Grow Your Business with the City of Raleigh's Projects!

The City of Raleigh has many project opportunities for underutilized businesses to participate in across [Construction](#), [Goods](#), [Professional Services](#), or [Services](#) procurement types. If your business aligns with one or more of the categories below, there may be opportunities on the horizon in 2025 and beyond!

- **Construction:** General construction, concrete flatwork, paving, grading, seeding, segmental retaining walls, site/civil work, and roofing.
- **Transportation and Traffic:** Trucking, erosion control, pavement marking, thermoplastic marking, striping, traffic control, signals.
- **Utilities and Infrastructure:** Water and sewer, electrical, plumbing, HVAC, rebar installation, and hydrant maintenance/painting.
- **Landscaping and Site Restoration:** Fencing, landscaping, site restoration, and metal railings.
- **Specialty Services:** Fire/Life Safety, chemical supply, engineering/survey, and service contracts.
- **Building Trades:** All building trades, including painting, demolition, and mechanical work.

All **active** bids can be found on the [North Carolina electronic Vendor Portal](#) (eVP). To view the City's projects, select 'City of Raleigh' under the Department filter. Follow the instructions to apply.

This information is for informational purposes only and does not guarantee or promise a contract award. Contract decisions will be made based on a thorough evaluation of all relevant factors in line with applicable procedures.
