

Five Points Streetscape and Safety Study

Crabtree Creek Greenway Connection Concepts

Recommended Bicycle Improvements

GOALS

- Create a neighborhood bikeway (“sharrow”) connecting Five Points to the Crabtree Creek Greenway and the shared-use underpass at Wade Ave.
- Improve safety and comfort for bicyclists crossing major roadways.
- Establish safe and comfortable bicycle connections between key destinations, schools, parks, and transit stops.

LEGEND

- Neighborhood Commercial Centers
- GoRaleigh Bus Stops
- Schools
- Existing Greenway
- Existing Bike Lanes
- Existing Neighborhood Bikeways (shared roadways or “sharrows”)
- Planned Cardinal Bikeshare Station

Priority Bike Recommendations

- Proposed Neighborhood Bikeways (shared roadways or “sharrows”)
- Proposed Intersection Improvements
- Proposed Contraflow Bike Lane + Sharrow

Other Bike Recommendations

- Proposed Neighborhood Bikeways (shared roadways or “sharrows”)

Five Points Streetscape and Safety Study

Crabtree Creek Greenway Connection Concepts

Recommended Pedestrian Improvements

GOALS

- Create an intuitive and uninterrupted pedestrian route between Five Points and the Crabtree Creek Greenway.
- Improve safety and comfort at key pedestrian crossings.
- Establish comfortable pedestrian connections between key destinations, schools, parks, and transit stops.

LEGEND

- Neighborhood Commercial Centers
- GoRaleigh Bus Stops
- Schools
- Existing Greenway
- Existing Sidewalks
- Programmed Sidewalks
- Programmed Oxford Rd. Sidewalk Project

Priority Pedestrian Recommendations

- Primary Pedestrian Route from Five Points to Crabtree Creek Greenway (highlighted)
- Proposed Intersection Improvements
- Proposed 12-foot shared-use path

Other Pedestrian Recommendations

- Proposed Sidewalks
- Proposed Intersection Improvements
