response:</b> N/A</p>
<b>20</b>	<p>It is the intent of these guidelines to build streets that are integral components of community design. Public and private streets, as well as commercial driveways that serve as primary pedestrian pathways to building entrances, should be designed as the main public spaces of the City and should be scaled for pedestrians.</p> <p><b>Response:</b> N/A</p>

21	<p>Sidewalks should be 5-8 feet wide in residential areas and located on both sides of the street. Sidewalks in commercial areas and Pedestrian Business Overlays should be a minimum of 14-18 feet wide to accommodate sidewalk uses such as vendors, merchandising and outdoor seating.</p> <p><b>Response:</b> N/A</p>
22	<p>Streets should be designed with street trees planted in a manner appropriate to their function. Commercial streets should have trees which complement the face of the buildings and which shade the sidewalk. Residential streets should provide for an appropriate canopy, which shadows both the street and sidewalk, and serves as a visual buffer between the street and the home. The typical width of the street landscape strip is 6-8 feet. This width ensures healthy street trees, precludes tree roots from breaking the sidewalk, and provides adequate pedestrian buffering. Street trees should be at least 6 1/4" caliper and should be consistent with the City's landscaping, lighting and street sight distance requirements.</p> <p><b>Response:</b> N/A</p>
23	<p>Buildings should define the streets spatially. Proper spatial definition should be achieved with buildings or other architectural elements (including certain tree plantings) that make up the street edges aligned in a disciplined manner with an appropriate ratio of height to width.</p> <p><b>Response:</b> N/A</p>
24	<p>The primary entrance should be both architecturally and functionally on the front facade of any building facing the primary public street. Such entrances shall be designed to convey their prominence on the fronting facade.</p> <p><b>Response:</b> N/A</p>
25	<p>The ground level of the building should offer pedestrian interest along sidewalks. This includes windows entrances, and architectural details. Signage, awnings, and ornamentation are encouraged.</p> <p><b>Response:</b> N/A</p>
26	<p>The sidewalks should be the principal place of pedestrian movement and casual social interaction. Designs and uses should be complementary to that function.</p> <p><b>Response:</b> N/A</p>

### Rezoning Checklist (Submittal Requirements)

To be completed by Applicant			To be completed by staff		
General Requirements – General Use or Conditional Use Rezoning	Yes	N/A	Yes	No	N/A
1. I have referenced this <b>Rezoning Checklist</b> and by using this as a guide, it will ensure that I receive a complete and thorough first review by the City of Raleigh	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
2. Pre-application conference.	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

19. Common Signage Plan	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

## Who Can Initiate a Zoning Request?

If requesting to down-zone property, the rezoning application must be signed by all the property owners whose property is subject to the downzoning. Downzoning is defined as a zoning ordinance that affects an area of land in one of the following ways:

1. By decreasing the development density of the land to be less dense than was allowed under its previous usage.
2. By reducing the permitted uses of the land that are specified in a zoning ordinance or land development regulation to fewer uses than were allowed under its previous usage.

If requesting to rezone property to a conditional district, the rezoning application must be signed by all owners of the property to be included in the district. For purposes of the application only (not the zoning conditions), the City will accept signatures on behalf of the property owner from the following:

1. the property owner;
2. an attorney acting on behalf of the property owner with an executed power of attorney; or
3. a person authorized to act on behalf of the property owner with an executed owner's affidavit.

An owner's affidavit must be made under oath, properly notarized and, at a minimum, include the following information:

- The property owner's name and, if applicable, the property owner's title and organization name.
- The address, PIN and Deed Book/Page Number of the property.
- A statement that the person listed as the property owner is the legal owner of the property described.
- The name of the person authorized to act on behalf of the property owner as the applicant. If applicable, the authorized person's title and organization name.
- A statement that the property owner, as legal owner of the described property, hereby gives authorization and permission to the authorized person, to submit to the City of Raleigh an application to rezone the described property.
- A statement that the property owner understands and acknowledges that zoning conditions must be signed, approved and consented to by the property owner.
- The property owner's signature and the date the property owner signed the affidavit.

If requesting to rezone property to a general use district that is not a down-zoning, the rezoning application may be signed, for the purpose of initiating the request, by property owners or third-party applicants.

## Temporary Option for Virtual Neighborhood Meetings

During times when in-person gatherings are restricted, this document consists of guidance and templates for conducting a virtual meeting that may satisfy the pre-submittal neighborhood meeting prerequisite for filing a rezoning request and, when required, the second neighborhood meeting prerequisite for Planning Commission review. All requirements related to notice and neighborhood meetings found in the UDO are still applicable and should be reviewed when preparing for a neighborhood meeting.

Raleigh Planning & Development staff are available to advise you in the preparation for virtual neighborhood meetings. For more information, contact JP Mansolf (919) 996-2180 or [jp.mansolf@raleighnc.gov](mailto:jp.mansolf@raleighnc.gov).

### WHAT IS THE PURPOSE OF A NEIGHBORHOOD MEETING?

A neighborhood meeting is a required form of community outreach to receive community feedback regarding a rezoning prior to submittal to Raleigh Planning & Development or prior to Planning Commission review, per the standards found in [UDO Ch. 10](#). The intention of the meeting is to facilitate neighbor communication; identify issues of concern early on; and provide the applicant an opportunity to address neighbors' concerns about the potential impacts of the rezoning request at key steps in the rezoning process.

### GUIDANCE FOR VIRTUAL NEIGHBORHOOD MEETINGS

The virtual neighborhood meeting option is available to applicants on a temporary basis during times when in-person gatherings are restricted. Above and beyond the requirements for neighborhood meetings found in the UDO, the following practices are strongly encouraged for virtual neighborhood meetings:

#### **Verification of mailed notice for virtual neighborhood meetings can be completed by USPS or Raleigh Planning & Development staff.**

Neighborhood meeting notification letters can be verified in one of two ways for virtual neighborhood meetings:

- By using USPS in compliance with [UDO Sec. 10.2.1.C.1.b](#).
- By coordinating with Raleigh Planning & Development staff.
  - When City of Raleigh facilities are open to the public, applicants may present stuffed, stamped, addressed, and unsealed neighborhood meeting notifications to Raleigh Planning & Development staff prior to the 10-day period for confirmation that the complete list of property owners is being noticed and that the notices contain adequate information to satisfy the requirements of the UDO and are in keeping with this guidance document.
  - When City of Raleigh facilities are closed to the public, applicants may present electronic documentation to city staff prior to the 10-day period for verification. Documentation should include: an electronic copy of the notification letter and any enclosures, the mailing list, photographs of the mailing that demonstrates the number of envelopes prepared for mailing, an attestation from the applicant that the mailing satisfies all UDO requirements and that acknowledges that false statements negate validity of the mailing.

**The meeting should be held within specific timeframes and meet certain requirements.**

The UDO requires that “the applicant shall provide an opportunity to meet with property owners of the development site and property owners within the mailing radius described in [UDO Sec. 10.2.1.C.1](#). In order to provide meaningful opportunity, a virtual neighborhood meeting should follow these guidelines:

- Electronically via an interactive online video conferencing software such as Microsoft Teams, Zoom, WebEx, or any similar platform of the applicant’s choice.
- The software must support a two-way conversation that allows for residents to ask questions and provide thoughts, as well as hear the applicant’s presentation.
- The software should provide an option for an individual to participate exclusively by telephone.
- The meeting should be conducted for a minimum of two (2) hours, Monday through Thursday, during the 5:00 p.m. - 9:00 p.m. time period.
- The meeting should not be held on City of Raleigh or State of North Carolina recognized holidays.
- Just as with an in-person meeting, an attendance sheet must be completed to log known attendees of the virtual meeting. Note if no one attended.

**Additional informational material should be provided by post to all invitees.**

To help facilitate discussion during the meeting for all participants, especially those that may participate exclusively by telephone, informational material should be provided by post. A copy of all mailed materials should be included as part of the Neighborhood Meeting report required for the rezoning application. In addition to details required by [UDO Sec. 10.2.1.C.1](#), the following information should be mailed with the meeting notice:

- The date, time, and detailed instructions for how to participate in the virtual meeting either online or by telephone.
- A current aerial photograph of the area.
- A current zoning map of the area.
- A draft of the rezoning petition to be submitted.
- For a rezoning request to a district that requires a master plan ([UDO Art. 4.6](#) and [4.7](#)) preliminary or schematic plans of the proposed master plan should be provided to help facilitate discussion.

**The meeting agenda should describe the action to be requested and the nature of the questions involved.**

This information should be addressed during the meeting:

- Explanation of the rezoning process.
- Explanation of future meetings (additional neighborhood meetings, if any; Planning Commission review; City Council public hearing).
- Explanation of the development proposal, including proposed uses and zoning conditions; explanation of any proposed master plan; and any public information available about the property owner or buyer, developer or builder, and/or likely tenant.
- Questions or concerns by virtual attendees and responses by the applicant.
- Report of any questions and concerns received by the applicant in correspondence or phone call in advance of the meeting, along with any applicant-provided responses.

The applicant shall be responsible for notifying any neighbors who request to be kept up-to-date of any additional neighborhood meetings and the actual submittal date to the City of Raleigh Development Portal.

Date: March 26, 2021

Re: Property Located at Old Milburnie Road

#### Neighboring Property Owners:

You are invited to attend a neighborhood meeting on Wednesday, April 7<sup>th</sup>, 2021 from 5pm to 7pm. The meeting will be held virtually. You can participate online or by telephone. Please note that the presentation is planned to begin at 5pm and will be followed by an opportunity for questions and answers. Depending on attendance, the programmed portion of the meeting is likely to end between 5:30 and 6pm. The additional time is intended to allow for a late start in the event of any technical issues related to the virtual meeting, and your flexibility is appreciated. Once the meeting has been successfully completed, the online meeting, including the telephone dial-in option, will remain open until 7pm, and we will be happy to review the proposal or answer additional questions during this time.

The purpose of this meeting is to discuss a potential rezoning of several properties located at and near the intersections of Old Milburnie Road and Pinnacle Peak Drive, and Old Milburnie Drive Penselwood Drive. The current and proposed zoning designation are shown in the table below. The purpose of the zoning request is to allow for development of residential up to six units per acre. Our goal is to gather comments through your participation in this virtual neighborhood meeting or, alternatively, through your written comments to the City of Raleigh Planning Department. After the meeting, we will prepare a report for the Raleigh Planning Department regarding the items discussed.

#### Property

<b>PIN</b>	<b>Address</b>	<b>Current Zoning</b>	<b>Proposed Zoning</b>
1734889217	1309 Old Milburnie Rd	R-4	R-6
1745000797	1633 Old Milburnie Rd	R-4	R-6
1735908493	1617 Old Milburnie Rd	R-4	R-6
1734999718	1601 Old Milburnie Rd	R-4	R-6
1734897943	1529 Old Milburnie Rd	R-4	R-6
1735903287	1521 Old Milburnie Rd	R-4	R-6
1744081979	1512 Old Milburnie Rd	R-6-CU	R-6

Prior to the submittal of any rezoning application, the City of Raleigh requires that a neighborhood meeting be held for all property owners and tenants within 500 feet of the area requested for rezoning.

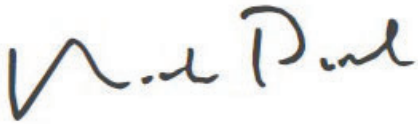

Information about the rezoning process is available online; visit [www.raleighnc.gov](http://www.raleighnc.gov) and search for "Rezoning Process." If you have further questions about the rezoning process, please contact:

JP Mansolf  
Raleigh Planning & Development  
(919)996-2180  
[JP.Mansolf@raleighnc.gov](mailto:JP.Mansolf@raleighnc.gov)

If you have any concerns or questions about this potential rezoning I can be reached at:

Mack Paul  
Morningstar Law Group  
919-590-0377  
[mpaul@mstarlaw.com](mailto:mpaul@mstarlaw.com)

Sincerely,

A handwritten signature in dark ink, appearing to read "Mack Paul". The signature is fluid and cursive, with the first name "Mack" and last name "Paul" clearly distinguishable.

**How to Participate in the April 7, 2021 Neighborhood Meeting Re: Several Properties near Old Milburnie Road @ Pinnacle Peak Drive and @ Penselwood Drive**

- To participate by PC, Mac, iPad, iPhone or Android device,
  - Go to [bit.ly/mlg04072021mtg](https://bit.ly/mlg04072021mtg) to register for the meeting. (*Registration is necessary as we are required by the City of Raleigh to have a record of attendance.*)
  - Upon registration, you will receive a confirmation email with instructions on how to access the meeting.
- To participate by phone,
  - Dial one of the following numbers:
    - +1 312 626 6799
    - +1 929 436 2866
    - +1 301 715 8592
    - +1 346 248 7799
    - +1 669 900 6833
    - +1 253 215 8782
  - Enter Webinar ID: 977 7577 8437
  - Enter password: 603645
  - *For attendance purposes as required by the City of Raleigh, individuals participating via telephone will be unmuted and asked to identify themselves including their name and address.*

If you have difficulty connecting or have technical difficulties during the meeting, you can email us at [meetings@mstarlaw.com](mailto:meetings@mstarlaw.com) or call 919-590-0366.

You are encouraged to join the meeting via your computer or smartphone so that you will have access to Zoom Webinar's interactive features including Raise Hand and Chat.

During the meeting, participants will be muted by default. Also, participants' video will be off by default, i.e. only the presenters will be visible.

- If you are participating via your computer, iPhone or Android device, you can submit questions/comments by using the Raise Hand and/or Chat features. If you use Raise Hand, a panelist will either unmute you to allow you to speak or will chat with you to solicit your questions/comments.
- If you are participating via telephone, you can submit questions/comments prior to and during the meeting via email at [meetings@mstarlaw.com](mailto:meetings@mstarlaw.com). At the end of the Q&A period of the meeting, all callers will be unmuted to allow for questions/comments.

# Rezoning Application and Checklist

Planning and Development Customer Service Center • One Exchange Plaza, Suite 400 | Raleigh, NC 27601 | 919-996-2500

Please complete all sections of the form and upload via the Permit and Development Portal ([permitportal.raleighnc.gov](http://permitportal.raleighnc.gov)). Please see page 11 for information about who may submit a rezoning application. A rezoning application will not be considered complete until all required submittal components listed on the Rezoning Checklist have been received and approved. For questions email [rezoning@raleighnc.gov](mailto:rezoning@raleighnc.gov).

## SUMMARY OF ISSUES

A neighborhood meeting was held on April 7, 2021 (date) to discuss a potential rezoning located at See Attachment A (property address). The neighborhood meeting was held at virtually (location). There were approximately 16 (number) neighbors in attendance. The general issues discussed were:

### Summary of Issues:

Explained rezoning process. Explained current and proposed zoning as well as nearby zoning. Explained prior and current ownership and reason for improvement of property. Explained this is all preliminary. Went over questions emailed to us:

Are plans available so that we can see how close these large buildings will be to the properties on Pilton Pl, Penselwood, and Lighthall? Explained no final plan yet, just trying to rezone and then will go forward from there. No large buildings.

What kind of buffer or green space will be left between our development (Beechwood) and the new properties? City will require a rear yard but there is no change of use or change in building type so there is nothing to buffer.

Will any kind of tree or shrub barrier be installed so we're not confronted with our "new neighbors" as soon as we walk into our yard which has previously been wonderfully quiet and peaceful? See above.

Penselwood Dr. dead-ends just after the turn for Lighthall Ln. Will it be continued into the new development? We are very concerned about reduction in security. Currently the only traffic in this neighborhood is for people in this neighborhood. This would introduce "pass-through" traffic.

City wants more connectivity/points of access. No pass through your neighborhood. Will only be onto Old Milburnie. At least 2 entrances. DOT will make final decision.

Discussed affordability and affordable housing. Property will most likely be market driven.

Has an environmental impact study been performed? If so, is the report available for public review? No. Discussed storm water and City requirements and nearby bodies of water.

## SUMMARY OF ISSUES

A neighborhood meeting was held on April 7, 2021 (date) to discuss a potential rezoning located at See Attachment A (property address). The neighborhood meeting was held at virtually (location). There were approximately 16 (number) neighbors in attendance. The general issues discussed were:

### Summary of Issues:

Has a traffic impact study been performed? If so, is the report available for public review? Discussed nearby Pulte development and traffic.
Since you mention R4 zoning: * How many single family homes are planned? * How many multi family homes? * How many apartment building? Discussed what zoning classification means and lot sizes.
How are the utilities being handled? (this area is over tasked presently for electrical power) Discussed jurisdiction issue. This is in City planning jurisdiction. Possible annexation and adding utilities.
Discussed timeline of when this project will go forward.
Discussed who is responsible for maintaining the streets.
Where is the 500 ft from (re notice) – it is from the property line to be rezoned.
Discussed effect on property values. There likely will be rock work due to the amount of rock in the soil.
Traffic study will be done if required by City. Future access points. – At least 2, perhaps 3. DOT will decide what is permitted.

## SUMMARY OF ISSUES

A neighborhood meeting was held on April 7, 2021 (date) to discuss a potential rezoning located at See Attachment A (property address). The neighborhood meeting was held at virtually (location). There were approximately 16 (number) neighbors in attendance. The general issues discussed were:

### Summary of Issues:

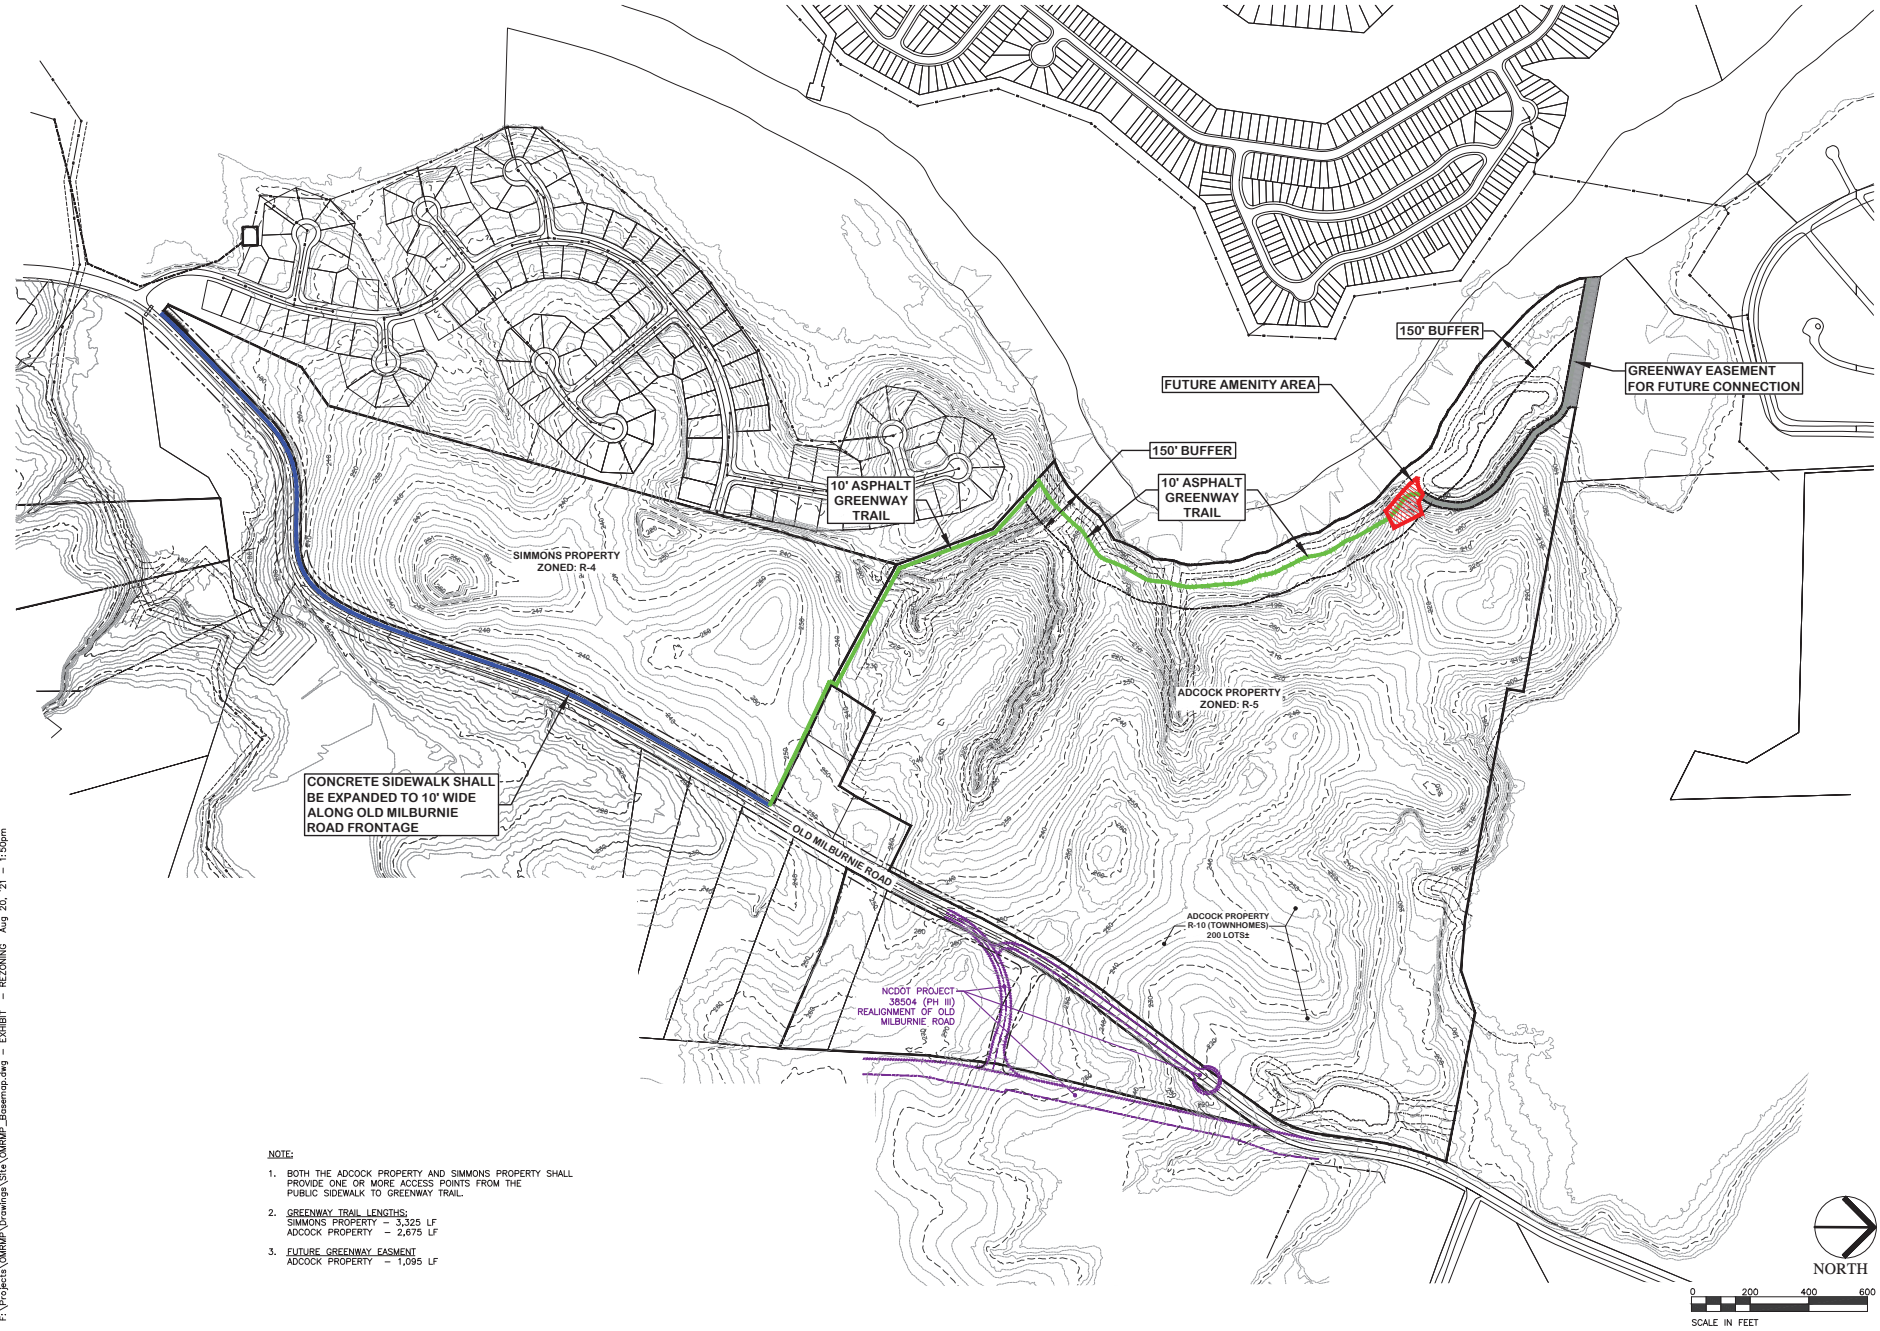

Discussed possible number of homes. Not likely more than 400. Unlikely to have rental units/apartments.
Future access points. – At least 2, perhaps 3 onto Old Milburnie Road. DOT will decide what is permitted.
Discussed how large of greenspace between subdivisions.
Unlikely to have traffic light. That is up to DOT, not developer or City

REZONING OF PROPERTY CONSISTING OF +/- 107.37 ACRES  
LOCATED ON OLD MILBURNIE ROAD IN THE CITY OF RALEIGH (Z-26-21) AND +/-  
35.14 ACRES LOCATED ON OLD MILBURNIE ROAD IN THE CITY OF  
RALEIGH (Z-27-21)

REPORT OF MEETING WITH ADJACENT PROPERTY OWNERS ON  
AUGUST 11, 2021

Pursuant to applicable provisions of the Unified Development Ordinance, a meeting was held with respect to a potential rezoning with adjacent property owners on Wednesday, August 11, at 6:00 p.m. The property considered for this potential rezoning totals approximately 142.51 acres and is located on Old Milburnie Road (see lists in attached **Exhibit A**), in the City of Raleigh, having Wake County Parcel Identification Numbers (see lists in attached **Exhibit A**). This meeting was held Virtually. All owners of property within 1000 feet of the subject property were invited to attend the meeting. Attached hereto as **Exhibit A** is a copy of the neighborhood meeting notice. A copy of the required mailing list for the meeting invitations is attached hereto as **Exhibit B**. Attached hereto as **Exhibit C** is a summary of the items discussed at the meeting and attached hereto as **Exhibit D** is a list of individuals who attended the meeting.

From: Mack Paul  
Date: July 30, 2021  
Re: Notice of meeting to discuss potential rezoning of certain property described in the chart below (the "Property")

### Properties

See Attachment A

We are legal counsel for the Adcock Family and the Patrick Hubert Simmons Trust (the "Owners"), owners of the above-captioned properties (the "Properties"). The Owners are in the process of rezoning the Properties from a combination of Residential-4 (R-4), Residential-6 (R-6) and Conservation Management (CM) to R-6 and CM. The Properties are being rezoned separately. The Adcock Family's rezoning application is filed under case number Z-26-21, and the Patrick Hubert Simmons Trust's rezoning application is filed under case number Z-27-21.

You are cordially invited to attend a meeting to discuss the rezoning cases. We have scheduled a meeting with surrounding property owners on Monday, August 11, 2021, from 6:00 p.m. to 7:00 p.m. This meeting will be held at Comfort Suites, Duke Room, 1309 Corporation Way, Raleigh, NC.

After the submittal of certain rezoning applications, the City of Raleigh requires that a second neighborhood meeting be held for all property owners within 1,000 feet of the area requested for rezoning. After the meeting, we will prepare a report for the Raleigh Planning & Development Department regarding the items discussed at the meeting. You can view the full application materials, including a summary of the first neighborhood on the City's current zoning cases page (<https://raleighnc.gov/SupportPages/zoning-cases>).

If you have further questions about the rezoning process, please contact:

Donald Belk  
Raleigh Planning & Development  
(919) 996-4621  
[donald.belk@raleighnc.gov](mailto:donald.belk@raleighnc.gov)

If you have any concerns or questions about the rezoning cases, I can be reached at:

Mack Paul  
Morningstar Law Group  
919-590-0377  
[mpaul@mstarlaw.com](mailto:mpaul@mstarlaw.com)

Sincerely,

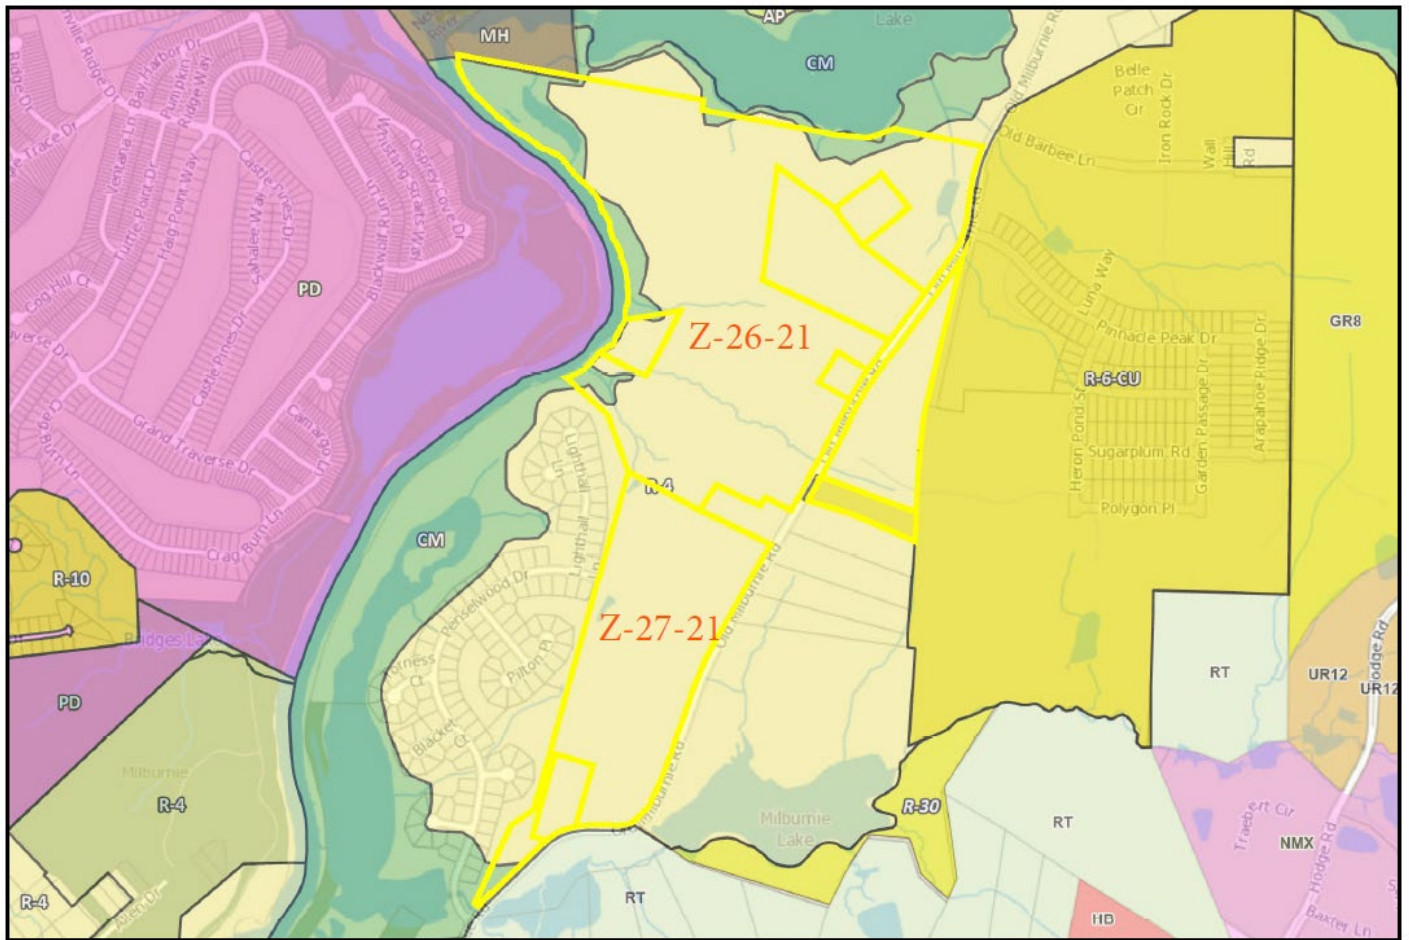

A handwritten signature in dark ink, appearing to read "Mack Paul", is written below the typed name.

## **EXHIBIT C – ITEMS DISCUSSED**

1. Has the properties been sold yet? No, the ownership remains the same at this time.
2. Has there been a traffic study. It was stated that the City has not requested a traffic study as part of the rezoning request. The City could ask for a traffic study at site plan.
3. Participant expressed concern about speeding on Old Milburnie Road.
4. Participant expressed concern about trucks making deliveries within the Beachwood subdivision given the width and condition of the streets.
5. Participant asked about the potential for a traffic signal on Old Milburnie Road. It was explained that NCDOT allows traffic signals only when a warrant study concludes it meets certain criteria.
6. Resident on Penselwood Drive asked about the stub road. It was stated that the City of Raleigh will require a connection to Old Milburnie Road from the stub for any development that occurs on the vacant property.
7. Participant asked about the type of development. It was stated that the City of Raleigh recently passed a text change that allows more diverse housing types within the Residential-6 zoning district. That can include townhomes or duplexes. The market will likely support mostly single family homes with possibly some townhomes.
8. Participant asked about the total number of units to be developed. The applicant stated that the total acreage on both parcels is about 140 acres. About 40 acres of that is steep and/or otherwise cannot be developed upon. Any build-out scenario will be in the range of 400-450 homes.
9. Participant asked about the overall patterns of traffic in the area including for Legacy Oaks. It was mentioned that a new road connection will veer off of Old Milburnie Road to Farmwell Road.
10. Participant asked about the impact of the development on home values. This is a subjective question. Generally, residential built next to residential does not affect values and not nearly as much as other factors such as the general market, supply and demand and aspects of the area.
11. Participant asked about the alignment of the proposed greenway connection in relation to the Beachwood subdivision.
12. Participant asked about erosion, stating erosion has worsened along the Neuse River since the demolition of the dam. The small tributary next to Beachwood has increased into a torrent during storms and brought silt into the wetland area next to the river.
13. Participant asked about parking at the future Milburnie Park. The City typically provides parking in connection with park development along with other amenities identified during community stakeholder meetings.
14. Participant asked about the timeframe for build out of the project. Applicant explained schedule for zoning, site plan and permitting.
