I. Mission Statement and Philosophy

Raleigh Parks, Recreation and Cultural Resources (PRCR) Department's mission is "Together we connect and enrich our community through exceptional experiences." The department recognizes the need to utilize Boy Scouts as a resource to assist with projects to enhance our parks and programs and to promote leadership, professional development, personal growth, and a culture of giving back.

II. Statement of Purpose

The Raleigh Parks, Recreation and Cultural Resources Eagle Scout Project Program is structured to ensure the success of each volunteer project by establishing project parameters, detailing responsibilities of both the Boy Scout and the department, determining points of cooperation and assistance, and developing a project schedule. The department is pleased to partner with Boy Scouts of America, Occoneechee Council to provide projects that enhance the City of Raleigh and meet requirements for Eagle Scout achievement.

III. Responsibility of Department

It is the responsibility of Raleigh Parks, Recreation and Cultural Resources to provide projects that serve as a resource to the department and match appropriate projects to each individual Boy Scout based on his interests and capabilities. The department agrees to provide such training and supervisory staff and guidance as it deems appropriate or necessary for the Scout to complete his Eagle Scout Project.

IV. Eagle Scout Project Guidelines

Requirements

In order for a Boy Scout to complete an Eagle Scout Project with the Department, he must meet the following requirements:

1. The Boy Scout must be a Life Scout and actively involved in his Troop.
2. The Boy Scout must be able to be the lead role in his project and effectively communicate with Parks, Recreation and Cultural Resources staff in order to successfully plan, coordinate, and complete project. Parents/Guardians and adult troop leaders are encouraged to support the Scout throughout the project, but the Boy Scout will need to demonstrate leadership for his project.
3. The Boy Scout must adhere and meet all of the Occoneechee Council's requirements for Eagle Scout Projects as listed in the "[Occoneechee Council's Life to Eagle Guide](#)".
4. The Boy Scout must read and acknowledge he understands all of the Raleigh Parks, Recreation and Cultural Resources policies and procedures as listed in the "PRCR Eagle Scout Project Policies & Procedures Handbook".
5. The Boy Scout has a minimum of 6 months before his 18th birthday to complete his project. *(Note: The City of Raleigh Parks, Recreation and Cultural Resources Department does not accept projects with emergency deadlines due to a Scout's birthday.)*
6. The Boy Scout must agree to dedicate a minimum of 6 months and follow the PRCR Eagle Scout Project Checklist for the successful completion of his Eagle Scout Project.
7. The Boy Scout will secure all funding to cover costs for all materials and supplies associated with project. Materials and supplies for all projects shall be approved by appropriate Parks, Recreation and Cultural Resources staff prior to purchase and shall conform to accepted park standards and practices. Raleigh Parks, Recreation and Cultural Resources is unable to provide funding for Eagle Scout project. The Department cannot reimburse the Boy Scout, troop or family members for project expenses.
8. The Boy Scout must choose an approved project (see attached approved project list) that meets his interests and capabilities and are within his level of ability. The project should have some assistance from troop members, troop leader, and parents/guardians, but Boy Scout shall serve as the lead coordinator of project.

Project Selection

1. The Boy Scout must contact Volunteer Services Staff (see contact information section on page 4) to inquire information about completing his Eagle Scout project with Raleigh Parks, Recreation and Cultural Resources. Volunteer Services Staff will provide Boy Scout with the Eagle Scout Policies and Procedures Handbook and the Eagle Scout Project Interest form (see Appendix).
2. An ongoing list of possible Eagle Scout Projects is maintained and updated on a quarterly basis. The projects on the list are recommended and approved by the Resource Development Manager, Project Supervisor, and other appropriate Parks, Recreation and Cultural Resources staff. Typical projects could include, but are not limited to:
 - **Construction projects:** All blueprints and materials list will be approved by the Parks Construction Project Coordinator.
 - **Park Enhancement projects:** All landscape material and design will be approved by City Horticulturist and Parks District Maintenance Supervisor.

 - **Special projects:** All special projects are one-time projects that require minimal physical labor. The project details are approved by appropriate Parks, Recreation and Cultural Resources staff.
3. After Boy Scout has selected project from approved list, he must send the Eagle Scout Interest form to Volunteer Services Staff. Volunteer Services Staff will contact appropriate department staff to confirm all project details to submit to Boy Scout. Volunteer Services Staff will send a detailed project description to Boy Scout to review.

Project Process

1. The Boy Scout will contact Volunteer Services Staff and Project Supervisor to confirm he has decided to pursue proposed project as his Eagle Scout project. The Boy Scout will coordinate an initial meeting with the Volunteer Services Staff, Project Supervisor, his parent/guardian, and his Eagle Scout Mentor or Troop Leader. Volunteer Services Staff will contact Facility Director(s) and other appropriate PRCR staff to attend on-site meeting. During the on-site meeting, Volunteer Services Staff and Project Supervisor will discuss Eagle Scout Project policies and procedures, scout expectations, Eagle Scout Project Volunteer Agreement and Volunteer Release Form (see Appendix), and Eagle Scout Project Checklist (See Appendix). This information will be reviewed in order to address any questions the Boy Scout may have regarding the project and/or expectations. The Boy Scout and his parent/guardian will be asked to sign the Eagle Scout Project Policies and Procedures Handbook at this initial meeting. ***Please note: The 6 month timeline begins on the day of the initial meeting.***
2. After the initial meeting, the Boy Scout must prepare appropriate paperwork (Eagle Scout Service Project Workbook) in order to get project approved through Occonechee Council. The Boy Scout will also complete the Eagle Scout Volunteer Agreement and Eagle Scout Project Checklist. Both of these forms will require a parent/guardian signature.

3. Once paperwork is completed, the Boy Scout will contact Volunteer Services Staff and Project Supervisor to coordinate a second meeting to collect all appropriate paperwork and allow for Volunteer Services Staff to sign Eagle Scout Service Project Workbook.
4. The Boy Scout will submit the Boy Scouts of America Eagle Scout Service Project Workbook to Occoneechee Council for approval. Once appropriate Occoneechee Council members approve project, Boy Scout must contact Volunteer Services Staff and Project Supervisor to communicate that he is ready to begin project.
5. The Boy Scout will begin project and follow requirements listed on the Eagle Scout Project Checklist he has created and has been approved by Volunteer Services Staff and Project Supervisor.

Project Completion

For Eagle Scout project to be successfully completed, the following shall apply:

- The Boy Scout must be present at all project work days. He must show leadership skills by planning, coordinating, and directing volunteers on all of project work days.
