# Specialized Recreation

**My girl loves to go to camp every week. She loves her counselors - they are amazing! Thank you for training the perfect people to work with our kids.**

— Parent of Summer Camp Participant

Specialized Recreation and Inclusion Services offers a variety of specialized programs and inclusion services for individuals of all abilities to enjoy recreation opportunities of their choice.

The following camps are community-based recreation programs specifically designed to encourage independence, enhance quality of life, and provide recreation and leisure opportunities in the least restrictive environment for individuals with disabilities. Participants are expected to follow basic rules of safety and interaction, have a moderate level of independence with toileting, feeding and personal care needs, and easily understand and follow directions within their small group.

**To allow time to complete our assessment process, registration for all weeks of Camp Friendly, Camp Exploration, and Limitless Teens Camp will close on May 6, 2026. All participants must complete the following components of our assessment process as a final step to complete camp registration.**

- Once you have registered for camp, families will receive additional forms that must be completed and returned to the SRIS office. These forms must be completed and returned no later than 3 weeks prior to the participant's first day of camp.
- Camp Supervisors will review the information and schedule a follow up interview with the participant/ family. These interviews will be live/ in-person for new participants and virtual/phone for returning participants. Interviews are a vital part of our assessment process and allow us to the opportunity to learn more about our participants while providing a forum where we can provide answers and follow-up to more specific questions.  
*All interviews must occur at least 2 weeks prior to the participant's first day of camp.*

After completing the assessment process above, if it is determined by either the family or the Camp Supervisor, that Camp Friendly/Exploration is not suitable for the participant based on our operational guidelines and supports available, we will grant a full refund for the weeks in which the participant is registered.

Any paperwork not received or interviews not completed by the appropriate deadline will forfeit the participant's space at camp, at which time a full refund will be given.

Please visit our website at [www.raleighnc.gov](http://www.raleighnc.gov) and search "Specialized Recreation and Inclusion Services." Navigate to the Summer Camps tab for the most current information. If you would like to speak with us further before beginning the registration process please contact Specialized Recreation at 919-996-2147 and we will be happy to answer any questions you may have regarding the camp programs and registration process.

From 1993, when the department held its first employee auction to help raise funds for this purpose, to today, the fund has helped over 7,500 individuals in Raleigh and the surrounding communities to participate in recreation programs that encourage healthy lifestyles, promote self-confidence and teach life-long lessons. Assistance is awarded based on financial need and is offered to support all who wish to participate in our programs.
