

Camp Exploration Day Session

The Day Session is for campers who can engage appropriately in a small group setting (approximately 6-8 campers with 2-3 staff). Campers are expected to follow basic rules of safety and interaction, be independent with toileting, feeding and personal care needs, and easily understand and follow directions.

Staff will provide the following support in regard to these areas:

Behavior: staff will provide positive behavior support, redirection, preferred activities, and use behavior support strategies provided by families. Campers are expected to exhibit appropriate camp behavior, without presenting a safety concern to themselves, other campers or staff. Unsafe behaviors may include but are not limited to: biting, hitting, kicking, pinching, running, spitting, etc.

Feeding: staff will provide verbal and visual prompting, reminders, assist with placement of food, break up food into small pieces, open containers for the camper. Campers should be able to physically feed themselves.

Participation: staff will engage campers through multiple means of instruction, sensory engagement, supported transitions, and program modifications. Campers are expected to stay with their group, follow given/modeled direction, and demonstrate engagement during camp activities, during transitions, and in the community on field trips.

Toileting & Personal Care: staff will provide verbal and visual prompting and provide occasional assistance with pulling up and/or changing clothing. Campers should be able to clean/wipe themselves independently or with prompting from staff.
