

PROJECT
NARRATIVE

The proposed improvements include trail resurfacing and widening, trail head improvements, safety enhancements and pedestrian bridge replacement

PROJECT GOALS

REPAIR

- Repairing aging sections of the greenway where the trail surface is uneven and cracking
- Updating the trail to meet current design and construction standards

RESURFACE

- Replacing aging infrastructure (bridges and boardwalks)
- Resurfacing the existing trail to provide a safe greenway experience

RESPECT

- Retain existing vegetation; additional plantings with native species
- Improved community access
