### **Fibers- Traditional Japanese Embroidery**

The technique of Japanese embroidery goes back more than 1,600 years. We use silk and metallic fibers on silk fabrics to produce traditional and modern designs for framing. Instruction follows an orderly progression of steps with a new design at each level. This workshop is open to beginners as well as current students at all levels. Current students should bring projects they are working on. New students are required to purchase kit and supplies from the instructor, payable at first class. Two options are available, see the supply list on Sertoma's webpage for details and cost. Instructor needs one month's notice to order supplies for new students. Additional supplies will be available for purchase from instructor in class. New students are required to contact the instructor for more information before enrolling at [nuidosensei@gmail.com](mailto:nuidosensei@gmail.com). 1 session.

### **Painting**

#### **Painting- Birds in Acrylic**

This class is great for any skill level covering the basics of painting birds and their seasonal surroundings in acrylic paint. The first few classes will be spent on a more simplified painting covering the basic techniques of painting shapes of birds. The last few classes will

be spent on a more detailed painting, branching off of what we learned during the first few classes. You will be taught how to paint different types of scenery as well as taught how to understand depth, using color, light and shadow. Wilson will guide you through every color to use, way to hold your brush etc. throughout the course to achieve different techniques in your own work. Students are welcomed to have creative freedom to turn their work into anything they want and completely customize it, or stay with the instructor and follow along. This is a great class for anyone looking to learn how to use acrylic, or simply take their painting to the next level. Please bring a 11"x14" or 12"x12" canvas to the first class ready to paint! This course is great for any skill level. Supply list available on Sertoma's webpage. 6 Sessions.

### **Painting- Impressionistic Flowers with Brush and Palette Knife**

Bright bold flowers will be explored in this fun impressionist/impasto painting style course. The use of larger brushes and palette knife combined will help students loosen up their style. A big part of this class is understanding light, value and color. Amanda will break down how to create a successful stylized painting that will still be recognizable to the viewer without being too direct and overworked. Amanda will lead you through 2 paintings in this class that build from one another in technique as the class progresses. We first start with a smaller more basic painting, and then move onto a slightly larger canvas with a more involved painting. You will learn from her methods and apply them to your own work in class or at home. We will cover the use of color, perspective, light, value, how to create your own compositions and more. You will start with a sketch and move along during the length of the course with plenty of one-on-one assistance from the instructor as well as class demonstrations to help you along the way. We will move from basic shape and color placement, to working with finishing details and final touches! Students are welcome to follow along with the instructor's demonstrations in more of a step by step manner, or bring in a reference photograph and work more independently with the instructor's guidance on the subject. This course is great for any skill level, whether you have been painting for years or have never touched a brush/knife before. We will be painting the first day of class, please bring in a 14"x14" or similar size canvas and basic painting supplies to class. We will run through the supply list the first day as well. Full Supply lists are available on Sertoma's web page and through Amanda's Amazon wish list. 6 sessions.

## Photography

### *Photography- The Art of Capturing Shadows: Cyanotype Photography*

Enjoy making cyanotype photography from plants in this rewarding, educational, and playful workshop. Sarah Ann has been offering workshops and university courses in cyanotype printing for over 8 years. This one-day class on creating cyanotype photography with plants and light offers a fun, easy, and rewarding experience in printmaking using the cyanotype technique as well as an introduction to getting the supplies on your own. You'll make your own cyanotypes and go home with your very own, usually frame-worthy, cyanotype art! The cyanotype process, also known as the blueprint process because of its deep blue color, was first introduced in the early 1800s. For artists and scientists, this cyanotype workshop is rewarding. Experimentation is encouraged, no mistakes are possible in cyanotype art! No experience required. \$5 supply fee due to the instructor at the start of class will cover the cost of cyanotype chemicals. All other supplies included. 1 session.
