Enameling and Fabrication for Enameled Components

This is a two-day workshop suitable for those new to enameling but who have basic metalsmithing skills, such as soldering and sawing. On day 1, we will cover the basics of enameling and delve into surface design, including the use of stencils, lusters, decals, and graphite; textures such as sugar firing and glass beads; and folded, domed, and other dimensional forms. On day 2, we will learn how to fabricate settings for enameled components. We will cover prong settings, tab settings, frames, and a variety of cold connections. **\$30 kit available for purchase** at start of workshop – enamels will be provided. **Prerequisite:** Beginning Metals at Sertoma or Pullen Arts Centers. 2 sessions.

Instructor: Lauren Markley

Introduction to Majolica

Developed in the Middle East during the 9th century and made famous by Italian artisans, majolica is earthenware pottery with a white opaque glaze decorated with ceramic colorants brushed on top of the raw, unfired glaze. The glaze is formulated to be viscous which restricts the flow and movement of the glaze retaining most of the line quality of the decoration. In this class we will examine historical aspects, designs of majolica and explore the process using commercial glazes & majolica colors making the techniques easy to use. Formulas for mixing your own majolica glazes/colors will be provided & discussed. If you like color and painting designs on pottery, this class is for you! **Prerequisite:** Beginner Wheel or Handbuilding at Sertoma or Pullen Arts Center. This class does not qualify for a studio card. Students pay glaze and color **fee of \$45** at the first class to the instructor. Registrants will be emailed information on tools and brushes shortly after registration. 4 sessions.
