This document is a true and accurate statement of the findings and recommendations of the Planning Commission. Approval of this document incorporates all of the findings of the attached Staff Report.

Planning Director: Date Planning Commission Chairperson: Date

Staff Coordinator: Sophie Huemer: (919) 996-2652; Sophie.Huemer@raleighnc.gov
Case Summary

Overview
The property is located at the terminus of Everspring Lane. Spring Forest Road is less than tenth a mile north of the site. Louisburg Road sits less than half a mile east of the site while the Capital Boulevard Corridor is located just over a mile to the west.

The subject property is occupied by one single family detached residence. Surrounding uses are exclusively residential with single family detached as the predominant building type. Homes to the north and west were built in the late 2000s. Homes to the south were constructed in the late 1980’s.

The site and all surrounding properties are designated as Low Density Residential on the Future Land Use Map, which envisions residential development with a density of 1 to 6 dwelling units per acre. There are no Urban Form Map designations for this area. The property to the east is of similar size and shape; also zoned Residential-1.

The proposal seeks to rezone the subject property to permit an increase in residential density. The current zoning, Residential-1, allows one dwelling unit per acre. Residential-6 would allow up to six dwelling units per acre and smaller setbacks. In addition, it would permit the attached building type.

The development intensities for proposed zoning districts were estimated using an impact analysis tool. The estimates presented are only to provide guidance for analysis.

The proposed rezoning is:

☑ Compatible with the property and surrounding area.

☐ Incompatible.

The surrounding area is predominantly single family detached residences. Attached buildings are an additional building type in Residential-6 but are not incompatible with the surrounding homes.
Future Land Use Map  Z-41-2016

Request:

0.69 acres from R-1 to R-6

Submittal Date
11/17/2016
Request:

0.69 acres from R-1 to R-6
2. Comprehensive Plan Consistency Analysis

2.1 Comprehensive Plan

Determination of the conformance of a proposed use or zone with the Comprehensive Plan includes consideration of the following questions:

A. Is the proposal consistent with the vision, themes, and policies contained in the Comprehensive Plan?
B. Is the use being considered specifically designated on the Future Land Use Map in the area where its location is proposed?
C. If the use is not specifically designated on the Future Land Use Map in the area where its location is proposed, is it needed to service such a planned use, or could it be established without adversely altering the recommended land use and character of the area?
D. Will community facilities and streets be available at City standards to serve the use proposed for the property?

| A. The proposal is consistent with the vision, themes, and policies of the Comprehensive Plan and the Future Land Use Map. |
| B. The Comprehensive Plan states that the R-6 district is a consistent zoning district with the Low Density Residential Future Land Use designation. |
| C. Not applicable. |
| D. Existing community facilities and street appear sufficient to accommodate the development possible under the proposed rezoning. |

2.2 Future Land Use

Future Land Use designation:

The rezoning request is:

- **Consistent** with the Future Land Use Map.
- **Inconsistent**

The Low Density Residential Future Land Use category in the Comprehensive Plan calls for residential development within the range of 1 to 6 dwelling units per acre. This proposal limits the maximum residential density to 6 dwelling units per acre.

2.3 Urban Form

Urban Form designation:

- **Not applicable** (no Urban Form designation)

The rezoning request is:

- **Consistent** with the Urban Form Map.
- **Inconsistent**
2.4 Policy Guidance

The rezoning request is inconsistent with the following policies:

None Identified

2.5 Area Plan Policy Guidance

The proposed zoning is not subject to an Area Plan.

3. Public Benefit and Reasonableness Analysis

3.1 Public Benefits of the Proposed Rezoning

- Development will be consistent with Comprehensive Plan, and existing development.
- City facilities are in close proximity.
- Will allow for infill development.

3.2 Detriments of the Proposed Rezoning

- The development of this parcel will trigger the need for improvements to Everspring Lane at the time of site plan. The eastern adjacent parcel is not subject to this zoning request and is not required to participate in improvements to Everspring until it develops.

4. Impact Analysis

4.1 Transportation

The site is located in a neighborhood south of Spring Forest Road, between Fox Rd and US-401. A neighborhood street, Everspring Lane, stubs into the subject parcel and provides access to the public street system. There are no City of Raleigh CIP projects or state STIP projects planned for any street in the vicinity of the Z-41-2016 site.

Offers of cross access to adjacent parcels shall be made in accordance with the Raleigh UDO section 8.3.5.D. An existing public street stubs into the northern boundary of the Z-41-2016 parcel. Site access will be provided via Everspring Lane. The existing street stub may be extended into the subject parcel upon submittal of a site development plan.

In accordance with UDO section 8.3.2, the maximum block perimeter for R-6 zoning (average lot size 10,000 - 19,999 sf) is 5,000 feet. The block perimeter for Z-41-2016, as defined by public rights-of-way for Alchemist Trail, Yorkwood Drive, Round Hill Lane, Spring Pines Way and Spring Forest Road is approximately 3,000 feet.
The existing land use is a single-family dwelling which generates virtually no traffic. Approval of case Z-41-2016 would increase the allowable dwelling units from one to four. There would be minimum impacts to the public street system and a minor increase in trip generation if case Z-41-2016 is approved.

Impact Identified: None

4.2 Transit
1. This area is not currently served by transit
2. Neither the City of Raleigh Short Range Transit Plan nor the Wake County Transit Plan call for future service here
3. No transit requests

Impact Identified: None

4.3 Hydrology

<table>
<thead>
<tr>
<th></th>
<th>Floodplain</th>
<th>Drainage Basin</th>
<th>Stormwater Management</th>
<th>Overlay District</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Floodplain</strong></td>
<td>No FEMA Floodplain present</td>
<td>Beaverdam - E</td>
<td>Subject to stormwater regulations under Article 9 of UDO.</td>
<td>none</td>
</tr>
</tbody>
</table>

4.4 Public Utilities

<table>
<thead>
<tr>
<th></th>
<th>Maximum Demand (current)</th>
<th>Maximum Demand (proposed)</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Water</strong></td>
<td>250 gpd</td>
<td>1000 gpd</td>
</tr>
<tr>
<td><strong>Waste Water</strong></td>
<td>250 gpd</td>
<td>1000 gpd</td>
</tr>
</tbody>
</table>

Impact Identified: Water is available in Everspring Lane. There is an existing sanitary sewer main adjacent to property (northwest corner) of existing lot. If lot is subdivided into four lots, off-site sanitary sewer easements will be required. Also, the invert elevation (334.0’) for this manhole may not work (i.e. not provide adequate grade for sewer service lines) for all lots depending on finish floor elevations.

4.5 Parks and Recreation
1. There are no existing or proposed greenway trails, corridors, or connectors within or adjacent to this site. Nearest trail access is Spring Forest Trail, distance 1.0 miles.
2. Recreation services are provided by Spring Forest Community Center, distance 0.4 miles.

Impact Identified: None

4.6 Urban Forestry
This site is less than 2.0 gross acres and is not subject to UDO 9.1 Tree Conservation.

Impact Identified: None
4.7 Designated Historic Resources
Impact Identified: None

4.8 Community Development
Impact Identified: None

4.9 Impacts Summary
None Identified

4.10 Mitigation of Impacts
None Identified

5. Conclusions
The proposed rezoning is consistent with the Comprehensive Plan and the Future Land Use Map designation. It is also compatible with adjacent uses and development densities. Residential-6 would permit the attached building type which is not an incompatible building type. The Low Density Residential Future Land Use category calls for development within the range of 1 to 6 dwelling units per acre. Residential-6 allows for up to 6 dwelling units per acre.

  - Raleigh NC 27613-1463

### Project Contact Person/Address

- **Ed's Contracting**
  - 2820 Trawick Rd
  - Raleigh NC 27604

### Owner/Agent Signature

### A rezoning application will not be considered complete until all required submittal components listed on the Rezoning Checklist have been received and approved.

---

*Filed 10/26/16 at 2:30pm*
The applicant is asked to analyze the impact of the rezoning request. State Statutes require that the rezoning either be consistent with the adopted Comprehensive Plan, or that the request be reasonable and in the public interest.

**STATEMENT OF CONSISTENCY**

Provide brief statements regarding whether the rezoning request is consistent with the future land use designation, the urban form map, and any applicable policies contained within the 2030 Comprehensive Plan.

The R6 is the current zoning for all surrounding properties and therefore should meet the 2030 Comprehensive Plan.

2.  

3.  

4.  

**PUBLIC BENEFITS**

Provide brief statements regarding the public benefits derived as a result of the rezoning request.

1. Will bring the current square footage price of existing homes up.

2. Will bring the aesthetics of the current status of the property up to surrounding properties.

3. Will have a private road to homes so no road maintenance will be placed on City.

4. Will meet All City requirements including landscaping.
Re: 5601 Everspring Ln, Raleigh, NC 27616

Neighboring Property Owners:

You are invited to attend a neighborhood meeting on November 15, 2016. The meeting will be held at 2820 Trawick Rd and will begin at 5:30 PM.

The purpose of this meeting is to discuss a potential rezoning of the property located at 5601 Everspring Ln, Raleigh, NC 27616. This site is current zoned R1 and is proposed to be rezoned to R6. Same as your home. This is the 3rd attempt to hold a homeowner meeting as the city’s information was not on the previous letters. No new additional information will be reviewed.

The City of Raleigh requires that prior to the submittal of any rezoning application, a neighborhood meeting involving the property owners within 100 feet of the area requested for rezoning; which is why you are being contacted.

If you have any concerns or questions I (we) can be reached at: 919-272-13007 or service@saconstructionnc.com.

The City of Raleigh can be reached at: www.raleighnc.gov (which may have more specific information available) or City Planning department @ 919-996-2626, rezoning@raleighnc.gov.

Thank you,

Tammy Johnson
