### **Budget**

### **Project Overview**

The Marsh Creek Road and Trawick Road corridor provide access to Wilburn Elementary School, Marsh Creek Park, and frequent transit on Capital Boulevard. However, these two streets have little to no pedestrian or cycling infrastructure to facilitate a multi-modal transportation system.

The two streets function as one street connecting Capital Boulevard and New Hope Road. For this reason, the City decided to combine the two streets into one project. The City is planning to widen Marsh Creek Road and Trawick Road to three lanes from Capital Boulevard to New Hope Road.

Proposed Improvements include: Sidewalks, enhanced bus stops, bicycle infrastructure, street trees and, traffic calming. There is also the possibility of a roundabout at the intersection of Marsh Creek Road and Trawick Road.

### **Public Art Goals and Opportunities**

The public art can be stand-alone or integrated into the site. The artist is being brought into the project early to allow for greater site integration and the possibility of including some infrastructure in the project construction (rather than public art) budget.

Potential opportunities include a stand alone sculpture, artwork sited along sidewalks or integrated into lighting, transit stops, benches/bike racks or other site elements. The artist will work closely with the City or Raleigh Roadway and Design Construction, the City or Raleigh Arts Office, HDR Engineering, project stakeholders, and residents to ensure a successful outcome.

### **Selection Criteria and Process**

Selection Criteria and Process Applications submitted in response to this RFQ will be reviewed by the City of Raleigh Public Art Director, who will then forward all complete and eligible applications received by the deadline to the Artist Selection Panel, appointed by the Public Art and Design Board. The Panel may include: a member of the Public Art and Design Board, professional artists and arts professionals, stakeholders from community groups, and representatives from City departments.

The selection process will consist of two stages: During the first stage, the Artist Selection Panel will evaluate qualifications of artists based on three criteria: artistic merit; appropriateness for the project; and how the applicants work engages the site on a social, physical, and cultural level. The Artist Selection Panel will identify up to three finalists to invite to Raleigh for interviews.

Finalists selected for the Stage 2 interviews will receive a \$250 stipend to interview via video conference. In addition to reviewing qualifications, panelists will discuss with finalists their prospective approaches to the project. They will also respond to questions.

**\*A specific proposal is not expected at this interview.**

The Artist Selection Panel will choose the artist for the project and forward that recommendation to the Public Art and Design Board. Upon approval by the Public Art and Design Board, a scope of services and budget will be developed based on the artist's or artist team's approach to the project.
