The following principal uses will be prohibited: prison, jail, detention center, emergency medical office, veterinary clinic, adult establishment, vehicle fuel sales (excluding vehicle charging stations), hospital, shooting range (both indoor and outdoor), batting cage (both indoor and outdoor), water park, commercial car wash, vehicle sales, commercial vehicle repair. Additionally, drive-thru facilities shall be prohibited.
- 2 All parking and pedestrian area lighting, as described in Section 7.4.5 of the UDO, within 30' of the parcels listed on Table B shall use full cutoff light fixtures.
- 3. The provisions of Section 3.5.1 through 3.5.5 of the UDO ("Neighborhood Transition Provisions") shall apply along the boundary of the site adjacent to the properties listed on Table B and labeled the Northern R-6 Property on Exhibit A (the "Northern R-6 Property") notwithstanding any existing intervening right of way of Daladams Street or Duffy Place as they exist on the effective date of these zoning conditions (the "ROW Strip"), except that Zone C shall extend no further than 100' from the southern boundary of the Northern R-6 Property. For clarity, the boundaries of the neighborhood transition zones shall be measured from the southern boundary of the Northern R-6 Property without adjustment for the existence of the ROW Strip within the neighborhood transition area. At such time as any new right of way shall be publicly dedicated such that the northern site boundary currently adjacent to the ROW Strip shall shift to the south side of such new right of way, this condition shall no longer apply along the site's frontage on the new right of way. Upon the rezoning or change of use of any Northern R-6 Property to a district or use that would not be eligible to be buffered by a neighborhood transition pursuant to the Neighborhood Transitions Provisions, this condition shall no longer be applicable to that portion of the site directly across the ROW Strip from such parcel(s).
- 4. Prior to, or as part of, any site plan for development of any portion of the property that would result in 500,000 or more gross square feet of cumulative new construction on the site, a location on the property or adjacent right-of-way shall be provided, and, if on the property, solidified through a recorded easement, to accommodate a City bikeshare station with no fewer than 8 docks, which shall be installed by the property owner.
- 5. Not more than 3,000 dwelling units, nor more than 1,500,000 gross square feet of office use, nor more than 200,000 gross square feet of retail use, nor more than 500 hotel rooms shall be permitted within the area conditionally rezoned, provided that additional dwelling units shall be permitted, and for each dwelling unit over 3,000, 250 fewer square feet of gross office space shall be permitted.

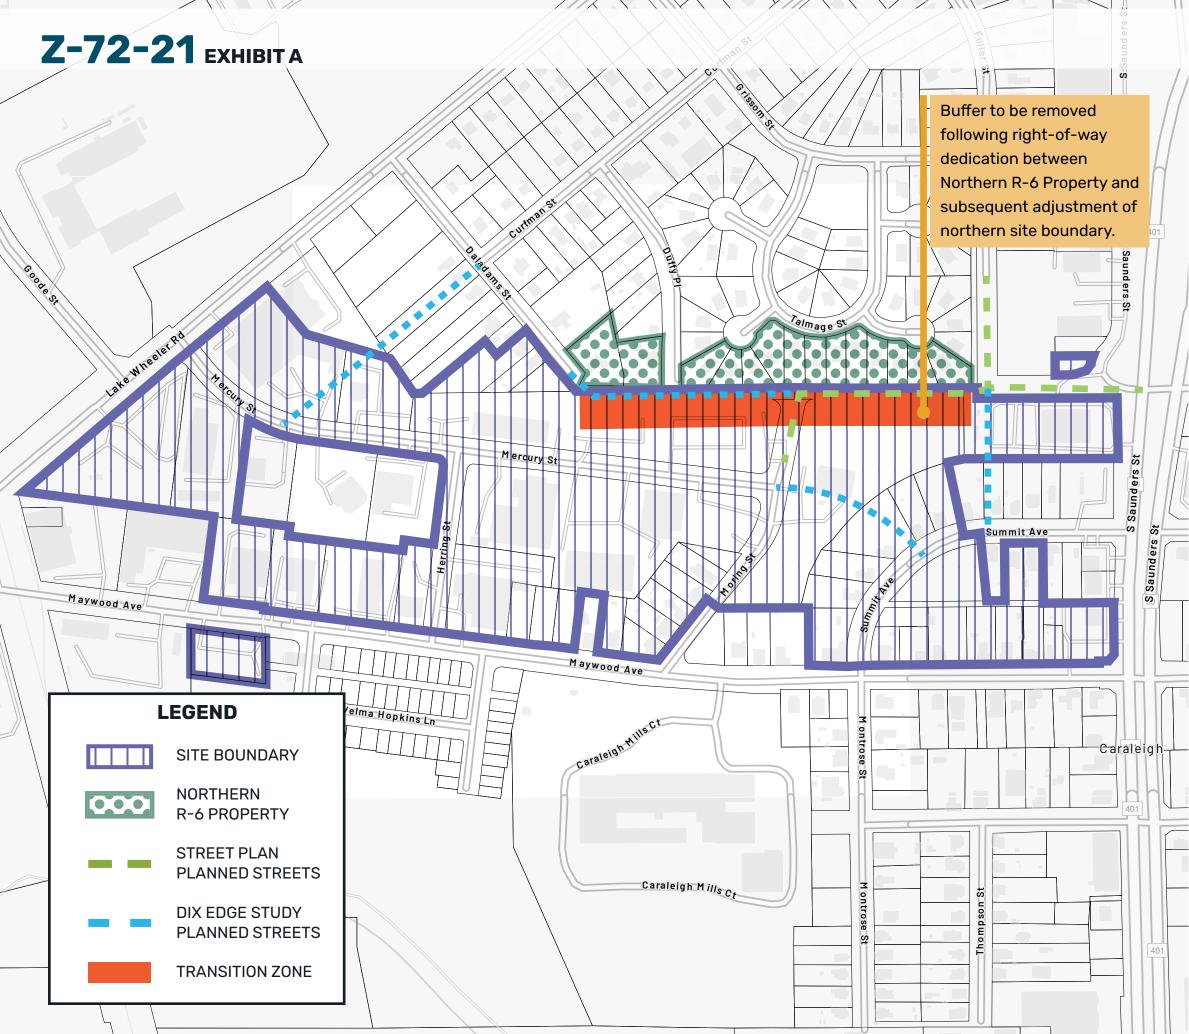

The property owner(s) hereby offers, consents to, and agrees to abide, if the rezoning request is approved, the conditions written above. All property owners must sign each condition page. This page may be photocopied if additional space is needed.

Re: Notice of meeting to discuss potential rezoning of certain property described on the

attached list (the "Properties")

We are counsel for **JPB Holdings, LLC** ("**JPB**"), which plans to rezone the above-captioned Property. Currently, the Properties are zoned Industrial Mixed-Use, 3 stories (IX-3); Industrial Mixed Use, 3 stories - Special Highway District - 2 (IX-3-SHOD-2); Residential - 6; (R-6); Conservation Management and Commercial Mixed Use - 3 stories - Conditional Use (CM & CX-3-CU); Neighborhood Mixed Use - 3 Stories (NX-3); and Neighborhood Mixed Use - 3 Stories - Parking Limited (NX-3-PL), JPB is considering rezoning the Property to Commercial Mixed Use - 20 Stories - Urban Limited - Conditional Use, (CX-20-UL-CU) with Special Highway District - 2 (SHOD-2) on one of the Properties. The purpose of the zoning request is to accommodate commercial mixed-use development on the site.

You are invited to attend a neighborhood meeting on Monday, May 16, from 7pm to 8pm. The meeting will be held at Carolina Pines Community Center, CC Large Club Room, 2305 Lake Wheeler Road, Raleigh NC 27603. After the meeting, a report will be submitted to the Raleigh Planning and Development Department. Any other person attending the meeting can submit written comments about the meeting or the request in general, but to be included in the Planning Commission agenda, packet written comments must be received at least 10 days prior to the date of the Planning Commission meeting where the case is being considered.

After the submittal of certain rezoning applications, the City of Raleigh requires that a neighborhood meeting be held for all property owners within 1,000 feet of the area requested for rezoning. After the meeting, we will prepare a report for the Raleigh Planning & Development Department regarding the items discussed at the meeting. You can view the full application materials, including the first neighborhood meeting materials on the City's current zoning cases page (https://raleighnc.gov/SupportPages/zoning-cases). This rezoning application is filed under case no. Z-72-21.

If you have further questions about the rezoning process, please contact:

- 4. Prior to, or as part of, any site plan for development of any portion of the property that would result in 500,000 or more gross square feet of cumulative new construction on the site, a location on the property or adjacent right-of-way shall be provided to accommodate a City bikeshare station with no fewer than 8 docks, which shall be installed by the property owner.
- 5. REZONING Case Z-72-21 DIX E DOS SNOT - UKBAN COMMON . STEPS DOWN

As a preface and general statement, the proposed rezoning is not in keeping with the City of Raleigh 2030 Comprehensive Plan. The proposed rezoning is for Commercial Mixed Use while the Comprehensive Plan indicates Residential Mixed Use.

More importantly, 20-stories is out of scale with the surrounding neighborhood context, and rather preposterously so.

In their written comments, City of Raleigh Long Range Planning staff (Hannah Reckhow) indicate that zoning for 4-7 stories is appropriate for this area.

There has been much reinvestment and improvement in the Caraleigh community over the last decade, instigated by widespread property repair and replacement following a tornado in 2011.

Our neighborhood has spoken out in general support of density with rezonings for 20 to 40 stories, literally in our backyard, for Downtown South, where these heights were deemed appropriate and in alignment with long-range plans for the city.

This case appears to be a rezoning to simply increase the development potential and value of property holdings without a specific development plan or goal for the properties. Lowering the bar to allow approval of such a dramatic change without study or investment in a plan on the part of the applicant is something I cannot support and should not be supported by the Planning Commission or City Council.

This application offers no commitment to assurances of quality of urban fabric, street experience, or shared amenity, open space, or other public benefits; no assurances on quality of building or building material, no study and control of stormwater beyond the code minimum to improve an already problematic Walnut Creek watershed that experiences flooding downstream; and no massing diagrams to illustrate the impact of a massive scale change such as this.

This is not about traffic or fear of progress. I have spoken in favor of and will continue to be supportive of greater building heights along the main thoroughfares, S. Saunders St. and Lake Wheeler Rd., that can be supported by transit and have the benefit of added right-of-way width. Other measures, such as more targeted areas for additional zoning height, stepped building facades to create a less menacing street experience, and sun angle studies to illustrate impacts to the Fuller Heights neighborhood are appropriate to accompany a request such as this and suggest the applicant offers a more thoughtful and detailed study of this request before attempting to move forward.

In short, a blanket 20-story zoning that is such a drastic departure from the current zoning and longrange plan for the city is not appropriate and should not be approved without additional study by the applicant.
