# Five Wishes

No one likes to think about end of life, but you also don't want to leave critical decision making on your loved ones in such a stressful time. This class is an easy way to walk you through answering the questions, so your loved ones won't have too. The Five Wishes document is written in everyday language, making it easy to understand and complete. It is also a legal document in North Carolina. Liberty Hospice will help you, no matter of your age, with advance directive planning through the Five Wishes Program. Five Wishes is a living will that covers personal, spiritual, medical, and legal wishes all in one document. Presentation by Liberty Hospice.
